DIRECT FROM THE GROWER TO THE PLANTER

THEY ARE TESTED SEEDS FOR ALL SOILS AND ALL CLIMATES

They Have Satisfied Every Buyer For 40 Years

I GUARANTEE THAT ALL GOODS SOLD BY ME SHALL REACH THE CUSTOMER IN GOOD CONDITION

How To Order Use our Order Blank if you have one. If not, use any kind of plain paper. Don't be afraid you will make a mistake in making out the Order. We received hundreds of orders every day from young and old, who never before sent away orders for goods. We are accustomed to handling all kinds of orders. Money can be sent safely either by Post Office Order, Bank Draft, Express Order or the Cash by Registered letter.

On orders over \$1.00 the cost of remitting by any of these methods may be selected in extra seeds free. We are responsible for the safe receipt of remittances by any of the above methods.

It is not safe to send postage stamps and I will not be responsible for their transmission, but if the customer cares to take the risk I will accept them if in first class condition and for small amounts.

Our Terms are Strictly Cash

with the Order We do not send C. O. D. as the cost of collection charges is quite an unnecessary item and the prices being given, we can necessity to warrant goods better.

Free Only Seeds quoted by one-half peck, ounce, pound, pint and quart, also Bulbs, Plants, and Fruits, etc., when the price quoted is stated postpaid. This prepayment offer applies to the United States only. Customers from all other foreign countries must send twenty-five cents additional for postage and packing on each One Dollar's worth of Seeds ordered.

We Do Not Deliver Free

Seeds quoted by one-half peck, ounce, pound, pint and quart, also Bulbs, Plants, and Fruits, etc., when the price quoted is stated postpaid. This prepayment offer applies to the United States only. Customers from all other foreign countries must send twenty-five cents additional for postage and packing on each One Dollar's worth of Seeds ordered.

Long Distance Shipments

Where perishable or other goods are ordered to be sent by freight or express to such great distances that the cost of transportation will nearly or quite equal the value of the goods, we must decline to ship unless purchasers remit us, in addition to the price of goods, sufficient funds to prepay transportation charges. When this requirement is not complied with, we reserve the right of declining the order and returning money to the person ordering.

Please Order Early

It would be a great accommodation to us if more of our customers would order their seeds during January and February, before the rush of our busy season. If, however, you should postpone ordering even until the seeds are actually needed, you can rely upon getting them promptly.

Plant Shipments I always recommend having plants sent by express, when there is an express office near as we can usually send somewhat larger plants, and do not have to wash the soil off the roots (as in the case when sent by mail). We always try to add enough extra plants of our own selection to help pay charges.

Kindly write your list of plants all together (not mixed up with the seeds) so as to prevent any mistake upon the part of our clerks in copying the order. We do not ship plants to foreign countries unless they are to go at purchaser's risk.

Free Gifts

This year I will distribute one million packets of new and valuable novelty seeds, both vegetable and flower, among my customers. Everyone will receive something, regardless of the size of the order. The larger the order the more Free Gifts.

My Wholesale Price List

of "Gilt Edge" Seeds for Market Gardeners and Florists will be mailed FREE on application to all who are entitled to receive it.

READ THESE FEW WORDS ABOUT RELIABLE SEEDS.

From good seeds only can good crops be grown. Nothing should induce you to risk planting what is called "Cheap Seeds." We always aim to give you the value received in Fresh, High-Grade, Reliable "Full of Life" Seeds.

It has oftentimes been said that "beside good seeds, good gardeners are necessary in producing a satisfactory crop." We all know how true this is. Seeds of the best quality sometimes fail through improper treatment by sowing the seed too deep or too shallow, in too wet or too dry soil.

Some will germinate rapidly at a certain temperature, while others, if sown under the same conditions, are apt to decay. The young plants are liable to various accidents, cold or dry air may check their growth or destroy them. Insects above and below the ground may attack them and a great many other contingencies may arise to prevent the best seeds from giving satisfaction, and for all these reasons we cannot, of course guarantee or be responsible for a crop, as success is dependant upon natural causes, which are beyond human control.

Therefore we do not warrant in any way, express or implied, the contents, or the description, quality, productiveness, or any other matter of any seeds, bulbs, or plants sold by us, and we will not be in any way responsible for the crop. If the purchaser does not accept these goods on above terms, no sale is made thereof, and he must return them at once, and money will be refunded. Subject to above conditions we make this sale, at the moderate prices at which we sell our goods.

Low Shipping Rates

Rockford is located very close to the center of population in the U. S. and Shipping rates to all points are very reasonable. We have Five Railroads, Four Express Companies, Three Electric Lines in all over 125 trains daily and can give you quicker and better services than any firm in the World. Remember freight charges on 100 lbs. amounts are no more than on shipments weighing 10, 50 or 75 pounds.

IMPORTANT

As a positive and acknowledged fact Buckbee's Famous Rockford Seed Farms, the Home of "Full of Life" Seeds, are the largest and most complete Seed Growing establishment in the country. Crops the past season were not bountiful; particularly Peas, Beans, Cabbage, Carrots and similar items—the quality, however, is better than ever before and my seeds are "Full of Life" Giving Power but I am determined to protect the requirements of my thousands upon thousands of customers who have been with me 40 years; and with this end in view I have cut out my large jobbing trade and will fill orders from only regular customers in connection with their general seed supply at prices listed in this catalogue as far as within my power. Consistent with Quality you will find my prices right—if quoted lower by any trustworthy dealer write me, I challenge competition.

Order Early, Please.

BUCKBEE'S "FULL OF LIFE" VEGETABLE SEEDS.

BUCKBEE'S "Full of Life" ASPARAGUS

Buckbee's Perfection Asparagus

HOW TO GROW ASPARAGUS

Complete cultural directions telling how to plant Asparagus Roots, furnished free with every order for Asparagus Roots.

German, Spargel; French, Asperge; Spanish, Esparragos; Swedish, Sparrjo.

BUCKBEE'S PERFECTION—This is unquestionably the most valuable new variety and the most satisfactory introduction of recent years. At three years old this variety has yielded at the rate of \$500.00 per acre. In short it has all the qualities demanded for the market and will prove itself every one who grows it to be true to its name Perfection. It is deliciously tender, extra large, early, uniform, prolific, crisp and white. Pkt. 5c.; oz. 10c.; 2 oz. 16c.; $\frac{1}{4}$ lb. 30c.; $\frac{1}{2}$ lb. 55c.; 1 lb. \$1.00.

BARR'S Mammoth—This fine variety has brought in market thirty cents a bunch, when other Asparagus was selling for ten and fifteen cents. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 30c.; 1 lb. 50c.

COLUMBIAN MAMMOTH WHITE—Furnishes white shoots which stay white as long as fit for use without earthing up, or any other artificial blanching and can be absolutely depended upon to give 80 to 90 per cent. of white plants. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; 1 lb. 60c.

CONOVER'S COLOSSAL—A standard variety of large size and delicious quality. One of the best. Pkt. 2c.; oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 25c.; 1 lb. 45c.

DONALD'S ELMIRA—This new variety, called by some Vick's Mammoth, is attracting a great deal of attention throughout the country, originating with Mr. Donald, a leading market gardener of Elmira, N. Y. The stalks are exceptionally tender and succulent. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; 1 lb. 60c.

NEW PALMETTO—This new Asparagus, from South Carolina, is now quite extensively grown by Southern gardeners for New York and Philadelphia markets, where it sells at very high prices, owing to its mammoth size and regularity. Although of Southern origin, it is equally well adapted to North or South. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 30c.; 1 lb. 50c.

ASPARAGUS ROOTS

Every home and kitchen garden should have a bed of Asparagus. The growing popularity which this most delightful and wholesome vegetable has attained the past few years is remarkable. Without question, it is one of the most favorite and profitable garden crops; and makes a return early in the spring before any other out-door crop can be marketed, and when a bed is thoroughly established will yield splendid crops for a number of years.

For success and immediate results we recommend planting the 3 and 4 year old roots

Owing to the many and numerous requests of our customers for the largest sized roots, we have especially grown a fair supply of selected 3 and 4 year stock to meet this demand. Our price as long as the supply lasts on any of the 6 varieties listed on this page only \$1.50 per 100; \$12.50 per 1000; shipped by express or freight at buyer's expense. If for any reason roots are desired by mail, postage must be added at the rate of \$1.00 per 100 to prices quoted above.

SELECTED TWO YEAR OLD ROOTS

Those offered below are Select, Strong, Two-Year-Old Roots. Do not be misled in planting one-year-old or inferior Roots. The following low prices are carefully packed and shipped by express or freight at purchaser's expense, with the exception of price per dozen, which is postpaid. (If for any reason roots are desired by mail, postage must be added at the rate of 50 cents per hundred to the following prices.)

Buckbee's Perfection—Doz 30c.; per 100, \$1.00; per 1000, \$7.50.
Columbian Mammoth White—Doz 20c.; per 100, 60c.; 1000, \$5.00.
Donald's Elmira—Doz. 20c.; per 100, 60c.; per 1000, \$5.00.
New Palmetto—Doz. 15c.; per 100, 50c.; per 1000, \$4.00.
Conover's Colossal—Doz. 15c.; per 100, 50c.; per 1000, \$3.75.
Barr's Mammoth—Doz. 15c.; per 100, 50c.; per 1000, \$4.00.

ONE YEAR OLD ROOTS

We do not sell, though it is the size offered by most [Seedsman. Our selected two year old roots you will notice we have priced fully as low as others get for small 1 year old stock.

ARTICHOKE ROOTS—Most Valuable Food for Hogs that Can Be Grown

EVERY HOG RAISER SHOULD PLANT THEM

After one acre is planted their value will be so appreciated that larger areas will be devoted to them. They are not only very healthful, but as a fattening agent are unexcelled. They yield very heavily, 200 to 350 bushels to the acre being realized on good soil. It is not necessary to dig them for if given the opportunity the hogs will help themselves.

Not only are they valuable for hogs, but are an excellent food for cattle, sheep and horses. Fed to milch cows, they are valuable for the production of milk, being equal if not superior to bran.

Artichokes need planting but once and little or no culture after the first year. Cut as potatoes, only smaller plant in rows three and one-half feet apart. Plow deep, plant shallow, say two inches. The second year, break up the ground as for corn; they will come up thickly all over the surface. Run through each way with a cultivator when a few inches high.

Our supply of Artichoke roots has been exhausted every season long before our orders could be filled. We have obtained this year a much larger quantity, but feel that this will be insufficient to meet the demand. Those wishing to purchase should place orders very early, to be shipped as soon as favorable weather arrives. Prices lb. 30c. or 3 lbs. 75c. postpaid. By freight or express at purchaser's expense. $\frac{1}{4}$ bu., 60c.; bu., \$1.75; 3 bus., sufficient for one acre, \$5.00.

ARTICHOKE SEED, Large, Green Globe, Produces flowering heads, eaten like Asparagus. Pkt. 8c.; oz. 25c.

Artichoke.

Buckbee's Rust-Proof Golden Wax.

New Early Prolific German or Improved Black Wax

Best Early Black Wax Bean for the Market Gardener.

You will be thoroughly satisfied with this greatly improved strain of Black Wax, which is more vigorous and by far more productive with a much longer and more fleshy pod, which are of medium length, borne up well among the foliage; curved, cylindrical, of a clear waxy-white color, with long slightly curved points. Vines of medium size, vigorous and hardy. Beans small, oblong and jet black. Postpaid, pkt. 7c.; ½ pt. 14c.; pt. 23c.; qt. 38c. By Express or Freight, not prepaid, ½ bu. 80c.; ¼ bu. \$1.50.

Currie's Rust-Proof Black Wax

Great Rust Resistant Market Gardener's Bean.

It is extremely early and enormously productive, with large golden-yellow pods and in many localities is considered the Best Wax Bean for both market and shipping. One of its chief features is its freedom from blight and rust. Postpaid, pkt. 7c.; ½ pt. 12c.; pt. 20c.; qt. 35c. By Express or Freight, not prepaid, ½ bu. 75c.; ¼ bu. \$1.40.

Davis Kidney Wax

Big Money Maker for Gardeners and Truckers.

The vine is rustless and very vigorous, bearing its pods near the center in clusters. When young, the pods are brittle, crisp and tender. Seed, kidney-shaped, clear white and excellent for baking. One of the best for shipping as Snap Beans and of the greatest value as a market variety. The length, uniformly perfect shape and fine color of the pods, and the clear white seed, make this one of the best for canners. It is just what they want, a long, straight, clear white pod which does not discolor in canning. Postpaid, pkt. 7c.; ½ pt. 12c.; pt. 20c.; qt. 35c. By Express or Freight, not prepaid, ½ bu. 75c.; ¼ bu. \$1.40.

Jones' Stringless Wax

The Best White Wax Bean.

STRINGLESS, BUTTERY, EARLY, PROLIFIC. Fine white-seeded variety, round, stringless pods of unsurpassed quality; rust-proof, matures very early. A valuable sort for the farm as well as the garden. The ripe Beans are salable as No. 1 medium and are of superior quality for culinary purposes. This feature makes the sort of especial value to market gardeners since if from any reason there is no sale for them as snaps, the value of the dry Beans will make the crop a remunerative one. Postpaid, pkt. 8c.; ½ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, ½ bu. 80c.; ¼ bu. \$1.50.

Jones' Stringless Wax.

Best Dwarf Wax Beans

ALL BEANS ON THIS PAGE ARE YELLOW PODDED

Buckbee's Rust-Proof Golden Wax

The Standard Wax Variety for General Use.

My own original stock, unequalled in size, color and quality of pods. In this variety I have a Bean that possesses all the good points of the old favorite, Golden Wax, but is larger in pod and much more prolific; handsome appearance, being of a dark, rich yellow color and of perfect shape. Of grand quality, showing no string or coarseness even when past its best, but is of tender and melting flavor at all stages of its growth. Being so exceedingly prolific, it is not injured by Bean rust. For market gardeners or private families no better variety can be planted. Postpaid, pkt. 8c.; ½ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, ½ bu. 80c.; ¼ bu. \$1.50.

New Perfection Wax

Rich golden yellow, six inches long; broad; hang in great clusters. Extremely tender and brittle. Combines great productiveness with high quality. Postpaid, pkt. 8c.; ½ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, ½ bu. 80c.; ¼ bu. \$1.50.

Wardwell's New Kidney Wax

Most Profitable Market Gardener's Shipping Bean.

This Bean is entirely distinct from that of all other Wax varieties; perfect kidney-shape. Most prolific variety; one of the earliest and most hardy. Pods long, flat, waxy yellow, brittle and stringless. Desirable for every climate. Can be grown with great profit in the South for early shipment North. Postpaid, pkt. 7c.; ½ pt. 12c.; pt. 20c.; qt. 35c. By Express or Freight, not prepaid, ½ bu. 75c.; ¼ bu. \$1.40.

Improved Golden Wax

The well known "Good-old-Fashioned" sort, very popular for market. Postpaid, pkt. 7c.; ½ pt. 13c.; pt. 23c.; qt. 35c. By Express or Freight, not prepaid, ½ bu. 75c.; ¼ bu. \$1.40.

Challenge Dwarf Black Wax

This is fully one week earlier than any other Wax Bean. There are none better for first early crop. Postpaid, pkt. 7c.; ½ pt. 14c.; pt. 23c.; qt. 38c. By Express or Freight, not prepaid, ½ bu. 80c.; ¼ bu. \$1.50.

The Yosemite Mammoth Wax

High Quality Monster Podded Wax Bean.

The pods frequently attain a length of ten to fourteen inches, with the thickness of a man's finger, and are nearly all solid pulp, the seeds being very small when fit for use. A rich golden color, and are absolutely stringless, cooking tender and delicious. A popular Wax Bean for family or market purposes. It is enormously productive, as many as fifty of its monster pods having been counted in one bush. Postpaid, pkt. 8c.; ½ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, ½ bu. 90c.; ¼ bu. \$1.75.

IMPORTANT

If you buy Seeds in large quantities, such as Beans, Peas, Sweet Corn, Onion, Cabbage, Tomato, Radish, Beets, etc.—send me a list of your actual requirements naming the varieties and quantities of each that you desire to purchase and will gladly quote you lowest spot cash prices on your entire order.

Buckbee's Best Dwarf Green Podded Beans

German, BOHNE; French, HARCOT; Spanish, FRIJORENANO; Swed.sh, BONAR.

QUALITY
NOTHING BUT
QUALITY

BUCKBEE'S IMPROVED EARLY VALENTINE

THE NEW STRINGLESS GREEN POD

Buckbee's Improved Early Valentine

Standard Round Pod Snap Bean. For snaps there is nothing superior to this variety among the green podded sorts. Vines erect, with coarse dark green leaves and large white blossoms. Pods medium length, curved, cylindrical, with crease in back; very fleshy, crisp and tender. Beans medium size, long, irregular, pink, marbled with red. Postpaid, pkt. 7c.; 1/2 pt. 14c.; qt. 20c.; qt. 35c. By Express or Freight, not prepaid, 1/2 bu. 70c.; 1/4 bu. \$1.25.

Buckbee's Early Wonder

This is an Ideal Snap Bean. Pods are 4 1/2 inches long, soft green, perfectly straight and round. Flavor is most delicious; it has the peculiarity of preserving its delicate color, almost intact when prepared for the table. Remarkably early, ready for use four days in advance of any variety of merit. Its bearing qualities are unexcelled and it matures its crop very regularly, even under adverse conditions. Postpaid, pkt. 8c.; 1/2 pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, 1/2 bu. 75c.; 1/4 bu. \$1.40.

New Stringless Green Pod

The Only Absolutely Stringless Green Podded Bean. Pod is round, full, larger and straighter than those of most varieties. Quality is most superior. Plants of medium growth. Pod 4 1/2 to 5 inches long, nearly round, slightly curved light green, flesh tender and of best quality. Pods remain long in edible condition; even when the Beans are large, the pods are not stringy. Valuable for good quality and lack of stringiness. Postpaid, pkt. 7c.; 1/2 pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, 1/2 bu. 80c.; 1/4 bu. \$1.50.

Boston White Baking Bean

A sure cropper, and more prolific than the common white Bean and also of better quality ripening its crop early and all at once. Pods straight, short, small; Beans small, oval, white. Postpaid, pkt. 5c.; 1/2 pt. 12c.; pt. 20c.; qt. 35c. By Express or Freight, not prepaid, 1/2 bu. 60c.; 1/4 bu. \$1.10.

Improved Early Yellow Six Weeks

Vines large, vigorous, branching, productive, with large leaves and lilac blossoms; pods long, straight, narrow, handsome; Beans long, kidney-shaped, color yellowish-drab. Postpaid, pkt. 5c.; 1/2 pt. 9c.; pt. 17c.; qt. 32c. By Express or Freight, not prepaid, 1/2 bu. 60c.; 1/4 bu. \$1.10.

New Dwarf Cranberry, or Wren's Egg

Vines compact, upright and very productive. Pods medium length, cylindrical and curved, with splashes of bright red on a yellowish ground. The ripe Beans are large, plump, oval and nearly covered with splashes of bright green. Postpaid, pkt. 5c.; 1/2 pt. 10c.; pt. 18c.; qt. 35c. By Express or Freight, not prepaid, 1/2 bu. 70c.; 1/4 bu. \$1.25.

Early Mohawk

Much harder than others. Can be planted earlier, furnishing Beans fit for use before any other kind. Vines large and stout, with large leaves which will stand a slight frost. Blossoms large, purple; pods long, straight with long tapering point. Beans long kidney-shaped, variegated with drab, purple, brown. Postpaid, pkt. 5c.; 1/2 pt. 10c.; pt. 16c.; qt. 30c. By Express or Freight, not prepaid, 1/2 bu. 55c.; 1/4 bu. \$1.00.

New Extra Early Refugee

Earliest of the green podded kinds, furnishing a fleshy pod of fine quality. It is usually from two to three weeks earlier than ordinary Refugee. The vines, though a little smaller, are fully as hardy and vigorous as that variety, and more upright. Pods of the same size and shape, except slightly flatter. Postpaid, pkt. 6c.; 1/2 pt. 10c.; pt. 18c.; qt. 35c. By Express or Freight, not prepaid, 1/2 bu. 60c.; 1/4 bu. \$1.10.

Buckbee's Early Wonder Bean.

Early Royal White Kidney

Productive, of very superior quality. Plant large, branching. Postpaid, pkt. 5c.; 1/2 pt. 10c.; pt. 16c.; qt. 30c. By Express or Freight, not prepaid, 1/2 bu. 55c.; 1/4 bu. \$1.00.

Improved Large White Marrow

Very prolific; pods medium size. Beans large, clear white, ovoid, cooking very dry and mealy. Postpaid, pkt. 5c.; 1/2 pt. 10c.; pt. 16c.; qt. 30c. By Express or Freight, not prepaid, 1/2 bu. 55c.; 1/4 bu. \$1.00.

Refugee or 1,000 to 1

Highly esteemed for late planting and for canning and pickling. Pods long, cylindrical, green, becoming white, streaked with purple as they mature; of good quality as snaps. Seed long, light drab, thickly dotted and splashed with purple. Postpaid, pkt. 5c.; 1/2 pt. 9c.; pt. 17c.; qt. 32c. By Express or Freight, not prepaid, 1/2 bu. 60c.; 1/4 bu. \$1.10.

DREYER'S BUSH LIMA

The Best BUSH LIMA BEANS

HENDERSON'S BUSH LIMA

BURPEE'S BUSH LIMA

I WANT YOU TO KNOW
 that I grow nearly 1000 acres of Beans every year and in an average year, harvest 20,000 Bushels, which amount is needed in filling my orders. The past season's crop unfortunately is very short, in fact, have harvested fewer Beans per acre than ever before in my 40 years of Seed Growing. I am going to fill your orders though—and in so doing I am cutting out my entire Jobbing Business. My regular customers, many of whom have been with me for 40 years—Always come first.
Order Early, Please.

Henderson's Bush Lima

Splendid Standard Early Variety.

Valuable variety on account of its earliness and wonderful productiveness, continuing to grow and set pods until stopped by frost. Rich, buttery Limas—the true flavor (even better.) Vines are without runners. Pods short, flat and contain three to five Beans, which are of delicious quality. Postpaid, pkt. 7c.; ½ pt. 12c.; pt. 22c.; qt. 35c. By Express or Freight, not prepaid, ½ bu. 85c.; ¼ bu. \$1.65.

Dreyer's Bush Lima

Popular Variety of Pleasing Quality.

The pods are short but thick, containing three to four very thick short Beans, closely packed. This variety is later in maturing pods than the Improved Bush Lima, but the plants are productive. Beans easily shelled and of excellent flavor if gathered before they become dry. Postpaid, pkt. 8c.; ½ pt. 14c.; pt. 23c.; qt. 38c. By Express or Freight, not prepaid, ½ bu. 90c.; ¼ bu. \$1.75.

Burpee's Bush Lima

Reliable Variety of Splendid Quality.

Bushes grow 18 to 20 inches high, of stout growth and always erect, yet branching so vigorously that each plant develops into a magnificent circular bush from 2 to 3 feet in diameter. Enormously productive, single plants under favorable circumstances yielding from 200 to 350 pods. Handsome large pods being filled with very large Beans, identical in size and luscious flavor with the well-known Pole Limas. Postpaid, pkt. 8c.; ½ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, ½ bu. 95c.; ¼ bu. \$1.85.

BUCKBEE'S IMPROVED BUSH LIMA

THE WORLD BEATING BUSH LIMA BEAN.

SUPERIOR QUALITY; EXQUISITE FLAVOR; FINE COLOR; GOOD SHIPPER; HARDY GROWER; ENORMOUSLY PRODUCTIVE; MATURES EARLY; EXCELLENT KEEPER; GOOD SIZE; BEST OF ALL.

This is the very "Newest" in the Bush Lima Bean. It differs from all others in so much as it produces more Beans to a plant, and more plants to the acre than any other Bush Bean ever grown.

In size it is what might be termed intermediate; not so large as the Burpee Bush Lima, but considerably larger than the Henderson's Bush Lima, making it, in our estimation, the finest size for all purposes. The bush is sturdy in habit and about 24 inches high, having good large leaves; it bears its fruit on long spikes in heavy clusters well out from the plant. There are several pods in each cluster—as many as 10 having been counted. Each pod contains on an average of four Beans, though there are more containing five than three, so you see that it is a great improvement over the old-fashioned Bush Limas which oftentimes have only one or two in a pod. Considering the large number of pods on a bush the yield is amazingly enormous. In quality the Bean is par excellence, flavor unsurpassed, and color the very best both before and after cooking.

It matures extremely early and is a continuous bearer until frost.

We have been many years perfecting this new variety and can recommend it to our hundreds of thousands of friends and customers as being THE VERY BEST. Send to BUCKBEE for originator's stock seed; I control the entire product of this new variety, which cannot be secured elsewhere. Prices so long as my own growth seed lasts (after which I will have no more to offer):

Postpaid, pkt. 10c.; ½ pt. 16c.; pt. 27c.; qt. 45c.; By Express or Freight, not prepaid, ½ bu. \$1.15; ¼ bu. \$2.10.

Buckbee's Bush Lima.

BUCKBEE'S BEST POLE OR CLIMBING BEANS

Famous Kentucky Wonder.

BUCKBEE'S GOLDEN HARVEST CLUSTER WAX. The New World Beating Wax Pole Bean.

The Everlasting Pole Bean. A magnificent variety that bears continually the entire season. It grows rapidly, bearing early clusters of 3 to 6 pods of rich golden color. Pods average about 8 inches in length, exceedingly tender and entirely stringless, retaining their plumpness and tenderness long after they have attained a large size, and continue to bear, if the pods are picked, until frost. Postpaid, pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 95c.; $\frac{1}{4}$ bu. \$1.85.

FAMOUS KENTUCKY WONDER or OLD HOMESTEAD.

The Old Reliable Standard Green Pod Pole Bean.

Very early and enormously productive, the long green pods hanging in clusters from top to bottom of pole, entirely stringless. Pods of a silvery green color. Postpaid, pkt. 7c.; $\frac{1}{2}$ pt. 12c.; pt. 22c.; qt. 40c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 85c.; $\frac{1}{4}$ bu. \$1.60.

BURGER'S GREEN POD STRINGLESS.

Very Popular Green Pod Stringless Pole Bean.

This is earlier than Old Homestead and covers a longer season of productiveness. The pods borne in clusters, average six to eight inches in length, are uniformly straight, of a rich dark green, and so meaty as to be really "saddle-backed." The pods are as entirely stringless as the popular Stringless Green-Pod Bush Bean; they are equally tender, and of similar sweet mild flavor. The dry Beans are of a pearly whiteness. Postpaid, pkt. 8c.; $\frac{1}{2}$ p. 15c.; pt. 25c.; qt. 40c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 90c.; $\frac{1}{4}$ bu. \$1.75.

LAZY WIFE POLE.

Enormously Productive, Splendid Quality.

Pods wonderfully broad, thick and entirely stringless. They surpass any other variety in the way vines cling to the poles, and every Bean grower will at once acknowledge this is the most important qualification. Pods dark green, flattish oval when fully grown, are from 4 to 6 inches long, exceedingly rich, buttery and fine flavored when cooked. Fine for an early and late snap sort, also as a dry shell or Winter Bean. Postpaid, pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 90c.; $\frac{1}{4}$ bu. \$1.75.

RED SPECKLED CUT SHORT OR CORN HILL.

Hardy, Vigorous Grower, Sure Cropper, Very Productive.

A popular variety for planting among the corn, and thus furnishing a good crop without the use of poles. Postpaid, pkt. 6c.; $\frac{1}{2}$ pt. 14c.; pt. 23c.; qt. 38c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 75c.; $\frac{1}{4}$ bu. \$1.40.

Buckbee's Golden Harvest Cluster Wax.

Lazy Wife Bean.

LIMA BEANS POLE OR CLIMBING

BUCKBEE'S NEW KING OF THE GARDEN LIMA.

The Cream of All Pole Limas.

Practical value has been the object aimed at in the development of this grand variety, which is the outcome of skillful selection. It furnishes the largest green Beans, and is the most easily shelled of any of the Limas. The green shelled Beans are of immense size, but so tender and succulent that they shrink in drying to about the size of the Large White Lima. It is the best Lima Bean ever offered for market gardeners' use. Postpaid, pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 85c.; $\frac{1}{4}$ bu. \$1.60.

SEIBERT'S EARLY LIMA.

Earliest of All Pole Limas.

The vine is exceptionally hardy, vigorous, and not only produces pods earlier, but continues bearing longer than any other sort. In earliness, ease of shelling, size, beauty and quality of green Beans, this variety is far in advance of all others. Postpaid, pkt. 7c.; $\frac{1}{2}$ pt. 12c.; pt. 22c.; qt. 38c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 80c.; $\frac{1}{4}$ bu. \$1.50.

EARLY LARGE WHITE LIMA.

Regular strain, pods and Beans of large size. Postpaid, pkt. 6c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 35c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 75c.; $\frac{1}{4}$ bu. \$1.40.

SCARLET RUNNER.

A good Bean for snaps for green shelled; but its profusion of bright scarlet flowers makes it an ornamental climber. Postpaid, pkt. 5c.; $\frac{1}{2}$ pt. 10c.; pt. 18c.; qt. 35c.

MAMMOTH PODDED HORTICULTURAL.

The mammoth pods are striped and splashed with exceedingly brilliant crimson. The Beans, when in condition for use, are of immense size, of the finest quality and when dry are colored and marked in the same way as the pods. Postpaid, pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 90c.; $\frac{1}{4}$ bu. \$1.75.

WHITE CREASEBACK.

Valuable for its extreme earliness and its habit of ripening all of its pods within a short time. Wonderfully prolific, bearing round, fleshy pods in clusters of from four to twelve. Best quality as snaps and stands shipping well. Postpaid, pkt. 7c.; $\frac{1}{2}$ pt. 14c.; pt. 25c.; qt. 40c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 90c.; $\frac{1}{4}$ bu. \$1.75.

NEW GOLDEN ANDALUSIA.

One of the best "Early Wax Pole Beans," pods of splendid size, beautiful yellow color and absolutely stringless. Postpaid, pkt. 7c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 95c.; $\frac{1}{4}$ bu. \$1.85.

WHITE DUTCH CASE KNIFE.

An old stand by—An excellent Corn Hill Bean. Postpaid, pkt. 7c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 35c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 80c.; $\frac{1}{4}$ bu. \$1.50.

EARLY GOLDEN CLUSTER WAX.

Strong-growing, vigorous, hardy; large, light green, crimped; pods 6 to 8 inches long, borne in abundant clusters; color bright golden yellow. Of the very best quality, and staying in condition for use a long time. Postpaid, pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 95c.; $\frac{1}{4}$ bu. \$1.85.

MAIN-CROP
LIMA GROWN

Quality, Tenderness and Flavor Superb

A GRAND NEW POLE

BEAN

Buckbee's Everbearing Stringless Pole Bean.

BUCKBEE'S EVERBEARING STRINGLESS POLE BEAN THE NEW WHITE SEEDED MARVEL.

Wonderfully Prolific—Continuous Bearers—Absolutely Stringless—Green Podded—Buttery—Rustless—World-Beating Pole Bean.

This greatest of all Pole Beans, originated on Rockford Seed Farms, and has been bred up to the highest degree of perfection after years of careful work and selection. (It combines the best qualities of its parents, namely: The well known Famous Kentucky Wonder and the equally well known Lazy Wife.) Truly the indispensable, heavy yielding, Pole Bean, for the home garden, unequalled for the market garden and truckers, the leader for long distance shipping. Robust hardy climbing habit, exceptionally early. The enormous, rich, dark green pods, which often measure from seven to nine inches long, produced in immense clusters, entirely stringless, containing 5 to 7 Beans, particularly handsome, solidly meaty, admirable form, and free from coarseness—when cooked, exceedingly tender, the flavor is deliciously mild and sweet. The dry Beans are of a beautiful ivory whiteness. I own the entire stock of Buckbee's Everbearing and having harvested a good crop the past season have placed my prices within reach of all for my own growth, choicest, pedigreed, "Full of Life" Seed. Order Early. Prices, postpaid, large packet, 10c.; $\frac{1}{2}$ pt. 17c.; pt. 28c.; qt. 47c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. \$1.20; $\frac{1}{4}$ bu. \$2.25.

BROCCOLI

German, SPARGEL-KOHL; French, CHOU-BROCCOLI; Spanish, BROCOLI.

One ounce of Seed for 3500 Plants.

The culture is the same in all essentials as for Cauliflower. Broccoli is grown most successfully where the season is long, cool and rather moist. One of the most valuable features is that it withstands greater extremes of temperature than Cauliflower.

EARLY PURPLE CAPE—This is the best variety for our climate. It produces large heads of a purple brownish color, very close and compact, and of excellent flavor. Pkt. 10c.; oz. 30c.

NEW WHITE CAPE—A very desirable variety. It has medium sized heads, close and compact, and of a beautiful creamy white color. A sure header. Pkt. 10c.; oz. 30c.

Broccoli.

Brussels Sprouts.

BRUSSELS SPROUTS

German, SPROSSEN-KOHL; French, CHOU DE BRUXELLES; Swedish, BRYSSEL-KAL.

One ounce of seed for 3,500 plants.

Brussels Sprouts are very largely grown in the South, as high as 250,000 barrels being shipped in a single season from Norfolk, Va. In the North, however, they are not extensively grown.

IMPROVED PARIS MARKET—The stem which usually grows from 20 in. to 2 ft. in height, is covered with "miniature cabbages" which may be boiled like cabbage or cooked in cream like cauliflower. They are by all means the most delicious and delicately flavored of the cabbage family. On this variety the heads grow very closely and its quality is the finest. Pkt. 4c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{2}$ lb. 35c.

THE BISMARCK

The Best Late Blood Turnip Beet.

Combines more good qualities than any other variety (Buckbee's Sunset excepted). Rich, red flesh, exceedingly tender, remarkably early. In shape it is almost round. But it is when prepared for the table that its fine qualities become most apparent. The flesh, of delicate texture, is rich, sugary and entirely free from fiber. I control the entire supply of seed of this variety. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ½ lb. 25c.; ¼ lb. 40c.; lb. 75c.

BUCKBEE'S EXTRA EARLY EGYPTIAN BLOOD TURNIP

One of the Best Ever Grown.

Best variety for forcing, also excellent for first early crop out of doors. Very early. Leaf stems and veins dark red, leaf dark green dotted with red; roots dark red, rounded on top, but flat beneath with very small tap roots; flesh dark red, zoned with lighter shades; hard, crisp and tender at all times. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ½ lb. 25c.; ¼ lb. 40c.; lb. 75c.

EARLY BLOOD TURNIP

Good Standard Early Beet.

A round, smooth variety, very early, vigorous grower; small top sort, and of bright red color. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ½ lb. 20c.; ¼ lb. 35c.; lb. 60c.

NEW EARLY ECLIPSE

The Crack Beet for Early Use.

Tops small, dark purplish green. Roots nearly globular, with a small tap root and collar. A splendid variety. Flesh dark red, zoned with lighter red; sweet, crisp and tender. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ½ lb. 20c.; ¼ lb. 35c.; lb. 65c.

COLUMBIA

Deep Blood Red, Splendid Quality.

The roots are of a neat turnip shape, with smooth skin and deep blood-red flesh, of rich, tender quality. It is ready to use very early, growing as quickly as does the Egyptian, while it does not become coarse and stringy when of large size. Grown from the seed sown in July. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; ½ lb. 20c.; ¼ lb. 35c.; lb. 65c.

NEW TRUE DARK STINSON

Everbearing Long Keeper.

Excellent for the open garden. This is particularly valuable for forcing, because it produces less foliage than any other variety, and can be grown close together. The roots are smooth and regular in form; the skin is dark blood-red. Flesh fine grained and cooks dark blood-red. Remains in fine condition for a long time. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; ½ lb. 20c.; ¼ lb. 35c.; lb. 60c.

BUCKBEE'S NEW HALF-LONG BLOOD

The Very Best for Winter Use.

Roots half as long as Long Blood, but on account of their thickness weigh just as much. Always smooth; rich dark red flesh, sweet, crisp tender and never woody, even in portions above ground. One of the best sorts. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ½ lb. 25c.; ¼ lb. 40c.; lb. 75c.

MARKET GARDENERS

Profitable Money Making Variety.

The root is deep red, very symmetrical, two or three times as long as thick, and always smooth and handsome. The flesh is rich, dark red, very sweet, crisp and tender, never becoming woody even in portions above the ground. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; ½ lb. 22c.; ¼ lb. 40c.; lb. 75c.

CROSBY'S EGYPTIAN

One of the Earliest Beets in the Market.

Deep red, almost black in color, and of finer quality than the Egyptian, being sweeter and more tender and smoother. The most desirable sort for small Beets for early market, as it is in presentable market shape quicker than any other sort. It is a very rapid grower and can be sown outside as late as July. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; ½ lb. 22c.; ¼ lb. 40c.; lb. 70c.

BLACK QUEEN

Darkest of All Blood Red Beets.

Roots pear-shaped of medium size, fine form nearly buried in soil. Flesh deep red color, almost black; leaves large, nicely crimped. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ½ lb. 25c.; ¼ lb. 40c.; lb. 75c.

BUCKBEE'S IMPROVED LONG DARK SMOOTH BLOOD

The Standard Long Blood Beet Excellent for Greens.

Neck small, roots large, tapering towards both ends; dark red flesh; tender and sweet, and remaining so even when kept till Spring. Pkt. 3c.; oz. 6c.; 2 oz. 10c.; ½ lb. 18c.; ¼ lb. 30c.; lb. 50c.

LATE BLOOD TURNIP

Standard Late Beet.

Popular everywhere. Symmetrical in shape; flesh deep blood red color, tender and sweet. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ½ lb. 20c.; ¼ lb. 35c.; lb. 60c.

EARLY YELLOW TURNIP

A Very Popular Variety.

Similar to the Blood Turnip Beet except in color, which is a bright yellow. It is of a very sweet, fine flavor and is deservedly popular. The roots are round and smooth and are of good marketable size. The shape is the kind most desired. As a matter of fact, the Early yellow has much to recommend it and nothing can truly be said against it. Pkt. 5c.; oz. 8c.; 2 oz. 15c.; ½ lb. 25c.; ¼ lb. 40c.; lb. 75c.

A packet of Beet Seed contains more than 500 seeds.

That's What Talks!

BUCKBEE'S "FULL OF LIFE"

BEETS FOR TABLE USE

World Beating Money Makers

If I were asked, "Which are the Best Beets," my answer would be: **Earliest of All for First Early; Buckbee's Sunset for Medium or Main Crop and The Bismarck for Best Late.**

Buckbee's Earliest of All

The Best Extra Early Red Turnip Beet.

The best red turnip beet, not only for market gardeners, but for home use, and for canning, making a strikingly handsome product, much superior to that obtained from any other variety. Its small top, early maturing and the splendid shape and color of root make it popular with every one who plants it. Top small, upright growing, so that the rows may be close together; Leaf stem and veins dark red, blade green; root globular or ovoid and very smooth; color skin dark blood red; flesh deep vermilion red, zoned with a darker shade, very crisp, tender and sweet and remaining so for a long time. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 35c.; lb. 65c.

Detroit Dark Red Turnip

One of the most popular turnip shaped varieties; valuable for market or private use. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 35c.; lb. 65c.

Dewing's Improved Blood Turnip

Flesh deep blood-red, very tender and sweet; grows uniformly to a good size. Pkt. 3c., oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 35c.; lb. 65c.

Buckbee's Sunset

Without exception the Greatest Beet on Earth.

This grand novelty awarded Prize Medal. The director of the Maine Experimental College, at Orno, writes: "I consider **Buckbee's Sunset** the most promising new variety." Extended experience has shown this variety of my own introduction to be one of the best sorts, not only for market gardeners, but for the home garden. This variety was introduced as an improvement in turnip-shaped Beets for table use, and I have, by careful selection, improved each succeeding crop, until I feel certain that it is by far the best red turnip Beet in cultivation. Tops small, upright growing so that the rows may be close together. The stock which we offer will produce a crop more uniform in shape, color and quality than any other. I control the entire stock of this variety. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; 1/4 lb. 30c.; 1/2 lb. 50c.; lb. 90c.

Edmand's Early Blood Turnip

Roots round and smooth, good marketable size; skin and flesh dark blood-red. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 35c.; lb. 65c.

The great value of Sugar Beets for Stock Feeding cannot be overestimated, analysis having demonstrated the fact that 400 pounds of Sugar Beets are equivalent to 100 pounds of the best hay. They are not as heavy yielders as Mangels, but contain a much larger percentage of saccharine.

German Sugar Beet (Klein Wanzleben.) This variety at the present time has probably a wider cultivation than any other Sugar Beet. While not, as a rule, equal to **Buckbee's New Imperial Sugar** in saccharine richness, it is considerably more productive. We offer German-grown seed the second year from polarized roots. Oz. 5c.; 1/4 lb. 14c.; 1/2 lb. 20c.; 1 lb. 35c.; or 5 lbs. (for one acre) \$1.60, prepaid. SPECIAL PRICES WILL BE QUOTED FOR LARGER QUANTITIES.

Buckbee's New Imperial Sugar This Beet is the result of years of methodical and persevering selection, and rich in organic matter, it gives better results than any other variety. It is extremely rich in sugar, thousands of analyses showing that the percentage of sugar which can be obtained from this variety is about sixteen. Its average yield may be stated as from 12 to 16 tons an acre. Flesh finely grained and very sweet. I sell thousands of pounds each year to the large Beet sugar factories through the country, always with the most satisfactory results. Oz. 5c.; 1/4 lb. 15c.; 1/2 lb. 25c.; lb. 40c.; 5 lbs. (for one acre) \$1.75, prepaid.

Giant Feeding Sugar This magnificent Sugar Beet while giving nearly as large a yield of easily grown and harvested roots as a crop of Mangels, supplies a food of very much higher nutritive value, the roots for feeding purposes being really more valuable, pound for pound, than those of the very best strains of Sugar Beet, and the yield under equally favorable conditions being more than double. The roots grow partly out of the ground and because of this and their shape the crop can be harvested and stored at less expense than any other root crop. Every farmer should try it. Oz. 7c.; 1/4 lb. 20c.; 1/2 lb. 30c.; lb. 50c.; or 5 lbs. (for one acre) \$2.25, postpaid.

LIVE
STOCK.

MANGEL WURZELS

Any land that will grow a good crop of Corn, will produce a good crop of Mangels or Sugar Beets, and is a surer crop than any other root.

BUCKBEE'S MASTODON

The heaviest cropping and largest of all Mangels.

It is truly a Mammoth, a single root often weighing 60 pounds each, and often 75 lbs. and over; in yield it is enormously productive—1,500 to 1,800 bushels per acre is nothing uncommon on good soil. It grows well above ground and on account of its shape is easily harvested. In length it is about the same as Buckbee's Mammoth Long Red, but is more remarkable for its handsome shape and broad shoulders—the diameter being greater, and in weight much heavier. flesh deep red, fine texture, roots solid, tops small. In fact it combines all the fine points possible to condense in a Mangel of the highest nutritive value, and is without question the best and most profitable Mangel for dairy farmers. This is our pedigree stock—especially selected, and can be relied upon as the best money crop buy and our moderate prices place it within the reach of all.

Oz. 8c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 60c.; 5 lbs. (for one acre) \$2.50, prepaid.

BUCKBEE'S MAMMOTH LONG RED

A Wonderful Yields

A standard and favorite Mangel, producing a very large root, uniformly straight and well formed, weighing from 30 to 40 pounds each of a beautiful dark red color, wonderfully productive, average 1,000 to 1,500 bushels per acre. Keeping qualities not excelled. Our stock is a great improvement over the old variety. Oz. 5c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 25c.; lb. 40c.; or 5 lbs. (for one acre) \$1.75 prepaid.

GOLDEN TANKARD

The Great Milk Producer

This distinct variety is a most important addition to our list of roots for stock feeding, as it contains less water and more sugar than most Mangels. Sheep and all other stock thrive wonderfully on it. Oz. 5c.; $\frac{1}{4}$ lb. 12c.; $\frac{1}{2}$ lb. 22c.; lb. 40c.; or 5 lbs. (for one acre) \$1.75, prepaid.

NEW GOLDEN MONARCH

A Splendid Keeper

This entirely new and distinct Mangel grows to the largest size and is of a beautiful russet yellow color. The flesh is white, firm and sweet, greatly relished by cattle and other stock. Easily lifted, growing more than half above ground, producing enormous crops, and is an excellent keeper. Oz. 5c.; $\frac{1}{4}$ lb. 12c.; $\frac{1}{2}$ lb. 22c.; lb. 40c.; or 5 lbs. (for one acre) \$1.75, prepaid.

CHAMPION YELLOW GLOBE

One of the best for stock feeding. Easily harvested. Oz. 5c.; $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 18c.; lb. 35c.; or 5 lbs. (for one acre) \$1.50, prepaid.

CHAMPION RED GLOBE

Similar to above except in color which is a light red or pink. Oz. 5c.; $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 18c.; lb. 35c.; or 5 lbs. (for one acre) \$1.50, prepaid.

GIANT OR MAMMOTH JUMBO

A large long red variety of excellent quality. Oz. 5c.; $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 18c.; lb. 35c.; or 5 lbs. (for one acre) \$1.50, prepaid.

EIFFEL TOWER

Produces wonderfully long red roots. Oz. 5c.; $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 16c.; lb. 28c.; or 5 lbs. (for one acre) \$1.30 prepaid.

MIXED MANGEL SEED

Choicest sorts mixed. Oz. 5c.; $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 16c.; lb. 28c.; or 5 lbs. (for one acre) \$1.30 prepaid.

NOTE:—Write for special prices on larger quantities.

Mangels give one-third greater increase of milk in feeding cows than does the same weight of potatoes.

BUCKBEE'S RELIABLE CABBAGE SEED

German, KOPFKOHL; French, CHOU-POMME; Spanish, REPOLLO; Swedish, KAL.

Three World Beating Cabbages

BUCKBEE'S EXTRA EARLY LARGE NEW QUEEN

The Best Large Extra Early Cabbage on Earth.

Some Cabbage will do, others please, but Buckbee's Extra Early Large New Queen has satisfied and made more money for Cabbage growers throughout the country during the past quarter of a century than any variety ever offered. Unquestionably the finest bred, earliest, largest (weighs from 17 to 25 lbs.) most solid headed large extra early thoroughbred Cabbage ever grown; unexcelled in flavor, unequalled in quality and always the leader in every market. Gaines, Cole & Co., State Line, Miss., write: "Have used Buckbee's Queen since its introduction. It is a week earlier and much finer in every way than Henderson's Early Summer and markets more to the acre."

If you want the best early Cabbage, plant Buckbee's Extra Early Large New Queen and you will not be disappointed. I control the entire seed supply and offer the choicest "Full of Life" Seed of my own growing at the following reasonable prices. Send to Buckbee for the true "Queen." Order Early. Pkt. 10c.; oz. 30c.; 2 oz. 50c.; 1/2 lb. 90c.; 1 lb. \$1.60; lb. \$3.00.

BUCKBEE'S GREAT DANE THE GARDENER'S FAVORITE SHIPPER, The Hardest Headed Late.

For years large quantities of Danish Cabbage have been imported to our leading American markets, the heads being of such solidity that the demand has been far in excess of the supply, always at a price far above the ruling market rate. To get at the source of this supply I dispatched my European traveler direct to Denmark, and after careful inspection of the cabbage growing localities came to Amack, the home of the Great Dane. I will use Mr. Torgeson's (originator) description, which, to say the least is too modest to express the sterling qualities of this great Winter Cabbage: "For more than 20 years I have worked in perfecting this variety. Heads are almost round as a ball, of good size, perfectly solid, very fine grained, of the best quality. It is ahead of any variety grown on this side for shipping and all general uses, and I cannot too highly recommend it to gardeners in your land (America)." I control the entire stock of this variety, and offer it at the following very low prices: Pkt. 10c.; oz. 30c.; 2 oz. 50c.; 1/2 lb. 90c.; 1 lb. \$1.60; lb. \$3.00.

BUCKBEE'S CHRISTMAS KING THE BEST LARGEST LATE.

The grandest late Cabbage ever introduced. This truly wonderful late variety of my own introduction had the greatest run of any late Cabbage on the market, and not one of my customers has been disappointed in the results. 999 out of every 1,000 plants will produce marketable heads, which are of mammoth size (often reaching the sensational weight of 60 lbs.) sound, solid, and of the most delicious flavor, crisp and white. It never bursts, has but few outside leaves, and is the best Winter keeper. Best for kraut. I control the complete stock of this variety. Pkt. 10c.; oz. 30c.; 2 oz. 50c.; 1/2 lb. 90c.; 1 lb. \$1.60; lb. \$3.00.

IT PAYS TO GET THE BEST

One of the chief departments of my seed business consists of growing Buckbee's Famous "Full of Life" Cabbage Seed. For forty years I have been acknowledged one of the largest and most particular Cabbage Seed growers in the World. My 500 acres the past season yielded the finest quality of seed that I have ever grown—season just right; every head with rare exception was a prize winning specimen from which my "Full of Life" seed was saved, and larger, brighter, more fully matured seed I never saw. My seed has reached such a high point of merit that it is a household word everywhere that "Buckbee's Full of Life" seed is the most reliable and produces more good, marketable heads per acre than any offered. Exercising, as we do, the utmost care in the growth and selection of our seed stocks, we know that the Cabbage seed which we offer is unsurpassed in quality and reliability.

CHEAP CABBAGE SEED
Is the poorest investment in the world; the failure can never be known until an entire season's labor and outlay are lost. My seed is grown from **SELECTED HEADS** and saved from center shoots.

MONEY IN CABBAGE

If you plant the Right Seed.

Did you ever stop to think that the cost of setting an acre of Cabbage—cultivating and marketing is no more than the cost of growing an acre of corn. Ordinarily Cabbage yields 20 tons per acre and rarely sells below \$20.00 per ton and oftentimes \$40.00, this means quick, profitable returns to the progressive man. Can you do better than set out an acre or two of Cabbage this year? Send your orders today for some of my Pedigreed "Full of Life" Seed that always pleases.

SPECIAL OFFER I want every one of my 500,000 Customers to plant these Three World Beating Cabbages this year—and for only 20c., I will send postpaid one liberal package each of Buckbee's Extra Early Large New Queen; The Best Large Extra Early, Buckbee's Christmas King, the Largest and most satisfactory late; Buckbee's Great Dane, The Largest and Keeping Late. **POSTPAID ONLY 20 CENTS.**

BUCKBEE'S "FULL OF LIFE" CABBAGE SEED

Buckbee's Rockford Market.

Buckbee's New Race Horse.

Buckbee's Early Marvel.

Buckbee's New Race Horse

The Earliest Cabbage in Cultivation.

Ready to use in sixty days from time of planting. Heads are of good size, weight from eight to thirteen pounds, have but few outside leaves and therefore may be planted very close together, and yield large crops; always of fine flavor and very solid. Pkt. 5c.; oz. 20c.; 2 oz. 35c.; $\frac{1}{4}$ lb. 65c.; $\frac{1}{2}$ lb. \$1.25; lb. \$2.00.

Buckbee's Rockford Market

The Best Second Early Ever Introduced.

It has the peculiarity of heading firmly at an early stage in its growth, so that the finest Cabbage, though small, can be obtained long before it has attained its natural size. Its uniformity in shape, and large yield per acre render it particularly valuable to truckers, and its compact form and good quality will render it the finest second early Cabbage. Pkt. 5c.; oz. 20c.; 2 oz. 35c.; $\frac{1}{4}$ lb. 65c.; $\frac{1}{2}$ lb. \$1.25; lb. \$2.00.

All Head Early

Often Coming in Before Early Summer.

It is at least one-third larger than this popular variety, and therefore much more profitable to the market gardener, who has in this variety a Cabbage larger and at the same time earlier—is also valuable for late Winter Cabbage. Seed of All-head sown in July and plants set out about the middle of August will bring heads large and solid, which are sure to stand the Winter well. Pkt. 4c.; oz. 15c.; 2 oz. 28c.; $\frac{1}{4}$ lb. 50c.; $\frac{1}{2}$ lb. 90c.; lb. \$1.75.

Henderson's Early Spring

A Popular Market Garden Variety.

The whole plant is finely bred. It possesses wonderful uniformity in shape, being round, slightly flattened at top of head. Flavor is delicious, and every plant makes a good marketable head. Very early variety. Pkt. 4c.; oz. 12c.; 2 oz. 23c.; $\frac{1}{4}$ lb. 45c.; $\frac{1}{2}$ lb. 85c.; lb. \$1.60.

Henderson's Early Summer

Standard Mid-Summer Variety.

This variety is deservedly popular with the market gardeners. It forms large, solid, round, flattened, compact heads of excellent quality. The heads average more than double the size of the Jersey Wakefield, while it matures only ten to twelve days later. Pkt. 3c.; oz. 12c.; 2 oz. 23c.; $\frac{1}{4}$ lb. 40c.; $\frac{1}{2}$ lb. 75c.; lb. \$1.40.

Extra Early Winingstadt

One of the Best for General Use.

A very fine header and will grow a hard head under circumstances where most sorts would fail. Plant very compact, with short, thick leaves. Heads regular, conical and very hard. Pkt. 4c.; oz. 12c.; 2 oz. 23c.; $\frac{1}{4}$ lb. 45c.; $\frac{1}{2}$ lb. 80c.; lb. \$1.50.

Extra Early Express

Good size pointed or oval heads, frequently weighing 10 pounds. Extra early, compact, solid and of fine flavor. Pkt. 3c.; oz. 12c.; 2 oz. 20c.; $\frac{1}{4}$ lb. 35c.; $\frac{1}{2}$ lb. 65c.; lb. \$1.10.

All Head Early.

Extra Early Winingstadt.

Buckbee's New Century.

True Early Jersey Wakefield.

Buckbee's Early Marvel

Good for Summer, Autumn or Winter.

The heads are extremely hard and solid, round, flattened on top, and ready to market nearly as early as Early Summer, while considerably larger in size. It is as good for Autumn or Winter as for early Summer. Pkt. 5c.; oz. 20c.; 2 oz. 35c.; $\frac{1}{4}$ lb. 65c.; $\frac{1}{2}$ lb. \$1.25; lb. \$2.00.

Charleston or Large Wakefield

A splendid strain of Wakefield, in which the plant is larger and a little later, the head larger and not so pointed. Pkt. 4c.; oz. 12c.; 2 oz. 23c.; $\frac{1}{4}$ lb. 45c.; $\frac{1}{2}$ lb. 85c.; lb. \$1.60.

Buckbee's Faultless

A Splendid Keeper and Shipper.

One of the best second early and Fall varieties ever introduced, is absolutely "faultless." Has been in popular and growing demand ever since its introduction. Sure to head; large and firm; has but few outside leaves; of vigorous constitution; rapid grower; excellent keeper. Pkt. 4c.; oz. 12c.; 2 oz. 23c.; $\frac{1}{4}$ lb. 45c.; $\frac{1}{2}$ lb. 80c.; lb. \$1.50.

Louisville Early Drumhead

Recognized Favorite in Southern Markets.

A strong and vigorous, but not coarse growing sort of Flat Dutch type. Plants short stemmed and compact, with broad well rounded leaves, very full at base. Head, semi-flat, thick and of good quality. Pkt. 5c.; oz. 18c.; 2 oz. 35c.; $\frac{1}{4}$ lb. 60c.; $\frac{1}{2}$ lb. \$1.10; lb. \$2.00.

Gregory's All Seasons

The heads are hard and solid, round, flattened on top, of very best quality, and are ready for market nearly as early as Early Summer, often larger in size. Pkt. 3c.; oz. 12c.; 2 oz. 23c.; $\frac{1}{4}$ lb. 40c.; $\frac{1}{2}$ lb. 75c.; lb. \$1.40.

Buckbee's New Century

The Best Second Early or Main Crop Cabbage.

The very best for general use, being very hardy and sure to head when most sorts fail. It seems to suffer less from the Cabbage worm than any other sort. Plant very compact, with short, thick leaves. Heads regular, very hard, and keeps well both Summer and Winter. Pkt. 10c.; oz. 30c.; 2 oz. 50c.; $\frac{1}{4}$ lb. 90c.; $\frac{1}{2}$ lb. \$1.60; lb. \$3.00.

Buckbee's Selected True Early Jersey Wakefield

The Best Early Cabbage in Cultivation.

It forms fine, solid heads of good size, conical in shape, with very few outside leaves, and of the best quality. We offer this as the earliest strain of this standard variety. Grown only from selected heads. Our strain is remarkably pure; always gives satisfaction. Pkt. 5c.; oz. 18c.; 2 oz. 35c.; $\frac{1}{4}$ lb. 60c.; $\frac{1}{2}$ lb. \$1.10; lb. \$2.00.

BUCKBEE'S "FULL OF LIFE" CABBAGE SEED

One ounce Cabbage Seed should produce 1500 plants. Sow 1/4 lb. Seed in beds to transplant for one acre.

Buckbee's Mammoth Late Flat Dutch.

BUCKBEE'S MAMMOTH LATE FLAT DUTCH

The Great Cabbage for Fall and Winter Use.

This is the money maker among late Cabbages for gardeners, and for family use it ranks high. Heads are large, sound, very solid, broad, flat on top and of a beautiful bluish-green color, with but few outside leaves. The quality is fine and flavor excellent, heads being, when open, crisp and white. Pkt. 5c.; oz. 18c.; 2 oz. 35c.; 1/4 lb. 60c.; 1/2 lb. \$1.10; lb. \$2.00.

PREMIUM LATE FLAT DUTCH

Remarkably uniform in size and type. Very heavy, late and a fine shipper. Pkt. 3c.; oz. 12c.; 2 oz. 20c.; 1/4 lb. 35c.; 1/2 lb. 65c.; lb. \$1.10.

DUTCH WINTER OR HOLLANDER

Sure heading variety of fine shape and quality. The best of the late Dutch sort, always producing a fine crop. Always makes good round heads which are hard and of large size and weight; generally about 8 lbs. Can be grown in close quarters on account of its compact habit. As to its keeping qualities it comes out of the pit in March or April as fresh as when it went in and with absolutely no waste. Pkt. 5c.; oz. 20c.; 2 oz. 35c.; 1/4 lb. 65c.; 1/2 lb. \$1.25; lb. \$2.00.

LARGE LATE DRUMHEAD

Closely allied to our Mammoth Bridgeport Drumhead, though not as good a shipper. Pkt. 3c.; oz. 12c.; 2 oz. 20c.; 1/4 lb. 35c.; 1/2 lb. 65c.; lb. \$1.10.

PERFECTION DRUMHEAD SAVOY

The Best of the Savoys.

Crisp, white, solid flesh, medium weight, late and a fine keeper. Pkt. 3c.; oz. 12c.; 2 oz. 20c.; 1/4 lb. 35c.; 1/2 lb. 65c.; lb. \$1.10.

IMPROVED AMERICAN SAVOY

Very Valuable Variety.

Particularly adapted for private use. Grown in Fall and allowed to be touched by frost, it is one of the most delicious of all vegetables. Pkt. 3c.; oz. 12c.; 2 oz. 20c.; 1/4 lb. 35c.; 1/2 lb. 65c.; lb. \$1.25.

Buckbee's Mammoth Late Bridgeport Drumhead.

Buckbee's MAMMOTH LATE BRIDGEPORT DRUMHEAD

Standard Shipping Sorts.

It makes a large, round, firm head, which seldom bursts or rots. One of the most profitable sorts to grow, and will give unbounded satisfaction. Pkt. 4c.; oz. 18c.; 2 oz. 35c.; 1/4 lb. 60c.; 1/2 lb. \$1.10; lb. \$2.00.

SURE HEAD

A Famous Main Crop Cabbage.

Of the "Flat Dutch" type. Heads uniform, hard, firm and fine in texture, weighing from 10 to 15 lbs.; sweet flavored; has scarcely any loose leaves; keeps well. Pkt. 4c.; oz. 12c.; 2 oz. 23c.; 1/4 lb. 45c.; 1/2 lb. 80c.; lb. \$1.50.

MAMMOTH RED ROCK

One of the finest red Cabbage on the market. Heads average over 10 pounds each, and are always of rich red color. Try it. Pkt. 4c.; oz. 12c.; 2 oz. 23c.; 1/4 lb. 45c.; 1/2 lb. 80c.; lb. \$1.50.

RED DUTCH OR PICKLING

Raised extensively for pickling purposes. Always the first of the Red Cabbages in market. Average weight, 8 pounds. Pkt. 3c.; oz. 12c.; 2 oz. 20c.; 1/4 lb. 35c.; 1/2 lb. 65c.; lb. \$1.10.

DANISH BALL HEAD

Extra Selected Danish Grown Stock.

The heads, which are of medium size, average a weight of about 8 pounds, are very solid and deep, and of a fine white color. Their quality is superior, the heads being just as solid and perfect when taken up in the Spring as when they are put away in the Fall. Pkt. 5c.; oz. 20c.; 2 oz. 35c.; 1/4 lb. 65c.; 1/2 lb. \$1.25; lb. \$2.00.

BUCKBEE'S SUGAR LOAF SAVOY CABBAGE.

Best for Boiling and Cabbage Greens.

Most attractive, matures early; hardest headed; heads beautifully blanched and of the finest flavor. Pkt. 5c.; oz. 20c.; 2 oz. 35c.; 1/4 lb. 65c.; 1/2 lb. \$1.25; lb. \$2.00.

QUALITY
NOTHING BUT
QUALITY

Danish Ball Head.

NEW RED POLISH CABBAGE

The Best Red Cabbage.

This new Red Cabbage is a vigorous grower and quite hardy. The heads are of a dark red color, and are extremely firm and heavy. The outside leaves are somewhat crumpled at the edges, giving the plant a pleasing and rather ornamental appearance. New Red Polish is the most profitable red sort with which I am acquainted, and will prove satisfactory in all respects to grower, cook and pickle-maker. Pkt. 5c.; oz. 20c.; 2 oz. 35c.; 1/4 lb. 65c.; 1/2 lb. \$1.25; lb. \$2.00.

BUCKBEE'S "FULL OF LIFE" CARROTS

German, MOEHREN; French, CAROTTE; Spanish, ZANAORIA; Swedish, MOROT

One Ounce Will Sow a Row 100 Feet Long. Four to Five Pounds Will Sow an Acre.

Buckbee's Earliest Garden.

Buckbee's Earliest Garden

The Earliest Variety in Cultivation and Best for the Table.

Tops small, finely divided. The reddish orange colored roots are nearly round with a groove about the crown and when fully matured they are about two inches in diameter, but should be used before they are full grown, when they are tender and delicious. Pkt. 5c; oz. 10c.; 2 oz. 18c.; 1/2 lb. 30c.; 1 lb. 50c.; lb. 90c.

New Early Chantenay

The Best Bunching Carrot. Private Stock.

This is the best early Carrot in existence, one which market gardeners should plant for their main early crop. The Carrots grow up about 6 inches long, are stump rooted, very smooth, deep red, fine grained, sweet and sugary, and not apt to crack open while growing. An excellent table sort and a heavy cropper. Our seed is most carefully selected. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/2 lb. 25c.; 1 lb. 45c.; lb. 85c.

Improved Long Orange

The Best Keeper.

Superior variety. The most popular of the older sorts for farm use on mellow soil. Roots proportionately shorter than the Long Orange, and smoother, but so uniform and true that the bulk of the crop will be greater. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/2 lb. 20c.; 1 lb. 35c.; lb. 65c.

Buckbee's Select Danvers

The Best Carrot for Every Purpose.

Yield enormous. Quality superb. The best Carrot for general crop; it is of a rich orange color, a very heavy yielder and splendid keeper. It is a first-class Carrot for all kinds of soils, valuable for both table use and stock. The Leading Carrot. We have an extra fine strain of this favorite sort which we have sold for many years, giving the greatest satisfaction to our customers. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; 1/2 lb. 30c.; 1 lb. 50c.; lb. 90c.

Ox Heart or Guerande

Early, Handsome; Ready Selling.

Tops small for the size of the roots, which are comparatively short, but often reach a diameter of 7 inches, terminating abruptly in a small tap root. Flesh bright orange, fine grained and sweet. A Splendid Variety. This is a desirable variety for soil so hard and stiff that longer growing sorts would not thrive in it. When young, excellent for table use, and when matured equally good for stock. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/2 lb. 25c.; 1 lb. 45c.; lb. 80c.

Improved Intermediate

Enormous Producer.

A very fine variety for either field or garden culture. Large, symmetrical roots of a deep orange red. They are straight and smooth, free from roughness and of the best quality. Tops are small and roots of mammoth size. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/2 lb. 20c.; 1 lb. 35c.; lb. 60c.

Red St. Vallery

Rich, Fine Flavor.

A good late variety. It grows long; shape uniform, tapering from a wide shoulder to a point. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/2 lb. 25c.; 1 lb. 40c.; lb. 75c.

New Early Chantenay.

EARLY SCARLET HORN

Early Scarlet Horn

Tender and Delicious.

One of the most popular of all varieties. A favorite for early crop. Color deep beautiful orange; flesh finely grained and of agreeable flavor, tops small, has a short, stump-shaped root, large at top, therefore easily pulled. Grows well in shallow soil, of fine quality; yields and sells well. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/2 lb. 25c.; 1 lb. 40c.; lb. 75c.

Early French Forcing

Standard Extra Early Forcing Carrot.

Extra early and well suited for forcing. Nearly round roots of yellowish brown color. Never grows over 3 inches in diameter, and are best used when about 1 inch. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/2 lb. 25c.; 1 lb. 45c.; lb. 80c.

Half Long Danvers

Extensively Grown.

Roots are smooth and handsome, deep orange and of medium length. Flesh sweet, crisp and tender. Tops medium sized. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/2 lb. 22c.; 1 lb. 38c.; lb. 70c.

Half Long Scarlet Nantes

A Favorite Market Variety.

Stump rooted. Tops medium size; roots cylindrical, smooth, bright orange; flesh orange, becoming yellow in center, but with no distinct core; of the finest quality, excellent for the market or home garden. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/2 lb. 25c.; 1 lb. 40c.; lb. 75c.

THE BEST STOCK CARROTS

ENORMOUS YIELDING
PRIZE
WINNERS

EVERY FARMER Should plant a few acres of Carrots for Stock food, they are very productive, less liable to disease than many other root crops, and being sown earlier do not interfere so much with the labor in the busy time.

BUCKBEE'S CHAMPION

The World Beating Stock Carrot.

Buckbee's Champion, is not, properly speaking, a table Carrot, although the flesh is remarkably firm and sweet. But it is, most emphatically, a Stock Carrot for the farmer and stock raiser, and once used, nothing will take its place. It is the heaviest cropping variety grown, yielding more tons to the acre than any other sort. The flesh is white, crisp, solid, and very sweet in flavor. The roots are short and very heavy at the shoulder, rendering them easily harvested. An important feature, also, is that they do not easily break in pulling or storing. The roots frequently measure 15 to 20 inches in circumference, and 25 to 50 tons to the acre is not an extravagant statement as to yield. Weight 10 to 25 pounds each. My Own Growth, Choicest Northern Home-Grown Pedigree Stock Seed, pkt. 5c.; oz. 10c.; 2 oz. 15c.; ½ lb. 25c.; ¼ lb. 40c.; lb. 75c.; 5 lbs. \$3.50, postpaid.

Buckbee's Improved Short White

A Marvelously Good Stock Carrot. Roots half long, smooth, very heavy at the shoulder, but taper regularly to the point. Color light green above ground, white below. Flesh rich, white, solid and crisp and of excellent flavor. A heavy yielder. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 20c.; ½ lb. 30c.; lb. 50c.; 5 lbs. \$2.40, postpaid.

BUCKBEE'S MAJESTIC

Enormously Productive Yellow Stock Carrot. The largest and heaviest cropping and most nutritious yellow variety. The roots are remarkably fine, very symmetrical, of excellent quality, possessing high feeding properties. Pkt. 4c.; oz. 8c.; 2 oz. 14c.; ¼ lb. 20c.; ½ lb. 35c.; lb. 60c.; 5 lbs. \$2.75, postpaid.

Mammoth Yellow Belgian

Identical to the White Belgian except in color. Pkt. 2c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 20c.; ½ lb. 30c.; lb. 50c.; 5 lbs. \$2.40, postpaid.

BUCKBEE'S VICTORIA

Heavy Yields, Splendid Quality.

Heavy cropping white variety. Roots short and very heavy at the shoulder, rendering it very easily harvested. Frequently measure 15 to 20 inches in circumference and 18 to 25 tons to the acre. Pkt. 4c.; oz. 8c.; 2 oz. 14c.; ¼ lb. 20c.; ½ lb. 35c.; lb. 60c.; 5 lbs. \$2.75, postpaid.

LARGE WHITE VOSGES

One of the Very Best for Shallow Soil.

A field Carrot especially suited for soils that are not very deep. One of the very best for cattle feeding. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 20c.; ½ lb. 30c.; lb. 50c.; 5 lbs. \$2.40, postpaid.

MAMMOTH WHITE BELGIAN

A splendid variety for fattening stock. The roots are mammoth in size and very productive, often yielding ten tons and over of roots per acre. Pkt. 2c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 20c.; ½ lb. 30c.; lb. 50c.; 5 lbs. \$2.40, postpaid.

Buckbee's Victoria.

MONEY IN CARROTS

IF YOU PLANT THE RIGHT SEED.

There is no better food in Winter for horses and other stock than Carrots cut small, then sprinkled with salt and fed with meal. The yield is enormous; 25 to 50 tons per acre is not unusual. I would particularly recommend that those interested in growing roots for stock feeding write to the Secretary of Agriculture, Washington, D. C., for FREE COPY of Bulletin No. 11, which will give you an unbiased opinion of Carrots for stock feeding. Buckbee's "Full of Life" Carrot Seed is grown with great care from thoroughbred specimens. Order Early.

BUCKBEE'S "FULL OF LIFE" CAULIFLOWER

German, BLUMEN-KOHL French, CHOU-FLEUR; Spanish, COLIFLOR; Swedish, BLOMKAL.

Buckbee's Extra Early Chief.

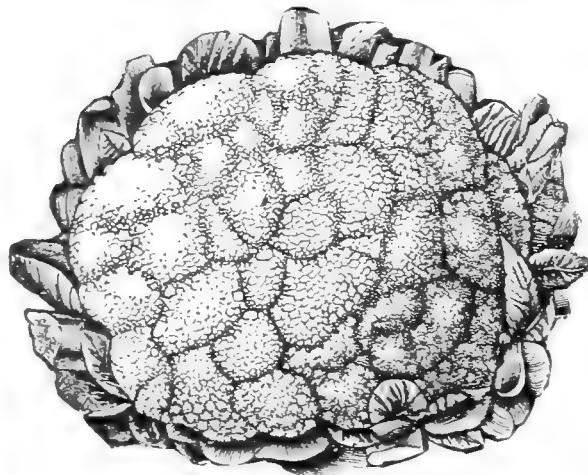

Buckbee's Early Favorite

Very Popular, Early and Standard Main Crop Variety.

Earliest, surest and preferable variety to grow, surpassing most other varieties. Will stand heat and drought exceptionally well, which is a great point in its favor and makes it most highly desirable in regions where other varieties of Cauliflower have failed to thrive. For planting early and late, for forcing under glass, or growing in open ground, it is always satisfactory. Of dwarf growth, with short outer leaves. Early Favorite has never yet failed to please the most exacting grower and its rapidly increasing popularity is due entirely to its real merit and not to any special effort in its behalf. Give it a trial and I am sure you will never have reason to complain of the results. Pkt. 5c.; $\frac{1}{2}$ oz. 50c.; oz. 95c.; 2 oz. \$1.80; $\frac{1}{4}$ lb. \$3.50

Le Normand's Short Stem.

Important

Cauliflower Seed, as every Gardener and Cauliflower Specialist knows, is one of the seeds in the buying of which, prices should never be questioned.

Cauliflower Plants

Ready about March 25th. If interested, ask for our special Vegetable Plant Supplement ready for mailing about Feby. 1st.

The Cauliflower, although one of the most delicious vegetables, is but little grown except by professional gardeners, because of the erroneous notion that it is so hard to grow that only skilled gardeners can produce it. I am certain that anyone will be reasonably successful with this most desirable vegetable if he will observe the cultural directions given on every package of Cauliflower Seed I send out.

BUCKBEE'S EXTRA EARLY CHIEF

Sure Header—Drought Resister—Large Solid Heads of Snowy Whiteness.

The best variety for either market or family purposes; by far the earliest and surest header and the most profitable grown. The greater part of Cauliflower seed offered is of European growth, but after years of careful study and perseverance, I am able to offer this thoroughbred American variety—"Chief." It is of very compact growth, with short stalks. They can be planted very close together, and the leaves growing upward naturally protect the heads, which, to say the least, are handsome beyond description, measuring fully 12 to 15 inches across, and even more under careful cultivation; are pure snow-white, very close, compact and of the most superior quality. The heads, being so extremely solid and deep, weigh heavier than any early variety. It can be used for early or late Cauliflower, with the full assurance that it is impossible to procure a better or more reliable variety. No grower of Cauliflower can make a mistake by relying on this superb, world-beating variety. Pkt. 15c.; 2 pkts. 25c.; $\frac{1}{4}$ oz. 80c.; oz. \$3.00; 2 oz. \$5.50; $\frac{1}{4}$ lb. \$10.00.

EXTRA EARLY PARIS

Always Popular; Quality Superior.

Reliable early variety. Good for forcing; produces a good head; dwarf habit; solid, pure white curd of superior quality. Should be planted very early. Pkt. 4c.; oz. 40c.; 2 oz. 75c.; $\frac{1}{4}$ lb. \$1.35.

Extra Early Dwarf Erfurt Selected

Danish Grown Pedigreed Seed.

Remarkable for reliability of heading; dwarf; solid, pure white heads of most superior quality. If planted the first of March, heads eight to ten inches in diameter will be ready early in June. Pkt. 10c.; $\frac{1}{2}$ oz. 75c.; oz. \$1.40; 2 oz. \$2.75; $\frac{1}{4}$ lb. \$5.00.

Le Normand's Short Stem

Sure Heading Standard Late Variety.

The very best large late variety grown; sure to please. Curd is well protected by leaves, and being hardy it stands drought very well; a sure header, of good quality and fine in every way. Pkt. 5c.; oz. 45c.; 2 oz. 80c.; $\frac{1}{4}$ lb. \$1.50.

True Early Snowball

Pedigree Seed
The Famous "Dry Weather" Cauliflower.

Certainly a fine variety, great favorite and standard throughout the country; very early, close growing, of compact habit; is well adapted for forcing under glass during Winter and Spring. The heads are large. For early or late planting, for the family or the market garden this variety can be depended upon for excellent results. Pkt. 10c.; $\frac{1}{2}$ oz. \$1.25; oz. \$2.00; 2 oz. \$3.80; $\frac{1}{4}$ lb. \$7.50.

True Early Snowball.

Buckbee's All Heart.

White Plume Self-Blanching Celery.

New Columbia.

Buckbee's Famous "Full of Life" Celery Seed is planted by the leading Celery Specialists throughout the Land.

BUCKBEE'S CHOICE CELERY

German, Seleri; French, Celeri; Spanish, Apis; Swedish, Selleri.

Buckbee's All Heart THE BEST EARLY CELERY

Crisp and Brittle. Rich Golden Color. Exquisite Nutty Flavor.

The latest and best creation in Celery—originated on Rockford Seed Farms after years of careful trial and experiment and has given unparalleled satisfaction in every part of the country. It is very early, of fine ivory-white color with a rich golden heart. Crisp, tender and brittle; the flavor is delightfully rich and nutty, in fact it is unsurpassed for the professional Celery grower, the home and market garden. I control the entire stock of Buckbee's All Heart Celery. Pkt. 10c.; ½ oz. 20c.; oz. 35c.; 2 oz. 50c.; ¼ lb. 90c.; ½ lb. \$1.60; lb. \$3.00.

Buckbee's Genuine Golden Heart THE BEST LATE CELERY

Original Private Stock—This variety makes a very strong and vigorous plant, with large, very white, crisp, brittle, tender and fine flavored stalks. It is late, and requires the whole season to develop, but will keep longer than any other sort. Pkt. 5c.; oz. 20c.; 2 oz. 35c.; ¼ lb. 60c.; ½ lb. \$1.10; lb. \$2.00.

Buckbee's Perfected Kalamazoo

It is an acknowledged fact that more good Celery is grown in the famous "Kalamazoo Celery Fields" than anywhere in the country. For years my heaviest sales of Celery Seed have been in that section, and I have devoted much time to the improvement of the justly celebrated variety grown in that section, until I now have this acme of perfection in Celery—of creamy-white color, ideal size and perfect shape. It is alike profitable either for market or family use. There is no waste in preparing it for the table. Pkt. 4c.; oz. 12c.; 2 oz. 23c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.

Golden Yellow Large Solid, or GOLDEN SELF-BLANCHING

This is the best Celery for early use. Plants of a yellowish-green color when young, but as they mature the inner stems and leaves turn a beautiful golden yellow, which adds much to their attractiveness and makes the work of blanching much easier. The handsome color, crispness, tenderness, freedom from stringiness and fine nutty flavor of this variety make it only necessary to be tried in order to establish it as the standard of excellence as an early sort. Pkt. 10c.; ½ oz. 35c.; oz. 60c.; 2 oz. \$1.10; ¼ lb. \$2.00.

White Plume—PRIVATE STOCK

Is too widely known to require extended description. I will only say that I have not yet found a Celery that is as early and of as good a flavor, crisp and tender, as my selection of this sort. Combined with these important points are its self blanching qualities, which render it one of the most valuable sorts. I sell, every year, large quantities of this seed to market gardeners, who find it uniformly white and free from green or hollow stalks. It is not as good a keeper as our All Heart, but it is unsurpassed for fall and winter use. Pkt. 4c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.

New Columbia

An early maturing sort unsurpassed in shape and quality. The plant is of medium height but very stocky and heavy. The stalks are thick, almost round, resembling in shape those of Giant Pascal; the color has in it more of the rich yellow tint of Golden Yellow Self-Blanching which variety it resembles very much in appearance when trimmed and bunched for the market. Its quality is certainly exceptionally fine. Pkt. 10c.; ½ oz. 25c.; oz. 45c.; 2 oz. 80c.; ¼ lb. \$1.50.

Pink Plume

Stalks clear, creamy white, shaded with a beautiful delicate pink. Flavor sweeter than any other, all red Celery having a stronger "Celery" flavor, and is preferred by Celery lovers wherever known. Plants bleach naturally. Pkt. 4c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.

Giant Pascal

A selection from the Golden Self-Blanching, and adds to the general good qualities of its parent, superior keeping qualities. The stalks are very large, thick, solid, crisp, and of a rich nutty flavor, free from any trace of bitterness. Pkt. 4c.; oz. 12c.; 2 oz. 22c.; ¼ lb. 40c.; ½ lb. 70c.; lb. \$1.25.

Perfection Heartwell

A medium green, second early variety. The plants are taller than Dwarf White Solid and a little later in maturing, being one of the earliest green leaved sorts. The stalks are of medium size, round, very solid, crisp, tender, white and of fine flavor. Pkt. 3c.; oz. 12c.; 2 oz. 22c.; ¼ lb. 40c.; ½ lb. 70c.; lb. \$1.25.

Golden Self Blanching.

Celery Seed for Flavoring

Oz. 5c.; 2 oz. 8c.; ¼ lb. 12c.; ½ lb. 20c.; lb. 30c.

CELERY PLANTS ready early in June—Send for SPECIAL PRICE LIST

CELERICAC, or Turnip-Rooted Celery

German, Knollen-Sellerie; French, Celeri-Rave.

Celericac is grown for the bulbous roots, which are stewed or used for flavoring soups.

LARGE-ROOTED GIANT PRAGUE—Improved form of turnip-rooted Celery, producing large and smooth roots, almost round; few side roots. Large, deep green foliage. Pkt. 4c.; oz. 12c.; 2 oz. 23c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.

NEW DELICATESS—Root turnip-shaped and tender, sweeter taste, stronger flavor than other varieties. Pkt. 5c.; oz. 20c.; 2 oz. 35c.; ¼ lb. 60c.; ½ lb. \$1.10; lb. \$2.00.

Celericac-Delicatess.

Chervil, Curled.

CHERVIL

German **GARTENKERBEL**; French, **CERFEUIL**. Hardy annual, worthy of more general use for flavoring and garnishing. Curled variety, more beautiful than parsley.

CURLED—Greatly superior to the old, plain variety; earlier, more handsome, having fully as fine perfume and flavor. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 60c.

CHIVES

Also Called **Schnittlauch**.

Chives are perfectly hardy perennial plants of the onion type. They are grown for their small leaves, which are produced very early in the Spring, for giving a mild onion flavor to various dishes. The tops appear early in the Spring, and can be shorn off close to the ground as needed. They can be grown also in pots in a sunny window during the Winter. Easily raised from seed. Pkt. 10c.; oz. 50c. Selected clumps or plants by mail, 20c. each, \$1.50 per doz. postpaid

THE WONDERFUL COFFEE BERRY THE GREAT HEALTH DRINK

Once Tried Always Used

All pronounce it better than the genuine. It is certainly the best berry to mix with other coffee I ever saw. Half and half will produce a drink claimed by many to be equal to a good cup of Rio. It is very hardy, easily raised and most enormously productive. You can raise your own coffee for one cent a pound. Full directions on every package. My seed is genuine. Large pkt. 5c.; $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 17c.; lb. 30c.

CHUFUS OR EARTH ALMOND

In sweetness and flavor very much resembles a cocoanut or almond, and greatly liked by all children. Vary in size from a large pea to a hazelnut. The nuts grow under and very near the surface of the ground and very easily reached; relished by pigs or poultry. Plant in April two inches apart in rows $2\frac{1}{2}$ feet apart. If the seed is dry, soak well before planting. Very prolific. Pkt. 5c.; $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 18c.; lb. 35c.

Chufus, or Earth Almond.

Chicory, Large Rooted.

CHIVES - SCHNITTLAUCH.

Asparagus Chicory.

CHICORY

German, **CHICORIE**; Swedish, **CICORIA**.

LARGE ROOTED, OR COFFEE—Dried and prepared Roots are used quite extensively as a substitute for and an adulterant of coffee. Pkt. 4c.; oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 55c.

ASPARAGUS CHICORY

A singular, good, healthy and tasty substitute for the well known "Asparagus" and can be produced from seed planted the first year in abundance. The second growth of tender sprouts which springs from the roots of this plant, when cut fresh, boiled in salt water and served either warm, or as a salad make a most excellent substitute for the genuine article, and is an exceedingly easy plant to grow; the benefit derived from the use of the stems, by persons troubled with stomach disease or weak digestion, is remarkable. Pkt. 10c.; 3 pkts 25c.; oz 35c.

COLLARDS

German, **BLAETTER-KOHL**; French, **CHOU**

Georgia, Southern or Creole

A variety of cabbage known in different sections as "Cole," "Colewort," or simple "Greens." It is extensively used in the South. I offer the true white or green stemmed sort so exclusively used in the South. Forms a large loose open head, or a mass of leaves on tall stems. Freezing does not injure, but rather improves their quality. Sow thick in drills, in rich ground, transplanting when 4 inches high and thin to 2 or 3 feet apart in the row when the proper size. In the South sow from January to May, and August to October. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

CORN SALAD

(Fetticus or Lamb's Lettuce.)

This delightful salad, known as Mache-Steck Salat, is used during the Winter and Spring months as a substitute for lettuce, and is also cooked and used like spinach. In warm weather the plants will mature in four to six weeks. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 55c.

QUALITY NOTHING BUT QUALITY

Buckbee's "Full of Life" CUCUMBERS

German, GURKE; French, CONCOMBRE; Spanish, CÍHOMBRO; Swedish, GUARKA.
BUCKBEE'S NEW ROCKFORD PICKLE

Without Question the Preferable Variety
FOR PICKLING, MARKET, TABLE AND FAMILY USE

It has become a general favorite everywhere and is used almost exclusively by pickle factories throughout the country. The fruit is of medium size, wonderfully even in growth, slightly pointed at both ends. Extra early and the whole crop can be depended upon to make fine shaped pickles. Color deep green, begins to set its fruit when quite young. You will find this variety valuable for slicing also, being of fine flavor, crisp and delicious. I control the entire stock of this variety. Pkt. 10c.; oz. 15c.; 2 oz. 25c.; $\frac{1}{4}$ lb. 40c.; $\frac{1}{2}$ lb. 60c.; lb. \$1.00.

BUCKBEE'S NEW ALASKA

This is a Grand Good Cucumber.

Beautiful in shape and color and of the finest quality. An entirely new and distinct sort developed by myself through very careful selection, aiming to secure the best possible table Cucumber. The vine is vigorous and productive and comes into full bearing very early. The fruit is of splendid size, with very white, crisp and tender flesh. An excellent sort for culture under glass. Pkt. 5c.; oz. 10c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

BUCKBEE'S MONARCH WHITE SPINE

The Most Profitable Cucumber for Truckers Cultivation.

It is beyond question the earliest, most shapely and productive variety of this type.

After being tried throughout the entire country this variety has not been found wanting in any single point. I am confident that it will always hold the highest position, being of handsome growth, good length very early and prolific, extremely productive, quite hardy and retains its light green color permanently after being picked. Always of delicious flavor and unusually tender and crisp. Superior for pickling purposes. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{4}$ lb. 30c.; $\frac{1}{2}$ lb. 50c.; lb. 90c.

KLONDIKE

The World Beating Cucumber.

An extra fine new strain of White Spine, with very dark green skin. Extremely popular in the South to ship North. Good for table, market or pickling. Comes into bearing early and continues through the season. Wherever it is sold to market gardeners it has become their main crop, and the demand for it is growing rapidly. The fruit is firm and hard and keeps in prime condition a long time after picking. Pkt. 5c.; oz. 10c.; 2 oz. 18c., $\frac{1}{4}$ lb. 30c.; $\frac{1}{2}$ lb. 55c.; lb. \$1.00.

NEW CUMBERLAND

During the whole period of growth, from the time they first set until full grown, the form is exceptionally straight and symmetrical, making them a choice for a slicing variety as for pickles. The flesh is firm, very crisp, and tender at all stages. The young fruits possess the distinctly roughened surface desired for pickles.

Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

BUCKBEE'S NEW EXTRA EARLY LONG GREEN

The Ideal Variety to Plant for General Crop.

Produced by selection from Long Green. Vines vigorous and productive, forming fruit fit for the table nearly as early as the shorter sorts. Fruit grows about 12 inches long, firm and crisp. The young fruit makes the best pickles, and when ripe are preferable to any for sweet pickles. I offer a carefully selected strain, uniformly long and of good form, with the large warts and spines well distributed over the surface, instead of being clustered at one end. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{4}$ lb. 30c.; $\frac{1}{2}$ lb. 55c.; lb. \$1.00.

BUCKBEE'S "Full of Life" CUCUMBERS

Davis Perfect Cucumber.

Davis Perfect

PRIVATE STOCK

By using this variety gardeners can produce out of doors Cucumbers that will sell in the market for hothouse forcing varieties. The shape is ideal. It is almost seedless one-third of its length from the stem, and the few seeds that are contained in its blossom end when in eating condition are so small and tender that they are hardly noticeable. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 30c.; ½ lb. 55c.; lb. \$1.00.

New Parisian Prolific Pickling

Decidedly the best of all in quality for pickling. The fruit is of an unusually dark green color, so deep that no coloring matter is necessary in preparing them for the pickling market. Very crisp and tender. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 30c.; ½ lb. 55c.; lb. \$1.00.

New Everbearing

The merit of this variety is in the fact that the vines produce fruit continuously until killed by frosts. They exhibit at the same time Cucumbers in every stage of growth, but invariably of perfect form, even when quite small. The fruit is of fine green color and very desirable for pickling. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 28c.; ½ lb. 50c.; lb. 90c.

Early Prolific Short Green, or Early Frame

A most excellent sort for pickling as well as for table use. Vigorous, productive plants. Fruit straight, handsome, crisp and tender. Keeps green a long while. My stock is A1. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; lb. 75c.

New Ivory King

Fruit large, clear white, tender and excellent in flavor. Splendid for home garden, and the best white skinned variety. Pkt. 5c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 40c.; ½ lb. 75c.; lb. \$1.25.

Parisian Pickling Cucumber.

Japanese Climbing Cucumber

The vines are of vigorous growth, with dark green foliage, and throw out strong tendrils which enable them to climb trellises, wire netting or brush. Comes into bearing quickly, and continues abundantly through the season, while the climbing habit enables the fruit to grow perfectly straight—from twelve to eighteen inches in length. Thick, tender and of delicate flavor. Flesh pure white. When young makes attractive pickles. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 30c.; ½ lb. 55c.; lb. \$1.00.

Buckbee's International

This grand, good early variety of my own introduction more than pleased all who have tried it. Has no thick ends; of rich, luxuriant growth, an abundant yielder, has beautiful fruit and always good even shape. In flavor it has no superior—always tender and crisp. You should not fail to try it. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 30c.; ½ lb. 55c.; lb. \$1.00.

New Emerald

A dark green Cucumber, retaining its color until quite ripe. Fruits set early. For slicing, the flesh is tender and crisp, with a most pleasing flavor. Excellent pickles when young, and fine for sweet pickles when ripe. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 28c.; ½ lb. 50c.; lb. 90c.

Snake, or Serpent

This Cucumber is curious as well as useful. I have seen it six feet in length, coiled like a serpent. It is an interesting thing in the garden. Pkt. 5c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.

West India Gherkins

Used exclusively for pickling. Small oval-shaped, prickly fruit. Pkt. 4c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.

I can supply the following varieties of Cucumbers which are too well known to require extended description, at following prices:

Arlington Improved White Spine, Early White Spine, Boston Pickling or Green Prolific, Early Russian, Snow's Early Pickle, Improved Chicago Pickle, Peerless White Spine, Improved Long Green, Nichols Medium Green, Early Cluster.

Pkt. 3c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; lb. 75c.

Gherkin.

Giving a continuous supply of luscious Sugar Corn for the home table from early summer until frost. . .

Buckbee's First of All

Buckbee's New Early Sunrise

Absolutely the Earliest Good Sweet Corn.

The beauty and quality of this remarkable variety give it prominence over all others for family, market, canning, shipping and in fact, all purposes. Ears large (the fat kind), grains of great depth, exceedingly tender and sweet, the sort that fairly melts in the mouth. Something in Sweet Corn that makes everybody talk Early Sunrise as the very best introduction to present date. My seed stock is carefully grown and selected with the sole object of keeping it up to the highest standard of excellence as the earliest, largest and best on record. Postpaid, pkt. 10c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c.

Price by Express or Freight not prepaid, qt. 25c.; $\frac{1}{2}$ bu. 75c.; $\frac{1}{4}$ bu. \$1.40.

Buckbee's First of All Sweet Corn

Extra Early, Large Size, Heavy Cropper, Sweet and Tender.

Comparative tests made by Sweet Corn experts throughout the country as well as at Rockford Seed Farms have proven it to be from three days to a week earlier than Cory, making it very desirable, not only for family gardens, but an especial boon to market gardeners who desire to have the first Sweet Corn in market, and thereby receives the top-notch prices. Ears are of good size, well filled with large grains to the very tip. Many of the ears contain from ten to twelve rows, while the Cory generally has only eight rows. In habit of growth it excels all other early varieties, being stocky and exceptionally vigorous. The quality is most superior, very excellent and surpassingly sweet. Postpaid, pkt. 8c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 30c. By Express or Freight not prepaid, qt. 20c.; $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.10; $\frac{1}{2}$ bu. \$1.90;

Buckbee's Best of All

Early, Prolific, Sweet, Tender, Large, Handsome.

"Best of All" is of exceptionally stocky growth and an abundant and satisfactory yield; ears of exceptionally good size and of a perfect color, kernels very broad and by far the sweetest, richest, whitest and most tender of any early variety. Not only is it valuable for family uses, but for early market and shipping purposes it is also in the lead. Mr. Crane, one of the most prominent Sweet Corn specialists, writes: "Gave Buckbee's, 'Best of All' a fair trial, and will say that it surpasses every claim you make for it, and more, too. I can highly recommend it for all general purposes." I have placed the price of this desirable variety of Sweet Corn within the reach of all. Postpaid, pkt. 8c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 30c. By Express or Freight not prepaid, qt. 20c.; $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.10.

Buckbee's Private Stock Evergreen

Late, Best for Main Crop.

For table use the quality of Buckbee's Private Stock Evergreen Sweet Corn cannot be excelled. It is very tender, sugary, and remains a long time in condition suitable for cooking. Coming into market at a time when the main crops are being sold. Its large ears, with long, slender grains, make by far the most salable canned corn, and it out-yields all other varieties. Many of my customers the past year report yields of over 200 bushels of ears per acre. You cannot possibly be disappointed by planting Buckbee's Private Stock Evergreen. My price to one and all as long as stock seed lasts: Postpaid, pkt. 8c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 30c. By Express or Freight not prepaid, qt. 20c.; $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.10.

Buckbee's Early Sunrise

Buckbee's Best of All

Buckbee's Private Stock Evergreen

BUCKBEE'S PEDIGREE SWEET CORN

FIRST EARLY VARIETIES

Extra Early Cory One of the most popular varieties, only excelled in earliness by "Buckbee's First of All." Postpaid, Pkt. 5c.; $\frac{1}{2}$ pt. 8c.; pt. 15c.; qt. 28c. By express or freight, not prepaid, qt. 15c.; $\frac{1}{2}$ bu. 55c.; $\frac{1}{4}$ bu. \$1.00.

Mammoth Early White Cob Cory Selected for white kernels from the original and earliest Cory. First-class for market and home use. Postpaid, Pkt. 5c.; $\frac{1}{2}$ pt. 8c.; pt. 15c.; qt. 28c. By express or freight, not prepaid, qt. 15c.; $\frac{1}{2}$ bu. 55c.; $\frac{1}{4}$ bu. \$1.00.

Kendall's New Large Early Giant

Ears large and long; 10 to 12 rowed. Kernels white, sweet and tender. Very desirable for both market and family purposes. Postpaid, Pkt. 7c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 30c. By express or freight, not prepaid, qt. 20c.; $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.10.

Golden Bantam.

Golden Bantam A very early sweet corn with golden yellow grain, very tender and of excellent quality. The ears are eight rowed, six to 7 inches long and of the medium size found most suitable for the table. The flavor is exceptionally rich and delicious. Our stock has been very carefully selected. Postpaid, Pkt. 8c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 30c. By express or freight, not prepaid, qt. 20c.; $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.10.

Peep o'Day Very early small eared variety. Stalks grow three feet high, well leaved and average one fine ear to stalk. Ears small, measuring six inches long and filled from butt to tip with ten rows of small grains of a very sweet flavor. Postpaid, Pkt. 8c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 30c. By freight or express, not prepaid, qt. 20c.; $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.10.

BARGAINS
We can also supply the following varieties:
EARLY MINNESOTA,
IMPROVED ADAMS EARLY,
EARLY CROSBY.
Price, Pkt. 5c.; $\frac{1}{2}$ pt. 8c.; pt. 15c.; qt. 28c. By express or freight, not prepaid, qt. 15c.; $\frac{1}{2}$ bu. 55c.; $\frac{1}{4}$ bu. \$1.00.

MEDIUM EARLY VARIETIES

New Honey Sweet An exceptionally fine variety for second early use. The husks and stalks are a deep red color, the Corn is of a beautiful creamy white color, and has the deepest grains, smallest cob of any known variety. Fine quality. Postpaid, Pkt. 8c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 30c. By express or freight, not prepaid, qt. 20c.; $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.10.

Perry's Hybrid A popular Eastern variety, bearing large, 12 or 14 rowed ears. Postpaid, Pkt. 5c.; $\frac{1}{2}$ pt. 8c.; pt. 15c.; qt. 28c. By express or freight, not prepaid, qt. 15c.; $\frac{1}{2}$ bu. 55c.; $\frac{1}{4}$ bu. \$1.00.

Moore's Early Concord Large, handsome, 14 to 16 rowed ears; comes into use after Perry's Hybrid. Excellent sort either for canning factory or the garden. Postpaid, Pkt. 5c.; $\frac{1}{2}$ pt. 8c.; pt. 15c.; qt. 28c. By express or freight, not prepaid, qt. 15c.; $\frac{1}{2}$ bu. 55c.; $\frac{1}{4}$ bu. \$1.00.

Everbearing The ears are of good size and covered with kernels clear to the end of the cob. The husks and stalks are of a red color; each stalk will produce one or two well developed ears; now if these are picked when mature, one to two and even four more ears will set and develop on the same stalk during the next two to four weeks. Three or four dozen hills will supply a good sized family for weeks. Postpaid, Pkt. 8c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 30c. By express or freight, not prepaid, qt. 20c.; $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.10.

Black Mexican Although the ripe grain is black, or bluish black, the Corn, when in condition for table, cooks remarkably white and is very tender. Desirable for family use, and does especially well for the second early in the South. Postpaid, Pkt. 5c.; $\frac{1}{2}$ pt. 8c.; pt. 15c.; qt. 28c. By express or freight, not prepaid, qt. 15c.; $\frac{1}{2}$ bu. 55c.; $\frac{1}{4}$ bu. \$1.00.

New Honey Sweet.

Remember that I prepay charges by the half-pint, pint and quart. Quantities of one-eighth, quarter, half and one bushel or more will be shipped by freight or express at purchaser's expense.

LATE OR MAIN CROP VARIETIES

Country Gentleman Ears of full size, retaining all the delicious sweetness and qualities of Ne Plus Ultra. Three to five ears for a stalk, small cob, sweet, tender. Postpaid, Pkt. 8c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 30c. By express or freight, not prepaid, qt. 20c.; $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.10.

Buckbee's Hickox Popular everywhere. One to two weeks earlier than Evergreen. Large ear; remains in condition for use a long time. Best sort for drying and canning. Postpaid, Pkt. 7c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 30c. By express or freight, not prepaid, qt. 20c.; $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.10.

Stowell's Evergreen The standard main crop. Very tender and sugary, remaining a long time in condition suitable for boiling. Postpaid, Pkt. 5c.; $\frac{1}{2}$ pt. 10c.; pt. 15c.; qt. 28c. By express or freight, not prepaid, qt. 15c.; $\frac{1}{2}$ bu. 55c.; $\frac{1}{4}$ bu. \$1.00.

Mammoth Sugar Produces the largest ears of any variety, a single ear often weighing two or three pounds. Of excellent quality. Postpaid, Pkt. 5c.; $\frac{1}{2}$ pt. 10c.; pt. 15c.; qt. 28c. By express or freight, not prepaid, qt. 15c.; $\frac{1}{2}$ bu. 55c.; $\frac{1}{4}$ bu. \$1.00.

QUALITY

BUCKBEE'S "FULL OF LIFE" POP CORN

Pop Corn should be found in every garden, especially if there are children to enjoy it during the long Winter evenings which bring young people together for social amusement. It is a fact not generally known that Pop Corn pops best when more than one year old, and that when well popped it becomes twenty times its natural size; thus a quart and a half will make nearly a bushel of popped corn. In the illustration will be seen a convenient "popper," which may be bought for a trifle from a hardware store or easily made of wire netting. Did you ever try Pop Corn as a money making crop. You will be surprised at the result. There is always a good market at a fair price, and if you plant my selected stock seed you will be able to sell your crop to planters in your vicinity at a greatly advanced price.

GOLDEN TOM THUMB—The newest and best. Dwarf growing; heavy cropping; sure popper. Beautiful golden color, making a beautiful appearing dish when popped. Nothing ever grown can compare with this strain. Send to Buckbee for true stock. Postpaid, Pkt. 10c.; $\frac{1}{2}$ pt. 20c.; pt. 30c.; qt. 50c. By express or freight, not prepaid, qt. 30c.; $\frac{1}{2}$ bu. \$1.00; $\frac{1}{4}$ bu. \$1.75.

BUCKBEE'S SNOWBALL—The finest white variety in existence belonging to the rice family. The best yielder, and far in advance of any other variety, ears averaging six inches in length. Beautiful shape; the best popper. Postpaid, Pkt. 5c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By express or freight, not prepaid, quart 25c.; $\frac{1}{2}$ bu. 75c.; $\frac{1}{4}$ bu. \$1.25.

NEW RED BEAUTY—Fine variety. The stalks grow six feet high, and average three to four ears each from five to six inches long and covered with large rice-shaped kernels of a deep red color. Postpaid, Pkt. 5c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By express or freight, not prepaid, quart 25c.; $\frac{1}{2}$ bu. 75c.; $\frac{1}{4}$ bu. \$1.25.

QUEEN'S GOLDEN—One of the very best and most prolific varieties grown. Its quality and handsome appearance when popped are very noticeable. It pops perfectly white, and a single kernel will expand to a diameter of nearly one inch. The stalks grow six feet high, and the large ears are produced in abundance. Postpaid, Pkt. 5c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c.; By express or freight, not prepaid, quart 25c.; $\frac{1}{2}$ bu. 75c.; $\frac{1}{4}$ bu. \$1.25.

MAPLEDALE PROLIFIC—The stalks grow six feet high, and the ears are all large in size, with grains nearly clear white in color. An average ear measured six inches and a half long and contained 585 perfect kernels. Pops pure paper white, of fine quality. Be sure to include this remarkable variety in your order for Pop Corn. Postpaid, Pkt. 5c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By express or freight, not prepaid, quart 25c.; $\frac{1}{2}$ bu. 75c.; $\frac{1}{4}$ bu. \$1.25.

NEW STRIPED OR VARIEGATED—A fancy variety, very showy and of the best quality. Rather large ears, filled out with clear, transparent white kernels, beautifully striped with bright crimson. A good popper. Postpaid, Pkt. 5c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By express or freight, not prepaid, quart 25c.; $\frac{1}{2}$ bu. 75c.; $\frac{1}{4}$ bu. \$1.25.

Special Offer FOR ONLY 25c. I will send prepaid ONE LIBERAL PACKET EACH OF THE ABOVE 6 POP CORNS.

Upland Cress.

CRESS

GERMAN, Kresse; FRENCH, Cresson; SPANISH, Mastruco; SWEDISH, Krasse.

New Upland Cress—Has the highly prized flavor of Water Cress. It is so hardy as to be green nearly the whole year, and is ready for use before any other salad in Spring. Its usage should be more general, as it is of as easy culture as spinach. It is a perennial plant, and can be grown for several years without renewal. Pkt. 5c.; oz. 25c.

Curled, or Pepper Grass—This small salad is much used with lettuce to the flavor of which its warm, pungent taste makes a most agreeable addition. Pkt. 3c.; oz. 6c.; 2 oz. 10c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 25c.; lb. 45c.

True Water Cress—This is quite distinct from the last, and only thrives when its roots and stems are submerged in water. It is one of the most delicious of small salads, and should be planted wherever a suitable place can be found. Pkt. 5c.; oz. 25c.; 2 oz. 40c.; $\frac{1}{4}$ lb. 75c.

Curled Cress or Pepper Grass.

True Water Cress.

DANDELION

GERMAN, Pardeblum; FRENCH, Pissenlit; SPANISH, Amargon; SWEDISH, Smorbloster.

One ounce of seed will sow 150 feet of drill.

There is a growing demand for cultivated Dandelions, which are fast becoming the favorite Spring Greens. If blanched like celery, make a fine and delicious salad. The roots when dried and roasted are often employed as a substitute for coffee.

The roots may also be taken up and planted in boxes in the same manner as parsley, and will furnish a supply of fresh "greens" during the Winter months.

Improved Large Leaf—An improved variety of Dandelion, very early. Leaves fully double the size of the common Dandelion. Years of the most careful cultivation have developed a very fine strain of seed. Sow in May or June and cultivate during the Summer, and the following Spring the leaves will be fit to cut. Pkt. 5c.; oz. 40c.

Dandelion, Improved Large Leaf.

QUALITY
NOTHING BUT
QUALITY

Wm. Phinney, Colfax, Ill., Sept. 17th, 1910 writes: I bought one bushel of seed "Pop Corn" from you last Spring and I will have about 22,500 pounds this Fall.

Egg Plant, Extra Early Long Purple.

Buckbee's New Early Large Purple

Better variety than New York Purple, early, large size and high quality of fruit, and its extreme productiveness makes it the most profitable to grow. Plants large, spreading; foliage light green. Fruit very large, oval or short, pear-shaped; skin deep purple; flesh nearly white. Plants ripen two to six large fruits. Free from spines. Pkt. 5c.; oz. 35c.; 2 oz. 60c.; $\frac{1}{4}$ lb. \$1.10.

Buckbee's New White

This variety, now offered for the first time, is without a doubt the preferable one by far of all to grow either for market, family or shipping purposes. Produces much larger fruit and is more productive than the New York Purple. The flesh is more tender and flavor more delicate than purple varieties. Do not confound this with Old Large White or other varieties. I control the entire stock. Pkt. 5c.; oz. 35c.; 2 oz. 60c.; $\frac{1}{4}$ lb. \$1.10.

Improved New York Purple

Large, round or oval, of excellent quality, highly esteemed in market. Pkt. 4c.; oz. 25c.; 2 oz. 40c.; $\frac{1}{4}$ lb. 75c.

James Adams, 803 North 11th St., Nebraska City, Neb., writes: We have bought seeds of you for twenty years and always find them satisfactory, and "Full of Life."

Endive, Fine Green Curled.

Buckbee's "Full of Life" EGG PLANT

EIERPFLANZE, German; AUBERGINE, French; BERENGENA, Spanish.

The Egg Plant should be grown in every garden, for it is one of the most delicious of vegetables. Sliced and fried in a batter and served with raw Tomatoes it can well take the place of meat in Summer and Fall. Did you know that Egg Plant growing is one of the most profitable crops. Many growers clear from \$200 to \$500 per acre.

If I were asked the Best One Egg Plant to General Purposes—My reply would be Buckbee's New Early Large Purple.

Buckbee's New Early Large Purple Egg Plant.

QUALITY
NOTHING BUT
QUALITY

Egg Plant, New Black Beauty.

New Black Beauty

This recently introduced Egg Plant is, we believe, one that will surely please many of our customers, from whom we have recently received many inquiries for a black-fruited Egg Plant. It is from ten days to two weeks earlier than the purple varieties, and of rich, lustrous, purplish black color, and is a most distinct sort and a favorite where known. The plants are remarkably healthy in their growth, and yield an abundance of large fruits. The fruit is very attractive in appearance. This variety is entirely spineless. The fruits are of the very finest possible quality. Pkt. 5c.; oz. 30c.; 2 oz. 55c.; $\frac{1}{4}$ lb. \$1.00.

Extra Early Long Purple

One of the earliest and most productive varieties. Fruit long, dark rich purple and of fine quality. Sure to give the best of satisfaction for all purposes. Pkt. 4c.; oz. 20c.; 2 oz. 35c.; $\frac{1}{4}$ lb. 60c.

Tomato Egg Plant

A very great curiosity. Vine has every appearance of an Egg Plant, but bears a bright red, solid Tomato. It yields as high as sixty beautiful Tomatoes to a single plant. Do not fail to try this magnificent wonder; it is a gem. Pkt. 5c.

FOR PLANTS send for my Special Price List, ready February 1st.

Mrs. Wm. Cobb, R. F. D. No. 1, Birmingham, Ill., writes: I have planted Buckbee's "Full of Life" Seeds for eight years and find they are always the best.

ENDIVE or WINTER LETTUCE

German, ENDIVIEN; French, CHICOREE; Spanish, ENDIVIA o ESCARDLA.

One ounce of seed will sow 150 feet of drill.

This is one of the most refreshing of all Autumn and Winter Salads. Endive may be grown at any season of the year, but is more generally used late in the Fall. Sow the seed in June or July in drills fourteen inches apart, and when well established thin the plants to one foot apart. When nearly full grown tie outer leaves together over the center in order to blanch the heart of the plant. By covering every few days a succession may be kept up.

FINE GREEN CURLED

Hardest variety; the most desirable for home use or market garden. Deep-green leaves beautifully cut and curled; easily blanched and becomes very crisp, tender and very fine flavored. Pkt. 4c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{4}$ lb. 35c.; $\frac{1}{2}$ lb. 60c.; lb. \$1.10.

NEW MOSS CURLED

Very fine variety growing considerably denser and having the leaves much finer cut than the Green Curled variety, in fact the whole plant is more compact. When well blanched it makes a very attractive appearance. Pkt. 4c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{4}$ lb. 35c.; $\frac{1}{2}$ lb. 60c.; lb. \$1.00.

BATAVIAN

This is the vegetable that is known to many as Escarolle. Large heads of broad thick leaves, which can be blanched as a salad or make excellent cooked greens. Pkt. 4c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{4}$ lb. 35c.; $\frac{1}{2}$ lb. 60c.; per lb. \$1.10.

Garlic.

GARLIC

German, KNOBLAUCH; French, AIL.

The Garlic is the most pungent in taste and has the strongest odor of all the Onion family. It is largely used in the south of Europe, where it is esteemed for flavoring soups, stews, etc. The root or bulb is composed of many small bulbs called "cloves," which are planted in the Spring. Prepare the ground the same as for Onions and plant the bulbs in drills eight inches apart and four inches apart in the rows, covering two inches deep. When the leaves turn yellow take up the bulbs, dry in the shade and lay them up in a dry loft as you would Onions. I frequently receive orders for Garlic seed, but can supply the bulbs only. Fine Bulbs $\frac{1}{4}$ lb. 10c.; $\frac{1}{2}$ lb. 18c.; lb. 30c.

Garden Huckleberry.

NEW GARDEN HUCKLEBERRY

GROWS FROM SEED FIRST YEAR.

This new fruit is a wonder, grows as large as a Gooseberry and is as palatable when cooked as the real Huckleberry. The fruit is non-edible when green or in a raw state. They should not be picked until thoroughly ripe when their color is shining jet black, even after frost touches them they are of superior quality. If cooked with apples, lemon or anything sour, they certainly make fine jelly, preserves and pies and can also be used for making home-made wine. A wonderful novelty. Pkt. 10c.; 3 pkts. 25c.

Bohemian Horse Radish

HORSE RADISH

Horse Radish rarely produces seed but is grown from pieces of the roots.

NEW BOHEMIAN or MALINER KREN

Ordinary Horse Radish is a very profitable crop, but with this magnificent new sort from Bohemia the possibilities are wonderful. The roots are so much larger and heavier that the yield is about doubled. Then, too, it matures so much quicker that the crop can be sold in October. The flesh is pure white. Three and four tons per acre can be grown easily. The best variety. Fine Sets, postpaid, 25c. per doz., \$1.25 per 100. By express or freight, not prepaid, 190 for 85c.; 500 for \$4.00; 1000 for \$7.50.

COMMON HORSE RADISH

The old fashioned standard variety. Sets or Roots, postpaid, 15c. per doz., 75c. per 100. By express or freight, not prepaid, 100 for 50c.; 500 for \$2.50; 1000 for \$4.00.

DEAD SHOT THE MAGIC BUG DESTROYER. See page 159

Sugar Trough.

GOURDS

RARE, USEFUL AND ORNAMENTAL VARIETIES

SUGAR TROUGH

Enormous, hard-shelled fruit, holding from three to ten gallons each. Are just right to use as receptacles for lard, salt, seed corn, etc. Pkt. 4c.; oz. 15c.

DIPPER

Useful for birds' nests, fancy hanging baskets, etc. They hold from a pint to a quart and a half each. Pkt. 4c.; oz. 15c.

JAPANESE NEST EGG

Resembling in color, shape and size the eggs of hens. Do not crack, last for years, and make the best of nest eggs. Rapid grower and good climber, extremely ornamental, and useful for covering screens, etc. Pkt. 4c.; oz. 15c.

HERCULES CLUB

Enormous, long, club-shape fruit, useful to use in storing various articles. Lasts for years. Pkt. 4c.; oz. 15c.

NEW SPOON

Small fruits with slender neck four to five inches long, brilliantly marked in green and orange with white or light green stripes. By slicing off a portion on the side of the bowl and drying the shell, a spoon may be made. They will be found quite useful also in darning stockings and glove-fingers, while the dry fruits with the seeds left in make fine rattles for the baby. Pkt. 5c.; oz. 25c.

New Spoon Gourd.

JAPAN TOWEL GOURD or LUFFA

ALSO CALLED DISH CLOTH GOURD

Ornamental enough for a house vine and fruit is very useful. Fruit enormous, two feet in length and borne in great profusion. The lining of mature fruit when washed and bleached, is porous, tough, elastic, sponge-like, making the nicest, cleanest substitute for dish cloths and bath sponges imaginable, besides being useful for various articles of fancy work. Pkt. 4c.; oz. 25c.

NEW SERPENT

A beautiful climbing variety of easy culture; heavy foliage, and serving as the best shade. Pkt. 5c.

FINEST MIXED

Combining the largest mixture, the most interesting and useful of the family. Forms may be varied by strings around the young fruit or by ing the same in a carved mold while ing, thus stamping on its surface desired figures or letters that may be carved on the mold. Pkt. 4c.; oz. 10c.

most cur- tire Gourd ty ing enclos- grow- any

Dipper Gourd.

HERBS Pot, Sweet and Medicinal Save a corner of the garden for a few Pot and Sweet Herbs (for flavoring soups, meats, etc.) they are indispensable to every garden, while some of the Medicinal Herbs will be found very useful. They thrive nicely along the sunny side of the fence, in a deep and fairly rich soil.

ANISE.
Used for cordial, gar-
nishing and flavoring.
Pkt. 4c.; oz. 10c.

BALM.
The leaves are used for
making a pleasant bev-
erage known as Balm
Wine or Tea. Pkt. 4c.;
oz. 20c.

BASIL, SWEET.
The leaves are used in
flavoring soups, stews
and highly-seasoned
dishes. Pkt. 4c.; oz. 15c.

BORAGE.
Leaves used for flavor-
ing, and flowers furnish
bee pasture; most easily
grown in any waste place.
Pkt. 4c.; oz. 10c.

CARAWAY.
Seeds are used for fla-
vorizing bread, pastry,
meats, etc. The oil re-
lieves gas on the stomach
and prevents griping.
Pkt. 4c.; oz. 8c.

CATNIP, or CATMINT.
Grown for bee pasture.
Leaves and young shoots
are used for seasoning.
Pkt. 5c.; oz. 30c.

CORIANDER.
The seeds are used in
the manufacture of liqu-
ors, in confectionery and
culinary preparations.
Pkt. 4c.; oz. 8c.

CHAMOMILE.
Makes valuable poult-
ices. Desirable also for
diseases of the stomach.
Pkt. 5c.

DILL.
Fruit is warming, stim-
ulating and quiets ner-
vousness. The tea is good
for colic and prevents hic-
cough. Used largely for
pickling with cucumbers.
Pkt. 4c.; oz. 8c.; 1/2 lb. 18c.;
1/2 lb. 30c.; lb. 50c.

FENNEL, SWEET.
The leaves are aroma-
ticial. When boiled,
are used in fish sauces,
also make a splendid tea
for colic. Pkt. 4c.; oz. 8c.

QUALITY
NOTHING BUT
QUALITY

HOARHOUND.
Used for seasoning, also
for the manufacturing of
the popular cough remedy.
The tea is remedy for
colds and lung affection
Pkt. 5c.; oz. 20c.

LAVENDER.
An aromatic medicinal
herb. The leaves are used
for seasoning, the flowers
for perfume. Pkt. 4c.;
oz. 15c.

MARJORAM, SWEET.
The leaves and the
ends of the shoots are
highly esteemed for sea-
soning. Pkt. 4c.; oz. 15c.

PENNYROYAL.
The tea is valuable for
colic. The fresh herb is
obnoxious to mosquitoes.
Pkt. 10c.; 3 pkts. for 25c.

ROSEMARY.
An aromatic herb.
Leaves used for season-
ing. The tea produces
sweats. Oil is valuable
in neuralgia, rheumatism
and lumbago. Pkt. 5c.;
oz. 25c.

RUE.
For medicinal pur-
poses; good for fowls,
for the roupe. Pkt. 4c.;
oz. 15c.

SAGE.
The most extensively
used of all herbs for sea-
soning and dressing. Pkt.
4c.; oz. 15c.; 1/4 lb. 40c.

Bohnenkraut. The leaves
and flowers are used for
flavoring soups and dress-
ings, etc. Pkt. 4c.; oz. 10c

THYME.
The leaves and young
shoots are used for sea-
soning; a tea is also made
of the leaves, a remedy
for headaches. Pkt. 5c.;
oz. 25c.

THE WONDERFUL GARDEN LEMON AND MANGO MELON

Two Most Useful Novelties — Easily Grown — Unsurpassed for Table Uses.

A Single Plant of New Garden Lemon.

NEW GARDEN LEMON

Certainly one of the greatest novelties of recent introduction. Resembles the Vine Peach in manner of growth, but is distinct in that the unripe fruit is striped with very dark green spots, nearly black, and when ripe is not russeted like the Vegetable Peach. Has a finer flesh and most desirable acid flavor, thus dispensing with sliced lemon, which is so important in putting up the Vegetable Peach. Unexcelled for general canning purposes. Cultivate similar to Musk Melons, in hills three feet apart each way. True stock seed. Pkt. 10c.; oz. 25c.

The Mango Melon.

THE MANGO MELON OR VEGETABLE PEACH

Another splendid novelty of late introduction, very striking in color, most wonderful yielder. Vines of Garden Lemon and Mango Melon are somewhat smaller than the Musk Melon vine, though requiring same cultivation. Fruit is about the size of an Orange, orange shaped, and a bright orange-yellow color, somewhat russeted. For sweet pickles, pies or preserving they are splendid. Pkt. 10c.; oz. 25c.

KALE, or BORECOLE

German, BLAETTER-KOHL; French, CHOUVERT; Spanish, BRETON. 1 oz. of seed for 3,500 plants.

DWARF GREEN CURLED KALE—(German Greens or Sprouts.)

This is harder than Cabbage, and makes excellent greens for Winter and Spring use. The leaves are as curly as Parsley, tender and of very fine flavor. It is improved by frost. Sow the seeds in May or June, transplant in July and treat same as Cabbage. Immense quantities of this are grown in the South and shipped to Northern markets. We have an excellent strain of it. Pkt. 3c.; oz. 6c.; 2 oz. 10c.; 1/2 lb. 18c.; 1/4 lb. 30c.; lb. 55c.

TALL GREEN CURLED SCOTCH—This variety is very hardy and is improved by a moderate frost. About thirty inches tall, with an abundance of green leaves, which are densely curled and cut. Stands the Winters in the Middle States without protection. Pkt. 3c. oz. 8c.; 1/4 lb. 20c.; 1/2 lb. 35c.; lb. 70c.

SIBERIAN—One of the best known and most largely used varieties of Kale. It is sometimes called Sprouts or German Greens. The green leaves are very large, and comparatively plain in the center but coarsely cut and distinctly frilled on the edge. The plant is low but spreading and very hardy. Pkt. 3c.; oz. 6c.; 2 oz. 10c.; 1/4 lb. 18c.; 1/2 lb. 30c.; lb. 55c.

SEA KALE—A valuable new vegetable, grows same as Celery. Pkt. 5c.; oz. 30c.

KOHL RABI

German, KOHL RABI; French, CHOURABE; Spanish, CALDE NUBO.

A vegetable intermediate between the Cabbage and Turnip, combining the flavor of both. Edible part is a turnip shaped bulb formed by swelling of stem. When used for the table this should be cut when quite small, as it is then very tender and delicate.

KING OF THE EARLIEST—Early and choice. Handsome white bulbs. Pkt. 4c.; oz. 20c.; 2 oz. 35c.; 1/4 lb. 60c.; 1/2 lb. \$1.10; lb. \$2.00.

IMPROVED EARLY IMPERIAL—Color bright purple, with leaf stems tinged with purple. Pkt. 4c.; oz. 20c.; 2 oz. 35c.; 1/4 lb. 60c.; 1/2 lb. \$1.10; lb. \$2.00.

LEEK

German, LAUCH; French, POIREAU.

Belongs to the Onion family. Sow the seed and care for the young plants as for Onions, but they need more room in order to develop. When the young plant is about the size of a goose quill, transplant to a prepared bed in rows about three or three and one-half feet apart and four or five inches in the row.

NEW FLAG—We offer a very superior stock of this popular variety, so largely grown for Fall and early Winter use. It is of quick, strong growth, producing long stems of uniform shape and size, averaging 2 inches through by 10 inches long, blanching beautifully white and of fine, mild flavor. It makes attractive and salable bunches. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 28c.; 1/2 lb. 50c.; lb. 90c.

ROUEN VERY LATE WINTER—This is the best variety for Winter and Spring use, being very hardy; it keeps well when earthed up. It is of slower growth than American Flag, making immense, stocky stems about 3 inches through by 6 to 8 inches long. The leaves are broad and flat, and little injured by snow; they recover their fresh bright green color quickly in Spring. Pkt. 8c.; oz. 15c.; 2 oz. 25c.; 1/4 lb. 40c.; 1/2 lb. 75c.; lb. \$1.25.

Leek—Rouen.

HONEY PLANTS

Special Mixture

Special Mixed from all the best honey plants that bees feed upon, such as Alyssum, Bartonia, Borage, Centaurea, Clarkia, Cleome, Cynoglossum, Mathiola, Mignonette, Nigella, Whitlavia and Siberian Dragonhead, giving a succession of bloom from June till August. All very ornamental plants, besides being useful. Pkt. 5c.; oz. 15c.; 1/4 lb. 30c.; lb. \$1.00.

Kale, or Borecole.

Kohl Rabi—King of the Earliest.

GROWING LETTUCE FOR SEED AT ROCKFORD SEED FARMS

NEW ICEBERG

QUALITY NOTHING BUT QUALITY

BUCKBEE'S SUPERB

BUCKBEE'S EARLIEST FORCING

Lettuce.

NEW AND SURPRISINGLY FINE VARIETIES

German, LATTICH-SALAT; French, LAITUE; Spanish, LECHUGA; Swedish, LAKTUK.

Buckbee's Earliest Forcing

For those who like a large thin, exceedingly tender leaf, and for those markets which demand a large, loose cluster of leaves rather than a solid head, this is one of the best varieties for forcing out of doors. Plants large forming a large, loose head, light yellowish green in color. I control the entire stock of this variety. Pkt. 5c.; oz. 12c.; 2 oz. 20c.; $\frac{1}{2}$ lb. 35c.; $\frac{1}{2}$ lb. 60c.; lb. \$1.00.

Buckbee's Ice Drumhead

It grows rapidly, heads extremely early; heads nearly as solid as cabbage. Outer leaves are first tinged with brownish red, changing toward the center from a golden yellow to a creamy white. As palatable as beautiful; very tender; of a sweet buttery flavor and never bitter. Ready for use from the time it is 3 inches across until it runs to seed. I control the entire stock of this variety. Pkt. 5c.; oz. 12c.; 2 oz. 20c.; $\frac{1}{2}$ lb. 35c.; $\frac{1}{2}$ lb. 60c.; lb. \$1.00.

Big Boston

Best Midseason Head Lettuce

Very popular variety with gardeners who want a large-heading, forcing sort and also for outdoor Winter culture. Plants large, very hardy and vigorous, with broad, comparatively smooth, thin and very hard bright green leaves. Quite tender. Indoors this forms a solid head, while outside is less distinctively a heading sort. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{2}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

New Iceberg

Quick growing and of exquisite flavor. The large, curly leaves which cover the outside of the solid heads are of bright, light green, with a slight reddish tinge on the edges. They have small indents which are constantly filled with dew-drops, keeping it fresh and showing a remarkable crystalline appearance. I can confidently recommend the New Iceberg. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{2}$ lb. 25c.; $\frac{1}{2}$ lb. 45c.; lb. 80c.

Buckbee's Ice Drumhead Lettuce.

Big Boston Lettuce.

Buckbee's Superb

Finest of all early varieties and unusually good sized and solid; has little tendency to run to seed. Wonderfully crisp, exceptionally tender, and above all, delicious in flavor. As a forcing variety it has no superior. Excels as a family or market sort. Pkt. 5c.; oz. 12c.; 2 oz. 20c.; $\frac{1}{2}$ lb. 35c.; $\frac{1}{2}$ lb. 60c.; lb. \$1.00.

Improved Hanson

A Great Heat-Resisting Sort.

Large, firm heads, deliciously sweet, crisp and tender. Heads green outside, white within. Best for outdoor culture. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{2}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

Grand Rapids Forcing

PRIVATE STOCK

New variety of superior quality and beautiful in appearance, a strong grower, free from rot, and keeps crisp and tender without wilting, when exposed for sale, longer than any other forcing Lettuce; is always a desirable variety for early Spring sowing in the open ground. Pkt. 4c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{2}$ lb. 30c.; $\frac{1}{2}$ lb. 50c.; lb. 95c.

Improved Black Seeded

Simpson

PRIVATE STOCK

Acknowledged the best early forcing variety. Leaves are a delicate green, almost white. Crisp and tender. Pkt. 4c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{2}$ lb. 30c.; $\frac{1}{2}$ lb. 50c.; lb. 95c.

Early Black Seeded

Tennis Ball

One of the best Head Lettuces for early planting out-doors, and when well grown forming very solid heads, the inner leaves being blanched to a rich creamy white and exceedingly crisp, tender and rich flavored. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{2}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 65c.

Denver Market

Beautiful, large solid heads of a delicate light green color. The leaves are curled like a savory cabbage, most attractive in appearance, tender, excellent flavor. Grows quickly. Pkt. 3c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{2}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

BUCKBEE'S "FULL OF LIFE" LETTUCE

THE MOST USED OF ALL SALADS

All Seasons Lettuce.

Dwarf White Heart Lettuce.

Tomhannock Lettuce.

QUALITY
NOTHING BUT
QUALITY

ALL SEASONS

Sometimes Called San Francisco Market or the Deacon Lettuce

This magnificent Butter Lettuce is unsurpassed for family, garden or market use. Light green outside, while the inner blanched portion is beautiful cream yellow, of delicious, rich, buttery flavor. Pkt. 4c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{2}$ lb. 30c.; $\frac{1}{2}$ lb. 50c.; lb. 90c.

TILTON'S WHITE STAR

Of the Black-Seeded Simpson type, but grows larger and more rapidly, has a broader, thicker, darker-colored leaf, less frilled at the edge; forms a larger, more distinct and solid central cluster of leaves. Pkt. 3c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{2}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

BUCKBEE'S NEW GOLD COIN

A new Cabbage Lettuce. Entire plant measuring only 7 inches across, while the heads are solid and compact. Outer leaves colored with russet red and bronze green, the solid hearts light creamy color. Very hardy and fit for use five days after Boston Market; excellent even for mid-summer. Pkt. 5c.; oz. 12c.; 2 oz. 20c.; $\frac{1}{2}$ lb. 35c.; $\frac{1}{2}$ lb. 60c.; lb. \$1.00.

IMMENSITY

Sometimes called Maximum. A wonderfully heat-resisting Lettuce, remaining a long time, even in the hottest weather, without going to seed. It is green outside and yellow in the center. A strong growing and large heading, late summer sort. Pkt. 4c.; oz. 10c.; 2 oz. 18c.; $\frac{1}{2}$ lb. 30c.; $\frac{1}{2}$ lb. 50c.; lb. 90c.

WONDERFUL

Grand new Head Lettuce, sometimes called New York. A very large head variety, excellent for furnishing fine crisp, well-balanced Lettuce during the hot summer months. Plants are rich dark green, growing more than 15 inches in diameter. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{2}$ lb. 25c.; $\frac{1}{2}$ lb. 45c.; lb. 80c.

Philadelphia Butter

Often Called California Butter or Royal Summer Cabbage

Many prefer a large-growing, thick-leaved, smooth, rich flavored Lettuce, and to meet this demand we present this sort. Plant dark green, with many nearly round, thick leaves formed into a very solid round head, which stands a long time without running to seed. Leaves very thick, folded or puckered at the base, the inner ones blanched to a rich yellow color, and exceedingly rich and nutty in flavor. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{2}$ lb. 25c.; $\frac{1}{2}$ lb. 45c.; lb. 80c.

PARIS WHITE COS.

Grows to very large size, producing long pointed compact bunches. Of fine flavor. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{2}$ lb. 25c.; $\frac{1}{2}$ lb. 45c.; lb. 80c.

TOMHANNOCK

The Handsome Reddish Bronze Lettuce.

This Lettuce doesn't head—makes a loose bunch of leaves of very fine quality. Edges of outer leaves are a reddish bronze; within, the leaves are almost white. Very crisp and tender. Pkt. 5c.; oz. 12c.; 2 oz. 20c.; $\frac{1}{2}$ lb. 35c.; $\frac{1}{2}$ lb. 60c.; lb. \$1.00.

DWARF WHITE HEART or CELERY

Noted for Its Most Excellent Flavor.

Earliest in cultivation. The plants grow about eight inches high and four to five inches across. Of stiff growth, every plant making a well-developed head of the most excellent flavor and crisp and tender. Pkt. 5c.; oz. 12c.; 2 oz. 20c.; $\frac{1}{2}$ lb. 35c.; $\frac{1}{2}$ lb. 60c.; lb. \$1.00.

MAY KING

For early Spring planting in the open ground it is unequalled. Extremely hardy it is very quick growing. Plants grow from 6 to 7 inches in diameter with outer leaves so closely folded that the plant is practically all head. Of rich, buttery substance, outer leaves are light green, slightly tinged with brown; inner leaves are bright yellow, of a specially fine, rich, buttery flavor. The round compact heads are very solid, so that they will carry well to market. Pkt. 5c.; oz. 12c.; 2 oz. 20c.; $\frac{1}{2}$ lb. 35c.; $\frac{1}{2}$ lb. 60c.; lb. \$1.00.

Simpson's Early Curled

A decidedly crisp variety. Color, very light green; never spotted or brownish in any part. Quality excellent; sweet in flavor. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{2}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

Mammoth Black-Seeded Butter

A strain of large, smooth-leaved head Lettuce, forming large, solid, Cabbage-like heads of thick, brittle leaves, inner ones becoming very white, tender and fine flavored. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{2}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

Early Prize Head

This old standard sort still stands at the head of the large, thin leaved clustering sorts, exceedingly tender, crisp and sweet. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{2}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

BOSTON MARKET or White Seeded Tennis Ball

A fine sort, fine heads, hardy, valuable to grow in cold frames in Winter. Pkt. 3c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{2}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

SALAMANDER

A large, compact light green head of excellent quality. Leaves broad, thick, somewhat crumpled. One of the best heading Lettuces. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; $\frac{1}{2}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

BUCKBEE'S "Full of Life" MUSK MELONS

German, MELONE; French, MELON;
Spanish, MELON.

True Osage Musk Melon.

Buckbee's Prolific Nutmeg Melon.

Buckbee's Ideal Musk Melon.

Osage

OR IMPROVED MILLERS CREAM.

The Boss Home and Market Melon
Original Stock.

This Melon has made its way into public favor from the market rather than the garden, and is highly prized by those who like an exceedingly sweet and highly flavored Melon. It is medium sized, oval, slightly ribbed, dark green in color, covered more or less with shallow netting. The flesh is deep salmon color and very thick, there being but a slight cavity in the center of even the largest fruit. A favorite variety for the market. We have taken a great deal of pains to develop the thick, deep, rich colored and fine flavored flesh of this sort and a careful comparison on our trial grounds prove it to be unequalled even by "special selected seed" offered at high prices. Send to Buckbee for Best "Full of Life" Seed. Large pkt. 5c.; oz. 12c.; 2oz. 20c.; 1/2 lb. 35c.; 1 lb. 65c.; lb. \$1.25.

Buckbee's Western Giant

Noted Not Only for Its Great Size, But for its Most Magnificent Flavor and General Good Quality.

Largest of all Musk Melons, often weighing 30lbs. and over; the flesh is rich, melting and sugary. As an exhibition and large market variety it is grand. It will astonish everyone by its merits, being exceptionally desirable for family and market purposes. For shipping it has no superior. Where size is an object, and there is not a particle of danger of sacrificing quality, Buckbee's Western Giant will always give the most complete satisfaction. Pkt. 5c. oz. 15c.; 2 oz. 25c.; 1/2 lb. 45c.; 1 lb. 80c.; lb. \$1.50

Buckbee's Genuine Famous Rocky Ford

PRIVATE STOCK

Commands Highest Market Prices Wherever Good Melons Are Known

Ideal Shipper—Healthy, Vigorous Grower—Exceedingly Prolific.

The Melon that Made Rocky Ford Famous.

This Pedigreed Melon I have perfected from the famous Netted Gem—producing fruit a trifle more elongated in shape has 10 distinct ribs covered with a closely interwoven green netting; blossom end is well protected by a small button preventing cracking. It is the most popular of all Melons for shipping in baskets. Flesh is bright green, luscious and melting—very thick meat—small seed cavity. Send to Buckbee for originators genuine selected stock seed. Large packet, 4c.; oz. 10c.; 2 oz. 15c.; 1/2 lb. 25c.; 1 lb. 40c.; lb. 75c.

Buckbee's New Honey Boy.

Buckbee's Ideal

The Most Delicious of All Musk Melons.

That is the verdict of everyone who has tried this magnificent sort. Weighs from 10 to 15 pounds; exceedingly thin skin. Good keeper and an excellent shipper. The flesh is of a rich salmon color, of a sweet, pleasing and delicious flavor. It will please you for all purposes. I am the introducer of this best of all varieties. Seed offered by other parties under similar name is spurious. Be sure to include this variety in your order. Pkt. 5c.; oz. 12c.; 2 oz. 20c.; 1/2 lb. 35c.; 1 lb. 65c.; lb. \$1.25.

Buckbee's New Prolific Nutmeg

THE GREATEST NUTMEG MELON

Unsurpassed in Luscious Flavor.

This is an extra early Melon of great productiveness. Particularly adapted for home market and garden. Fruit of medium size, slightly ribbed, globular. Skin dark green, becoming yellow when over-ripe, and neatly covered with broad, shallow netting. This variety is in universal demand. The flesh is thick and meaty; sweet and of dainty light green color. Send to Buckbee for originators "Full of Life" selected stock seed. Large pkt. 4c.; oz. 10c.; 2 oz. 15c.; 1/2 lb. 25c.; 1 lb. 40c.; lb. 75c.

Buckbee's New Honey Boy

"RUST RESISTANT"

Improved Selection of Watters' Famous Netted Rock and Eden Gems

Here Is a Melon That Will Please You.

This new strain represents the cream of the Nutmegs; particularly for localities subject to rust. My efforts for several years have been to combine all the desirable features of the newer and best productions at Rocky Ford into one grand variety which you will find in Honey Boy. Exceedingly early—very prolific—everbearing sort—yielding heavy crops from early Summer until late Fall. The fruit is oval, trifle elongated—solid netting being closely laced and interlaced over entire surface, thick blossom end—Ideal shipper—Flesh is light green—very thick meat, sweet and delicious flavor. You can't go wrong on Buckbee's Honey Boy. It's the big money getter. My price for choicest Home Grown "Full of Life" Seed is very reasonable this year. Order Early. Large Pkt. 5c.; oz. 15c.; 2 oz. 25c.; 1/2 lb. 45c.; 1 lb. 80c.; lb. \$1.50.

My "Full of Life" Melon Seed is saved from the best fruit only, and those showing the highest degree of perfection. Nothing but a perfect Melon is saved for seed purposes.

Rocky Ford.

The New Strawberry Melon.

NEW STRAWBERRY MUSK MELON

Flavor Like That of a Strawberry.

This grand Melon was originated by planting the most luscious variety of strawberries between every two rows of a New Hybrid Musk Melon. It grows to be a desirable market size; the fruits weigh from 6 to 8 pounds each. Its outside appearance compares favorably with the green nutmeg of old, turning to a yellowish hue, as it were, over night, when fully ripened. Its smooth, deep flesh is of an attractive orange-red color, particularly soft and melting, and with that exceptionally delicious strawberry flavor leaves nothing more to be desired in a Musk Melon. Price, choicest seed of my own growing, Pkt. 10c.; oz. 20c.; 2 oz. 35c.; 1/2 lb. 60c.; 1 lb. \$1.10; lb. \$2.00.

TRUE TIP TOP

SELECTED STOCK

The Can't Be Beat Melon. I can heartily recommend this Pedigreed Melon to every lover of this luscious fruit and to every gardener who grows for the market. Splendid medium size, oval shape, distinctly ribbed; salmon color, flesh firm and edible almost to the rind. Sweet, juicy, melting and delicious. A strong grower, heavy yielding and of handsome appearance. Send to Buckbee for "Full of Life" stock seed. Large pkt. 4c.; oz. 15c.; 2 oz. 25c.; 1/2 lb. 45c.; 1 lb. 80c.; lb. \$1.50

EMERALD GEM

Splendid Size, Color and Flavor.

The standard of excellence among the salmon fleshed varieties. Fruits small to medium size, globular or very slightly flattened at the ends, only slightly netted and ribbed. Skin deep green while young, becoming tinged with yellow as the fruit matures. Flesh deep salmon yellow, thick, ripening close to the rind. Unsurpassed in flavor. Leads them all in many large markets. Choicest stock seed of my own growing. Large pkt. 4c.; oz. 12c.; oz. 20c.; 1/2 lb. 35c.; 1 lb. 65c.; lb. \$1.25.

Emerald Gem Melon.

Buckbee's "FULL OF LIFE" MUSK MELONS

BEST QUALITY
Home Grown

Golden Netted Gem Melon.

Burrell's Gem Melon.

BURRELL'S GEM

Combines the Flavor and Shipping Qualities of the Rocky Ford, but is Salmon Fleshed.

An orange fleshed Rocky Ford, for a market where the orange fleshed Musk Melons are in demand; they bring much higher prices. It has a tough thin rind, well arched ribs; covered with a closely laced and inter-laced gray netting. Shape quite elongated; flesh of a reddish orange, very thick, fine grained and spicy. The Melons average about 2 1/2 lbs., with an average size of 6 inches long, 4 1/2 inches thick, and will crate more evenly than any other Melon grown. It has the delicious flavor, is different from the others, has golden meat and lots of it, has no equal in the Melon line and is absolutely the finest grown. Send to Buckbee for originator's genuine. Large pkt. 5c.; oz. 10c.; 2 oz. 18c.; 1/2 lb. 30c.; 1 lb. 55c.; lb. \$1.00.

GOLDEN NETTED GEM

A Pedigreed Strain

The fruit is medium in size, oval in shape, dark green in color and just nicely netted. The flesh is thick, deep rich golden yellow color and fine flavor. No strain has a smaller seed cavity than our pedigreed strain. This is one of the best shipping Melons. Stock limited. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/2 lb. 25c.; 1 lb. 40c.; lb. 60c.

NEW WINTER PINEAPPLE

The Long Keeping Melon.

A new Melon that can be kept until Christmas. The color of the flesh is a deep lemon yellow. The quality is delicious, having a rich, spicy flavor. They very rarely ripen on the vines so the Melons must be picked off in the Fall and put in some cool place, where, however, there is no danger of freezing. Pkt. 5c.; oz. 15c.; 2 oz. 25c.; 1/2 lb. 45c.; 1 lb. 80c.; lb. \$1.50.

TRUE JENNY LIND

Full of Life Strain

This is the earliest of the green-fleshed sorts, and one of the sweetest. Size small, from 3 to 5 inches in diameter. My strain of seed is the best. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/2 lb. 25c.; 1 lb. 45c.; lb. 85c.

True Tip Top.

WINTER PINEAPPLE

True Jenny Lind Melon.

BUCKBEE'S "Full of Life"

Buckbee's Prizetaker Musk Melon.

BANANA MELON

QUALITY NOTHING BUT QUALITY

MUSK MELONS

Hoodoo Musk Melon.

BUCKBEE'S PRIZETAKER

The World Beating Musk Melon This new Melon is at least ten days earlier than Osage. Has a more vigorous vine, and because of its vigorous growth is a great yielder. The fruit is about six inches in diameter, round or slightly elongated, slightly ribbed. Color, a peculiar pea green, with netting a lighter shade. The flesh is firm, fine grained, of a rich salmon or red color. In flavor it even surpasses the best grown Osage or Emerald Gem. The flesh extends to the rind and retains its color and quality quite to the outer shell. The flesh is thick, very thick, considering the size of the Melon, leaving a small seed cavity. It is delicious and melting. Pkt. 5c.; oz. 15c.; 2 oz. 25c.; 1/4 lb. 45c.; 1/2 lb. 80c.; lb. \$1.50.

BANANA MELON

(Yellow Flesh.) This most curious, but most exquisitely flavored Melon grows to a length of eighteen to thirty inches and is two to four inches in diameter. The flesh is quite deep. In appearance and odor it greatly resembles a Banana. Seed scarce this year, order early. Pkt. 5c.; oz. 15c.; 2 oz. 25c.

HOODOO

SURE CROPPER—SPLENDID SHIPPER. A new orange fleshed variety, ideal as a shipping Melon and of the very finest quality. Vine vigorous, remarkably blight resisting and very productive. The Melons are of medium size, round, heavily netted, flesh very thick, of rich orange color, handsome appearance and of the sweetest flavor. Average weight of Melon 1 1/2 pounds. The seed cavity is small and the rind is very tough, making it a good shipper; its vine is a vigorous grower and a heavy cropper. A good medium sized Melon for both home or market gardener. Seed direct from headquarters stock. Large pkt. 5c.; oz. 12c.; 2 oz. 20c.; 1/4 lb. 35c.; 1/2 lb. 60c.; lb. \$1.00.

ADMIRAL TOGO

The Ideal Table and Basket Melon. The Admiral Togo possesses the characteristic netting, shape, size and shipping quality of the Netted Gem or Rocky Ford with the very thick, orange flesh and splendid quality of the Defender. Such a combination of good qualities makes it an ideal table or basket Melon. Last season this type of Melon on the Chicago and other large markets commanded prices more than double those obtained for the best green fleshed Melons otherwise similar in appearance. Pkt. 5c.; oz. 12c.; 2 oz. 20c.; 1/4 lb. 35c.; 1/2 lb. 60c.; lb. \$1.00.

CANNON BALL

The Great American Musk Melon In some localities called Cosmopolitan. Shape round, medium size, six to eight inches in diameter and heavily netted. The flesh is light green, melting and deliciously flavored, remarkably solid, with extremely small seed cavity. Pkt. 5c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 45c.; lb. 85c.

NEW EARLY HACKENSACK

This is a Splendid Melon The fruit is medium sized, nearly round, evenly and deeply ribbed and with a very coarse netting. The flesh is green, a little coarse, but very juicy, sweet and well flavored. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 45c.; lb. 85c.

MONTREAL MARKET

The Famous Forcing Musk Melon A very large "green nutmeg" type, almost round, heavily netted; thick, luscious flesh; late and especially adapted to cooler climates. Pkt. 5c.; oz. 12c.; 2 oz. 20c.; 1/4 lb. 35c.; 1/2 lb. 60c.; lb. \$1.00.

LARGE HACKENSACK

The Noted "Turk's Cap" Melon Fruit very large, the diameter much more than the length, ribs large and of irregular width, densely covered with coarse netting; flesh green, thick, coarse, but very sweet and fine flavored. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

PAUL ROSE OR PETOSKEY

The Favorite Basket Melon Fruit oval, about 5 inches in diameter. Firm flesh, a rich orange red like the Osage, but even sweeter and higher flavored. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 45c.; lb. 85c.

NEW TRIUMPH

The best Musk Melon yet produced. It grows from ten to fifteen pounds in weight, never cracks open on the ends, stands handling for many days in market without losing its fine appearance. A great yielder. Pkt. 5c.; oz. 20c.; 2 oz. 35c.; 1/4 lb. 60c.; 1/2 lb. \$1.10; lb. \$2.00.

Queen Ann's Melon or Pomegranate.

QUALITY NOTHING BUT QUALITY

QUEEN ANN'S SWEET SCENTED POCKET MELON OR POMEGRANATE.

A vigorous climbing variety; fruit very small, flattened at the ends, without ribs, but marked with bands either of green or broad blotches of greenish yellow; flesh not very thick; pale orange colored, not edible; grown chiefly for ornament and its agreeable pungent perfume; trained on trellises or arbors it is very ornamental. It is easy to grow and nothing is more fragrant. Pkt. 10c.

Buckbee's "Full of Life" Water Melon Seed

WASSER MELON, German; MELON D'EAU, French; RANDIA, Spanish.

BUCKBEE'S GENUINE PERFECTED MONTE CRISTO

THE BEST WATER MELON EVER INTRODUCED

The Sweetest Flavored Melon in the World—A Popular Favorite Everywhere.

THE BEST VARIETY—FOR THE TABLE, FOR SHIPPING AND LONG KEEPING

In thousands of markets every season it finds ready sale at good prices when all other sorts go begging for buyers. This grandest of all varieties has been extensively grown the past few seasons in almost every Melon growing locality of the world, and not in one single instance has it failed to meet the expectations of the planter. The reports received from every section that all are delighted with it prove that in the hands of my customers Buckbee's Monte Cristo has given the same surpassing results as my careful trials at Rockford Seed Farms. The greatest yielder. The sweetest, juiciest, crispest and most solid Melon ever produced, never having a hollow or pithy center when ripe. The easiest to sell on the market, for when once tried people will have no other. Many of my customers have written me the past year that they have cleared \$100 or more per acre by growing Buckbee's Monte Cristo Melons. Under average cultivation you can do as well or better. Will you not try it this year. It is a grand, good shipper; has a firm, solid rind, not too thick, yet will stand the most severe handling. The outside skin is of a rich, dark green color, shaded with faint stripes of a somewhat lighter color. Certainly the finest appearing Melon ever grown for market, shipping or table purposes. While my supply of seed is larger than ever before, I already have many large advance orders from my customers, who have planted Monte Cristo in past seasons, and I would advise all who care to plant this "King of all Melons" in 1911 to place their orders as early as possible. Please remember that I control the entire product of this variety, so send to Buckbee for Choicest Stock Seed of Monte Cristo Melon. The price is within the reach of all. Special Rock Bottom Prices of choicest stock seed of my own growing: Pkt. 10c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.

See Painting from Nature on Front Cover Page of this Catalog.

THE TOM WATSON—GRAND NEW WATERMELON

Best Quality, Fine Shape, Large Size, Good Shipper.

The "Tom Watson" is an extra long Melon of attractive appearance, uniform in shape and quality; the luscious crimson flesh is "as sweet as honey," melting and of superb flavor. The average Melon will weigh 35 to 40 lbs. and measure about 28 inches long and about 12 inches in diameter. The skin is dark green, with thick netting all over, quite distinct from other varieties. It originated in Georgia, a state noted for producing fine Watermelons, and this new variety is a good example of what a first-class Watermelon should be. Its appearance and quality strongly recommend it both for home use and for market. Sure to take a leading place with large Melon growers and shippers. My choice seed was grown on Rockford Seed Farms under the most painstaking care and selection and I honestly believe it to be a great improvement over our original planting stock secured direct from the introducer. Packet 10c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.

BUCKBEE'S
"FULL OF
LIFE"
MELON
SEED

Is saved from Hand Cut Personally Selected Thorobred Specimens. Distinctly marked. Uniform in Size. Ideal Shape, Color, and Flavor. Fully Developed. Insuring the highest degree of Perfection.

BUCKBEE'S "Full of Life" WATER MELON SEED

Buckbee's New Sweet Heart.

Buckbee's New Sweet Heart

Most Popular for Market.

Early, large, handsome, heavy, good shipper, long keeper, bright color and of best quality. Vine vigorous and productive, ripening its fruit early. Fruit large, oval, heavy, uniformly mottled light and dark green; rind thin, but firm; flesh bright red, firm, solid, very sweet and tender. A good keeper. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/2 lb. 18c.; 1 lb. 30c.; lb. 50c.

Alabama Sweet

The Ideal Shipping Melon.

Extensively grown in the South for shipping to distant markets. The Melons are large, of oblong form and have a firm, dark-green, slightly striped rind. The flesh is a bright red and of delicious flavor; seeds are white. One of the very best of the long Melons for shipping purposes. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/2 lb. 22c.; 1 lb. 40c.; lb. 75c.

Buckbee's Everbearing

Always Sweet

The Earliest Water Melon in the World.

This is absolutely the earliest Water Melon known, and is sure to be first in the market. It is of most delicious flavor, very juicy and sweet and is splendid for family use, as a few vines yield many early Melons. Everybody should try this new early Water Melon. It is the Melon to plant if you are in a climate where the seasons are short, for it will ripen where other varieties will not. It is certainly a splendid Melon for every purpose. Just the size for family use. The flesh is deep red in color and exceedingly brittle. By all means try this excellent Melon. Pkt. 5c.; oz. 10c.; 2 oz. 15c.; 1/2 lb. 25c.; 1 lb. 40c.; lb. 75c.

Georgia Rattlesnake or Striped Gypsy

The Old Reliable.

One of the finest Melons ever grown; a splendid keeper, excellent shipper. Sometimes called Striped Gypsy. A very large Melon of good shipping qualities. Shape oblong, striped and mottled with various shades of green. Flesh bright red. Flavor sweet and first class. Rind not thick. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/2 lb. 18c.; 1 lb. 34c.; lb. 60c.

Georgia Rattlesnake, or Striped Gypsy.

QUALITY
NOTHING BUT
QUALITY

Buckbee's True Ice Cream Watermelon.

Buckbee's Ice Cream or Peerless

Best of All for Home Garden.

Superior in every respect. Has beautiful crimson core, which is always fine grained, and cannot be surpassed in flavor. Very prolific, early, magnificent grower. Is one of the best for near by markets and home purposes. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/2 lb. 22c.; 1 lb. 40c.; lb. 75c.

Buckbee's Perfected Kolb's Gem

The Best Long Distance Shipper.

Vines of medium size, but remarkably vigorous and healthy. Leaves of medium size, deeply cut with a peculiar frilled edge. Fruit of the largest size, round or slightly oval, marked with irregular mottled stripes of dark and light green, while the underside is of a creamy yellow color. Outer rind, or shell, exceedingly hard and firm, making it a good sort for shipping long distances. Flesh bright red, solid, sweet, tender and melting. Seed of the improved type is light gray color. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/2 lb. 18c.; 1 lb. 34c.; lb. 60c.

Buckbee's Perfected Kolb's Gem.

Halbert Honey

The Most Delicious Flavored Melon.

This new Melon is as handsome in color as the Kleckley Sweets, but more regular in form, and much more productive. Generally free from any appearance of neck. They average 15 to 20 inches in length; 6 to 8 inches in diameter. Color of rind a clear, glossy deep green. The flesh is a beautiful crimson, extending to within less than half an inch of the rind. Pkt. 4c.; oz. 10c.; 2 oz. 18c.; 1/2 lb. 35c.; 1 lb. 60c.; lb. \$1.00.

Kleckley Sweets

The Sweetest of All.

First introduced and offered by me in 1895. Without question, it is one of the sweetest flavored of all Melons. Oblong in shape; skin dark green; flesh bright red, solid and luscious. Valuable alike for market or family purposes. The first original seed can be had from no other seedsman. Beware of imitations. Proofs substantiating my claims freely furnished, if desired. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/2 lb. 25c.; 1 lb. 45c.; lb. 85c.

Alabama Sweet.

BUCKBEE'S "Full of Life" WATER MELON SEED

Hungarian Honey.

HUNGARIAN HONEY

Really a Splendid Melon.

The flesh is of an intensely red color absolutely stringless, completely melting in the mouth, and of the same beautiful red color up to within one-fourth of an inch or less of the outer skin. The Melons ripen early, and the vines are healthy and very productive. You should try it. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 22c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

NEW CHILIAN

Splendid High Grade Melon.

A new Melon of splendid quality which is already very popular on the Pacific coast and will doubtless take high rank elsewhere as soon as its desirable characteristics have become more generally known. Fruits nearly round or slightly oblong, skin rich deep green, mottled and striped with a still darker shade; flesh of decidedly bright vermillion red; remarkably fine grained, firm and very sweet. Pkt. 4c.; oz. 10c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 25c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

GRAY MONARCH OR MAMMOTH WHITE ICING

Valuable Standard Melon.

Very large; mottled gray skin; long; flesh bright crimson; flavor delicious. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 34c.; lb. 60c.

TRIUMPH

Reliable Shipping Melon.

As a market Melon it has no competitor for first place in the list of shipping and selling Melons. Its fine appearance and magnificent proportions make it a ready seller in any market. Where it has been planted for long-distance shipping in comparison with other varieties it has distanced them all. The rind is of a dark green color. The average size of the Melon is very large. The flesh of the Melon is very solid, melting and sweet. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 50c.

DIXIE

Famous Shipping Melon.

Skin dark green, beautifully striped; flesh bright scarlet, very sweet, tender and juicy. Great favorite, strong and firm in growth. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 34c.; lb. 60c.

A MOST VALUABLE BOOK

Iceberg Watermelon.

QUALITY
NOTHING BUT
QUALITY

Maule's Wonderful Sugar

RUBY GOLD

New Novelty Melon.

Of exceptionally large size, often weighing forty to fifty pounds. The flesh is always sweet, tender and melting. Ripens close to rind. Don't fail to try it. Green rind, yellow and red flesh. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 22c.; $\frac{1}{2}$ lb. 40c.; lb. 75c.

ICEBERG

Best Early Shipping Melon.

Often called Blue Gem. A very firm, hard rind and is as good a shipper as the Kolb's Gem, but the flesh is much deeper colored, extends nearer to the rind, is much more tender and sweet. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 34c.; lb. 60c.

MAULE'S WONDERFUL SUGAR

Hardest of All.

Excellent new variety of large size, Melons of 40 to 60 pounds being of average occurrence. Flesh red and deliciously sugary. Very prolific; does well in any weather. Fine keeper. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 34c.; lb. 60c.

FLORIDA FAVORITE

Deliciously Sweet, Second Early Shipper

Enormous size; the flesh is of a beautiful clear crimson, extending clear up to the rind, which is hard, thin and beautifully mottled. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 34c.; lb. 60c.

NEW NATIONAL

The Melon of National Renown.

Extra early, very productive, extra large and of splendid flavor. The seed will often produce gray and green Melons on one vine, but the number of the former predominates. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 34c.; lb. 60c.

ROUND DARK ICING

Very Sweet Early Melon.

Fruit medium sized, round, very light green or white, veined and mottled with slightly darker green. Flesh bright, light red. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 34c.; lb. 60c.

DUKE JONES OR JUMBO

The Mammoth of All Melons

Of fine appearance, large, round, solid meat and of fine flavor and a heavy yielder and early. Good shipper. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; $\frac{1}{4}$ lb. 18c.; $\frac{1}{2}$ lb. 30c.; lb. 50c.

New National.

Florida Favorite.

David Warnock, R. R. 2, St. John, Kans., writes:—"We have been planting 'Buckbee's Seeds' for over six years and find them to be the best."

Cole's Early.

Fordhook Early.

QUALITY
NOTHING BUT
QUALITY

Phinney's Early.

DELICIOUS MELONS FOR THE NORTHERN STATES

Just as valuable for the Middle and Southern States, ripening before all others.

COLE'S EARLY

The Best Early Melon.

COLE'S EARLY is not only the earliest variety in cultivation, but it continues to bear throughout the season. The beautiful bright red flesh is crisp and of delicate texture—granulated, cool and sparkling. In flavor it is lusciously sweet and refreshing. The Melons are not large, seldom over 12 inches in length by 9 inches in diameter, but what they lack in size is more than made up in number and solidity. The heart is large, there is little or no cavity and very few seeds—all solid flesh, the quality of which is sustained clear to the rind. It can be grown successfully over a larger latitude than any other Water Melon, and it will mature large crops in Northern States when the season is at all favorable. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; ½ lb. 20c.; ¼ lb. 35c.; lb. 60c.

FORDHOOK EARLY

Earliest Large Rich Quality Melon.

This is the earliest large-fruited Melon in cultivation—when grown from the genuine stock. The fruits are rather short and blocky in form, with large diameter. The skin is dark green, occasionally striped lighter green. The flesh is bright red, crisp, sweet and of splendid quality. Rind quite thin, but tough, making an excellent shipping variety. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; ½ lb. 22c.; ¼ lb. 40c.; lb. 75c.

HARRIS' EARLY

Sweetest, Largest and Best Shipping Early Melon.

In form the Melon is oval to oblong; beautifully striped with green and gray; bright red flesh, which is sweet, tender and delicious. It is very productive. It is the Melon for everybody to grow who wants to be first in the market with fine large Melons weighing from 20 to 30 pounds. It bears shipments very well, and on account of its extreme earliness, handsome appearance and fine table qualities, always finds a ready sale. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; ½ lb. 22c.; ¼ lb. 40c.; lb. 75c.

CITRON MELONS

The Best for Preserves.

Red Seeded. Used exclusively for preserves. Slightly striped, round. Extremely productive, splendid flavor. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ½ lb. 25c.; ¼ lb. 40c.; lb. 75c.

Green Seeded. The best of the Citrons; makes beautiful preserves of unsurpassed flavor. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ½ lb. 25c.; ¼ lb. 40c.; lb. 75c.

Citron Melons.

Harris' Early.

PHINNEY'S EARLY

Splendid Sure Cropper Early Melon.

A well established, standard variety of Western origin and well acclimated. Melons of medium size and oblong in shape marked with two shades of green. The rind is thin. The red flesh is very sweet and tender. The vine is productive and a sure cropper, the Melons maturing early. It will please you for all purposes. Include it in your order. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ½ lb. 18c.; ¼ lb. 34c.; lb. 60c.

APPLE PIE

Makes the Finest Pies.

This is a novelty which will be appreciated in many sections of the country and especially during seasons when apples are scarce or high in price. The vine and fruit are quite similar to a Water Melon and they are easily grown on any good soil. Each vine produces from five to fifteen fruits, and one of the large size Melons will make as many pies as a half bushel of apples. We have estimated carefully in our field that one vine would produce an average of about 300 lbs. The flesh is white, solid throughout, and of excellent quality for making pies, sauce, preserves, etc., and it resembles apples in flavor. They keep nice and fresh all Winter, so that that they can be used at any time and any surplus you may have can be fed to the live stock. In fact it would pay to raise them for this purpose alone as they can be kept and fed fresh all Winter. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 30c.; ½ lb. 50c.; lb. 90c., postpaid.

COLORADO PRESERVING

Enormously Productive Rich Quality.

Makes beautiful, nearly transparent, preserves of unsurpassed flavor. Superior to the ordinary preserving Citron in quality. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ½ lb. 25c.; ¼ lb. 40c.; lb. 75c.

TO MELON GROWERS

WHEN YOU STOP TO THINK — BUCKBEE'S "FULL OF LIFE" Melon Seed is produced from Pedigreed Melons on my Famous Rockford Seed Farms; positively not one single Melon being sold for market—that Seed is saved from Hand Cut Personally Selected Thorobred Specimens, distinctly marked, uniform in Size—Ideal Shape—Color and Flavor; fully developed insuring the highest degree of perfection—you will readily appreciate the vast superiority of my "FULL OF LIFE" Strains in comparison to average quality offered by many dealers as CHEAP SEED, which is generally saved from the CULLS of crop, after the BEST specimens are marketed. If you want the Best Melon Seed That Can Be Grown—Send to BUCKBEE'S.

PIE
MELON

The Wonderful Fruit for Pies, Preserves, Etc.

Colorado Preserving

Buckbee's Sure Crop Mushrooms

Mushrooms can be grown in tubs, in flats, but the culture requires careful attention and the temperature of the room must be kept at an unhealthful degree. A city man, however, can dig a "dug out" on the north side of his house, roof it over with rough boards and grow enough Mushrooms for home use. If he wants to roof over a part of an old deserted quarry he can grow Mushrooms for the market. Contrary to popular belief, the culture of Mushroom in a cellar is healthful. They absorb all the moisture and keep the cellar dry and the air pure.

On a bed fifty feet square one can do a profitable marketing business. A bed this size, it is estimated, will yield 10 quarts of Mushrooms a day, about \$5.00 worth. This will pay the butcher, grocer and candlestick maker. A boy or girl ten years old can attend to the bed after it is started. The trouble is in the initial work. Afterwards a Mushroom bed, piles up money like a money-lender's interest.

Any cellar, a cave, an old quarry pit, even a dug-out in a city back yard, makes an ideal Mushroom garden. A space the size of an ordinary bed, carefully cultivated, will yield all the Mushrooms that a good-sized family can use.

FACTS ABOUT BUCKBEE'S SURE CROP SPAWN

This Spawn is prepared solely for me by a specialist, who has not only devoted a lifetime to the work, but who is a profound student of the industry. His work has resulted in procuring the best and most reliable Spawn in the world. Under my contract it is impossible for the grower to secure any Sure Crop Mushroom Spawn from anyone except Buckbee.

I can safely assure all Mushroom growers, as well as those who have never grown any, but are on the point of trying it, that they will find Sure Crop Spawn to be all that is claimed for it and more. It produces immense crops and the Mushrooms that are in demand at the very highest market prices.

In order to meet the demand for Sure Crop Spawn, and to provide against deterioration of its producing qualities, my arrangement with the producer is for frequent shipments, which, coupled with the care I give it, renders it absolutely certain that my customers will all be furnished with Spawn that, if they handle it properly, will bring them big returns.

I have made the price as low as Spawn of such an exceedingly high grade can possibly be sold for.

By Mail, postpaid, 1 lb. 33c.; 5 lbs. \$1.40. At buyer's expense, 1 lb. 23c.; 5 lbs. \$1.00; 25 lbs. \$3.75; 100 lbs. \$12.00.

BUCKBEE'S HIGH GRADE ENGLISH SPAWN

Comes in pressed bricks weighing a pound or more. Price, postpaid, lb. 25c.; 5 lbs. \$1.00. Not prepaid, lb. 15c.; 8 lbs. \$1.00; 25 lbs. \$2.00 100 lbs. \$7.25.

BEST FRENCH SPAWN

Put up in boxes of two pounds each. Price per box prepaid, 90c. Not prepaid, 70c. The same loose, per lb., prepaid, 40c. Not prepaid, 30c. Buyers in quantity are urged to state whether they want shipment made by freight or express. I furnish every buyer of mushroom spawn with explicit directions for growing. If they are followed there is nothing so certain as big success.

MUSTARD

German, Senf; French, Moutarde; Spanish, Mostazoe.

New Chinese—The large leaves have a pleasant, pungent flavor, and can be eaten the same as other salads. Pkt. 4c.; oz. 7c. 2 oz. 12c.; ¼ lb. 18c.; ½ lb. 34c.; lb. 60c.

Buckbee's New Wampum

THE GREAT MONEY MAKER
Best Globe Shaped Yellow Onion.
A Rich Golden Yellow—Quality Simply
Superb.

New customers should remember that Buckbee's Reliable Onion Seed is grown only from carefully prepared hand sorted and selected bulbs, is always of a high germinating quality and of unusual vigor of growth, by reason of its superlative vitality. My Onion Seed has an excellent reputation in every prominent Onion-growing district in the country, and is unsurpassed by any other house in the trade, and in many sections is planted to the exclusion of all other strains. I am determined as usual to furnish my customers the very choicest strictly fine stock seeds that grow. Varieties with medals by the score for superior quality. Vouchers by the thousands as the most satisfactory strains for largest cash returns. I build business by giving satisfaction. If you buy ten pounds of any variety ask for special price. I can save you money on every deal. Over one hundred thousand customers are with me. Buckbee's Great Pedigree Onion Seed is the brightest, freshest obtainable, and I advise early orders, as I cannot keep these "Bargain Offers" open after my own growth of seed is exhausted. **Buckbee's New Wampum—The Great Money Maker**—This grand new variety, which was sent out for trial in 1898, has proven as its name indicates, the **Money-Making Onion**. Its color is a beautiful golden yellow, very attractive and striking. It is the most perfect globe-shaped Onion in existence today. The bulbs are firm and solid and excellent keepers. The necks are small and cure down to almost nothing. It is an enormous yielder: various customers claim from 1,000 to 2,000 bushels per acre. If you wish the best Onion you ever planted, try this greatest of all Onions. My own growth, choicest Northern-grown, high grade pedigreed stock seed. Pkt. 5c.; oz. 15c.; 2 oz. 25c.; ½ lb. 45c.; ¼ lb. 80c.; lb. \$1.50.

QUALITY NOTHING BUT QUALITY

Buckbee's New Wampum.

Buckbee's New Golden Globe Danvers

Long Keeper. Best Shipper. Unrivalled Market Onion. Always in the Lead. Challenges Competition.

The most perfect type of the globe-shaped Onion ever offered. It ripens early, has a very small neck, the entire crop drying down at one time. It is an immense cropper, and will yield more marketable Onions to the acre than any strain I am acquainted with. Trial tests have shown this great variety to yield over 2,000 bushels per acre, while under ordinary cultivation the past season thousands of my customers have reported yields of 1,000 bushels per acre. Remember that I control the entire supply of this variety. My own growth choicest Northern-grown, high-grade pedigreed stock seed. Pkt. 4c.; oz. 9c.; 2 oz. 16c.; ½ lb. 28c.; ¼ lb. 50c.; lb. 90c.

Selected Yellow Strasburg or Dutch

Very Popular Long Keeping Yellow Onion.

Bulbs are quite flat and of good size; skin yellow, of darker color than the Danvers; flesh white, of mild flavor; keeps well. This is the variety that is used the most extensively for growing yellow Onion Sets. A great yielder and sple did keeper. My own growth choicest Northern-grown, high-grade pedigreed stock seed. Pkt. 3c.; oz. 8c.; 2 oz. 15c.; ½ lb. 25c.; ¼ lb. 45c.; lb. 80c.

Order Early.

BUCKBEE'S PEDIGREE LARGE RED WETHERSFIELD

MY LEADING SPECIALTY.

One of the chief departments of my seed growing business consists of growing Buckbee's Pedigree Red Wethersfield Onion for seed purposes only. My stock has reached such a high point of merit that it is a household word everywhere that "Buckbee's Pedigree Red Wethersfield Onion Seed is the most reliable and produces more good marketable Onions per acre than any other offered." And, from the many thousands of unsolicited testimonials which I have received from all over the country, I have every reason to believe that the time which I personally spend in my Onion fields is truly appreciated by my many thousands of customers who stand by me and say: "Buckbee's Seeds Are Full of Life."

There are many strains of this justly celebrated Onion offered, but I venture to say none that can surpass Buckbee's Prize Medal Stock of this famous variety. The various strains, good, bad and indifferent, that are generally offered the unwary planter, come to maturity all the way from August up until as late as October. This unreliability of cropping is very disastrous to most localities.

THE GREATEST OF ALL RED ONIONS.

The seed which I am offering is of the earliest form, grown from hand-sorted bulbs that will produce very large Onions of immense size; 1 1/2 to 2 1/2-pound Onions from seed the first year are of frequent occurrence. Buckbee's Red Wethersfield grows with unusual regularity, scallions being unknown. It is a magnificent keeper. An enormous cropper. 700 to 1,000 bushels have frequently been raised upon a single acre. I have received many letters from my customers stating their yields to be over 1,000 bushels per acre the past season. The shape is accurately shown in the illustration above. In color the skin is a deep rich, purplish red, while the flesh is of a beautiful white, finely grained and of good flavor. My customers throughout the country endorse it as the best Red Onion they have grown.

NEVER HAS BEEN KNOWN TO FAIL.

I trust no Onion grower who receives my catalogue will fail to try at least a small quantity of Buckbee's Red Wethersfield Onion, for all ought to know how much superior it is to other strains offered. This seed will produce highly-colored, long-keeping Onions, sure to command the highest price in the market. Will yield double the amount of any seed you can secure. My own growth, choicest Northern-grown, high grade pedigree "Full of Life" stock seed.

Pkt. 5c.; oz. 10c.; 2 oz 18c.; 1/4 lb. 30c.; 1/2 lb. 55c.; lb. 95c.

Extra Early Red

The Earliest Red Onion in The World.

A favorite early variety of fine shape. Always a good yielder and magnificent keeper. Its beautiful shape and rich purplish crimson color making it extremely attractive and desirable. Selected Stock Seed. Pkt. 3c.; oz. 9c.; 2 oz. 16c.; 1/4 lb. 28c.; 1/2 lb. 50c.; lb. 90c.

Buckbee's Selected Yellow Globe Danvers

Standard of Excellence for Home and Market Use.

The finest standard Yellow Globe Danvers Onion ever offered. Of fine, symmetrical, large size, average specimens weighing from one to two pounds each. The bulbs are very choice, finely grained, exceptionally mild and very early. It is a grand, magnificent keeper. Frequently produces 800 bushels or more to the acre from seed the first year. My own growth, choicest Northern-grown, high-grade pedigree stock seed. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 45c.; lb. 80c.

Round or Yellow Flat Danvers

Magnificent Sort in Every Way.

Very handsome in appearance, round in shape, though thick through, of fine size; in fact, is ideal in every respect for market and family purposes. Skin is thin, of a rich straw color; flesh is pearly white, fine grained, firm, mild and of excellent quality. Ripens exceedingly early, keeps well and sells readily. My own growth, choicest Northern-grown, high-grade pedigree stock seed. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 22c.; 1/2 lb. 40c.; lb. 70c.

BUCKBEE'S GREAT CARDINAL ONION

The World Beating Red Onion. An Enormous Yields. Best Flavored. A Splendid Keeper. Handsome Color. Wonderful Shipper. Matures Early.

Originated on Rockford Seed Farms and has already made a reputation that is world wide. It is the money-making Onion. It has size and density, coupled with a splendid flavor, is one of the very best keepers ever introduced, and has the size and shape to recommend it in the highest degree for the market. I would not praise it so highly if I did not believe it to be alone in its class. It is one of the real money-makers. No one but Buckbee can furnish GREAT CARDINAL SEED. Our supply is limited. Order early.

Pkt. 5c.; oz. 15c.; 2 oz. 25c.; 1/2 lb. 45c.; 1 lb. 80c.; lb. \$1.50, postpaid.

Southport Yellow Globe Onion.

"FULL OF LIFE" ONION SEED

SOUTHPORT RED GLOBE Pedigree Seed.

The celebrated Blood-Red Globe Onion. This variety has for many years proved one of the most profitable for the market and shipping trade, commanding uniformly good prices in car-load lots. It is of large size and splendid appearance, and frequently yields from 600 to 800 bushels per acre under average culture. It is an Onion of unusual merit. Flesh is firm, finely grained, very rich, yet unusually mild for a red Onion, and is sure to please the most fastidious. The crop is ready to harvest in early Fall, and keeps well until the late Spring months. No one that I have ever known has been disappointed with the results obtained by planting this great Onion.

My own growth choicest Northern-grown high-grade pedigree stock seed. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; 1/2 lb. 30c.; 1 lb. 55c.; lb. 95c.

SOUTHPORT YELLOW GLOBE Pedigree Seed

Entirely distinct from Onions of the Danvers type, having notable and striking characteristics of its own. Excels in size, excels in yield, excels in keeping qualities, excels in mildness of flavor. Matures in early Fall. It is sure to satisfy the one who buys a packet or the one who sows fifty pounds or more of seed for car-load shipments. A truly grand Onion, whose large golden yellow spheres make a beautiful appearance sacked, crated or barreled for the market.

My own growth choicest Northern-grown high-grade pedigree stock seed. Pkt. 5c.; oz. 8c.; 2 oz. 15c.; 1/2 lb. 25c.; 1 lb. 45c.; lb. 80c.

SOUTHPORT WHITE GLOBE Pedigree Seed.

Handsomest of all Onions. It is of true globe form, pure white, hard, small necked, ripening regularly and evenly; a splendid keeper. The flesh is firm and fine grained, and mild to taste. Average yields of 500 to 700 bushels per acre are of frequent occurrence. No market gardener or Onion grower can afford to plant inferior stock, with only cheapness of price to recommend it, when seed like ours is to be had so reasonable, the results of planting a few ounces often paying many times the first cost of the best seed. My own growth choicest Northern-grown high-grade pedigree stock seed. Pkt. 5c.; oz. 18c.; 2 oz. 35c.; 1/2 lb. 60c.; 1 lb. \$1.00; lb. \$1.90.

A TIP
Southport Globe Onions Are planted more largely than any others by the Big Commercial Onion Growers. Hardy Growers, Early Maturing, Large Size, Very Tough Skin, Long Keepers, Always bring the Top Notch Prices.

Plant Buckbee's "Full of Life" Seeds Have a Good Garden and The Present High Cost of Living Will never Trouble You.

Buckbee's Great Cardinal Onion.

EXTRA EARLY — LONG KEEPING AUSTRALIAN BROWN ONION

Hardest of All. Sure Cropper. Abundantly Productive. Very Fine Quality. You can't go wrong on this at the exceptionally low prices at which I offer my home grown seed. This remarkable Onion is of medium size, wonderfully hard and solid and most attractive for market, both in form and appearance. They are extremely early in ripening and make no stiffnecks or scallions. Every seed seems to produce a good-sized Onion, and the bulb begins to form very quickly when the plant is not over 3 inches high. Planted with the Red Wethersfield it will average nearly four weeks earlier, and ripen off more uniformly. It has the reputation of keeping indefinitely, and we think from its firmness and hardness that it will keep in good condition longer than any other Onion known. The color of the skin is a clear amber-brown. These Onions have been known to keep nearly a whole year in good condition, and on this and other accounts it will commend itself to Onion Set growers, who often lose heavily in carrying their crop because the sets do not "keep."

Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/2 lb. 20c.; 1 lb. 35c.; lb. 65c.

Buckbee's Red Giant
The Mammoth Red Onion.

This magnificent new variety of my own introduction has met with the greatest success everywhere, and is now one of the most popular varieties in existence. The largest red onion, often weighing from four to five pounds. Many of my customers have grown specimens weighing three to four pounds. In shape Buckbee's Red Giant is round and symmetrical. Skin is thin, of a beautiful reddish hue, while the flesh is delightfully pure white, very fine grained and of pleasing flavor. I control the entire stock of this grand novelty. Pkt. 10c.; oz. 20c.; 2 oz. 35c.; 1/4 lb. 60c.; 1/2 lb. \$1.10; lb. \$2.00.

Buckbee's Mammoth Silver King
The King of White Onions.

The largest white onion—grows to a remarkable size, average diameter is from five to seven and one-half inches. Single bulbs often attain weights of from two and one-half to four pounds each. The skin is of a beautiful silvery white, the flesh is of a snowy white, and of a particularly mild and pleasant flavor. So sweet and tender is the flesh that it can be eaten like an apple. Pkt. 5c.; oz. 15c.; 2 oz. 25c.; 1/4 lb. 45c.; 1/2 lb. 80c.; lb. \$1.50.

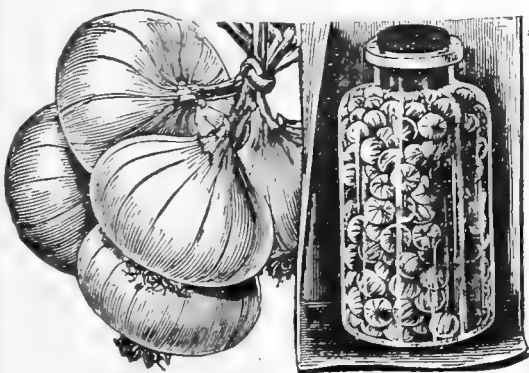

Extra Early White Queen

A silver-skinned variety of quick growth and remarkable keeping qualities. Particularly valuable for pickles. Pkt. 4c.; oz. 10c.; 2 oz. 18c.; 1/4 lb. 35c.; 1/2 lb. 65c.; lb. \$1.25.

Buckbee's White Pickling

Nothing Earlier in Onions.

This distinct variety is the very earliest onion in cultivation. Of a pure paper-white color, very mild and delicate in flavor; from one to one and one-half inches in diameter, and three-fourths of an inch in thickness. Its extreme earliness makes it very valuable for early table use as well as bunch onions for market. Pedigreed stock seed. Pkt. 5c.; oz. 18c.; 2 oz. 35c.; 1/4 lb. 60c.; 1/2 lb. \$1.00; lb. \$1.90.

Buckbee's White Pickling Onion.

New Genuine Prizetaker

The King of All Yellow Onions.

The Prizetaker Onion has proved itself to be the greatest acquisition in years. It succeeds everywhere—East, West, North and South—and whether grown for home use or for marketing it gives universal satisfaction, yielding onions often 14 inches around and at the rate of 1,200 to 1,500 bushels per acre. Its immense size will recommend it to all, particularly when it is known that its keeping qualities are unexcelled. The exterior color is pale yellow, and the interior clear sparkling white. Easily grown, medium early in maturing, mild flavor. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; 1/4 lb. 30c.; 1/2 lb. 50c.; lb. 95c.

Bermuda Onions

Headquarters Seed—Genuine Teneriffe Grown.

These onions grow to an immense size, and are of a beautiful form. The skin is very thin, flesh white, fine grained, of mild and pleasant flavor. It will grow an onion from one to one and one-half pounds from seed; very early and profitable.

- Bermuda Island Red—Pkt. 5c.; oz. 20c.; 2 oz. 35c.; 1/4 lb. 60c.; 1/2 lb. \$1.15; lb. \$2.25.
- Bermuda Island White—Pkt. 5c.; oz. 22c.; 2 oz. 40c.; 1/4 lb. 70c.; 1/2 lb. \$1.30; lb. \$2.50.
- Crystal White Wax—Pkt. 5c.; oz. 30c.; 2 oz. 52c.; 1/4 lb. 85c.; 1/2 lb. \$1.60; lb. \$3.00.

New White Silverskin or White Portugal

The Standard White Onion for Market and Family Use.

Flavor mild and pleasant; skin silver white, of handsome appearance, highly esteemed for pickling when young, also for market in early winter. This is the variety from which white onion sets are grown. It will please you immensely for any purpose. Buy your seeds from first hands. My own growth choicest Northern-grown high-grade pedigree stock seed. Pkt. 4c.; oz. 12c.; 2 oz. 23c.; 1/4 lb. 45c.; 1/2 lb. 80c.; lb. \$1.50.

New White Silverskin.

Early White Welsh.

EARLY WHITE WELSH
For Green Onions.

This kind does not form a bulb, but is one of the best kinds for "green onions." The plants are perennials and can remain in the ground for years. Pkt. 5c.; oz. 15c.; 2 oz. 28c.; 1/4 lb. 50c.; 1/2 lb. 90c.; lb. \$1.75.

BUCKBEE'S "Full of Life" ONION SETS

My 65 Acre Field of Onion Sets grown on Rockford Seed Farms produced over 20,000 Bu. the past season, and I am going to make my Customers the Biggest Bargain Prices in the World's History. These prices hold good until my Sets are sold. They will go fast. Order early. These prices should interest you:

POTATO ONION SETS

Potato Onion Sets multiply by division of the parent Bulb and are not grown from seed.

BUCKBEE'S NEW WHITE POTATO SETS—Of pure silvery white color, producing 20 bulbs in a cluster from a single bulb planted. Of excellent quality and size for bunching green; can be ripened for use as pickling Onions. Keep for a year. Ready for market several weeks ahead of the rest. Postpaid, pt. 22c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.15; $\frac{1}{2}$ bu. \$2.25; bu. (32 lbs.) \$4.00.

NEW YELLOW POTATO SETS—Identical to the above except color, which is of a rich straw yellow. Postpaid, pt. 20c.; qt. 35c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.15; $\frac{1}{2}$ bu. \$2.20; bu. (32 lbs.) \$3.90.

MULTIPLIER ONION SETS

Multiplier Onion Sets multiply by division of the parent bulb and are not grown from seed.

NEW WHITE MULTIPLIER SETS—The most popular varieties and in some markets sells in preference to most other varieties. Very early and a good keeper. Postpaid, pt. 20c.; qt. 35c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.15; $\frac{1}{2}$ bu. \$2.20; bu. (32 lbs.) \$3.90.

YELLOW MULTIPLIERS OR SHALLOTS SETS—Very desirable variety and resembles the White Multiplier except in color, which is of a very rich straw shade. Postpaid, pt. 20c.; qt. 35c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 50c.; $\frac{1}{4}$ bu. 95c.; $\frac{1}{2}$ bu. \$1.80; bu. (32 lbs.) \$3.50.

WINTER ONION SETS

EGYPTIAN OR PERENNIAL TREE WINTER SETS—This variety never forms a large bulb. Its value lies wholly in its special adaptability to produce green Onions for Spring or Fall uses. It is perfectly hardy and when once set out will come up year after year. Can be planted either in the Spring or Fall. We can supply these sets for shipment from September 1st to the following March 1st. This variety increases by producing sets at the top of the stalk and does not produce seed. Postpaid, pt. 18c.; qt. 30c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 70c.; $\frac{1}{2}$ bu. \$1.15; bu. (28 lbs.) \$2.25.

BUCKBEE'S IMPROVED TOP SETS

These are planted to produce both early green Onions and large eating Onions. This variety increases by producing sets at the top of the stalk and does not produce seed. By far the most superior variety. They are the best Onions to eat, will yield at least one-third more and ripen much earlier than other Onions. It is the best keeper that I know of, having kept perfectly solid for over a year. I should advise you to order early, as my stock is sure to be exhausted before the season is over. Give this variety a trial. Postpaid, pt. 22c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 60c.; $\frac{1}{4}$ bu. \$1.15; $\frac{1}{2}$ bu. \$2.20; bu. (28 lbs.) \$4.00.

IMPORTANT

I will be much pleased to make Special Prices to Planters and Gardeners who are in the market for large quantities of Seeds, Onion Sets, etc., if they will mail me a list of their requirements, stating quantities that they are in need of.

New Dixie Giant Peanut.

NEW DIXIE GIANT PEANUT

Mammoth Nuts, Strong Thick Shell.

This is the JUMBO of the Peanut family and owing to the very large size and handsome appearance are very desirable in every market at fancy prices. Plants grow about 18 inches high with heavy erect stalks and large leaves and fruits near the tap root, and can be planted close together, thus producing a large yield and is more easily cultivated than the running varieties. The pods fill out well, forming few if any pops. Price, large pkt. 5c.; $\frac{1}{4}$ lb. 15c.; $\frac{1}{2}$ lb. 25c.; lb. 45c.; 5 lbs. \$2.00, postpaid.

PEANUTS

NEW MAMMOTH VIRGINIA

Universal and Standard Favorite.

The Mammoth Virginia Peanut is the most profitable variety to grow, and is more desirable than the common spreading kind, because more easily cultivated; very erect stems and upright foliage; always yields fewer imperfect pods; the vines make valuable forage for stock. Plant in April and they will ripen before September, even as far North as Canada. Hundreds of my young friends have written me that they have had a wonderful crop the past season. Choice Seed, pkt. 5c.; $\frac{1}{2}$ lb. 10c.; $\frac{1}{4}$ lb. 15c.; lb. 25c.; 5 lbs. \$1.00, postpaid.

Spanish Peanuts.

SPANISH PEANUT

A Splendid Early Variety.

The earliest variety grown; pods are small but remarkably solid and well filled with nuts of very fine quality. The yield per acre is very large. Can be cultivated with the plow. Because of their early habit and easy cultivation, it is the best variety to grow for fattening hogs. Pkt. 5c.; $\frac{1}{2}$ lb. 12c.; $\frac{1}{4}$ lb. 20c.; lb. 35c.; 5 lbs. \$1.50, postpaid.

PARSNIPS

German, PASTINAKE; French, PANAIS; Spanish, PASTINACA; Swedish, PALSTERNUCKA.

BUCKBEE'S NEW SUGAR—After repeated trials at Rockford Seed Farms, I have no hesitancy in offering this splendid Parsnip as the best variety grown. Roots fine size, of good diameter, enabling them to be easily gathered; are exceedingly smooth, the flesh fine grained and of the most excellent quality. A magnificent cropper, yielding as high as 750 bushels per acre under good cultivation. You will not be disappointed by planting Buckbee's New Sugar Parsnip. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ½ lb. 35c.; ½ lb. 60c.; lb. \$1.00.

NEW MALTESE—A wonderfully fine strain. The roots do not grow as long as the Hollow Crown, but are of greater diameter and more easily gathered; very heavy cropper. Flesh fine grained and of most excellent quality. Pkt. 4c.; oz. 6c.; 2 oz. 10c.; ½ lb. 18c.; ½ lb. 30c.; lb. 50c.

IMPROVED HOLLOW CROWN, OR LONG WHITE—Roots comparatively short, ending somewhat abruptly with a small tap root; grows mostly below the surface, has a very smooth, clean skin. Pkt. 3c.; oz. 6c.; 2 oz. 9c.; ½ lb. 12c.; ½ lb. 22c.; lb. 40c.

PARSLEY

German, PETERSILIE; French, PERSIL; Spanish, PERICIL; Swedish, PERSALIA

BUCKBEE'S BEAUTY—A distinct and handsome variety of quick, robust growth forming compact, ornamental plants, densely furnished with strong-stemmed graceful leaves, finely cut, most beautifully curled, and of that brilliant emerald-green color so highly attractive when used for garnishing. The flavor of the leaves is also unusually rich and aromatic, rendering this variety of special value where used for flavoring, in sauces, dressing, etc., either when fresh or dried. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ½ lb. 35c.; ½ lb. 60c.; lb. \$1.00.

NEW MOSS CURLED—Invaluable as a garnishing plant, and suited for mixing with dwarf, ornamental foliage plants in the garden. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; ½ lb. 20c.; ½ lb. 35c.; lb. 60c.

EXTRA DWARF CURLED, OR EMERALD—The moss-like leaves are a handsome, bright green color, and are finely crimped and curled. Pkt. 3c.; oz. 6c.; 2 oz. 10c.; ½ lb. 18c.; ½ lb. 30c.; lb. 50c.

HAMBURG TURNIP ROOTED—A variety greatly relished in the South and by all Germans. Large Packet, 4c.; oz. 7c.; 2 oz. 12c.; ½ lb. 20c.; ½ lb. 35c.; lb. 60c.

Buckbee's Beauty Parsley.

MY NEW BOOK HOW TO GROW Flowers and Seeds

Full Cultural Directions for Vegetable Seeds, Field Seeds, Flower Seeds, Bulbs and Plants. Useful tables of Information. Profusely illustrated. Price 50c., postpaid, or I will give a copy FREE with an order amounting to \$1.50 or upwards, if asked for on the order.

PIE PLANT OR RHUBARB

German, RHUBARBER; French, RHUBARBE; Spanish, BASARDO; Swedish, RABARBER.

BUCKBEE'S NEW PINEAPPLE—Without doubt this is the earliest of all Pie Plant and a variety that can be used not only in the early Spring but Summer as well. The very best of the Giant Everbearing Varieties. Quality simply superb. Stalks of good size, soft and watery. Skin so thin and tender that it is not necessary to remove it before cooking. Flavor sprightly and refreshing and has the true Pineapple flavor. Choicest "Full of Life" Seed. Large pkt. 10c.; oz. 15c.; 2 oz. 25c.; ½ lb. 45c.; ½ lb. 80c.; lb. \$1.50.

BUCKBEE'S WESTERN MARKET—Finest variety, very productive. Fine, large size and very early. Has a flavor similar to the Gooseberry. This is without doubt the finest variety in existence. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ½ lb. 35c.; ½ lb. 60c.; lb. \$1.00.

PIE PLANT ROOTS

A saving of from two to three years is made by planting the roots. I have well established roots of fine size and excellent quality.

BUCKBEE'S NEW PINEAPPLE—Price by mail, postpaid, 25c. each; \$2.50 per doz. By Express or Freight, not prepaid 20c. each; \$2.00 per doz.; \$15.00 per 100.

BUCKBEE'S WESTERN MARKET—Price by mail, postpaid, 15c. each; \$1.50 per doz. By Express or Freight not prepaid, 12c. each; \$1.15 per doz.; \$7.50 per 100.

Buckbee's New Pineapple.

Pepper, Coral Gem Bouquet.

A Most Popular Pepper.

Pepper, Improved Sweet Mountain.

GROW PEPPERS, ALWAYS MONEY-MAKERS

German, PFEFFER; French, PIMENT.
A Packet of Pepper Seed Contains
from 500 to 1000 Seeds.

BUCKBEE'S GREAT WEST—The giant of all. The heaviest cropper. The mildest flavor. The finest appearing. The surest to grow. The one you can't do without. Beautiful red color and of mild flavor. Our stock is limited, so order early. Large packet 10c.; ½ oz. 35c.; oz. 60c.; 2 oz. \$1.10; ¼ lb. \$2.00.

CHINESE GIANT—Double the size of Ruby King and equally as mild. The compact plants produce four or more extra large Peppers at the base very early in the season, which ripen while a second crop is setting on the branches. Very vigorous, hardy grower, and a valuable variety for either the home or market garden. Large Pkt. 10c.; ½ oz. 20c.; oz. 35c.; 2 oz. 60c.; ¼ lb. \$1.00.

CORAL GEM BOUQUET—Plant tall, bearing a profusion of round, bright red fruit which is very pungent when ripe. The plant, when in fruit, is very ornamental. Pkt. 5c.; oz. 35c.; 2 oz. 60c.; ¼ lb. \$1.60.

SWEET MOUNTAIN—Plants very vigorous and productive. Fruit large, long very smooth and handsome, being, when green, of a bright, deep green color, entirely free from any purple tinge, and when mature of a rich red. Flesh very thick, sweet and mild flavored. Well suited to use for stuffed pickles or mangoes. Pkt. 4c.; oz. 20c.; 2 oz. 35c.; ¼ lb. 60c.

IMPROVED RUBY KING—An improved American sort, reaching the largest size, yet retaining the symmetrical shape of the smallest sorts. It is very bright colored, temptingly sweet, mild flavored, and one of the best for stuffed pickles or mangoes. Pkt. 4c.; oz. 25c.; 2 oz. 40c.; ¼ lb. 75c.

LONG RED CAYENNE—(The Red Hot Pepper)—A long, slim-pointed pod, and when ripe of a bright red color. Strong and pungent. Pkt. 5c.; oz. 25c.; 2 oz. 40c.; ¼ lb. 75c.

NEAPOLITAN—Mild flavor. Bright red color. Pkt. 5c.; oz. 30c.; 2 oz. 50c.; ¼ lb. 90c.

FINEST MIXED PEPPERS—The above and many other valuable Peppers in choice mixture. Price per Pkt. only 5c.; oz. 25c.; 2 oz. 40c.; ¼ lb. 75c.

BUCKBEE'S NEW TOMATO PEPPER

This unique Pepper is new, true and distinct and entirely novel. Plants grow only one foot high, with a few short compact branches, around which the fruits are compactly set. Fruit the size and shape of a small tomato which it closely resembles in all respects. I offer the two best varieties:

Ruby Red Tomato Pepper—Pkt. 8c.
Golden Yellow Tomato Pepper—Pkt. 8c.

The following varieties are too well known to require extended description: Pkt. 4c.; oz. 20c.; 2 oz. 35c.; ¼ lb. 60c. **LARGE BELL** or **BULL NOSE**, **GOLDEN DAWN** or **QUEEN**, **RED CHILL**.

Pepper, Long Red Cayenne.

Choicest Extra Early Round Smooth Peas

Buckbee's Lightning Express

EARLIEST PEA IN THE WORLD

READY FOR PICKING IN 40 DAYS

They are much hardier, more productive, and withstand greater changes in the weather than any other variety. They are not only the largest podded white seeded early but they are

ENTIRELY FREE FROM RUNNERS

AND THE ENTIRE CROP CAN BE TAKEN OFF IN TWO PICKINGS.

10,000 BUSHELS SOLD ANNUALLY

Where earliness, productiveness, large-sized pods and sweetness of flavor are desired, this is the variety to grow; it may be truly called **THE BLOODED STOCK OF ALL** finest early Peas, and stands at the head for the above fine qualities; in a favorable season ready for the market in 40 days. The entire crop can be taken off in two pickings.

To the market gardener, earliness is of the greatest importance, as even a few days make a great difference in price often a depreciation of from \$2.00 to \$4.00 per barrel; the inexperienced find this out when too late, therefore, the earliest is what is required, and **BUCKBEE'S LIGHTNING EXPRESS IS THAT VARIETY. SOW THEM, YOU WILL MAKE NO MISTAKE.** Please observe that the true stock of **BUCKBEE'S LIGHTNING EXPRESS** can be had through our house only. Postpaid, pkt. 8c.; ½ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, ½ bu. 80c.; ¼ bu. \$1.50.

Buckbee's Lightning Express.

IMPORTANT as a positive and acknowledged fact, I grow over 2500 acres of Peas every year for the requirements of my business which in a normal year will produce close to 50,000 bushels of Choice Seed. Sad to say, the past season's crop was shorter than ever before, but I am determined to protect the requirements of my thousands upon thousands of customers who have been with me 40 years. With this end in view I have cut out my large jobbing trade and will fill orders received from my regular customers in connection with their general Seed Supply at prices listed in this Catalogue so far as is within my power.

Earliest of All or Alaska.

A TIP
An Acre or Two in Buckbee's Pedigreed Full of Life Northern Grown Peas will bring down the High Cost of Living.

Earliest of All or Alaska

Our improved extra selected strain is very pure and well developed and is more largely planted by Market Gardeners and Large Pea Shippers than any other variety.

By careful selection I have developed a stock of this smooth, green seeded Pea, which in evenness of growth of vine and early maturity of pods is unequalled by any other extra early Pea. Vines two to two and one-half feet high, are unbranched, bearing four to seven long pods, which are filled with medium-sized dark green Peas of excellent flavor. Ripens the crop all at once, and is an invaluable variety for market gardeners and canners. Postpaid, pkt. 6c.; ½ pt. 12c.; pt. 20c.; qt. 35c. By Express or Freight, not prepaid, ½ bu. 75c.; ¼ bu. \$1.45.

Buckbee's Selected First and Best

Mammoth Podded Extra Early

This is the earliest and most even stock of White Extra Early Peas in existence, maturing so well together that a single picking will secure the entire crop. Vines vigorous and hardy, 2 to 2½ feet high, unbranched, bearing three to seven straight pods having five to seven medium sized, smooth Peas of good quality. Postpaid, pkt. 6c.; ½ pt. 12c.; pt. 20c.; qt. 35c. By Express or Freight, not prepaid, ½ bu. 75c.; ¼ bu. \$1.40.

Extra Early Philadelphia

Standard Early White Seeded Splendid Quality.

A very valuable and improved strain, exceedingly productive, pods always well filled, ready for table use in 45 days. Grows about two feet high. The whole crop matures evenly and is well adapted for market gardeners and family use. Postpaid, pkt. 6c.; ½ pt. 12c.; pt. 20c.; qt. 35c. By Express or Freight, not prepaid, ½ bu. 75c.; ¼ bu. \$1.40.

Buckbee's Extra Early Tom Thumb or Strawberry

Universal Standard, Early, Dwarf, Sweet Flavored.

An extremely early variety of superior merit. Vines dwarf, about 9 inches high, completely covered with an abundance of the finest well-filled pods. It is of such upright growth that it can be planted in rows 10 inches apart. Postpaid, pkt. 8c.; ½ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, ½ bu. 90c.; ¼ bu. \$1.75.

Bountiful

A Grand New Mammoth Podded Extra Early Pea.

The largest podded of all green seeded Extra Early Peas. In our trials the past season none of the numerous Extra Early Peas compared with Bountiful in size of pod, number of Peas in a pod, or number of pods to the vine. It is also one of the sweetest and finest flavored of the blue round seeded varieties. Grows about 30 inches high and crop can be gathered at two pickings. Postpaid, pkt. 8c.; ½ pt. 15c.; pt. 25c.; qt. 45c. By Express or Freight, not prepaid, ½ bu. \$1.00; ¼ bu. \$1.95.

BUCKBEE'S "FULL OF LIFE" PEAS

Choicest Extra Early Wrinkled Varieties

New Everbearing.

Medium Early or Main Crop Peas

New Everbearing

The Great Continuous Everbearing Variety.

Vine stout, about two and one-half feet high, bearing at the top six to ten broad pods. If these are picked as they mature and the season and soil are favorable, the plant will throw out branches bearing pods which will mature in succession, thus prolonging the season. The Peas are very large and wrinkled, cook very quickly, are tender, of superior flavor and preferred by many to any other sort. Postpaid, pkt. 7c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 90c.; $\frac{1}{4}$ bu. \$1.75.

Horsfords Market Garden

The Great Second Early Sweet Wrinkled Pea for Truckers and Home use

A first-class wrinkled Pea; second early. Height, 24 inches; no sticks. It is a profitable sort; for market gardeners, as a single plant has been known to produce more than 150 pods. It is equally good for the home table. The medium sized pods are borne in pairs, and are easily and quickly picked. This variety is said to have yielded more shelled Peas to the acre than any other American sort. Postpaid, pkt. 6c.; $\frac{1}{2}$ pt. 10c.; pt. 18c.; qt. 35c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 80c.; $\frac{1}{4}$ bu. \$1.60.

McLean's Advancer

The Standard Sweet Flavored Late Wrinkled Pea.

A green, wrinkled variety about two and one-half to three feet high, with long, broad pods which are abundantly produced and well filled to the ends. This Pea is used very extensively by market gardeners because of its productiveness, the fine appearance of its pods and is popular with consumers on account of its quality. It is also largely used by canners. By careful selection we have developed a strain showing marked improvements in vigor of plant, size of pod and productiveness. Postpaid, pkt. 5c.; $\frac{1}{2}$ pt. 10c.; pt. 18c.; qt. 35c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 80c.; $\frac{1}{4}$ bu. \$1.60.

Daisy or Dwarf Telephone

Thorbred Main Crop Rich Flavored Wrinkled Pea.

The vines, though growing only about eighteen inches in height are very stout, and generally bear a good crop of large well-filled pods. The pods average five inches in length, containing seven to nine large Peas of a light green color, which are tender and sweet. Postpaid, pkt. 7c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 95c.; $\frac{1}{4}$ bu. \$1.85.

Buckbee's New Extra Early Honey Sweet

The Earliest Wrinkled Sweet Pea in Existence.

READY FOR PICKING IN FORTY DAYS

Plant it and Enjoy Luscious and Tender Peas in June.

A wonderfully luxuriant grower and a splendid drought resister. The vines attain a height of 17 inches, consequently do not require staking. Prodiggally prolific, the pods are from 2 $\frac{1}{2}$ to 3 inches long, nearly round, and are always well filled. Postpaid, pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. \$1.00; $\frac{1}{4}$ bu. \$1.95.

Sutton's Excelsior

Very Choice, Sweet Flavored Early Dwarf Pea.

Pods are larger and broader than the usual dwarf Peas, are square at the ends and are light green in color. The vines grow eighteen inches high very hardy. Postpaid, pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. \$1.00 $\frac{1}{4}$ bu. \$1.95.

True American Wonder

Ideal Early Variety and Famous Table Favorite.

Dwarf-wrinkled Pea, esteemed for earliness, productiveness, flavor and quality. Strong and robust, growing about ten inches high, and produces a profusion of good-sized pods. Postpaid, pkt. 7c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 95c.; $\frac{1}{4}$ bu. \$1.85.

New Early Gradus or Prosperity

This Popular New Large-Podded Wrinkled Pea of finest Quality matures Pods only two or three Days later than the small-podded round-seeded Extra Earlys.

The vine has heavy stems with large, light-green leaves, and grows three feet high. It produces uniformly large pods, measuring from four to four and a half inches in length, nearly round, and well filled with very large handsome Peas of the finest flavor. The Peas remain tender and sweet for some time after they are large enough to use. Postpaid, pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 27c.; qt. 48c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. \$1.25; $\frac{1}{4}$ bu. \$2.40.

Nott's Excelsior

Best Early Dwarf Pea.

The Vines are Larger and More Vigorous than American Wonder, and Earlier and More Prolific than Premium Gem. The Peas in Sweetness and Quality are Unsurpassed. Postpaid, pkt. 7c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 95c.; $\frac{1}{4}$ bu. \$1.85.

McLean's Improved Little Gem

Remarkably Fine Early Dwarf Wrinkled Sweet Pea.

Vines grow about eighteen inches high, and are covered with long, well-filled pods, sweet, tender and well-flavored. Postpaid, pkt. 7c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 90c.; $\frac{1}{4}$ bu. \$1.75.

Thomas Laxton

The Newest Introduction in Extra Large Podded Sweet Wrinkled Peas.

The only rival to the Famous Gradus—as a long-podded extremely early wrinkled Pea. The growth is identical but the pods are a deeper, richer green and square at the end. In the opinion of some experts, Thomas Laxton is even sweeter and finer in flavor, while as the large Peas are of a deeper green they present a more attractive appearance on the table. The crop ripens only three to four days after Gradus. Postpaid, pkt. 8c.; $\frac{1}{2}$ pt. 15c.; pt. 26c.; qt. 45c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. \$1.20; $\frac{1}{4}$ bu. \$2.35.

Abundance

The Name Tells the Whole Story. Recognized Favorite for Home Consumption and Market Purposes.

A wonderfully productive sweet wrinkled Pea of exceptionally fine quality coming into market about one week later than the Extra Early varieties. Produces very thrifty vines 24 inches high that have tendency to branch out from roots increasing the yield many fold above the average. Pods form in clusters making very easy sort to pick, and are completely filled with from 6 to 8 large delicious Peas. Remember this is often substituted. Send to Buckbee for the Genuine Stock Seed. Postpaid, pkt. 5c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 35c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 80c.; $\frac{1}{4}$ bu. \$1.60.

Alderman

The Very Best Second Early Main Crop Variety.

This comparatively new Pea is, in many respects, the very best early main crop variety of the valuable Telephone type. The vines grow nearly five feet high, are dark green, vigorous and exceedingly productive. Pods very large, long, dark green, similar to Duke of Albany and about the same in season. The Peas are of largest size and unsurpassed in quality. Market gardeners are demanding the large podded, dark colored sorts which retain their fine appearance even after shipping a long distance. The Alderman answers these requirements and furthermore is the most productive variety of this class. We recommend it unreservedly. Postpaid, pkt. 7c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight not prepaid, $\frac{1}{2}$ bu. 95c.; $\frac{1}{4}$ bu. \$1.85.

BUCKBEE'S "FULL OF LIFE" PEAS

THE CREAM OF THE BEST LATE VARIETIES

THE ACKNOWLEDGED WORLD BEATERS

Buckbee's Mammoth Podded Sugar Marrowfat

A Very Superior Variety for General or Late Crop—The Pure Cream of Late Peas. Here is a Pea par excellence for the home garden—a big money maker for the market gardener—and a highly profitable shipping variety for the professional Pea Growers. For delicious sugary flavor this wonderful Pea surpasses them all. Extremely prolific out yielding any known sort. Pods are 5 to 6 inches long and the photograph from nature on this page shows how completely they are filled with superlative quality Peas. Vines grow about 4 feet high; should be bushed for best results, although great results are obtained without. I have harvested a fine crop of the choicest seed of Buckbee's Mammoth Podded Sugar Marrowfat Peas the past season and will put the price within the reach of all. Order early. Postpaid, pkt. 7c.; $\frac{1}{2}$ pt. 12c.; pt. 20c.; qt. 35c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 75c.; $\frac{1}{4}$ bu. \$1.40.

Telephone Improved

The Most Valuable Late Sweet Wrinkled Pea.

The Telephone has become the leading Pea with market gardeners whose trade appreciate fine appearance and high quality. Vines vigorous, growing about four feet high, producing an abundance of very large pods filled with immense Peas, which are tender, sweet and of excellent flavor. The stock we offer has been carefully selected and is very prolific. Postpaid, pkt. 6c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 95c.; $\frac{1}{4}$ bu. \$1.85.

Grant's Favorite

You Never Ate a Better Pea.

This new variety of my own introduction is unquestionably the finest medium and late Pea ever offered, coming into use just after the early varieties are through bearing. Luxuriant grower, from three to four feet high. The pods are of good size, and always well filled with exceptionally sweet and highly flavored Peas. It is nearly an upright grower, but will do better if staked or planted along a fence. Postpaid, pkt. 6c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 95c.; $\frac{1}{4}$ bu. \$1.85.

Yorkshire Hero

One of the Very Best Main Crop or Late Wrinkled Peas.

Vines stout, about two and one-half feet high, bearing at the top a number of broad pods filled with large Peas that remain a long time in condition for use and which never become as hard as most sorts. The Peas are of fine quality and will be preferred to any other by those who like a rich, marrow-like Pea. Seed large, wrinkled and flattened. Postpaid, pkt. 5c.; $\frac{1}{2}$ pt. 10c.; pt. 18c.; qt. 35c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 80c.; $\frac{1}{4}$ bu. \$1.50.

Buckbee's New Vigorosa

Immense Cropper—Sweet and Sugary.

This grand, exceptionally good new Pea is, beyond doubt, the best second early variety ever introduced; Peas attaining the length of 7 inches and upwards closely packed with large, broad, dark green Peas of exceptionally fine sweet flavor. It is of upright growth, no bushing required, the vine growing up to about 30 inches tall. Buckbee's New Vigorosa ranks first and has no rival when it comes to quality or productiveness. Those of my customers who have tried this new Pea say it is even better than I represent it to be. Send to BUCKBEE for Originator's Choice Stock Seed. Postpaid, pkt. 7c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 90c.; $\frac{1}{4}$ bu. \$1.75.

Improved Stratagem

High Grade Standard Late Pea.

One of the best of the large-podded sorts. The pods are of immense size and uniformly filled with very large dark green Peas of the finest quality. All the good qualities of the old Stratagem are highly developed in my Improved, and it is vastly superior to the stocks now generally sold as Stratagem. Vine medium height, but very stocky; requires no support. Postpaid, pkt. 6c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 95c.; $\frac{1}{4}$ bu. \$1.85.

Buckbee's New Mammoth Melting Sugar

The Wonderful Edible Podded Pea.

This new variety is far superior to all other edible Podded Peas not only in size of pods, but also in delicious quality in which the large, sweet, brittle and succulent pods have none of the tough interlinings found in the ordinary varieties of Garden Peas. They are used in the same way as the Snap or String Beans, not being shelled, but the pod and Peas all being eaten. Peas are very large, sweet, smooth, extremely tender, so brittle that they snap, absolutely without any string and of the most delicious flavor. Vines are tall, reaching a height of five or six feet and do much better if supported. The full grown pods are six to seven inches long and $1\frac{1}{2}$ inch broad and are produced continuously for a considerable period. Postpaid, large packet, 8c.; $\frac{1}{2}$ pt. 15c.; pt. 25c.; qt. 40c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 90c.; $\frac{1}{4}$ bu. \$1.75.

Improved Champion of England

The Standard Sweet Flavored Late Wrinkled Pea.

Very productive and universally admitted to be one of the richest and best flavored Peas. Height four to five feet; seed light green and much shriveled. Very inferior and mixed stocks of this sort are frequently offered but when the seed is as well grown and selected as that we offer, we consider the variety equal in quality to any in cultivation and one of the best of its season, either for the amateur or market gardener. Postpaid, pkt. 5c.; $\frac{1}{2}$ pt. 10c.; pt. 18c.; qt. 35c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 80c.; $\frac{1}{4}$ bu. \$1.50.

Large White Marrowfat

Cultivated extensively for the Summer crop. About 5 feet high, of strong growth. Postpaid, pkt. 5c.; $\frac{1}{2}$ pt. 8c.; pt. 15c.; qt. 28c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 45c.; $\frac{1}{4}$ bu. 80c.

Large Black Eyed Marrowfat

Largest of the marrowfats, with a distinct black eye. Vines grow about 5 feet high. Postpaid, pkt. 5c.; $\frac{1}{2}$ pt. 8c.; pt. 15c.; qt. 25c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 75c.

MONEY IN PEAS
Nothing Pays Better or Gives Quicker Returns than Buckbee's Pedigreed "Full of Life" Peas. They always bring Top Notch Prices on any Market.

BUCKBEE'S "Full of Life" PUMPKINS

German, KUERBIS; French, COURGE; Spanish, COLA BAZA; Swedish, PUMPA

BUCKBEE'S KING OF THE MAMMOTHS—Wonderfully grand and colossal variety, astonishing everyone by its mammoth size and heavy weight. Think of it—a single Pumpkin weighing 469 pounds! Many of my customers saw this specimen on exhibition at the World Fair. King of the Mammoths is always a prize winner at fairs and exhibitions. Notwithstanding its enormous size, it is one of the best pie and table varieties grown. A splendid keeper, and exceptionally valuable for feeding purposes. I control the complete stock of this variety. Send to Buckbee for true stock seed. I do not save seed from specimens weighing less than 200 pounds. Pkt. 10c.; oz. 20c.; 2 oz. 35c.; ½ lb. 50c.; ½ lb. 90c.; lb. \$1.75.

BUCKBEE'S KING OF THE MAMMOTHS

469 LBS.

BUCKBEE'S PURE GOLD—Acknowledged by all the best field Pumpkin, either for growing with corn or in fields by itself. Excels for feeding stock, and, best of all, makes the most delicious Pumpkin pies. Deep, rich, creamy yellow color, flesh fine grained and of excellent flavor. Choice stock seed, by mail, postpaid, oz. 5c.; ½ lb. 15c.; ¼ lb. 25c.; lb. 40c. By express or Freight, at buyer's expense, 5 lbs. \$1.50; 10 lbs. \$2.75.

BUCKBEE'S NEW SANDWICH ISLAND—A splendid variety, coming from a remote section of the Sandwich Islands, where by chance my representative found it: it has created a great furor in its new home. Remarkably distinct in every way, of fine size, very prolific bearer, and deliciously thick flesh. An excellent keeper. Seed of my own growth. Pkt. 5c. oz. 15c.; 2 oz. 25c.; ½ lb. 35c.; ½ lb. 60c.; lb. \$1.00.

BUCKBEE'S TRUE SUGAR PIE—A particularly fine orange-colored sort, remarkably sweet, fine grained and dry. Keeps well, and cannot be beat for table use. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ½ lb. 25c.; ¼ lb. 40c.; lb. 75c.

TENNESSEE SWEET POTATO—A magnificent pear-shaped variety of fine size, a little ribbed; color creamy white, sometimes striped with green. Has no superior for making pies and custards; when cooked it has somewhat the appearance of sweet potatoes, but of more delicious taste. Flesh thick, creamy white, remarkably fine grained, dry and brittle, hardy and productive, and keeps perfectly sound until late in the Spring. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; ½ lb. 35c.

WESTERN FIELD—Sometimes called Big Tom or Connecticut Field. One of the best varieties for field purposes, particularly desirable for stock feeding. Grows to a fine size. Color rich yellow, flesh fine grained, of good flavor. Postpaid, lb. 35c. By Express or Freight, at buyer's expense, 5 lbs. \$1.25; 10 lbs. \$2.25.

BUCKBEE'S "Full of Life" RADISHES

German, RETTIG RADIESCHEN; French, RADIS RAVE, PETITE RAVE; Spanish, RABANO; Swedish, RATTIKOR.

QUALITY
NOTHING BUT
QUALITY

Buckbee's Rockford Beauty

Handsome and Best

Originated on Rockford Seed Farms. Very early, deep scarlet color with dainty white tip. Flesh crystal white, tender and crisp. I control the entire stock of this variety. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; 1/4 lb. 30c.; 1/2 lb. 50c.; lb. 90c.

New Rosy Gem

One of the Handsomest Turnip Radishes

One of the handsomest Turnip Radishes, and will give entire satisfaction where extreme earliness is not the primary object. Roots slightly flattened on the under side; color very dark scarlet with a white tip; flesh white and of the best quality. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 35c.; lb. 60c.

Buckbee's Rapid Forcing

The Earliest of all Red Radishes

Quick growth is one of the main essentials for a crisp and tender Radish. Matures in about 14 days. The flesh is pure white, crisp and of very pleasant flavor, the skin is a most attractive bright scarlet. The leaves are very short which admits of close sowing. Remember that I control the entire stock of this variety. Pkt. 5c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

New Golden Dresden

A Favorite with Market Gardeners

It has proved a universal favorite everywhere. Matures in less than 30 days. Flesh pure white, crisp, juicy and of the finest flavor. Skin of beautiful golden russet color. Market gardeners can either grow this variety in the open ground or force it, and be sure of an early, perfect and uniform crop. Unexcelled for the home garden. Pkt. 5c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

Earliest White Turnip

A Favorite Standard Variety

Very handsome sort, of extremely quick growth; sweet, juicy and tender. Beautiful ivory white color; flesh, pure white. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 30c.; lb. 50c.

Earliest Scarlet Turnip White Tip

A very fine strain of this well-known kind; even in size, smooth, fine bright scarlet, with clean white tips. Exceptionally early, fine for forcing or market purposes. A good variety. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 30c.; lb. 50c.

New Rosy Gem Radish.

New Early Red King.

Buckbee's Rapid Forcing Radish.

Crimson Giant Globe

Sweet, Crisp, Juicy, Mild; Wonderful Yields, Beautiful Color, Uniform Size.

This Radish is an entirely new type and differs radically from all varieties hitherto in cultivation, in so far as its roots attain more than double the size of those of other forcing varieties without getting pithy or hollow. It is very early notwithstanding its size. Color crimson, flesh pure white, of the best quality. Fine for outdoors and forcing. The seed should be sown very thinly to permit full development of the roots. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; 1/4 lb. 30c.; 1/2 lb. 50c.; lb. 80c.

Buckbee's New Early Red King

The Earliest and Best.

This new variety is my own production and is one of the earliest ever grown. It is of small size; just right for the purpose; beautiful dark red skin; ivory white flesh; extremely mild and sweet flavor; retains its crispness even after quite old and never becomes pithy. Pkt. 5c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

Buckbee's Crystal Forcing

The Best and Quickest White Radish

Without an equal—Matures in 14 days. Pure snow white in color—fairly crystal—so clear and transparent. Nothing is more tempting and pleasing than a combination of Buckbee's Crystal Forcing and Buckbee's Rapid Forcing when arranged in market or on the table. Pkt. 5c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

New White Dresden

When planted under ordinary conditions the first of May it is ready for the table the first of June. The tops are small and admit of the closest planting. The Radishes are perfectly round and smooth. The flesh is crisp, white, juicy and of the finest flavor. Pkt. 5c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

Earliest Scarlet Turnip

The Famous Standard Variety

One of the earliest, finest, juiciest, tenderest, sweetest and best Radishes for early use grown. Rich red color; flesh white. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 30c.; lb. 50c.

New Leafless

The extra early forcing Radishes lately introduced are remarkable for the small size of their leaves; they develop their roots in so short a time that the latter are practically in advance of the leaves. The seed leaves, which are noted for great development from the start, are the only green parts to be seen on the plants until the bulbs are almost large enough for pulling. The roots are of the shape and color of our Rapid Forcing Radish. Pkt. 5c.; oz. 10c.; 2 oz. 18c.; 1/4 lb. 30c.; 1/2 lb. 50c.; lb. 90c.

BUCKBEE'S "Full of Life" RADISHES

French Breakfast.

Buckbee's Rockford Market A WORLD BEATER AMONG RADISHES The Best Long Early Radish

The extraordinary earliness is remarkable in view of the fact that it grows to such a fine size. The shape is regular, smooth and nearly conical, being intermediate between the half long and extra long sorts. In brightness of color it is quite unique, being the handsomest scarlet I have yet seen in a Radish, and tipped at the end of the roots with just enough white to present an ideal appearance. Crisp, tender and juicy. Pkt. 5c.; oz. 10c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

Improved French Breakfast

A medium sized Radish, olive shaped, small top, of quick growth, very crisp and tender, of a beautiful scarlet color, except near the tip which is pure white. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 35c.; lb. 60c.

Early Long Brightest Scarlet

An improvement in earliness and color over other varieties. Roots ready for use in about twenty-five days when planted outdoors. It has a small top. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 30c.; lb. 50c.

Early Scarlet Olive Shaped

In the form of an olive, terminating in very slim tap root. Skin scarlet; neck small; flesh rose colored, tender and excellent. Early, good for forcing and general crop. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 30c.; lb. 50c.

Early White Olive Shaped

Different from the Scarlet Olive Shaped in color and being a little longer. Clear white, crisp and mild flavored. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 30c.; lb. 50c.

SUMMER RADISHES

GOLDEN SUMMER TURNIP—It is perfectly round in shape; neck is finer, leaves smaller and color brighter than the old Yellow Turnip Radish. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 30c.; lb. 50c.

GRAY SUMMER TURNIP—Round, turnip-shaped. The skin on the upper part is mottled with greenish brown. Flesh mild, of greenish white color. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 30c.; lb. 50c.

WHITE STRASBURG—This grows to the largest size and is usable when quite small, thus covering a long season. Four to five inches long and about two inches thick. Very white, crisp and tender. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 30c.; lb. 50c.

WINTER RADISHES

CHINESE ROSE—Standard Variety—Bright rose color; flesh firm, crisp, tender, quite pungent. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 35c.; lb. 60c.

MAMMOTH CELESTIAL—Roots frequently grow 14 to 18 inches in length and 6 to 8 inches in diameter. Skin and flesh pure paper white; very tender, crisp, juicy, mild. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

CALIFORNIA MAMMOTH WHITE—Pure white about 1 foot long and 2 or 3 inches through. Flesh tender and crisp. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 35c.; lb. 60c.

ROUND BLACK SPANISH—Skin black, flesh white; highly flavored. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 35c.; lb. 60c.

LONG BLACK SPANISH—An excellent sort for winter use. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 35c.; lb. 60c.

RADISH MIXTURES

Price each of the following varieties: Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 35c.; lb. 60c.

EARLIEST RADISHES MIXED—For family gardens, earliest varieties.

SUMMER RADISHES MIXED—For family gardens I offer a mixture of all summer varieties.

WINTER RADISHES MIXED—Seed of the best white, black and rose-skinned varieties, which will produce all the best Radishes for Autumn and Winter use.

Buckbee's Improved Chartiers

A standard variety. The roots come to usable size very early, remaining hard and crisp three times as long as any other sort. Flesh, white, crisp and mild-flavored. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 30c.; lb. 50c.

New "Icicle"

Entirely distinct, long, slender, pure white. Earliest and finest long white. Ready for use as early as the Long Scarlet, with less foliage, rendering it most desirable for forcing. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 35c.; lb. 60c.

New Triumph (Speckled Beauty)

The flesh is very crisp and solid and of mild, pleasing flavor. Its most attractive and distinctive feature, however, is the unique color of the skin. The ground color is beautiful ivory white, striped horizontally and splashed with bright scarlet. Pkt. 5c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

Half Long Deep Scarlet

A brilliant deep, rich red color and half long, with a somewhat tapering point; the flesh is very white, crisp and tender, and holds its juiciness well, not becoming pithy till overgrown. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 30c.; lb. 50c.

New White Lady Finger

Beautiful in shape and the skin and flesh are pure snow white. Crisp, brittle, and of rapid growth. Order early. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 20c.; 1/2 lb. 30c.; lb. 50c.

CHINESE ROSE

New Triumph Speckled Beauty.

Buckbee's Rockford Market.

Splendid Bargains in BUCKBEE'S "Full-of-Life" Seeds.

SALSIFY

German, HAFERWURZEL; French, SALSIFIS; Spanish, SALSIFI BLAMCO.

This really delicious vegetable should be more generally grown. It surpasses for table use, both parsnips and carrots, acquiring, after a good frosting, a decided oyster flavor. The roots should be left in the ground to be dug up during thaws in the Winter and Spring. Salsify is boiled like parsnips or carrots, or is half-boiled and grated, then made into balls which are dipped into batter and fried like oysters.

BUCKBEE'S ALL AMERICA—By Far the Very Best Salsify—A truly American variety of the highest merit. Introduced in 1908 and sprang into immediate popularity. The long, white tapering roots are of the most superior quality, excelling by far any variety now on the market. Pkt. 10c.; oz. 15c.; 2 oz. 25c.; ½ lb. 40c.; ¼ lb. 75c.; lb. \$1.25.

MAMMOTH SANDWICH ISLAND—Of extra large size, in every way preferable to the older varieties, being larger, stronger growing, and less liable to branch. Invaluable to market gardeners. Pkt. 4c.; oz. 10c.; 2 oz. 16c.; ¼ lb. 30c.; ½ lb. 50c.; lb. 90c.

LONG WHITE—This is a well-known and standard variety that has stood the test of time. Pkt. 3c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 45c.; lb. 80c.

SCORZONERA OR BLACK SALSIFY—Considered by many better than White Salsify. Somewhat harder to raise, although cultivated the same. Pkt. 5c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 45c.; ½ lb. 80c.; lb. \$1.50.

SWISS CHARD or Summer Spinach

LARGE RIBBED WHITE—Also called Silver Beet and Sea Kale Beet—This is grown for its leaves only. The middle of the leaves or midrib is cooked and served like asparagus. The other portions of the leaf may be used like spinach. The seed should be sown in Spring, in drills a foot apart. This does not make a large root, but is a delicious Summer vegetable when cut young and used for "greens." Pkt. 4c. oz. 7c.; 2 oz. 12c.; ¼ lb. 20c.; ½ lb. 35c.; lb. 60c.

LUCULLUS—This grand new and distinct variety is a great acquisition. The stalks are as thick and broad as rhubarb. The plants grow to a height of from 2 to 2½ feet, and the stalks are from 10 to 12 inches long below the leaf and 1½ inches broad and are delicious when cooked and should be served in the same manner as asparagus. Pkt. 5c.; oz. 12c.; 2 oz. 20c.; ¼ lb. 35c.; ½ lb. 60c.; lb. \$1.00, postpaid.

BUCKBEE'S LONG STANDING

New Zealand Spinach.

Swiss Chard, or Summer Spinach.

SPINACH

German, SPINAT; French, EPINARD; Spanish, ESPINACO.

BUCKBEE'S NEW LONG SEASON—An improved round-seeded strain of excellent merit, having all the good qualities of the ordinary sorts and continuing in condition for use much longer. The leaves are smooth and very dark rich green. Pkt. 5c.; oz. 8c.; 2 oz. 12c.; ¼ lb. 15c.; ½ lb. 25c.; lb. 40c.; 4 lbs. \$1.50, postpaid.

VICTORIA—Large, exceedingly thick leaf, which is somewhat savoyed in the center. For market or the private garden. Pkt. 2c.; oz. 4c.; 2 oz. 7c.; ¼ lb. 10c.; ½ lb. 18c.; lb. 30c.; 4 lbs. \$1.00, postpaid.

IMPROVED ROUND SUMMER BROAD-LEAF—Excellent for early Spring sowing. Leaves large, thick and fleshy. Pkt. 2c.; oz. 4c.; 2 oz. 7c.; ¼ lb. 10c.; ½ lb. 18c.; lb. 30c.; 4 lbs. \$1.00, postpaid.

NEW ZEALAND—An exceptionally fine variety available for use during the hottest months of the year. Quite different from any other Spinach, and one of the best sorts ever introduced. Large Pkt. 5c.; oz. 10c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; lb. 75c.

SAVOY LEAFED—Often called Norfolk Savoy. Leaves are numerous, succulent, curled and wrinkled like Savoy Cabbage. Produces nearly twice the weight of crop as the ordinary sorts. Pkt. 2c.; oz. 4c.; 2 oz. 7c.; ¼ lb. 10c.; ½ lb. 18c.; lb. 30c.; 4 lbs. \$1.00, postpaid.

MONSTROUS VIROFLAY—Strong, quick grower, immense yielder. Leaves handsome in appearance and deservedly popular everywhere. Pkt. 2c.; oz. 4c.; 2 oz. 7c.; ¼ lb. 10c.; ½ lb. 18c.; lb. 30c.; 4 lbs. \$1.00, postpaid.

IMPROVED THICK LEAVED—Grows very rapidly, forming a cluster of large, very thick, slightly savoyed leaves of fine color. Pkt. 2c.; oz. 4c.; 2 oz. 7c.; ¼ lb. 10c.; ½ lb. 18c.; lb. 30c.; 4 lbs. \$1.00, postpaid.

PRICKLY WINTER—Hardy variety. The seed is prickly, leaves triangular. Pkt. 2c.; oz. 4c.; 2 oz. 7c.; ¼ lb. 10c.; ½ lb. 18c.; lb. 30c.; 4 lbs. \$1.00, postpaid.

LONG STANDING PRICKLY—Matures a little later than the round leaved sorts, but furnish a large quantity of thick and well flavored leaves. Prickly seed. Pkt. 2c.; oz. 4c.; 2 oz. 7c.; ¼ lb. 10c.; ½ lb. 18c.; lb. 30c.; 4 lbs. \$1.00, postpaid.

SORREL

German, SAUERAMPFER; French, OSEILLE
LARGE-LEAVED GARDEN—The best garden variety, having large pale green leaves of fine quality. Pkt. 4c.; oz. 10c.; 2 oz. 18c.; ¼ lb. 30c.; ½ lb. 55c.; lb. \$1.00.

Mammoth White Bush.

OUR PRICES ARE LOW—
OUR STOCK THE BEST

BUCKBEE'S "FULL OF LIFE" SQUASH

New Giant Summer Crookneck.

Faxon's New Brazilian.

QUALITY NOTHING BUT QUALITY

FAXON'S NEW BRAZILIAN

Its valuable points are earliness, long-keeping and high table qualities. Dry and rich, without regard to the size; something entirely different in this respect from any other Squash. We recommend it to all for general use in the home garden. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

BUCKBEE'S NEW MAMMOTH WHITE BUSH

Scalloped or Improved Patty-Pan. Great improvement over the Early White Bush. Very uniform in shape and wonderfully prolific. Fit to use very early, of a beautiful white color, and grows to a large size—twelve to fifteen inches across. Valuable alike for family and market purposes. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

BUCKBEE'S NEW GIANT SUMMER CROOKNECK

Twice as large as the ordinary Crookneck, more warty and earlier. This combination makes it the most desirable for the market or private garden. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 28c.; 1/2 lb. 50c.; lb. 90c.

EARLY GOLDEN SUMMER CROOKNECK

The fruit is similar in size and shape to Giant Crookneck, and of a beautiful ivory white color, and unsurpassed in quality. We recommend this sort as the most beautiful and one of the very best of the Summer varieties. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

MAMMOTH EARLY GOLDEN CUSTARD

Or Yellow Early Bush, Scalloped

Standard early Summer variety, nice to use in its green state and valuable for making pies when it has attained full size. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 70c.

PERFECT GEM

This variety is equally desirable either as a Summer or Winter Squash, and in every respect is true to its name—a Perfect Gem. Everybody who has grown and used it speaks in the highest terms of its many good qualities. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 28c.; 1/2 lb. 50c.; lb. 90c.

NEW DELICATA

Extremely early, very prolific; the ground color being splashed and striped with very dark green. The quality is rich and dry. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

NEW TURBAN

Sometimes called Essex Hybrid. A distinct and valuable Fall and Winter variety. Flesh is dry, sweet and thick, of a bright orange color. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 28c.; 1/2 lb. 50c.; lb. 90c.

NEW FORDHOOK

Fine Winter variety. Color bright yellow shade outside and lighter shade inside; flesh dry and sweet and keeps perfectly sound until Spring. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 28c.; 1/2 lb. 50c.; lb. 90c.

PIKE'S PEAK, OR SIBLEY

One of the best keepers. Flesh solid, thick, sweet; orange color. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 28c.; 1/2 lb. 50c.; lb. 90c.

BOSTON MARROW

A desirable Fall and Winter variety, very popular everywhere. Of oval form; skin thin; when ripe, bright orange mottled with light cream color; flesh rich salmon yellow. Pkt. 4c.; oz. 7c.; 2 oz. 12c.; 1/4 lb. 22c.; 1/2 lb. 35c.; lb. 60c.

Clarence Barrett, R. R. 28, Coscot, Fairfield Co., Conn., writes: "Your seeds never disappoint. That is the way I have found them for the last fifteen years."

New Delicata.

New Golden Hubbard.

Boston Marrow.

BUCKBEE'S IMPROVED HUBBARD

The Grand Old Favorite. This is a superior selection of this famous variety. Flesh bright orange yellow, fine grained, very dry, sweet and rich flavored. Keeps perfectly good throughout the Winter. Our stock is most carefully selected with regard to quality of the flesh and color and warty-ness of the shell, but the latter peculiarities are largely determined by the soils in which the Squashes are raised. Our customers can plant this variety in perfect confidence that every fruit will be a pure Hubbard. Send to Buckbee for the best seed. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

BLUE HUBBARD, OR MARBLEHEAD

The Famous Standard Variety. Without question this is one of the best Fall and Winter varieties. Flesh bright, creamy yellow, fine grained, very dry, sweet and delightfully flavored; keeps splendidly throughout the Winter. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 28c.; 1/2 lb. 50c.; lb. 90c.

CHICAGO WARTED HUBBARD

The Leader in many Markets. Our strain of the above will produce what we consider the Ideal Hubbard for home or for market. For thirty or forty years this Squash has ranked first for a Winter keeper. It is shipped thousands of miles in car-load lots from West to East every year. Choicest Stock Seed of our own growing. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 25c.; 1/2 lb. 40c.; lb. 75c.

NEW GOLDEN HUBBARD

The one variety of Squash that is never troubled by Bugs

Justly Popular Wherever and Whenever Grown. This is a true Hubbard Squash, Except in Color, which is bright Golden. It ripens its crop very early. The fruits are very uniform in size, weighing from six to eight pounds, and in shape are like the Hubbard. Though maturing early they are wonderfully long keepers, so they can be held over in good condition for Spring use. The shell is warty, hard and strong, and a very beautiful orange red color, except for a bit of olive green on the blossom end. The flesh is a deep orange, and uniformly so to the end, never having the green tinge so objectionable in other sorts. It cooks very dry, fine grained and good flavored. Has no superior as a table Squash. Pkt. 5c.; oz. 8c.; 2 oz. 15c.; 1/4 lb. 28c.; 1/2 lb. 55c.; lb. \$1.00.

BUCKBEE'S IMPROVED HUBBARD SQUASH

PRODUCTIVE EARLY BEAUTIFUL GOOD

CHILIAN GIANT
The Heavyweight of the Squash Family

The Largest of All. Single specimens have grown to the enormous weight of 300 pounds. Outer color a rich orange yellow; flesh very thick and of rich yellow color; quality good, very nutritious, making it exceptionally valuable for all family and market purposes. Its size makes it profitable to grow for stock feeding also. Pkt. 4c.; oz. 15c.; 2 oz. 25c.; 1/4 lb. 40c.; 1/2 lb. 75c.; lb. \$1.35.

Buckbee's Beefsteak

THE KING OF ALL TOMATOES

NOTHING in the way of a Tomato Creation has ever achieved, in so short a time, the tremendously excellent reputation that has come to Buckbee's Beefsteak. Growers from every section of the wide world have sent in unsolicited praise, and the tests to which they have subjected it leave no room for doubt that it has all the qualities required in a Tomato.

Matures Early	Handsome Color,
Hardy Grower,	The Best Keeper.
A Splendid Shipper,	Large Size,
Enormously Productive,	Best of All.

THE WORLD'S ONE UNBEATABLE TOMATO

My price to one and all for my own growth, choices: Northern-grown pedigree stock seed will be: Pkt. 10c.; 3 pkts. 25c.; 1/2 oz. 35c.; oz. 60c.; 1/4 lb. \$2.00; 1/2 lb. \$3.50; lb. \$6.00. Packets are liberal, containing 100 seeds or more.

I supplied over 150000 of my customers with Buckbee's Beefsteak Tomato Seed last year—an increase of 35% over the year previous.—This speaks for itself, and substantiates my claim that Buckbee's Beefsteak is the "King of All Tomatoes."

BUCKBEE'S NEW EARLY JUNE PINK

An extra early purple fruited Tomato similar to the popular Scarlet fruited Earliana in growth of vine, shape and size of fruit and time of maturing. This is of exceptional value to market gardeners who want an early, purple fruited Tomato, either for home market or to ship; also desirable for planting under glass. Pkt. 8c.; oz. 35c.; 2 oz. 60c.; 1/4 lb. \$1.00; 1/2 lb. \$1.75; lb. \$3.00.

LIVINGSTON'S GLOBE

A new, very large, purple fruited Tomato of excellent quality. Fruits rather uneven in size, but very smooth and mature earlier than most main crop sorts. The average Tomato is very deep, almost globe-shaped. Pkt. 5c.; oz. 35c.; 2 oz. 60c.; 1/4 lb. \$1.00; 1/2 lb. \$1.75; lb. \$3.00.

FAVORITE

Fine medium, having numerous clusters of three to seven large Tomatoes of a dark red color. Flesh very firm. Pkt. 3c.; oz. 16c.; 2 oz. 30c.; 1/4 lb. 50c.; 1/2 lb. 90c.; lb. \$1.75.

PONDEROSA, or No. 400

Shape Perfect, Size Massive, Extra Prolific, Early and Late, Quality High.

Monster Tomatoes, often weighing two to three pounds each; rich, bright crimson; solid meat, exceptionally free from seed; delicious flavor, raw or cooked; a single Tomato enough for a meal. Very desirable for family and market purposes. Pkt. 5c.; oz. 35c.; 2 oz. 60c.; 1/4 lb. \$1.00; 1/2 lb. \$1.75; lb. \$3.00.

MIKADO or TURNER'S HYBRID

Very large purple Tomato. Average weight is not less than twelve ounces. Vines long, coarse growing, with leaves entire, like those of Potato Plant. Fruit extremely large, rough, solid, with few seeds. Pkt. 4c.; oz. 18c.; 2 oz. 35c.; 1/4 lb. 60c.; 1/2 lb. \$1.10; lb. \$2.00.

NEW MAGNUS

A variety of recent introduction. Producing purple fruit of the largest size, much smoother than most of the large-fruited sorts, and matures earlier. Pkt. 4c.; oz. 16c.; 2 oz. 30c.; 1/4 lb. 55c.; 1/2 lb. \$1.00; lb. \$1.90.

BUCKEYE STATE

Fruit is uniformly large, solid and ripened to the stem, and it is one of the brightest colored of the large red Tomatoes. Pkt. 4c.; oz. 16c.; 2 oz. 30c.; 1/4 lb. 55c.; 1/2 lb. \$1.00; lb. \$1.90.

OPTIMUS

Vine medium size, but vigorous, healthy, productive. Fruit medium size, oval, very smooth and exceedingly bright, crimson-scarlet color, the flesh is of a crimson-scarlet color, and quite distinct. Pkt. 3c.; oz. 16c.; 2 oz. 30c.; 1/4 lb. 50c.; 1/2 lb. 90c.; lb. \$1.75.

PARAGON

A fine variety, quite early; extremely productive. Tomatoes are a beautiful bright red color; of good size, very smooth and exceptionally solid. Pkt. 3c.; oz. 16c.; 2 oz. 30c.; 1/4 lb. 50c.; 1/2 lb. 90c.; lb. \$1.75.

BUCKBEE'S SPOT CASH—The Latest Success in Tomatoes

A variety introduced by us, and we believe the best table Tomato, at least as far as quality is concerned. Vine medium size, but vigorous, healthy and productive. Although not represented as a first early sort, many of our customers report that they have obtained ripe fruit from this as early as from any sort, and it proves to be one of the best varieties known for forcing. Fruit medium sized, oval, very smooth and of exceedingly bright crimson scarlet color; very free from cracks, and rotting but little. The flesh is of a crimson scarlet color, quite distinct. It is also one of the best in flavor, and entirely free from the hard spots found in so many others. Spot Cash is not only one of the best for home use and market, but one of the best canning Tomatoes. Pkt. 5c.; oz. 35c.; 2 oz. 60c.; 1/4 lb. 90c.; 1/2 lb. \$1.50; lb. \$2.50.

BUCKBEE'S PROSPERITY

Prosperity is a Tomato of sterling worth; one that is bound to please. IT IS EARLY. IT IS A SPLENDID KEEPER. IT IS AN ENORMOUS YIELDER. COLOR BRIGHT RED. Large perfect fruit, excellent keeper and fine shipper. Next to Buckbee's Beefsteak it is the finest variety ever grown and offered; in fact, I consider Prosperity to be practically invaluable for the home garden, market garden or for shipping purposes. It has fine size combined with superb quality, and is destined to remain immensely popular. Pkt. 10c.; 1/2 oz. 25c.; oz. 40c.; 2 oz. 75c.; 1/4 lb. \$1.25; 1/2 lb. \$2.00; lb. \$3.50.

EARLY DWARF CHAMPION

The dwarf habit and upright tree-like growth permit close planting. Hard to beat for home use. Color purplish pink. Fruit smooth, symmetrical, solid and meaty. A deservedly great favorite. Those who grow Tomato plants to sell will find Early Dwarf Champion highly profitable, the compact growth of the young plants commending them to buyers. Pkt. 4c.; oz. 25c.; 2 oz. 40c.; 1/4 lb. 75c.; 1/2 lb. \$1.35; lb. \$2.50.

TROPHY—Improved Large Red

Fruit large and smooth, of bright red color, solid and good flavor. Pkt. 3c.; oz. 16c.; 2 oz. 30c.; 1/4 lb. 50c.; 1/2 lb. 90c.; lb. \$1.75.

HONOR BRIGHT

A New, Bright Red Variety. Its Table Qualities are Superb, the flesh when ripe being tender and melting. It Never Rots, and is a heavy yielder. Pkt. 5c.; oz. 20c.; 2 oz. 35c.; 1/4 lb. 65c.; 1/2 lb. \$1.25; lb. \$2.25.

PERFECTION

It is shaped like the Acme; perfectly smooth and blood red in color; heavy cropper. Pkt. 4c.; oz. 16c.; 2 oz. 30c.; 1/4 lb. 50c.; 1/2 lb. 90c.; lb. \$1.75.

QUALITY
NOTHING BUT
QUALITY

Buckbee's Prosperity.

BUCKBEE'S "FULL OF LIFE" TOMATOES

Buckbee's "Full of Life" Tomato Seed is grown on Rockford Seed Farms and is saved from the very finest fruits. No higher grade of Seed is obtainable anywhere and our prices are very moderate considering the quality of our stock.

BUCKBEE'S EARLIEST MARKET

Buckbee's Earliest Market—A variety bearing fruit which in size, shape, color, solidity and quality compares favorably with the noted later kinds, and by repeated trials at Rockford Seed Farms and elsewhere has demonstrated that it ripens up a larger portion of its crop the earliest of any variety Earliest Good Tomato. Gardeners and Tomato fanciers will readily see the advantage obtained over their competitors by growing Buckbee's Earliest Market. We do not hesitate to pronounce it the largest, smoothest, best flavored and highest colored extra early Tomato. Vine medium size, leaved just enough to protect the fruit, which is produced in abundant clusters reasonably low down on the stem and ripening all together. Pkt. 10c.; ½ oz. 20c.; oz. 35c.; 2 oz. 60c.; ¼ lb. \$1.00; ½ lb. \$1.75; lb. \$3.00

NEW EARLIANA

An extremely smooth, bright red Tomato of good size and flavor. Is among the very first ready for the market, and not only remarkable for its earliness, but for its very large size, handsome shape and bright red color. Pkt. 5c.; oz. 35c.; 2 oz. 60c.; ¼ lb. 90c.; ½ lb. \$1.50; lb. \$2.50.

THE NEW STONE

(BUCKBEE'S IMPROVED STRAIN)

The Tomato for a Main Crop—Choicest Seed. I call this the king of the Livingston kinds, which are the best type of large, smooth, solid, "meaty" Tomatoes. Color fine scarlet, stem set high, core small and shallow, so that little is lost when it is taken out of the fruit before slicing. Pkt. 4c.; oz. 16c.; 2 oz. 30c.; ¼ lb. 50c.; ½ lb. 90c.; lb. \$1.75.

ROYAL RED

Fruit large, bright red, very uniform in size and shape and seldom cracks. Pkt. 4c.; oz. 16c.; 2 oz. 30c.; ¼ lb. 50c.; ½ lb. 90c.; lb. \$1.75.

EARLY ACME

One of the earliest and handsomest varieties. Medium size, perfectly smooth and regular; very solid fruit, borne profusely. Dark red with purplish tint. Pkt. 3c.; oz. 16c.; 2 oz. 30c.; ¼ lb. 50c.; ½ lb. 90c.; lb. \$1.75.

BUCKBEE'S GOLDEN PRIZE

New golden yellow sort. Flesh thick and of extra quality. Grows in clusters. Produces enormous crops. Even if you should be prejudiced against a yellow sort, this will please you. Pkt. 5c.; oz. 20c.; 2 oz. 35c.; ¼ lb. 60c.; ½ lb. \$1.10; lb. \$2.00.

MATCHLESS

This is the best large-fruited standard bright-red Tomato. Our original strain has been critically selected and developed by us for more than ten years. This selection has greatly improved the fruit, but greatly reduced the yield of seed, and our superb strain should not be compared with seed of this variety commonly offered at a low price. Good Size, Splendid Keeper. Pkt. 4c.; oz. 18c.; 2 oz. 30c.; ¼ lb. 50c.; ½ lb. 90c.; lb. \$1.75.

New Dwarf Giant.

BUCKBEE'S REGAL

EARLY, LARGE, HEAVY, SWEET, SMOOTH, ROUND. All the requisites for success are found in this Tomato—the very best.

In shape Buckbee's Regal is smooth, well formed and extremely deep from stem to blossom, making it unusually heavy. It ripens evenly to the stem, and is without ridges or cracks; it has great meatiness and few seeds. It is firm without being hard, an unrivaled home Tomato and an unequaled shipper. The vines are vigorous but compact. The joints are short and it always fruits in large clusters at about every second joint, which accounts for its wonderful productiveness. It is the heaviest for its size of any variety, and on account of its brilliant red color, depth and solidity, is one of the handsomest Tomatoes we have ever seen. Pkt. 10c.; ½ oz. 25c.; oz. 40c.; 2 oz. 75c.; ¼ lb. \$1.25; ½ lb. \$2.00; lb. \$3.50.

CHALK'S EARLY JEWELL

The largest, smoothest, and finest flavored extra early bright red Tomato. Within a week to ten days as early as Spark's Earliana, it is even a heavier cropper, with Tomatoes of a larger size and sweeter flavor,—produced continuously throughout the season. Fruits are very solid and deep through, being almost round or ball-shaped. Skin thin, but sufficiently strong to make it a good shipper. Northern-grown seed. Pkt. 5c.; oz. 35c.; 2 oz. 60c.; ¼ lb. 90c.; ½ lb. \$1.50; lb. \$2.50.

BEAUTY

I have been perfecting this to a larger, smoother fruit than the original stock, and think I have made it the smoothest and best of the large purple sorts. Vines large, vigorous and heavy bearers; fruit large, uniform, very smooth; color purplish pink, flesh light pink, excellent flavor. Pkt. 3c.; oz. 16c.; 2 oz. 30c.; ¼ lb. 50c.; ½ lb. 90c.; lb. \$1.75.

NEW "DWARF GIANT" TOMATO

THE LARGEST FRUITED OF ALL DWARF TOMATOES

The fruits are truly gigantic in size, and are uniformly large throughout the season. In fact, no other Tomato, excepting only the Ponderosa, which is one of its parents, is so large and heavy. The color is a rich purple-crimson and the depth of color is maintained throughout the entire fruit. The skin, while thin and easily removed in peeling, is sufficiently strong to protect the fruit when shipped to distant markets. The firm, fine-grained flesh extends to the very center, with no trace whatever of a core. It is entirely free from the sharp acid taste usually found in the dwarf Tomatoes. The growth of the plant, while dwarf, is very strong and vigorous; the color of the foliage is a dark healthy green. "Dwarf-Giant" is a mid-season or main-crop Tomato. The fruits ripen a week to ten days earlier than Ponderosa and the plants continue to mature the superb, "giant-solid" Tomatoes in abundance until frost. Pkt. 10c.; ½ oz. 25c.; oz. 45c.; 2 oz. 80c.; ¼ lb. \$1.50.

BUCKBEE'S SNOWBALL

THE NEW WHITE TOMATO

A grand new variety of recent introduction, which always gives the best of satisfaction. Color is pearly white inside skin nearly the same shade. Flavor unexcelled, flesh firm and solid. Almost a continual bearer coming into fruit early and yielding an abundance of fine Tomatoes throughout the season. No better variety can be found for table, pickling or canning purposes. Pkt. 5c.; ½ oz. 25c.; oz. 40c.; 2 oz. 75c.; ¼ lb. \$1.25.

BUCKBEE'S NEW TREE OR STATION TOMATO

This Tomato owes its wide popularity to its stiff, vigorous, upright growth, with fruit well above the soil, and to the earliness with which it reaches its maturity. In color the fruit is a purplish pink, and it is always round, smooth and symmetrical. Size medium. Table quality superior. A good shipper. One of the earliest and most profitable Tomatoes grown. The dark green wrinkled leaves bespeak a strong type. It is one of the best the so-called Tree Tomatoes, and everywhere recognized as a money-maker. Pkt. 10c.; ½ oz. 25c.; oz. 40c.; 2 oz. 75c.; ¼ lb. \$1.25.

BUCKBEE'S COUNTY FAIR

This magnificent sort of my own introduction certainly is in the lead of all other Tomatoes. In form and color the fruit resembles the Acme; it is always symmetrical and attractive in appearance; the skin tough and the flesh solid. The ripe fruits will keep in excellent condition for considerable time; when sliced, they present a solid meaty center with small seed-cells and of particularly fine, rich flavor. Never requiring any support, but always standing up like a tree. Pkt. 10c.; ½ oz. 25c.; oz. 45c.; 2 oz. 80c.; ¼ lb. \$1.50.

BUCKBEE'S STATE FAIR

Resembles Buckbee's County Fair except the color of its fruit which is beautiful glossy red. Its size, solidity, productiveness, smoothness, flavor of its fruit, etc., is unexcelled. Pkt. 10c.; ½ oz. 25c.; oz. 40c.; 2 oz. 75c.; ¼ lb. \$1.25.

BUCKBEE'S WORLD'S FAIR

In every way similar to the above varieties, differing only in the color of the fruit, which is a beautiful golden yellow shade, the richest shade by far yet attained by any variety. Pkt. 10c.; ½ oz. 25c.; oz. 40c.; 2 oz. 75c.; ¼ lb. \$1.25.

MANSFIELD TREE, OR MAMMOTH PRIZE

This wonderful variety grows from 10 to 15 feet in height, and will begin to ripen by July 4th and bear until killed by frost. Flesh firm and solid, almost seedless and of the most delicious flavor. Pkt. 5c.; ½ oz. 25c.; oz. 40c.; 2 oz. 75c.; ¼ lb. \$1.25.

Fancy Fruited TOMATOES

- ROSE PEACH—Pkt. 5c.; oz. 25c.
- YELLOW PEACH—Pkt. 5c.; oz. 25c.
- RED PEAR—Pkt. 4c.; oz. 20c.
- YELLOW PEAR—Pkt. 4c.; oz. 20c.
- RED PLUM—Pkt. 4c.; oz. 20c.
- YELLOW PLUM—Pkt. 4c.; oz. 20c.
- RED CHERRY—Pkt. 4c.; oz. 20c.
- YELLOW CHERRY—Pkt. 4c.; oz. 20c.
- RED CURRANT—Pkt. 4c.; oz. 20c.

MAMMOTH PURPLE GROUND CHERRY

A wonderful prolific bearer of enormous size fruit, which measures 1½ to 2½ inches in diameter. The flesh is green while the color of the skin is green, changing to a purple when made into preserves, has the appearance of green gages. The flavor is simply delicious. The fruit is four times as large as other varieties; bush forms plant 2½ feet high and the same in width, producing an abundance of fruit, which, if kept in their shuck in a cool place, will remain in perfect condition nearly all Winter. Pkt. 10c.; 3 Pkts. 25c.; ½ oz. 35c.; oz. 60c.

STRAWBERRY OR HUSK TOMATO

A Splendid Preserving Fruit. The fruit has a pleasant strawberry-like flavor, and is much relished raw, but generally used for preserves, for which it is excellent. The small yellow fruits are enclosed in a husk or covering, and when ripe are half an inch in diameter, bright yellow in color, and may be kept all Winter, if the husks are not removed. They are easy to grow and do well on almost any dry soil. Plants immensely productive. There has been an increased demand the past few years for seed of this excellent Tomato for preserving purposes, and we most heartily recommend it to our customers who have never tried it. Pkt. 5c.; oz. 25c.

Mrs. D. S. Black, Gainesville, Ark., writes:—Buckbee's Beefsteak Tomatoes are the finest I ever saw, some of them weighed over a pound.

Wm. S. Roberts, Avonia, Va., writes:—We planted Buckbee's Beefsteak Tomato last year and they were splendid—best ever.

GOLDEN FIG TOMATO

The illustration shows its exact shape, and habit of producing fruit in numerous clusters. It is wonderfully productive, yielding double that of other sorts. This variety makes pickles and preserves of the finest quality. It is preeminently the best of all the small yellow sorts for market. Pkt. 5c.; oz. 25c.

MAMMOTH PURPLE GROUND CHERRY

QUALITY NOTHING BUT QUALITY

For Tomato Plants

Send for my Special Price List, ready, February 1st.

Strawberry or Husk Tomato.

BUCKBEE'S BEST TABLE TURNIPS

German, STECKRUBE; French, NAVET; Spanish, NABO COMAN; Swedish, ROFOA.

Extra Early Purple Top Milan

The tops of this variety grow very small and are distinctly strap-leaved, growing very erect and compact. The roots are small and flat Turnip-shaped; skin purple on top of the root, clear white below. Flesh white. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; lb. 75c.

Buckbee's Red or Purple Top Strap Leaf.

Early Six Weeks or Snow Ball

This excellent variety of Turnip is very tender and sweet; matures in six weeks. Pkt. 3c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 18c.; ½ lb. 30c.; lb. 50c.

New White Egg

This is certainly one of the very choicest and finest varieties; comparatively new and producing beautiful egg-shaped roots with thin white skin. They are always firm, solid and of sweet flavor. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 35c.; lb. 60c.

New Golden Globe

Most delicious and sweetest of all yellow fleshed Turnips, very superior for all general purposes. Pkt. 4c.; oz. 6c.; 2 oz. 10c.; ¼ lb. 18c.; ½ lb. 35c.; lb. 60c.

New Purple Top White Globe.

Buckbee's Red or Purple Top Strap Leaf

There is probably a larger amount of seed of this variety sown annually than any other Turnip. As a market variety, without doubt the peer of all. Has a single tap root and a bright purple top. Matures 8 or 9 weeks from sowing. Pkt. 4c.; oz. 6c.; 2 oz. 10c.; ¼ lb. 15c.; ½ lb. 25c.; lb. 40c.

Improved Early White Flat Dutch

Excellent early garden variety and very much used. The roots are of medium size, very flat and the color white. Very early, sweet and tender. Pkt. 3c.; oz. 6c.; 2 oz. 10c.; ¼ lb. 18c.; ½ lb. 30c.; lb. 50c.

Buckbees Extra Early Cameo

A grand acquisition from the land of the Czar, identical with Buckbee's Cardinal in every way except color, which is a beautiful pearl white. By all means include it in your order. Pkt. 5c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; lb. 75c.

Southern Seven Top

Cultivated extensively and with profit in the South for the tops, which are used and are most excellent for greens. It is very hardy, will grow all Winter, but will not produce a good root. Hardy, keeps well. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; lb. 60c.

RUTA BAGAS

If sown the last of July or the first of August, they make an excellent pasture for sheep during the Fall months; and the bulb or turnip will furnish a rich food for them all Winter. All kinds of stock relish and fatten upon them when fed in combination with hay.

Buckbee's Giant Ruta Baga.

Are you aware that Ruta Bagas, or Swedish Turnips, are among the most valuable root crops?

Buckbee's Giant

Prize Winner Everywhere

This magnificent Ruta Baga, which I first offered in 1890, is unquestionably the most profitable of all Swede Turnips, as well as the hardest, heaviest, best shaped and by far the most productive, a yield of 1,000 bushels per acre and over, under careful cultivation, being of frequent occurrence. Bulbs are somewhat oval in shape, slightly oblong and remain sound and good indefinitely. Flesh is of a beautiful yellow color, always sweet, tender, juicy and nutritious. The finest of all Swedes, and a variety that should be sown in preference to all others.

Pkt. 5c.; oz. 8c.; 2 oz. 12c.; ¼ lb. 20c.; ½ lb. 35c.; lb. 60c.

Buckbee's Mammoth White Russian

The Best in Cultivation

One of the grandest sorts. Grows very large with single tap root, small top, short neck. Strong constitution; certain cropper. Will stand hardest Winters. Produces a very heavy weight per acre. Keeps sound till late Spring. One of the best Ruta Bagas in cultivation.

Pkt. 4c.; oz. 7c.; 2 oz. 12c.; ¼ lb. 18c.; ½ lb. 30c.; lb. 50c.

New Monarch, or Elephant

It is very popular in England, and is certainly a grand variety; claimed to yield larger roots and more to an acre than any other sort. Produces large, oval-shaped roots, with small necks, relatively small tops; skin dark purple above ground, yellow below. Flesh rich yellow fine grained; of the best quality. Is easy to harvest. Can be grown at less cost than others.

Pkt. 3c.; oz. 6c.; 2 oz. 10c.; ¼ lb. 15c.; ½ lb. 25c.; lb. 40c.

Improved Purple Top Yellow

This magnificent Swede is the result of judicious selection; very hardy, productive and nutritious. A large, purple top, yellow variety. Shape slightly oblong. Produces heavy weight per acre. Sweet and good keeper.

Pkt. 3c.; oz. 6c.; 2 oz. 10c.; ¼ lb. 15c.; ½ lb. 25c.; lb. 45c.

New Purple Top White Globe

A globular variety, very even in shape and of beautiful appearance. The flesh is white, of excellent quality and desirable for table or stock. The variety is a good keeper and a fine market sort. Pkt. 5c.; oz. 8c.; 2 oz. 12c.; ¼ lb. 20c.; ½ lb. 35c.; lb. 60c.

New White Strap Leaf

Identical with Buckbee's Red or Purple Top in valuable qualities, differing only in color, which is a beautiful ivory white. Pkt. 3c.; oz. 6c.; 2 oz. 10c.; ¼ lb. 18c.; ½ lb. 30c.; lb. 50c.

Buckbee's Extra Early Cardinal

Called by some Scarlet Kashmir—Greatest Turnip Novelty ever offered. Very early variety, of magnificent shape, handsome appearance and wonderful keeping qualities. Outside skin brilliant cardinal color. Tender and crisp. Pkt. 5c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; lb. 75c.

Cow Horn

Sometimes called Long White. It is pure white with a little shade of green on top. Well flavored and of rapid growth. Fine for Fall and early Winter use. Very valuable as a soil enricher; to improve worn out land. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; lb. 60c.

Cow Horn.

BUCKBEE'S PEDIGREE TOBACCO SEED

Write for Prices in Quantity.

General Grant Tobacco.

- GEN'L GRANT**—One of the finest, earliest and most popular kind for Cigars. Matures as far North as Canada; leaves of large size. Pkt. 5c.; oz. 35c.
- CONNECTICUT SEED LEAF**—Very popular in the Middle and Northern States, largely grown to produce fillers; productive; robust habit. Pkt. 3c.; oz. 20c.
- BRADLEY BROAD LEAF**—A popular variety for several types—export, manufacturing and Cigars. A good reliable variety and succeeds where yellow tobacco can be grown. Pkt. 4c.; oz. 20c.
- HAVANA**—Very choice Cigar Variety grown from the finest seed imported from the "Vuelta de Abajo" district in Cuba. Pkt. 4c.; oz. 40c.
- IMPROVED SWEET OROKOKO**—Used for first-class plug fillers, and makes, when sun-cured, the best natural chewing leaf. A favorite for the "Homespun" wherever known. Makes an Eastern filler unsurpassed. Pkt. 4c.; oz. 25c.
- IMPROVED WHITE BURLEY**—This variety is especially valuable to manufacturers either for cut or plug tobacco. It is often used for wrapper. Pkt. 4c.; oz. 35c.
- LACKS**—Dark, rich export leaf. Broad leaf, tough, fine fiber. On gray soils cures bright and elastic, on dark soils rich and gummy. Known as Jesup or Beat All in some localities. Good and reliable. Pkt. 4c.; oz. 25c.
- LITTLE DUTCH**—Popular variety, succeeds nicely in the Northern States. Valuable for all purposes. Pkt. 4c.; oz. 30c.
- PERSIAN ROSE MUSCATELLE**—Finer than Muscatelle, and can be relied upon to make the finest cigar stock. Pkt. 4c.; oz. 30c.
- SUMATRA**—Vigorous sort of Spanish origin, producing Cigar Wrappers of the highest quality, especially popular with Southern growers. Pkt. 5c.; oz. 60c.
- STERLING**—One of the earliest; makes the silkiest of wrappers, brightest of cutters and sweetest of fillers. Pkt. 4c.; oz. 20c.
- ZIMMER'S SPANISH**—Called by some Comstock Spanish. One of the finest Cigar Tobaccos, producing leaves of silky texture; grading very high for wrappers and fillers. Pkt. 4c.; oz. 35c.

TREE SEEDS

Evergreen seeds should be sown very early in Spring, in a firm, sandy seed-bed. Give the young seedlings some shade the first Summer. Deciduous tree seeds should be planted from April to the middle of May in drills about 2 feet apart and covered about half an inch in depth. It should also be remembered that while some kinds sprout at once, others require several weeks, and a few lie dormant a whole season.

The Wonderberry

This is Luther Burbank's newest and greatest production; a luscious berry that may be grown and ripened from seed in any soil or climate in three months.

Fruit more like a great, rich, luscious blueberry than anything else. Blue-black in color, fine in flavor and unsurpassed for eating raw, cooked, canned or preserved in any form. It is easily the greatest garden fruit ever introduced, and equally valuable for the North, South, East or West, or, in short, any part of the world. Easiest plant in the world to grow. Succeeding anywhere and yielding great masses of rich fruit all Summer and Fall. The greatest boon to the family garden ever known. Everybody can have this grand fruit at small expense, as one or two packets of the seed will be sufficient for any ordinary garden and produce all the fruit wanted. Price of seed. Pkt. 10c.; 3 pkts. 25c.; $\frac{1}{2}$ oz. 60c.; oz. \$1.00.

WONDERBERRY PLANTS

We can supply a limited number of nicely started Wonderberry Plants at 15c. each; 2 for 25c.; \$1.00 per doz., postpaid.

New Perfected Sunberry

The Sunberry begins ripening fruit in about three months from seed. It continues to bloom, set and ripen berries in large quantity until long after early Fall frosts. It is not unusual to take one to two quarts of ripe berries from a single plant at one picking.

Large Pkt. 15c.; 4 Pkts. 50c., postpaid.

Sunberry.

The Best Herb Plants

LAVENDER-OLD FASHIONED SWEET—The leaves are sometimes used for seasoning, but the plant is chiefly grown for its fragrant flowers. Strong plants, 10c. each; 3 for 25c.; 75c. per dozen, postpaid.

PEPPERMINT—From the leaves of this plant is distilled the well known peppermint of commerce. The green leaves and stems have the same effect as the essential oil, and to most persons the flavor is very pleasant. Strong plants, each 10c.; 3 for 25c.; doz., 75c., postpaid.

SPEARMINT—The plant which produces the mint of the markets and largely used for culinary purposes. It is also used in concocting the refreshing Mint Julip, so popular in some sections. Strong plants, each 10c.; 3 for 25c.; doz., 75c., postpaid.

THE TRUE TARRAGON—The leaves and young shoots of which are much prized by many as an ingredient in soups, salads, stews, pickles, etc. Leaves may be used in a fresh state, or cut in the Autumn and dried. Strong plants, each 15c.; 3 for 40c.; doz. \$1.25, postpaid.

SEE PAGE 26 FOR SEED OF HERBS.

Holt's Mammoth Sage

Holt's Mammoth is a great improvement upon the ordinary Garden Sage; its leaves being four to five inches long, clean and perfect. They are held well up from the soil, are rich in flavor and of great substance. Perfectly hardy; does not produce seeds. Each 10c.; 3 for 25c.; 70c. per doz. postpaid.

BUCKBEE'S "Full of Life" Farm Seeds

NOTICE—PRICES ON ALL FARM SEEDS SUBJECT TO CHANGE WITHOUT NOTICE.

Please Understand—If prices are lower the day your order is received, more seed will be added; if higher, the amount will be decreased. The Safest Way—if you require considerable amounts of Farm Seeds, will be to send me a list of your actual requirements, and I will be pleased to quote you lowest market prices by return mail.

BARLEY A SPLENDID NURSE CROP HIGH IN FEEDING VALUES

SUCCESS BEARDLESS BARLEY—Earliest Barley known. The straw is about the height of common Barley, but better, and will stand up on any land. This is beardless and as easy to grow and handle as Oats. And is a heavy cropper, yielding from 50 to 75 bushels per acre, and the quality is excellent. Prices, postpaid, lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 55c.; $\frac{1}{2}$ bu. 85c.; 1 bu. (48 lbs.) \$1.45.

BUCKBEE'S NEW BLUE RIBBON BEARDED BARLEY—This is a desirable grain for growing in the South where it is profitably raised for Fall, Winter and Spring grazing; or it may be cut before it heads out, as a hay crop. As Barley stools well out it really makes better Fall, Winter and Spring grazing than either Rye or Wheat. It is so easily grown and succeeds so well throughout the South that it should be much more largely grown than at present. It can be seeded down at the last working of the corn, and as it prevents the washing of soils by Winter rains it is highly prized. Sow $1\frac{1}{2}$ to 2 bushels per acre. Prices, postpaid, per lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{1}{4}$ bu. 50c.; $\frac{1}{2}$ bu. 80c.; 1 bu. (48 lbs.) \$1.35.

NEW WHITE HULLLESS BARLEY—A Barley with a grain like wheat. An excellent feeding sort, especially for hogs. Our seed is Montana grown, fine, bright, hullless and beardless. Weighs over sixty pounds to the measured bushel. It grows very quickly on any kind of soil. It has been sown as late as the middle of June and made a good crop. Prices, postpaid, per lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 55c.; $\frac{1}{2}$ bu. 85c.; bu. (48 lbs.) \$1.50.

For 10c. a liberal sample of this valuable Barley will be sent to those who wish to inspect it before purchasing.

ODERBRUCKER, or WISCONSIN No. 55 BARLEY—A stiff-strawed, heavy-yielding, six-rowed, bearded variety. It is about the same as Manshury in time of maturity, manner of growth and general appearance, but has a plumper kernel and weighs more to the measured bushel. It has protein content of 15 per cent. or nearly double the amount of protein found in many other varieties. This makes it a very valuable feeding Barley, which is an important consideration with the leading farmers and stockmen, who are now appreciating more and more the value of Barley as a food for all kinds of stock, horses as well as cattle. On account of its large percentage of protein, it is also one of the best malting Barleys. Prices, postpaid, per lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{1}{4}$ bu. 50c.; $\frac{1}{2}$ bu. 80c.; 1 bu. (48 lbs.) \$1.40.

SOJA, or SOY BEANS

As a forage and feed crop, Soja Beans are proving very desirable. They make a large growth, stand up well, and can be cut and cured to advantage. They furnish rich feed and are, in fact, a balanced ration in one crop. They do equally well on light or heavy soil, and are a most desirable land-improver. I have never known a crop that cleans land like Soja Beans, as it is impossible for any weeds to grow where a crop of Sojas are. They also resist drought and hot weather to a remarkable extent. Sow at the rate of one to one and one-half bushels per acre. The thicker sowing will prevent the stalks from becoming too coarse, and will enable them to be cut and turned under to better advantage.

EVANS' EARLY SOJA—Originated by Mr. Evans, the noted Soja Bean specialist of Michigan. By long odds the best variety for planting in the Northern, Eastern or Western States. Choicest Stock Seed (Northern-grown), postpaid, lb. 30c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 50c.; $\frac{1}{4}$ bu. 95c.; $\frac{1}{2}$ bu. \$1.80; bu. (of 50 lbs.) \$3.50.

EARLY YELLOW SOJA—Well-known variety; very choice Northern-grown Seed. Postpaid, lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 50c.; $\frac{1}{4}$ bu. 85c.; $\frac{1}{2}$ bu. \$1.65; bu. (of 50 lbs.) \$2.95.

NEW VELVET BEAN

This new and important forage plant from India is creating a great sensation throughout the Middle and Southern States. Its nitrogen-gathering properties are said to surpass those of the cowpea. It is the rankest grower of any of the legumes; two or three seeds planted 4 feet apart in rows 5 feet apart will literally cover the ground 2 to 3 feet thick with a mass of foliage and vines 20 to 25 feet long, no matter how poor the soil. It leaves a mulch on the ground that is very beneficial to the soil. Prices, postpaid, lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 55c.; $\frac{1}{4}$ bu. \$1.00; $\frac{1}{2}$ bu. \$1.80; bu. (60 lbs.) \$3.45.

THE MOST PRODUCTIVE AND HEAVIEST CROPPING WHITE FIELD BEAN KNOWN

and the Best Bean for Baking.

Growing nearly two feet high, branching out in all directions, and bearing its pods so high that they seldom touch the ground, enabling it to stand a wet spell without any injury. All who have raised Beans know that when the pods lie in contact with the ground after ripening, a very little rain will ruin the crop, turning the pods and Beans black. This is indeed a wonderful cropper, yielding from seventy-five to one hundred bushels per acre, careful cultivation, while hundreds of my customers report yields of from forty to sixty bushels per acre under average cultivation. Plant them two and one-half feet apart, eighteen inches in the row, two or three Beans in a hill.

Postpaid, pkt. 7c.; ½ pt. 12c.; pt. 22c.; qt. 35c. By express or freight, not prepaid, ½ bu. 60c.; ¼ bu. \$1.10; ½ bu. \$2.10; bu. (60 lbs.) \$4.00.

GIANT BEGGAR WEED A Forage Plant that Never Becomes a Pest Great for Forage and as a Restorer of Land.

It is more valuable for fertilizing than either Peas or Clover and equal to them for feeding. When once established it grows every year without further attention. It will not interfere with other crops, can be kept under by cultivation, can be eradicated in two years of successive pasturing. This is important, because some forage plants become pests when the land is needed for other crops. The plant is a strong feeder, with deep roots, like Alfalfa, bringing from the subsoil the dormant fertilizing elements, and will enrich the land by its decaying foliage without the expense of plowing it under.

Land planted with Beggar Weed has improved 300 per cent. in six years. Hogs, horses, cows and mules eat it greedily. Can be pasture land in Summer and Fall. Can be sown in the Cornfield. Will thrive on much poorer land than most forage crops. Five pounds of seed for an acre. Drill or sow broadcast in the Spring after frost. Postpaid, oz. 10c.; ½ lb. 25c.; lb. 45c.; 5 lbs. \$1.75.

Giant Beggar Weed.

BROOM CORN

THIS IS A BIG MONEY MAKING CROP AND CAN BE GROWN SUCCESSFULLY IN ALL LOCATIONS.

BUCKBEE'S IMPROVED SUPERIOR EVERGREEN

This is the most popular variety in the market. The original seed was secured in Tennessee, then bred and climated, thus making the brush of better quality. In growing it, all imperfect stalks are cut out and the brush is raised and cultivated especially for seed. Postpaid, ½ lb. 15c.; lb. 25c.; 3 lbs. 65c. By express or freight, not prepaid, ½ bu. 40c.; ¼ bu. 70c.; ½ bu. \$1.25; bu. (46 lbs.) \$2.25.

CALIFORNIA GOLDEN

Carefully selected and improved so that the brush is straight and long. Of finest quality; light green color, turning to light yellow when allowed to get too ripe. Brush straight and long. Postpaid, ½ lb. 15c.; lb. 25c.; 3 lbs. 70c. By express or freight, not prepaid, ½ bu. 45c.; ¼ bu. 75c.; ½ bu. \$1.30; bu. (46 lbs.) \$2.45.

DWARF JAPANESE

Popular in many sections on account of its extreme earliness. Straw strong and of good color. Postpaid, ½ lb. 15c.; lb. 25c.; 3 lbs. 70c. By express or freight, not prepaid, ½ bu. 50c.; ¼ bu. 85c.; ½ bu. \$1.50; bu. (46 lbs.) \$2.75.

OKLAHOMA DWARF

Grows from three to four feet high, with straight, smooth brush, principally used for making whisks and brushes, though can be used very nicely for the larger brooms. Postpaid, ½ lb. 15c.; lb. 25c.; 3 lbs. 70c. By express or freight, not prepaid, ½ bu. 50c.; ¼ bu. 80c.; ½ bu. \$1.40; bu. (46 lbs.) \$2.65.

BUCKWHEAT

BUCKBEE'S GIANT JAPANESE

The greatest Buckwheat in the world. Has all the valuable characteristics of the Japanese Buckwheat, and in addition is earlier and will yield at least one quarter more per acre. Don't fail to include this in your order, Choicest stock seed, postpaid, lb. 20c. By express or freight, not prepaid, ½ bu. 25c.; ¼ bu. 40c.; ½ bu. 70c.; bu. (50 lbs.) \$1.25.

IMPROVED SILVER HULLED

A popular standard variety. Grain is of light gray color. Has thin husks. Early and prolific. Choicest stock seed, postpaid, lb. 20c. By express or freight, not prepaid, ½ bu. 25c.; ¼ bu. 40c.; ½ bu. 70c.; bu. (50 lbs.) \$1.15

BUCKBEE'S NEW HULLESS

The One Best Buckwheat—Absolutely Hulless.

The newest and best variety of Buckwheat. Our own introduction and perfected on our Famous Rockford Seed Farms. Fully three weeks earlier than any other variety, and at least three times as productive. Those of our customers who grew it the past two seasons from samples that we sent out for impartial testing, report it the best Buckwheat they have ever planted.

Wm. E. Johnson, Cross Village, Mich., writes:—"I have grown your New Hulless Buckwheat this season and consider it No. 1 and a most profitable crop to grow. Yield is enormous. I recommend it as a profitable crop."

Sow ½ bushel per acre. Being so early it is exceptionally valuable for the extreme North where other varieties will not mature. The seed have no hull like other Buckwheats but is all meat. No waste in grinding. Our supply of seed is limited so advise early orders. Send to Buckbee for Originators Stock Seed. Postpaid, lb. 35c.; 3 lbs. \$1.00. By express or freight, not prepaid, ½ bu. 75c.; ¼ bu. \$1.25; ½ bu. \$2.00; bu. (50 lbs.) \$3.50.

Buckwheat—New Hulless

BUCKBEE'S FAMOUS DENT CORN

In offering the following varieties of Field Corn I desire to say that they are the Buckbee "Full of Life" Brand and can be relied on. CAREFULLY HARVESTED, HAND-SORTED, FIRE-DRIED, PEDIGREE STOCK SEED.
SOLD ON THE EAR OR SHELLED.

Our Corn Is Northern Grown

We regret to say that a great deal of Nebraska, Iowa and even Missouri Corn is sold each year by seedsmen as Northern Grown Seed. The term "Northern Grown" is somewhat indefinite, and advantage is taken of this to deceive. With us "Northern Grown" means

THAT EVERY BUSHEL OF OUR SEED CORN OFFERED HEREIN IS GROWN ON AND AROUND OUR OWN HOME FARMS.

While in unusually long seasons the earliest varieties of Nebraska and Iowa grown seed will sometimes mature in the Northwestern states, it is as a rule about thirty days later than Illinois Grown Seed. We cannot believe that any intelligent farmer in the Northwest will knowingly plant Southern seed when for a few cents an acre more he can secure true and reliable planting stock that will mature. Those who want early maturing Corn should buy nothing but the true Northern Grown Seed, and absolutely know that they are getting it.

Pedigree Seed Corn

Buckbee's Pedigree Seed Corn is bred for High Yield, High Oil, High Protein, High Prepotency.

The yield of high bred Corn is from 10 to 40 per cent. greater than of ordinary Corn. In pedigree Corn the per cent. of barren stalks is reduced to the minimum, while the per cent. of good ears is raised to the maximum.

High Oil Corn finishes beef and pork more rapidly and requires fewer bushels than ordinary Corn.

High Protein makes Corn a balanced ration for growing cattle. Ordinary Corn contains 10 per cent. protein, pedigree Corn 22.80 per cent., increase 12.80 per cent.

Prepotency increased by breeding.

Purity maintained by selecting for seed only ears which are true to type; and by isolation.

One hundred bu. and more of high bred Corn have been produced where ordinary Corn yielded sixty bu.

Guarantee-A Square Deal

All of Buckbee's Seed Corn is guaranteed to show first class test of germination, and to be of the high quality represented. I stand ready and willing to return your money if my Seed Corn does not come up to these conditions, provided you will notify me within 10 days from date that the shipment reaches you. Remember, please, that Buckbee's Pedigree Seed Corn is grown in this Northern latitude, which is as far North as the best Dent Corns will grow and mature to advantage, and will prove hardier and give you better crops than seed produced in any other Corn Growing locality in the country.

WRITE FOR SPECIAL PRICES.

If you will write today and send me an exact list of the number of bushels of Field Corn that you desire to purchase, naming the varieties and quantity of each, I will be pleased to quote you by early mail my lowest spot cash price on your requirements for prompt order and shipment.

Buckbee's New Early Prosperity

THE BEST EARLY YELLOW DENT CORN

Extra Early, Vigorous Grower, Heavy Cropper, Wonderful Yields, Northern Grown.

This new extra early 90-day Golden Yellow Dent Field Corn of my own introduction, has in the past few years, made more money for its growers than any other Dent Corn ever put on the market yielding way ahead of the popular and standard 100 and 110-day varieties. Stalks grow to a height of seven or eight feet, and set the ears about three and one-half to four feet from the ground—just the right height for easy picking. A wonderful peculiarity of this Corn is that it never produces a barren stalk—every one has an ear, and generally two, sometimes three. The type is very even, ears measuring ten to twelve inches in length, often weighing one and one-half pounds or more. Very uniform in size and shape, pure golden yellow kernels set on small-sized cob, which is well filled out over the tip and butt. The grains are of good size, medium long, flat, and closely set together, deeply dented, and solidly fill the entire surface of the ear. In its yield it will surpass all other yellow varieties—seventy pounds in the ear will make more than sixty pounds of shelled Corn.

Buckbee's New Early Illinois

THE BEST 90 DAY WHITE DENT CORN

Extra Early, Vigorous Grower. Sure Cropper.

A most marvelous variety of White Corn which will, in yield and quality, surprise everyone who plants it. Thousands of our customers from every part of the country are more than pleased with the wonderful results obtained by planting this grand, good, reliable White Dent Corn. It is, indeed, a fitting companion to New Early Prosperity, the one being all that a White Dent ought to be, the other a Yellow Dent of surpassing merit. The stalks generally bear two good ears each, and frequently three are found. It yields splendid crops even on light soil. All ears are uniform and well filled out, and will easily make sixty pounds of shelled Corn to the bushel. Yields of 115 bushels per acre being about the average. We claim that there are more good points combined in these two Corns than in any ten other varieties in cultivation. Our seed is carefully harvested, hand sorted, fire dried Pedigreed Stock and is sold either on the Ear or Shelled.

"Seed Corn by Mail." Single ear, any variety, 25c. each, postpaid; shelled seed, 1b. 20c.; 3 lbs. one variety, 50c.

These prices apply to all varieties listed on pages 61, 62 and 63.

BAGS. I make no extra Bag charge for shipping Field Seeds—this makes a difference easily of 10c. to 15c. per bu. between our prices and those of other firms; for Bags cost close to 25c. each these days

For Prices of the Corns listed on this page see page 63.

Identical except in Color.

BUCKBEE'S FAMOUS DENT CORN

Thoroughly Acclimated, Tested, Northern Grown

(See Page 63 for Prices)

Buckbee's Great Western Yellow Dent

Has Given Great Satisfaction to Every Grower For Many Years.

Stalks grow to a height of seven or eight feet, and set the ears about three and one-half to four feet from the ground—just the right height for easy picking. A wonderful peculiarity of this Corn is that it never produces a barren stalk—every one has an ear, and generally two, sometimes three. The type is very even, ears measuring ten to twelve inches in length often weighing one and one-half pounds or more. Very uniform in size and shape, with sixteen to eighteen rows of deep, pure golden yellow kernels set on small-size cob, which is well filled out over the tip and butt. The grains are of good size, long, flat, and closely set together, deeply dented, and solidly fill the entire surface of the ear. We call this a one-hundred-day Corn, but **IT OFTEN RIPENS IN NINETY-FIVE DAYS** of average Corn weather. In its yield it will surpass all other yellow varieties—seventy pounds in the ear will make more than sixty pounds of shelled Corn. **Buckbee's Great Western Yellow Dent is extremely hardy and a determined drought resister.** It is adapted to a wider range of soil and variety of climate than any yellow Corn ever offered. No yellow Corn outshells or outyields it. After the Corn is husked the stalks generally remain in fine growing condition and make an exceptionally valuable forage crop.

THIS IS THE YEAR to change your seed corn—Our "bumper" crop warrants my offering you these great bargains in Northern Grown "Full of Life" Seed.

Buckbee's Great Western Dent.

Buckbee's Great Liberty.

Buckbee's Great Western White Dent

A most marvelous variety of white Corn, which will, in yield and quality, surprise everyone who plants it. Thousands of my customers from every part of the country are more than pleased with the wonderful results obtained by planting this grand, good, reliable White Dent Corn. It is, indeed, a fitting companion to Buckbee's Great Yellow Dent, the one being all that a White Dent ought to be, the other a Yellow Dent of surpassing merit. The stalks generally bear two good size ears each, and frequently three are found. It yields splendid crops even on light soil. All ears are uniform and well filled out, and will easily make sixty pounds of shelled Corn to the bushel. So general has the demand for this great Corn become that I have found it impossible to supply all calls for it the past two years. My crop the past season was a splendid one; but, while I expect to fill all orders, I cannot too strongly urge you to place your orders early.

Buckbee's Improved Pride of the North

A wonderful improvement over the old reliable standby—Pride of the North. This splendid pedigree variety is unquestionably one of the very best 90-day Field Corns for Northern latitudes. It will ripen in Northern localities hitherto able to grow only the Flint varieties, hence is of the greatest value. On ordinary fair to good ground it will yield from 50 to above 100 bushels per acre. Small cob, which dries quickly, and leaves the Corn sound and sweet. Ears of excellent size; an abundance of the finest fodder; stands drought better than any other variety; husks and shells easily; is the earliest Corn to market.

Thoroughbred Leaming

Deep golden color; striking uniformity. The ears range from 9 to 12 inches long. Kernels broad, thick, deep, rather rough, rounding wedge shaped. Red cob, medium in size with medium large shank. The stalks are from 9 to 12 feet high. Matures in about 115 days.

Buckbee's Great Liberty Field Corn

This new variegated Corn combines more solid merit than any Corn in cultivation, more fine and lasting points. Its great merit lies in the fact that it is a natural yielder. Expert Corn growers pronounce it a perfect Field Corn as to yield, size of the ears, color, size of cob, length of grain, size of grain, size of fodder, size of growth of fodder, and the extra fine quality of the fodder.

Corn growers everywhere cannot help but be pleased with Buckbee's Great Liberty Field Corn, because—

- 1st—It is a great natural yielder and grows like a weed.
- 2nd—It is the longest-grain early Corn, maturing generally in ninety days.
- 3rd—The fodder grows strong, seven to twelve feet high, and stands up well.
- 4th—The ears set in fine form 3½ to 4 feet from the ground.
- 5th—Our fields are yielding 100 bushels per acre under average cultivation.
- 6th—It will outyield Field Corn of any kind, either Dent or Flint.
- 7th—The ears are large—(eight to twelve inches long), cobs small and well filled.
- 8th—It has small cob, making it a wonderful yielder.
- 9th—It will outshell and outyield the leading 110-day and later varieties.
- 10th—It is the best Corn to fatten stock on in cultivation.
- 11th—It stands the drouth better than any other Corn.
- 12th—It husks and shells easily.
- 13th—This Corn will make friends where others fail.
- 14th—It's the best Corn to cut with corn harvesters in cultivation.
- 15th—It will bring the highest market price.
- 16th—Will cure out in shock when later varieties will mould and spoil.
- 17th—Your crop is insured by planting Buckbee's Great Liberty.
- 18th—It is truly a world beater in every way.

WRITE FOR SPECIAL PRICES.

If you will write today and send me an exact list of the number of bushels of Field Corn that you desire to purchase, naming the varieties and quantity of each, I will be pleased to quote you by early mail my lowest spot cash price on your requirements for prompt order and shipment.

BUCKBEE'S "Full of Life" FIELD CORN

SELECTED, GRADED, HAND-SORTED, TESTED, PEDIGREED.

BUCKBEE'S NEW EARLY KLONDIKE

THE BEST YELLOW DENT CORN FOR
NORTHERN LATITUDES

A magnificent variety of 90-day Corn. The result of many years' careful hybridization. It has given splendid results, particularly throughout the Northern Corn belts, since its introduction. If you want a Corn that matures quickly, this is the Corn to buy. It is good to harvest early in the Fall, to enable you to seed the ground with other grain.

WORLD-BEATING IN ITS CLASS

You can earn your money very quickly by planting this great variety, and you may depend upon it to grow more bushels on poor land than any other early variety known. On ordinary fair ground it will yield from 90 to 110 bushels per acre. It produces a small cob, which dries quickly and leaves the Corn sound and sweet. The ears are of excellent size, and an abundance of the finest quality fodder is assured. It stands drought better than any other variety; husks and shells easily. Earliest Corn to market, and will prove a veritable money producer.

Buckbee's Early Gold Mine

This great variety will usually produce a crop in ninety days or less. It can safely be planted up to the middle of June and still be depended upon to ripen by the middle of September. It produces a magnificent yield, there generally being two good-sized ears to the stalk, with immense, long oily kernels, closely set and the cob well filled to the end. The Corn is of rich golden color.

CLORE'S BOONE COUNTY SPECIAL

Requires 125 to 128 days for full development. The ears are from 9 to 12 inches long. Tips and butts are especially well filled. Kernels are creamy white, moderately rough, very deep, with fine large germ. It is a great natural yielder and grows abundantly producing an almost fabulous quantity of fodder which grows strong, rank and quick to a height of about ten feet and stands up against storms to a remarkable degree. The ears are usually set about four feet from the ground which is a very convenient height for picking. Without any exception it will outyield any variety of White Corn which we have ever seen with the exception of Buckbee's Illinois.

REID'S YELLOW DENT

The standard Yellow Dent Corn for Northern Central Illinois, Northern Iowa and like climates in Indiana and Ohio. Ears 9 to 10 inches long, very slowly tapering; about 7 inches around; 18 to 24 rows, with narrow space between; kernels light yellow. Our strain is slightly rough, tapering very slightly; cob medium. Matures under favorable conditions in 110 to 115 days.

REGENERATED RED HACKBERRY

The Corn that surprises the grower. Its great yield, large ears, and the ease and rapidity with which it can be harvested render it a favorite wherever it is known. For those who desire a first-class variety of red Corn this is the one we recommend above all others. It is one of the best varieties for feeding purposes, not being hard enough to prevent stock from eating it easily and masticating it thoroughly. Its color is a rich, dark red with occasional light caps; grain deep and huddled; ear somewhat above the average with small cob which dries out rapidly so that it is not apt to be caught by frost. It is a safe Corn to plant and produces a good crop in unfavorable seasons when other Corns will hardly make bunnings. It is given great care with us and our stock has been carefully selected for seed purposes.

WHITE CAP YELLOW DENT CORN

This is a Corn that is greatly appreciated by farmers in the Northern States, as it is such a heavy yielder of both fodder and corn. The stalks grow about 8 feet in height, while the ears are always of good size, and no matter how unfavorable the season is, whether it is wet or droughty, this Corn will always produce at least a good average yield. It is a strong grower and roots very deeply, having sufficient vigor to produce a good crop even on thin and poor soil which is otherwise not adapted for growing Corn. The large-sized, handsome ears are solidly packed with kernels of good average size, the exposed surface of which is white, while the sides of the kernels are yellow.

IMPROVED CALICO

A hybrid Corn all colors, from dapple yellow to red. A magnificent yielder of high feeding qualities. Maturing in 125 to 128 days. Large amount of foliage with broad leaves. Ears 8 to 12 inches long, 7 to 8 inches in circumference. Kernels deep and broad.

CHAMPION WHITE PEARL

Pure white Corn; grains deep and thick; well filled out over butt and tip; good yielder.

IOWA GOLD MINE

It is early, ripening only a few days later than Pride of the North; ears of good size and a bright golden color.

IOWA SILVER MINE

Stalks grow to a height of about seven or eight feet and sets the ears about three and one-half to four feet from the ground. Ears measuring from ten to twelve inches in length and weighing one and one-half pounds are not uncommon.

SILVER KING

A pure white Corn with white cob. Kernel especially broad and deep, with well developed, vigorous germ. Ears 8 to 11 inches long, with well filled butts and tips, and small shank. Stalks from 8 to 11 feet. Ears have from 18 to 20 rows.

PRICES

NEW BRAZILIAN FLOUR CORN

Great Brazilian Flour Corn

One of the Greatest Novelties Ever Introduced.

Originated in Brazil, where it constitutes the principal food of the inhabitants. It is truly a marvelous plant. For years our seed was always exhausted before the season ended, so great was the demand. You are sure to like it. It grows 8 feet high, and from one kernel sends enough stools to produce 100 ears. Its strong points are:

Twenty-five barrels of flour can be grown from one acre, and this flour is as fine a grade as is made from wheat, which is five times as much as wheat produces per acre.

The bread and biscuits baked therefrom are fully as palatable as from any flour known.

It yields at the rate of 100 bushels of green fodder per acre, for cattle, of the most delicious, sweet, tender, juicy, nutritious food we have ever seen.

It makes flour in quality equal to wheat. Of course, it is not so white, but oh, what delicious cakes, rolls and biscuits!

Postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By express or freight, not prepaid, 5 lbs. 40c.; 10 lbs. 75c. Write for prices in larger quantities.

Squaw Corn.

Improved Indian Squaw Corn

Holds more records for wonderful performances under difficult conditions than any Corn ever grown.

It is an extreme early variety, maturing in 85 days and is a more successful Corn for late planting than the Mexican June Corn, about which so much has been written in recent years. Not only will Improved Indian Squaw Corn ripen ahead of the Mexican June, but it will make a good crop under adverse conditions that will choke out the latter variety.

Perhaps the most wonderful quality of this Corn is its power to resist drouth. The most protracted dry weather hinders its growth not at all and still it will weather a wet season equally well. It can stand as much dry weather as Kaffir Corn. In appearance this Corn is one of our most handsome varieties. The kernels are of different colors, red, blue, yellow and white, giving the ears a curiously beautiful mottled appearance. The ears grow from eight to twelve inches in length and are of symmetrical form.

Postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 50c.; $\frac{1}{4}$ bu. 75c.; $\frac{1}{2}$ bu. \$1.35; bu. (56 lbs.) \$2.50.

FIELD CORN--Extra Early Flint Varieties

YELLOW YANKEE

A Flint Corn of Rare Merit.

Particularly adapted to the Northern Middle States. Earliest and best known yellow Flint variety. Will produce a good crop if planted as late as July. Ears large. Choicest stock seed, postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{1}{4}$ bu. 55c.; $\frac{1}{2}$ bu. 90c.; bu. (56 lbs.) \$1.75.

LONGFELLOW

Has Individuality That Commends.

A yellow Flint variety that is particularly adapted to the North. It is an eight-rowed sort, with ears twelve to fifteen inches in length and about one and one-half inches in diameter. Small cob, large kernel and very broad. Postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{1}{4}$ bu. 55c.; $\frac{1}{2}$ bu. 90c.; bu. (56 lbs.) \$1.75.

EXTRA EARLY KING PHILIP

A Red Flint that is Unbeatable.

Earliest and best variety of red Flint Corn. Ripens within eighty days from time of planting. Ears large; good yielder. Choicest stock seed, postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{1}{4}$ bu. 60c.; $\frac{1}{2}$ bu. \$1.10, bu. (56 lbs.) \$2.00.

NORTH DAKOTA WHITE FLINT

An Early Maturing Variety.

This is a well-established variety, with uniform characteristics, including early maturity and medium size, both of stalks and ear. Choicest stock seed, postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{1}{4}$ bu. 55c.; $\frac{1}{2}$ bu. 90c.; bu. (56 lbs.) \$1.75.

BUCKBEE'S EARLY NORTHER

The Greatest Yielding Flint Corn--The Only Corn for the Extreme North.

Ears ten to fifteen inches long, of rich, yellow color. Enormously productive, outyielding any Field Corn that we have ever grown in the far North. It is not uncommon to find three to four ears on a stalk. Matures exceedingly early, from sixty to seventy days being a fair average. Will surely prove of the greatest value to the farmers of the far North, particularly the Dakotas, Northern Minnesota, Wisconsin, Michigan and the Canadian Provinces. You will be pleased with this earliest and big yielding Flint Corn.

Postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 50c.; $\frac{1}{4}$ bu. 75c.; $\frac{1}{2}$ bu. \$1.30; bu. (56 lbs.) \$2.25; 2 bu. \$4.40; 10 bu. or more, \$2.15 per bu.

CORN

FLINT CORNS
Our Flint Corns are grown on our farms in Northern Michigan and are acclimated to any section of the world where corn will grow.

BUCKBEE'S GIANT FODDER CORN

BUCKBEE'S GIANT FODDER CORN

THE WORLD-BEATING FODDER PRODUCER. SURPASSES ANY OTHER FODDER CORN ON EARTH

Is a great variety which we have been developing for years. Thousands and thousands of our customers in every part of the country assert that it stands without a peer for feeding either in the green state or for silo purposes. It is very rich in nutriment and a wondrously immense yielder. Grows rapidly, is early, short jointed, tall, and produces an overwhelming abundance of leaves and rich, juicy, sugary stalks, with a strong tendency to mature several ears. Postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 70c. bu. (56 lbs.) \$1.35; 2 bu. \$2.60; 10 bu. or more \$1.25 per bu.

Giant Red Cob Ensilage

One of the Best Fodder Corns.

Beyond doubt the best fodder corn, either to feed green right from the field, to put up for the silo, or to cure and stack away. It is a pure white corn, cropping as high as 45 tons per acre. It is sweet, tender and juicy, and furnishes more nourishment than any other variety; has short joints and therefore an abundance of leaves and grows to a fair height, but not over-large and coarse-stalked as some varieties. Price, postpaid, lb. 30c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 70c.; bu. (56 lbs.) \$1.25; 2 bu. \$2.40; 10 bu. or more \$1.15 per bu.

Sweet Corn for Fodder

This Corn if Planted Thick will give an Abundance of Fodder.

This is a great variety which we have been developing for years. We are confident it surpasses anything on earth. It is very rich in nutriment and a wondrously immense yielder. It grows rapidly, is early, short jointed, tall, and produces an abundance of leaves and rich, juicy, sugary stalks, and often matures several ears. This variety positively will furnish more tons of corn fodder to the acre and nearly double in nourishment than common corn. Price, postpaid, lb. 30c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 75c.; $\frac{1}{2}$ bu. \$1.45; bu. (44 lbs.) \$2.75; 2 bu. \$5.35; 10 bu. or more \$2.60 a bu.

PRICES

BUCKBEE'S SUPERIOR EARLY KAFFIR CORN

The Great Drought Resister.

Kaffir corn not only produces a foliage of excellent forage quality but its seed is, as a grain, almost if not quite equal to Indian Corn, practical farmers and scientists affirm, while it is successfully and profitably grown on land high or low, rich or poor, and whether the season is wet or dry. Easily yielding two crops of fodder in a season.

Plants attain a height of from 6 to 10 feet, straight and upright. Stems have a stalky tendency and produce numerous wide leaves. The stalks do not harden as do other fodder crops, but keep green, brittle and juicy. A most excellent fodder, either green or dry, being highly relished by all stock. It should be sown in rows, about 3 feet apart, planting 6 inches in the rows. Use from 10 to 15 lbs. seed per acre. Its wonderful qualities are unaffected, even as far north as Dakota. It is immensely productive and does well everywhere. A notable peculiarity of Kaffir Corn, and one which makes it of unusual importance in regions of limited rainfall, is that its growth may be suspended, perhaps a month, on account of severely dry weather, and then when the rains come it continues its growth almost the same as if there had been no interruption. Very choicest "Full of Life" Seed of strong germination. Postpaid $\frac{1}{2}$ lb. 12c.; lb. 20c. By express or Freight, not prepaid, 5 lbs. 40c.; 10 lbs. 60c.; 15 lbs. 75c.; 50 lbs. \$2.00; 100 lbs. \$3.00.

JERUSALEM CORN

A New Forage Plant of Great Merit.

Belongs to the non-saccharine Sorghums, and was brought a few years ago from the arid plains of Palestine. It is pronounced the best and surest grain crop for dry countries and seasons—even better than Kaffir Corn or Milo Maize. It grows several smaller heads on side shoots, often as many as eight heads on a stalk. Very valuable for feeding stock, and proves a gold mine for chicken feed. Plant five to ten pounds per acre. Postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By Express or Freight, not prepaid, 5 lbs. 40c.; 10 lbs. 75c.

Buckbee's Superior Kaffir Corn.

MILLETS

Nothing pays better for a stock raiser and dairy farmer than a few acres of Millet of some kind for it not only yields at least again as much hay per acre as Timothy and Clover, but it is also of the greatest feeding value and milk-producing quality. The hay is a very fine quality and is greatly relished by all kinds of stock. When Spring is so unfavorable that other crops fail to grow, or when the season is so late and wet that corn will not mature any more, then there is always the greatest demand for Millet. It should, however, be sown regularly every year, and not merely as a catch crop.

Buckbee's California Beauty Millet

The most remarkable leafy, bushy, vigorous-growing, earliest Millet in the world. Yields as high as fifteen tons of hay or more to the acre. It will make a magnificent crop of hay if sown immediately after your oats or barley, rye or wheat is cut, as it will ripen in from sixty to ninety days. It is positively the Millet wonder—very leafy, prolific, and exceptionally fine for hay and feed. This Millet, unlike any other, stands the hot dry winds of the Dakotas the burning prairies of Kansas, and flourishes on the semi-arid soils of Western Nebraska and Colorado—in fact, it grows where no other Millet grows. Sow one-half bushel per acre. Postpaid, lb. 25c.; 3 lbs. 70c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 60c.; $\frac{1}{2}$ bu. \$1.10; bu. (50 lbs.) \$1.95; 2 bu. \$3.80; 10 bu. or more at \$1.85 per bu.

German or Golden Millet

One of the best varieties. Quick growing, and will produce an immense amount of valuable fodder. It makes the best of hay. Sow $\frac{1}{2}$ bu. per acre. Postpaid, lb. 20c.; 3 lbs. 50c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; 1 bu. 50c.; $\frac{1}{2}$ bu. 90c.; bu. (50 lbs.) \$1.75; 2 bu. \$3.40; 10 bu. or more at \$1.65 per bu.

Hungarian Grass

OFTEN CALLED HUNGARIAN MILLET

Valuable hay for stock raisers; yields a good supply. It should be cut when in bloom, and the fiber will not be too woody for feeding stock. Sow $\frac{1}{2}$ bu. per acre. Postpaid, lb. 20c.; 3 lbs. 50c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 60c.; $\frac{1}{2}$ bu. \$1.10; bu. (48 lbs.) \$1.85; 2 bu. \$3.60; 10 bu. lots or more at \$1.75 per bu.

New Japanese Millet

Grows from four to seven feet tall, but is not harsh and woody, as other grasses and is one of the most profitable and valuable seed crops. I have grown this splendid Millet for years, and have been so careful in the selection and improvement of the stock seed that Buckbee's strain is acknowledged to be the best in existence. In some sections of the country it is known as **Barnyard Millet**, while in other parts of the country it has been erroneously introduced under the name of "**Billion Dollar Grass**." In spite of these names it is such a good thing that it has come to stay, and will live long in the public favor under its proper name, **Japanese Millet**. In this latitude we usually sow from May 10th to 20th. Sown at these dates it will make an excellent soiling crop, giving two cuttings—about mid-July and late August. I have frequently had this Millet attain a height of six and one-half to seven feet, and so heavy that no binder could handle it. It yields 50 to 70 bushels seed per acre and three to five tons hay. Sow the seed broadcast at the rate of twenty to twenty-five pounds to the acre, or in drills twelve to eighteen inches apart, using ten to fifteen pounds per acre. Postpaid, lb. 20c.; 3 lbs. 50c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 65c.; $\frac{1}{2}$ bu. \$1.10; bu. (36 lbs.) \$1.95; 2 bu. \$3.80; 10 bu. or more at \$1.85 per bu.

Pearl Millet

This quick-growing forage plant has been long known under the name East India, or "**Cat-tail**" Millet. Sown in drills four feet apart and cultivated like Corn, the plants attain a height of eight to ten feet with slender, long-bladed leaves. These stalks can be cured for Winter use, and the seed makes an excellent poultry food. But the best use of the plant is to cut the stalk for green forage when about three feet high, and allow the plants to make a second growth for Fall feeding or ensilage. Ten pounds of seed are required per acre. Postpaid, lb. 25c.; 3 lbs. 70c. By express or freight, not prepaid, 5 lbs. 75c.; 10 lbs. \$1.25; 25 lbs. \$2.65.

PRICES

Buckbee's California Beauty Millet.

The Wonderful MILO MAIZE

Excellent Fodder Plant for Feeding.

Two crops can be made in one year, and it is a sure crop, as it withstands dry weather. Grows four to six feet high. Is a splendid feed crop for all kinds of stock. Suckers out at once when cut and makes a fine second crop of heads and hay. Does not shatter in handling; can be cut with a binder and shocked like Wheat. Requires shallow planting and quick shallow cultivation. Fine crops of it grow on sod by dropping the seed in every fourth or fifth furrow and harrowing the ground well. For grain, plant one bushel to 15 to 20 acres and thin out same distance as Indian Corn. Is enormously productive; has yielded 75 bushels per acre. Diversify your crops and you will make feed in most any kind of season. Re-cleaned seed.

Postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By express or freight, not prepaid, 5 lbs. 40c.; 10 lbs. 75c.

Milo Maize.

Branching Dhoura Corn

Yields from six to sixteen stalks from one seed. Being allied to Sugar Cane, cattle, horses and hogs will eat it ravenously. If cut down it starts again with renewed strength. It yielded at the first cutting at the rate of sixty-eight tons to the acre. Plant five pounds in rows per acre. Postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. At buyer's expense, 5 lbs. 40c.; 10 lbs. 75c.

BUCKBEE'S ILLINOIS

The Ideal Oat for All Sections
Famous Solely on Merit

This great Oat is my own introduction and the result of successful selection and hybridizing. Bred for sowing on the rich soils of the Prairie States; so that there would be strong straw to carry the heavy grain. Everyone knows how much that means. Its great points:

- Type Well Fixed.
- Grain Large and Weighty.
- Straw Very Heavy and of good Length.
- Extremely Early.
- Panicles Large and Open.
- Prices, postpaid, $\frac{1}{2}$ lb. 18c.; lb. 30c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 65c.; bu. (32 lbs.) \$1.15; 2 bu. \$2.25; 5 bu. or more at \$1.10 per bu.

SILVER MINE

A beautiful white Oat, perfect in growth, vigor and yield. The straw is heavy and strong and stands up well. Heads compact, often measuring 10 to 12 inches in length. Try some new seed each year, and as soon as you can see an improvement, discard the old and work up a stock of the new.

Prices, postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 60c.; bu. (32 lbs.) 90c.; 2 bu. \$1.75; 5 bu. or more at 85c. per bu.

EARLY CHAMPION

Extra Early—Upright—Stiff Straw—Hardy—Large—Heavy.

This is the earliest of all Oats and probably the heaviest. Color pure white, grain, large and heavy. Head upright and branching. Straw long and stiff. Always standing up well, withstanding severe windstorms nicely. The past few years when most other Oats were down rusted and nearly ruined generally, our Early Champion made an extraordinarily large yield, even for this heavy cropping variety, and gave a fine crop of white, clean Oats. Prices, postpaid, $\frac{1}{2}$ lb. 15c.; 1 lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 60c.; 1 bu. (32 lbs.) 95c.; 2 bu. \$1.85; 5 bu. or more at 90c. per bu.

EARLY BLACK PROLIFIC TARTARIAN

Heaviest Cropping Variety of Pedigree Black Oats.

Tests made by many progressive farmers convince them that these Black Oats are more reliable croppers than White Oats. They are very early. The grain is short and plump, and of the best quality. Early Black Prolific Oats are practically drouth proof and rust proof. The straw is stiff, the heads are long, and the grain yield is heavy. Prices, postpaid, $\frac{1}{2}$ lb. 18c.; lb. 30c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 65c.; bu. (32 lbs.) \$1.15; 2 bu. \$2.25; 5 bu. or more at \$1.10 per bu.

THE LINCOLN

Stands Well. Rust Proof. Heavy Yields.

Reports from practical farmers show that the yield of the Lincoln is quite heavy, running to 100 bushel or over. Many growers favor it because its heavy grain and thin hull render it almost unsurpassed for feeding purposes and for the manufacture of oatmeal. It stands up exceptionally well, is rust-proof, and has given practically perfect satisfaction. Prices, postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 60c.; bu. (32 lbs.) 85c.; 2 bu. \$1.65; 5 bu. or more at 80c. per bu.

BIG FOUR

Well Known Favorite Variety—Straw Strong and Stiff—Oats White and Rustless.

Introduced a few years since from Minnesota. It is very productive, having in all instances yielded more to the acre than any other sort grown in the same locality; in one case it yielded 174 bushels from a single bushel of seed. It is very early, and has thus far proved itself rust-proof. It stands up better than any other sort; it is best for seeding on account of its thin hull, heavy meat and soft nib. It is the best for oatmeal and grinding for the same reason. Prices, postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 60c.; bu. (32 lbs.) 90c.; 2 bu. \$1.75; 5 bu. or more at 85c. per bu.

IMPROVED WHITE RUSSIAN

This grand new variety can be recommended with confidence. Very prolific, extremely hardy, makes a strong stool, grows with vigor and rapidity. The straw, which is heavy and strong, stands well. Heads compact, grain heavy large and plump. Choicest Stock Seed. Prices, postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 60c.; bu. (32 lbs.) 85c.; 2 bu. \$1.65; 5 bu. or more at 80c. per bu.

TEXAS RED RUST-PROOF WINTER OATS

A standard favorite not only in Texas from which it derives its name, but all through the Southern States. The Texas grown Oat has a very heavy berry, nearly every one has a distinctive beard. Prices, postpaid, lb. 20c.; 3 lbs. 50c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 65c.; bu. (32 lbs.) \$1.15; 2 bu. \$2.25; in 5 bu. lots and over \$1.10 per bu.

NEW APPLIER WINTER TURF OATS

This is undoubtedly one of the best all round Oats for planting in the Fall as they afford a valuable pasture the greater part of the Winter and early Spring, thus reducing the quantity of other necessary food. They may be harvested early enough in the Spring for other crops to follow. This variety spreads and stools out enormously, especially when grazed, and if stock be taken off by March will yield a large crop of grain. This is a very popular Oat in the South, especially on the light sandy soils of the coast region. Prices, postpaid, lb. 20c.; 3 lbs. 50c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 65c.; bu. (32 lbs.) \$1.15; 2 bu. \$2.25; in 5 bu. lots and over \$1.10 per bu.

TENNESSEE OR VIRGINIA GRAY WINTER OATS

This splendid variety has proven immensely popular and satisfactory wherever it has been grown. When sown early and the roots thoroughly established in the soil, it is as hardy as Wheat, and will stand as much cold as that crop. Its stooing propensities are remarkable and on good soil, yields from fifty to seventy bushels per acre. The grain is of a dark gray color with a distinct stripe and weighs heavier than the ordinary Oat. While it is better to sow this variety in August and September it is frequently seeded as late as the middle of November. Prices, postpaid, lb. 20c.; 3 lbs. 50c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 60c.; bu. (32 lbs.) \$1.10; 2 bu. \$2.15; in 5 bu. lots and over \$1.05 per bu.

New Applier Winter Turf Oats

The FAMOUS QUAKER OAT

You can afford to change your Seed Oats at these Bargain Prices.

FOR ABSOLUTE SATISFACTION, PLANT Buckbee's Famous Quaker Oats

EARLIEST, HARDIEST AND HEALTHIEST OAT EVER GROWN. REPUTATION IS WORLD WIDE.

A great natural yielder, thousands of my customers reporting yields of 100 bushels per acre. Straw is extra strong, stiff and free from rust. The grain is the heaviest known and bright as a new Silver Dollar. Matures so early that the crop may be gathered before the dry Summer sets in—seemingly withstands all elements of weather.

In superior quality no variety can excel it, as it makes better Oatmeal than any other sort and all millers prefer it to any other variety.

Color is extremely beautiful at all times, which aids to sell it readily at an advanced price in any market. The Famous Quaker Oats grade No. 1 every time. They stand upright upon strong stiff straw, never lodge, and withstand stronger winds and storms than any other variety.

Every Oat grower knows what it costs to save a bushel of Stock Seed Oats and we are asked thousands of times each season why we can sell Buckbee's Seed Oats so cheap. It is only by growing them ourselves in such large quantities that we are able to sell them to our customers—who appreciate good seed—so cheaply. The mere cost of seed to plant an acre is not a drop in the bucket to what you make on your crop.

Just think a minute what profit you will realize by having an Oat with so many good points—the quantity you can sell your neighbors for seed next year—and remember if you market your crop you are sure of No. 1 grade price.

CHOICEST PEDIGREED SEED OF MY OWN GROWING

Price, postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 70c.; bu. (32 lbs.) \$1.25; 2 bu. \$2.40; 5 bu. or more at \$1.15 per bu

Swedish Select Oats

REGENERATED PEDIGREED SEED.

Now well acclimated, weighs from 35 to 40 pounds per measured bushel. The straw is coarse, noted for its stiffness and power to withstand lodging. The grains are pure white in color, large, thick and plump, making a very handsome appearance. The heads are large, upright and bushy, they are also nearly all meat, the hull being exceedingly thin, making them especially valuable as a feeding Oat. Their great root development enables them to resist drought better than most other kinds. They are quite early and are less liable to smut and rust than most any other sort. Prices, postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 65c.; bu. (32 lbs.) \$1.15; 2 bu. \$2.25; 5 bu. or more at \$1.10 per bu.

Michigan Wonder

Has stood the test exceedingly well and has proved to be an excellent variety. It is very productive, having yielded more to the acre than any of the standard varieties. Very early and has thus far proved itself rust-proof. Stands up remarkably well. On account of its thin hull, heavy meat and soft nib, it is a desirable variety for feeding; for oatmeal or grinding purposes it is exceptionally valuable. Choicest Stock Seed. Prices, postpaid, $\frac{1}{2}$ lb. 15c.; lb. 25c. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. 25c.; $\frac{1}{4}$ bu. 40c.; $\frac{1}{2}$ bu. 60c.; bu. 85c.; 2 bu. \$1.65; 5 bu. or more at 80c. per bu.

Lyon Farrell, Glidden, Wis., June 28th, 1910, writes:—At present date, the Timothy and Clover (Medium June) sown last year from your Seed has made a wonderful stand of, June Clover average two feet—in bloom, some blossoms two feet 8 inches. Timothy two feet eight inches, heads just coming out. As this is one of the best hay sections in the State, the foregoing statement would be a little below normal, but in view of the exceeding dry weather, other fields in the vicinity average one foot on new seeding and six to eight inches on old seeding.

D. F. Burkhalter, R. R. 1, Erick, Oklahoma, writes:—The Seed Corn bought of you is up and growing finely and so far your Northern Grown "Full of Life" Seeds do the best of all in this section.

OATS

A change of Oats is even more important than a change of seed potatoes; and it will pay you to renew your seed this year by sowing some of our improved varieties and thus increase your yield.

BUCKBEE'S NORTHERN GROWN COW PEAS.

The Great Soil Improver

PRICES

**Makes Poor Land Rich--
Makes Good Land More Productive.**

THE BEST NITROGEN RESTORER

The Cow Pea was until very recently supposed to be suited only to Southern conditions. Now it has been demonstrated that where suitable varieties are sown the crop can be grown with entire success in the North. The Cow Pea has proved to be one of the greatest fertilizers of the age, and I doubt not that when I make the statement that it is richer in fertilizing matter, more lasting, more beneficial, a greater and quicker soil improver and a better soil enricher than the fertilizer drawn out from the barnyard, many of my farmer friends will feel like challenging this statement, but nevertheless it is a fact. You can get two very creditable crops of Cow Peas on the same piece of land in one season by sowing them quite early in the Spring after frosts are over, broadcast, at the rate of one bushel

per acre or in drills, twelve inches apart and when they have attained the height of thirty inches plow them under and sow a second crop. It makes a magnificent fodder for cattle. The seed, or grain, is ground and used for cattle fodder; the leaves and stalks also make excellent fodder fed green. Plant in a thoroughly pulverized soil. If wanted to plow under for manure, sow one to two bushels per acre with a grain drill in rows a foot apart. If grown for seed, plant three and one-half feet apart and six inches apart in the row, and cultivate thoroughly, using half a bushel of seed per acre.

BUCKBEE'S EXTRA EARLY MICHIGAN FAVORITE—Here is a Cow Pea that will mature as far North as Canada. In quality and productiveness, it is superior to any of the well known standard varieties; 8 to 12 tons of excellent fodder per acre is not an uncommon yield, and twenty to thirty bushels of seed per acre is often harvested. As a "turn under" or fertilizing crop, it has no equal; being exceedingly rich in nitrogen gathering qualities. My price for the very choicest home grown "Full of Life" seed is very reasonable—order early.—Price, postpaid, ½ lb. 15c.; lb. 25c. By express or freight, not prepaid ½ bu. 55c.; ¼ bu. 95c.; ⅓ bu. \$1.75; bu. (56 lbs.) \$3.25.

PROLIFIC BLACK-EYE—Also called Lady Bountiful in the South where it is often used for table purposes. Our Seed Northern grown and acclimated and we honestly believe it to be one of the best Cow Peas ever grown. Price Postpaid, ½ lb. 15c.; lb. 25c. By Express or Freight, not prepaid, ½ bu. 50c.; ¼ bu. 90c.; ⅓ bu. \$1.60; bu. (56 lbs.) \$2.95.

IMPROVED WHIPPOORWILL—Northern-grown and acclimated. One of the best and most popular sorts for all climates. Price, postpaid ¼ lb. 12c.; lb. 20c. By express or freight, not prepaid, ½ bu. 40c.; ¼ bu. 75c.; ⅓ bu. \$1.40; bu. (56 lbs.) \$2.75.

BUCKBEE'S Northern Grown FIELD PEAS

An Exceedingly Valuable Forage and Feeding Crop

For the Northern, Eastern and Western States there is no crop of greater value than Field Peas. They are a profitable crop to grow, in that the Peas when threshed are always marketable, and they stand in the front rank as a fodder plant. They should be sown in March or early April, one bushel of Peas to two bushels of Oats to the acre. The Peas should be sown first and harrowed under about three inches deep; the Oats then sowed and harrowed under. They will be ready for cutting about the latter end of June, when the Oats are in milk and the Pods formed on the Peas. Farmers who have never

Buckbee's New Early Snowflake Field Peas.

sown this crop will be surprised at its large yield. It is a nutritious food and relished by all kinds of farm animals. This crop also makes an excellent soil improver when turned under like Cow Peas.

BUCKBEE'S NEW EARLY SNOWFLAKE—By far the best Field Pea. Immensely productive. Height of vine 3½ to 4 feet. Dry Pea is of a beautiful pearly white color. Price, postpaid, lb. 25c. By express or freight, not prepaid, ½ bu. 40c.; ¼ bu. 65c.; ⅓ bu. \$1.20; bu. \$2.25; 2 bu. \$4.40; in 10 bu. lots and over \$2.15 per bushel.

IMPROVED WHITE CANADA FIELD—A well-known and standard variety of Field Peas. Price postpaid, lb. 20c. By express or freight, not prepaid, ½ bu. 35c.; ¼ bu. 60c.; ⅓ bu. \$1.10; bu. \$1.95; 2 bu. \$3.80; in 10 bu. lots and over \$1.85 per bushel.

FRENCH JUNE—The foliage and habit of growth quite similar to Garden Peas. The Field Pea is one of the best soiling crops at the North, and is largely used for that purpose and for green manuring. It is sometimes grown alone, but the most satisfactory dairy results come from sowing it with Oats, Rye or Barley. It makes good ensilage, and is an admirable food either green or dry for cattle, being highly nutritious and rich in milk-producing elements. It is quite hardy and may be sown early in the Spring, and will be ready to cut in May or June. The seed should be sown at the rate of 1 to 1½ bushels per acre. Price, postpaid, lb. 25c. By express or freight, not prepaid, ½ bu. 40c.; ¼ bu. 65c.; ⅓ bu. \$1.15; bu. \$2.15; 2 bu. \$4.20; in 10 bu. lots or over \$2.05 per bushel.

BUCKBEE'S "Full of Life" FLAX SEED

No. 25 or Primost Flax

This is a pure bred Flax. It is selected from a variety which came to the Minnesota Experiment Station from the U. S. Department of Agriculture.

In 1896 numerous individual plants were selected from a bed of this Flax, some with heavy bushy tops to be used in breeding for a larger yield of seed, others with tall, slender stems for fibre. Each of these selected mother plants was grown in the nursery for several years, and the best of these stocks selected for seed is the Minnesota No. 25, and named Primost. Our supply of this seed is limited. Send your orders early. Price, postpaid, per lb. 20c.; 3 lbs 50c. By express or freight, not prepaid, ½ bu. 50c.; ¼ bu. 90c.; ⅓ bu. \$1.70; bu. (56 lbs.) \$3.25; 2 bu. \$6.45; 10 bu. or more at \$3.20 per bu.

RAPE

The Best For Fodder
SHEEP AND CATTLE

BUCKBEE'S DWARF BONANZA RAPE—Gives a luxuriant pasture and a tremendous yield. If sown in May, it grows rapidly and can be cut or pastured the latter part of July. If sown the first half of July it will come into fine play as a fodder in September, October and up to November. The main secret in the successful raising of sheep for mutton lies in the very general use of Fodder Rape for feeding them. After the corn is harvested and before winter sets in, there is need of nutritious green fodder, especially for sheep. Dwarf Bonanza Rape is easily grown, perfectly hardy and possesses remarkable fattening qualities. One acre will pasture 36 head 2 months, and lambs will make a gain of 8 to 12 pounds a month. Pigs and cattle would be an aftermath of second growth that would be useful after that time. It does well sown with oats. If the soil is rich and clean, sow broadcast; if not clean, sow in drills and cultivate as for corn. Rape is especially adapted for a catch crop, succeeding when from any cause the other crops have failed. When sown broadcast, use 5 pounds and if in drills, 2 pounds to the acre. Postpaid, lb. 35c.; 3 lbs. 90c. By express or freight, not prepaid, 5 lbs. 49c.; 10 lbs. 88c.; 50 lbs. \$3.60; 100 lbs. \$6.95.

DWARF ESSEX RAPE—A standard variety. Postpaid, lb. 30c.; 3 lbs. 75c. By express or freight, not prepaid, 5 lbs. 44c.; 10 lbs. 82c.; 50 lbs. \$2.89; 100 lbs. \$5.65.

AUSTRALIAN SALT BUSH

A Forage Plant for Alkali Soils and Regions Subject to Periodic Drought
This is a most wonderful forage plant, as it will grow freely in arid and alkali lands that will produce no other vegetation, yielding a marvelously liberal foliage which is eagerly eaten by all kinds of stock. It is of creeping habit. From twenty to thirty tons of green fodder have been harvested from one acre. It has further been proven that after three or four crops have been grown on alkali land the soil is then capable of producing any other vegetation. In many sections of the States this is in itself of priceless value. This plant has been very extensively tried where single plants grown on the poorest alkali ground have reached a diameter of sixteen feet in one season. One pound of seed will seed an acre. It grows readily from seed, and requires no cultivation.

Price, postpaid, pkt. 5c.; oz. 15c.;
½ lb. 35c.; ½ lb. 65c.; lb. \$1.25.

Australian Salt Bush.

NOTICE

PRICES

Buckbee's "Full of Life" Rye

BUCKBEE'S MAMMOTH SPRING RYE—This is quite different from the Winter Rye and is highly valued wherever known. It is not only more productive, but the grain is of finer quality and it can be successfully grown in any latitude. Makes an excellent catch-crop where Winter grain has been killed out, or for sowing where a Fall crop has not been planted. The straw is of special value as it stands six or eight feet high, being better than that of Winter Rye and producing nearly four times as much straw as oats. Produces 30 to 40 bushels of grain to the acre. As it does not stool like Winter Rye not less than two bushels to the acre should be sown. Prices, postpaid, lb. 25c. By express or freight, not prepaid, ½ bu. 35c.; ¼ bu. 50c.; ½ bu. 80c.; bu. (56 lbs.) \$1.45; 2 bu. \$2.80; 10 bu. or more at \$1.35 bu.

BUCKBEE'S GIANT WINTER RYE—This crop is used all over the country for Fall, Winter and Spring pasturage, early green food, and for green manuring, as well as for grain. It is very hardy and will grow on poorer land than any other grain crops. It is a good Spring soiling crop, giving the earliest bite of green stuff and makes a fair quality of hay if cut in bloom or before it is fully headed out. Used for a grain crop its straw makes the best of bedding for cattle and horses and if carefully threshed sells at high prices for collar making and other manufacturing purposes. It is also an excellent green manuring crop for turning under in the early Spring. Sow at the rate of 1½ bushels per acre. Prices, postpaid, per lb. 25c. By freight or express, not prepaid, ½ bu. 35c.; ¼ bu. 50c.; ½ bu. 80c.; bu. (56 lbs.) \$1.35; 2 bu. \$2.65; 10 bu. or more at \$1.30 per bu.

SPELTZ OR EMMER

IT MAKES A GOOD CROP WITH ALMOST ANY CONDITION
OF SOIL AND CLIMATE

Outyields any other grain and makes better feed than Barley or Oats.

It is neither wheat, rye nor barley, and yet it appears to be a combination of the three. It is more like wheat than any of the others mentioned. For fattening cattle, poultry, horses, sheep, pigs, etc., it is claimed to be ahead of other grains; in fact all kinds of animals seem to thrive on it. Speltz is claimed to be ahead of corn, superior to oats and more profitable than wheat. Yields 80 to 100 bushels of richer food than corn, besides giving as much as 4 tons of good hay per acre. Excellent for pasture and can be fed in the green state. As green grass hay food it often gives 100 leafy stalks from one seed, which shows its heavy stooing properties. The heads are somewhat similar to two-rowed barley, the spikelets being separated from each other in such a manner that the crop is not easily injured by the weather. It is a heavy yielder. Will grow well and produce enormous crops on land where wheat will not grow. Speltz has now been grown in the United States in a large way for several years and each succeeding season not only emphasizes its value, but sees its production increasing to an enormous extent. It is found to be adapted to a wide range of soil and climate, to resist extremes of weather, to be of excellent feeding value and to yield so much more heavily than oats and barley as to insure its increasing popularity and its eventual place among the leading and standard cereal crops of the world. Those who have not grown Speltz should not let another season go by without giving it a place and an important place, too, on their farms. Sow 2 bu. per acre. My own growth, choicest Northern-grown pedigree stock seed, price, postpaid, pkt. 5c.; lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, ½ bu. 25c.; ¼ bu. 40c.; ½ bu. 65c.; bu. (40 lbs.) \$1.10; 2 bu. \$2.15; 10 bu. or more at \$1.05 per bu.

BUCKBEE'S
FULL OF LIFE
RYE

Speltz or Emmer.

BUCKBEE'S NORTHERN GROWN SUGAR CANE OR SORGHUM

(Plant $\frac{1}{4}$ bushel Seed to an Acre.)

The Best Varieties for Making Sorghum Syrup.

BUCKBEE'S IMPROVED EARLY AMBER

Successfully grown even in our extreme Northern latitudes. Not only is it valuable for fodder and pasture purposes, but it makes a high-grade cane syrup or sorghum. Price, postpaid, lb. 20c.; 3 lbs. 50c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{1}{4}$ bu. 60c.; $\frac{1}{2}$ bu. \$1.05; bu. (50 lbs.) \$1.90.

BUCKBEE'S IMPROVED EARLY ORANGE

An exceedingly valuable variety. Very large, of strong and vigorous habit. Early and frequently produces 240 gallons or over of beautifully colored and highly flavored syrup per acre.

Price, postpaid, lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{1}{4}$ bu. 60c.; $\frac{1}{2}$ bu. \$1.10; bu. (50 lbs.) \$2.00.

Sugar Cane For Fodder

(Plant $1\frac{1}{2}$ bushels of Seed to an Acre.)

Valuable for Pasture, Soiling, Green Feed in Cut Form, as Well as for Feeding in Dry State Through the Winter Months.

Sugar Cane not only possesses high value in producing syrup, but as an addition to the daily ration for stock is almost invaluable. City owners of horses have found that Sugar Cane added to the feed of their stock gives splendid conditioning and strengthening returns—more fat, more ability to stand hard work. Farmers who raise stock, even in a limited way, will find Sugar Cane, in the stalk, a wonderful help in fattening and conditioning. It is not desirable as a full ration, but as an addition it beats all the stock foods in existence. It may be fed green to all kinds of Stock with very profitable results. It can also be used to advantage as Summer pasturage, and is especially satisfactory for sheep and hogs—for this purpose it should be sown or drilled thickly. When fed in the dried condition, handle about the same way as fodder corn. When grown for sugar or molasses the "heads" can be cut and stored and fed either dry or soaked, but the grain should be crushed or coarsely ground. Mixed with equal quantities of Oats, Peas or Soja Beans it makes an excellent food and a great substitute for Corn. One of the most common uses of Cane Seed is as a feed for poultry. For this purpose it is highly prized and is especially recommended for laying hens. Postpaid, lb. 20c.; 3 lbs. 50c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 30c.; $\frac{1}{4}$ bu. 50c.; $\frac{1}{2}$ bu. 90c.; bu. (50 lbs.) \$1.75; 2 bu. \$3.40; 5 bu. or more, \$1.65 per bu.

Giant Spurry.

Giant Spurry

It flourishes on sandy worn soils where no other plant flourishes. It comes next to Clover as a fertilizer. It is of very rapid growth and is sown the latter part of March, April or May, at the rate of 10 lbs. per acre if wanted for hay. The seed is sown broadcast on well prepared soil and covered lightly by harrowing. It germinates quickly, and in from 6 to 8 weeks is ready to cut. It is usually cut for hay the first time, and pastured afterward for the rest of the Summer. If wanted as a fertilizer, 20 lbs. per acre are sown, and when from 15 to 20 inches high, plowed under. Two crops can be plowed under in one year on account of its quick growth. It is readily eaten by cows. Postpaid, oz. 10c.; $\frac{1}{2}$ lb. 15c.; lb. 25c.; 3 lbs. 65c. By express or freight, not prepaid, 5 lbs. 50c.; 10 lbs. 90c.; 25 lbs. \$1.95; 50 lbs. \$3.75; 100 lbs. \$6.85.

Buckbee's Early Amber Sugar Cane.

Our Seed is Government Inspected and will show a test for Purity of 98% and Germination better than 90%.

AS A PASTURE PLANT FOR LATE FALL AND EARLY SPRING IS WITHOUT AN EQUAL. FURNISHING GREEN FORAGE DURING TWO PERIODS OF SCANTY VEGETATION.

This Vetch is, beyond doubt, one of the most valuable fodder plants for the West and Northwestern States, owing to its adaptability to withstand severe drought, heat and cold. The vines are very similar to pea vines, but are more slender and much more thickly clad with leaves and side stems, which furnish nice, succulent feed. Individual plants will make a ten-foot growth before going to seed. It is an annual, but drops its seeds freely, and will come up year after year on the same ground. The Washington Department of Agriculture estimates the value of an acre of this Vetch plowed under equivalent to putting into the ground \$25 to \$45 worth of commercial fertilizer. One important feature is that a sowing made in August or September covers the ground before Winter sets in and prevents washing of the soil during the Winter and early Spring, thus saving a great portion of soluble mineral fertilizers contained in soil, which otherwise would wash or leech out. Can also be sown in April and will be ready to cut by the middle of July, the second growth affording excellent hog pasture during the Summer

FOR A HAY CROP IT IS PAR-EXCELLENCE.

Make sowings in early Spring at the rate of 30 lbs. per acre. broadcast, with the addition of one-half bushel Rye or Oats to furnish support for the vines. This latter method will give the best satisfaction. On good, rich soil it yields enormous crops of green fodder, running from 10 to 15 tons to the acre; equal to 3 to 4 tons when cured as dried hay. It is also a remarkable grower on sandy and thin land. Don't fail to try it. If you do you will miss one of the great treats of your lifetime in farming, because we believe that our Sand Vetch will give you results and a crop, such as you never had before. We are constantly in receipt of the most enthusiastic letters from our customers who have grown it, and our sales are increasing largely each successive year. If your land is poor and you wish to enrich it, Sand Vetch will do it as quickly and cheaply as anything you ever tried.

Our seed is the very choicest Northern-grown, and while we expect to have enough to fill all orders, would advise early orders. Send to Buckbee for the Best Seed. Postpaid, lb. 25c.; 3 lbs. 70c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 95c.; $\frac{1}{4}$ bu. \$1.85; $\frac{1}{2}$ bu. \$3.35; bu. (60 lbs.) \$6.35.

Spring Vetch

This annual variety is extensively used for planting with Oats for Summer and Fall fodder. Grown and used in the same manner as Winter Vetch, though not so hardy, strong and vigorous. Postpaid, lb. 20c.; 3 lbs. 50c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 50c.; $\frac{1}{4}$ bu. 90c.; $\frac{1}{2}$ bu. \$1.75; bu. (60 lbs.) \$3.35.

Buckbee's Sand Vetch.

TEOSINTE

The World Beating Fodder Plant

Here is a truly wonderful forage plant worthy of general cultivation. It comes to us from the rich, fertile plains of the Nile; where, travelers tell us, the enormous yield of 300 tons green fodder per acre is not uncommon. This is what it does in Egypt. What does it do in America? Almost equally as well. Give it a rich, warm, balmy soil, and it will yield from 100 to 150 tons of green fodder per acre. It is simply marvelous. Down in Georgia, in Florida and North Carolina, its yield is all the way from 100 to 200 tons of green fodder per acre. It grows to a height of 18 feet in those states, while a single kernel will produce from 60 to 100 stalks of the most nourishing green fodder imaginable. Our test in the North gives it an average yield of about 50 tons of green fodder per acre. On our Rockford Seed Farms, where the soil is sandy and warm, it yielded at the rate of fully 60 tons per acre, sending forth from 20 to 60 shoots from one kernel of seed. It was the most magnificent thing we had ever seen. About 3 pounds of seed are required per acre. **PRICE OF SEED**, postpaid, oz. 10c.; $\frac{1}{4}$ lb. 25c.; lb. 75c. By Express or Freight, not prepaid, lb. 65c.; 5 pounds or more at 60c. per pound.

JOHN M. EVANS, R. R. 4, Tippicanoe City, O., writes:—The Potatoes bought from you last Spring were fine—one bushel of Ohio made 17 bushels and one bushel of Early Rose made 15 bushels. I could sell all I have for seed for big prices.

Teosinte.

SUNFLOWER (MAMMOTH RUSSIAN)

The best egg-producing food known for poultry. Can be raised cheaper than corn. Single heads measure fifteen to twenty-two inches in diameter, and contain an immense amount of seed, which is highly valued by all farmers and poultry breeders who have tried it.

If you keep only a pair of fowls get a pound of this seed just for a trial and be convinced.

It contains the shell to make eggs.

It gives the fowls a bright, lustrous plumage.

It keeps them in a strong, healthy condition.

It prevents roup.

It is a heavy cropper on almost any soil.

It can be sown from early Spring up to July.

It is used as a medical herb.

It is fattening to either poultry or cattle.

Its strong, thick stalk can be used as fuel.

In fact, it is the most wonderful, cheapest and best poultry food known.

Three pounds will sow one acre and the average yield is 100 bushels to the acre. Postpaid, oz. 5c.; $\frac{1}{4}$ lb. 15c.; lb. 25c.; 3 lbs. 70c. By express or freight, not prepaid, 5 lbs. 50c.; 10 lbs. 90c.; 25 lbs. (bu.) \$1.95

NOTICE

The prices on this page are subject to market changes without notice. Better write for special prices if in want of large lots.

PRICES

SUNFLOWER

Our Seed Wheat is grown on our own farms in North Dakota and is the best obtainable.

BUCKBEE'S "FULL OF LIFE" WHEAT

MINNESOTA No. 169 BLUE STEM SPRING WHEAT

A new distinct variety of Spring Wheat, which, when green, has a beautiful blue bloom on it, similar to the bloom on a grape, and which can be removed by passing the finger over the stem. This bloom disappears as the Wheat ripens, and the stem and straw assume a beautiful golden-yellow hue, and entirely free from rust. This variety has no beards and is especially adapted to the older Wheat growing sections of the Northwest. The kernel is of the hard variety, similar to the Red Fife; very productive; one of the best Spring Wheats for milling. Prices, postpaid, lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 60c.; $\frac{1}{2}$ bu. \$1.05; bu. (60 lbs.) \$1.85; 2 bu. \$3.65; in 10 bu. lots and over at \$1.80 per bushel.

RED FIFE SPRING WHEAT—Noted for its earliness, vigor and freedom from smut and all diseases. Beardless. The kernels are hard and flinty, whereby it is recognized as an A No. 1 milling Wheat, adapted to all states where Wheat can be grown. Prices, postpaid, lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 60c.; $\frac{1}{2}$ bu. \$1.00; bu. (60 lbs.) \$1.75; 2 bu. \$3.45; in 10 bushel lots and over at \$1.70 per bushel.

MACARONI OR DURUM SPRING WHEAT—It is not only true that Macaroni Wheat can be grown in dry districts, but it must be grown there in order to produce the best quality of grain. Seeded April 26, it was ripe, cut, threshed and in the granary August 6. The shorter the period required for a Wheat to grow the more valuable it will be to a locality subject to summer droughts and hot winds. This Bearded Wheat gives the best results on new land. In the field this Wheat grows very strong and with surprising rapidity, so rapidly as to get well ahead of the weeds. It does not shell or bleach and is also hail proof, owing to the tightness of the hull. The straw is very strong. Prices, postpaid, lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{1}{4}$ bu. 50c.; $\frac{1}{2}$ bu. 90c.; bu. (60 lbs.) \$1.65; 2 bu. \$3.25. In 10 bushel lots and over at \$1.60 per bushel.

DAKOTA RELIABLE WINTER WHEAT—Dakota Reliable is one of the earliest, heads are large, compact and well filled with large size red grains. It is beardless, with red chaff and holds grain firmly, preventing scattering. The grain is heavy, plump and sound and its milling qualities are all that can be desired. It is suited to a great variety of soils and adapted to a wide area of country. Where an early Wheat is required, Dakota Reliable is the Wheat to sow. Prices, postpaid, lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 60c.; $\frac{1}{2}$ bu. \$1.00; bu. (60 lbs.) \$1.75; 2 bu. \$3.45; in 10 bushel lots and over at \$1.70 per bushel.

RED WONDER WINTER WHEAT—Far superior to the improved Turkish Red Wheat. A most valuable bearded variety and is adapted to a great many soils. It can be depended upon for an abundant yield even in unfavorable seasons. It grows a little above medium height; straw jointed and stocky. The straw is very strong at base of head which accounts in a great measure for its ability to withstand storms without lodging. Price, postpaid, lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 35c.; $\frac{1}{4}$ bu. 50c.; $\frac{1}{2}$ bu. 90c.; bu. (60 lbs.) \$1.65; 2 bu. \$3.25; in 10 bushel lots and over at \$1.60 per bushel.

WILD RICE

Valuable as an attraction for wild fowls. Sown in large quantities along the edges of ponds, lakes and streams. It can be successfully sown either in the Winter or Spring, but often the best results are obtained when sown during the Fall months, generally about the middle of September. It lies dormant all Winter when sown in the Fall, and in the Spring commences to sprout as soon as the weather becomes warm, reaching the surface generally the first part of June. It grows very rapidly in one to eight feet of water, ripening late in August or early in September. The best plan is to sow it broadcast from a boat in 2 or 3 feet of water having a mud bottom. Its value to the sportsman as a bait for fowl is being realized more each year. The seed of Wild Rice is used for food by the Indians, who parch it, and they prefer it to any other cereal food. It is also much esteemed by the white men who had the opportunity of testing it. Price, postpaid, lb. 40c. By express or freight, not prepaid, 10 lbs. \$2.75; 25 lbs. \$6.25; 50 lbs. \$12.00; 100 lbs. \$22.00.

Where Wild Rice Grows Ducks will Come.

BUCKBEE'S "FULL OF LIFE" CLOVER

NORTHERN GROWN, RE-CLEANED GOVERNMENT INSPECTED SEED

NOTHING IS MORE IMPORTANT

To the farmer than that the clover and grass seed he sows should be pure and clean. The seed should also be plump, heavy, and well ripened. First-class thoroughly cleaned seed, while a shade higher in price, is really much cheaper in the end than the light, chaffy grades so generally sold at much lower prices, even should the latter be free of weeds. Heavy, plump seeds germinate better, will produce a much greater number of strong plants, go farther and give a better stand.

IT IS WITHOUT QUESTION

To the advantage of the purchaser, both in a money point of view and a good stand, to buy the best seed obtainable.

TURKESTAN ALFALFA

(Medicago Sativa Var. Turkestanica.)

THE QUEEN OF ALL THE CLOVERS

THERE IS NO STATE IN THE UNION WHERE IT CANNOT BE SUCCESSFULLY GROWN. It is the hardiest—the most lasting—most productive and most efficient soil enricher. Not only does it endure extreme cold and drought, but excellent crops of it have been raised on strongly alkaline soils. Sown alongside common Alfalfa the Turkestan made a top growth averaging eighteen inches in height with corresponding long root growth, while the common grew only a few inches high. Spring is the best time to sow the seed though very satisfactory results are obtained by planting in the early Fall months of the year and is usually sown broadcast at the rate of 15 to 20 pounds to the acre. It produces from 3 to 7 tons of hay to acre. It will grow 3 to 5 crops a year and lasts from 5 to 50 years with one sowing. It has as much protein as wheat bran. As a feed for all kinds of live stock it is unexcelled. Every animal upon the farm loves Alfalfa, and thrives upon it. As a pasture plant it has no equal in the amount of gain upon animals that may be made from an acre of it. It does not exhaust the soil but enriches it.

Turkestan Alfalfa ranks higher than Timothy hay in feeding value. Experiment Stations place the feeding value of Alfalfa hay at twenty dollars per ton as against Timothy hay at twelve dollars per ton. Cut and cured for hay it is the greatest money-maker known, averaging over forty dollars per acre clear profit.

Comparative Value—The Wisconsin experiment station says that one acre of Alfalfa yields as much protein (the milk and meat producer) as three acres of common clover or nine of Timothy or twelve of Brome grass.

As a Meat-Producer—Feeders in the West claim to be able to put fat cattle on the market 20 to 30 per cent. cheaper with Alfalfa as balance of feed than on corn alone.

The Dairyman's Stand-by—The Kansas agricultural station reports a case where a dairyman maintained ten milk cows for a whole summer, without any grain, on two acres of Alfalfa, cut and fed to them fresh three times a day.

Our seed is of the highest grade, Northern-grown on new land, and is of strong and vigorous Germination, and will conform to any Pure Seed Law both as to Purity and Germination.

Prices, Postpaid—Pkt. 10c.; 1 lb. 40c.; 3 lbs. \$1.10. By Express or Freight, not prepaid— $\frac{1}{2}$ bu. \$1.85; $\frac{1}{4}$ bu. \$3.35; $\frac{1}{2}$ bu. \$6.15; 1 bu. (60 lbs.) \$11.85.

Montana Alfalfa Seed. Montana is producing a very fine grade of Alfalfa. The seed is usually exceptionally large and of high germination. Montana grown Alfalfa is exceptionally hardy and we prefer it to seed from any other place. Our seed is obtained in those sections where plants have endured the extreme cold of Winter and thrive at high altitudes. Our experience of several seasons has demonstrated the superiority of this seed under adverse climatic conditions throughout the entire Northwest. We have been able to secure several cars of exceedingly bright seed, from which orders will be filled until the stock is exhausted. We offer here our "Full of Life" Grade only. Price, postpaid, lb. 45c.; 3 lbs. \$1.20. By express or freight, not prepaid, $\frac{1}{2}$ bu. \$1.95; $\frac{1}{4}$ bu. \$3.60; $\frac{1}{2}$ bu. \$6.65; 1 bu. (60 lbs.) \$12.65.

Dry Land Alfalfa Seed. The extension of Alfalfa growing into the regions of limited rainfall has created a demand for Alfalfa seed especially adapted to those conditions. Seed which has been produced from Alfalfa grown on dry land and without irrigation is of course much preferable for dry land culture to seed produced under irrigation or normal rainfall. It is not always possible to obtain seed grown under these conditions, but we have succeeded in purchasing a limited amount of fine seed which is offered only until our stock is exhausted.

In case we do not have Dry Land Alfalfa when your order is received we suggest that you state on your order as to what variety we may substitute in its place to the value of the money you send us; or, in the absence of these instructions, we will promptly refund your money if we do not have what is wanted. We never substitute without the consent of the purchaser. "Full of Life" Grade. Price, postpaid, lb. 50c.; 3 lbs. \$1.35. By express or freight, not prepaid, $\frac{1}{2}$ bu. \$2.15; $\frac{1}{4}$ bu. \$3.75; $\frac{1}{2}$ bu. \$6.95; 1 bu. (60 lbs.) \$13.35.

Alfalfa or Lucerne (Medicago Sativa) Until the introduction of Turkestan Alfalfa this is the variety that was in general use, but once the Turkestan has been tried in any given locality very few would care to plant the old sort, and it is only a question of time when it will be entirely replaced by its new and more formidable opponent, and the difference in price cuts no figure compared with increased crops. Prices for Northern Grown Seed on new land, postpaid, 1 lb. 40c.; 3 lbs. \$1.10. By Express or Freight, not prepaid, $\frac{1}{2}$ bu. \$1.75; $\frac{1}{4}$ bu. \$3.25; $\frac{1}{2}$ bu. \$6.00; 1 bu. (of 60 lbs.) \$11.65.

These prices are subject to Market Changes. Write for prices on large lots, see Page 74 for other Clovers.

We Test The Germination of All Seed

We not only use great care in securing good seed, but make critical germination and purity tests before any seeds are sent out. By this method we know exactly as to the vitality of the seed we supply, and make sure it is of strong growth, and clean, plump, heavy and well-ripened, so as to insure a good stand, and free from noxious and foreign seeds; in fact, I aim to have every bushel of Buckbee's Famous "Full of Life" Clover Seed that I send out test 98 per cent. or better for purity, and 95 per cent. or better for germination.

MARKET CHANGES. The market value of Grass and Clover Seeds is constantly changing; should you wish to purchase a quantity, or should any item appear high, write for samples and special prices.

PRICES

BUCKBEE'S "Full of Life" CLOVER

MARKET CHANGES. The market value of Grass and Clover Seeds is constantly changing; should you wish to purchase a quantity, or should any item appear high, write for samples and special prices.

ALSIKE OR SWEDISH CLOVER

This is one of the hardiest varieties known. It is a perennial and does not winter kill. It will do better on moist land than any other variety of Clover, and is suitable for either hay or pasture. When sown with other grasses it forms a thick undergrowth and greatly increases the yield. It is frequently sown with both Medium Red Clover and Timothy and the quality of hay thus produced is excellent. It is finer and more leafy than Red Clover although it does not grow so high. Extra fine for Honey Bees and cattle prefer it to all other Clovers. Also valuable for soiling; Clover sick land producing fine crops of Alsike. Sow broadcast either in Fall or Spring on freshly harrowed ground or among other grain 8 to 10 lbs. per acre. Postpaid, lb. 35c.; 3 lbs. \$1.00. By express or freight, not prepaid, $\frac{1}{2}$ bu. \$1.45; $\frac{1}{4}$ bu. \$2.70; $\frac{1}{2}$ bu. \$5.35; bu. (60 lbs.) \$10.65.

WHITE CLOVER

This is a valuable pasturage and lawn grass, thrives best on moist, rich ground; does not succeed well on thin soil. Makes excellent forage for Bees. In conjunction with Kentucky Blue Grass it forms a desirable permanent pasture for sheep and cows. When sown alone use 12 to 15 lbs. per acre. Postpaid, lb. 50c.; 3 lbs. \$1.40. By express or freight, not prepaid, 5 lbs. \$2.00; 10 lbs. \$3.75.

YELLOW TREFOIL CLOVER

Allied to common Red Clover, valuable for dry, sandy or poor soil. Sow 12 to 14 lbs. per acre. Postpaid, lb. 30c.; 3 lbs. 80c. By express or freight, not prepaid, $\frac{1}{2}$ bu. \$1.35; $\frac{1}{4}$ bu. \$2.55; $\frac{1}{2}$ bu. \$4.95; bu. (60 lbs.) \$9.65.

SERRADELLA

The greatest honey producing plant in the world. For light, poor or sandy soils Serradella is one of the best fodder plants. It is sown at the rate of 10 to 15 lbs. per acre and can be sown either with Winter Wheat or by itself or in Rye in early Spring growing rapidly after the grain has been cut. Postpaid, lb. 25c.; 3 lbs. 70c. By express or freight, not prepaid, $\frac{1}{2}$ bu. \$1.10; $\frac{1}{4}$ bu. \$1.80; $\frac{1}{2}$ bu. \$3.30; bu. (60 lbs.) \$6.35.

SAND CLOVER

Here is an especially rich, hardy herbaceous Clover, that will grow and thrive on the poorest soils and in sand where no other Clover will grow, eaten with avidity by sheep, cattle and horses; useful in mixture for dry soils. Valuable also as a turn under crop for building up worn out soils; sow 20 lbs. to the acre. Postpaid, lb. 35c.; 3 lbs. \$1.00. By express or freight, not prepaid, 5 lbs. \$1.25; 10 lbs. \$2.25.

CRIMSON CLOVER (TRIFOLIUM INCARNATUM OR GIANT INCARNATE)

This fine Clover is one of the most valuable Fall crops the farmer can put in as it will make the earliest green feed of any of the Clovers. It will yield under favorable conditions 8 to 10 tons of green feed per acre or 1 $\frac{1}{2}$ to 2 $\frac{1}{2}$ tons of hay and is worth as a fertilizing crop \$20.00 to \$25.00 per acre. It can be cut or turned under in time for other early Spring crops and in warm climates four to five cuttings are made during the season. Crimson Clover can be sown at the rate of 15 to 20 lbs. per acre any time from July to October. The seed we offer is Northern-grown, on new land and the best and cleanest that can be produced showing a strong germination and 95% to 98% purity. Postpaid, lb. 25c.; 3 lbs. 70c.; By express or freight, not prepaid, $\frac{1}{2}$ bu. \$1.25; $\frac{1}{4}$ bu. \$2.10; $\frac{1}{2}$ bu. \$3.95; bu. (60 lbs.) \$7.65.

Crimson Clover.

NOTICE!

Our Sweet Clover Seed is hulled and of splendid germination. Don't buy seed in the hull: so often sold at cheap prices, of inferior quality.

Bokhara, Sweet or Bee Clover.

Alsike Clover.

NOTICE

The prices on this page are subject to market changes without notice. Better write for special prices if in want of large lots.

PRICES

MEDIUM RED OR JUNE CLOVER

This is more extensively cultivated for pasture, hay and fertilizing than any other plant. As a vegetable fertilizer it has no superior. It is capable of doing more to enrich impoverished lands at less expense than any other plant. When sown alone it produces a hay of superior quality and when sown with Timothy and other grasses forms a desirable pasture. If sown alone use 10 to 20 lbs. per acre. If with Timothy, use one part Clover to two parts Timothy. Seed should always be saved from the second cutting. Buckbee's Full of Life Grade—The plump, cleanest, purest, fanciest grade; tested and of high vitality. Postpaid, lb. 35c.; 3 lbs. \$1.00. By express or freight, not prepaid, $\frac{1}{2}$ bu. \$1.45; $\frac{1}{4}$ bu. \$2.70; $\frac{1}{2}$ bu. \$5.35; bu. (60 lbs.) \$10.65.

Red Clover.

MAMMOTH RED or SAPLING CLOVER

This variety is different from the common red, having a more vigorous growth and coarser and is especially suited for a green manuring crop; will do well and make good hay on poor, thin soil where Red Clover will not grow. Seed is saved from the first cutting. Sow 15 to 20 lbs. per acre. Postpaid, lb. 35c.; 3 lbs. \$1.00. By express or freight, not prepaid, $\frac{1}{2}$ bu. \$1.40; $\frac{1}{4}$ bu. \$2.65; $\frac{1}{2}$ bu. \$5.25; bu. (60 lbs.) \$10.45.

SANFOIN or ESPARSETTE CLOVER

An excellent Perennial Fodder Plant adapted for light, chalky soils, desirable for feeding either green or dry to milch cows. Sow 20 to 30 lbs. per acre. Postpaid, lb. 30c.; 3 lbs. 80c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 40c.; $\frac{1}{4}$ bu. 70c.; $\frac{1}{2}$ bu. \$1.30; bu. (20 lbs.) \$2.50.

SAND LUCERNE CLOVER

Especially adapted to sandy soils. Largely used in Europe. Sow 12 to 14 lbs. per acre. Postpaid, lb. 40c.; 3 lbs. \$1.10. By express or freight, not prepaid, $\frac{1}{2}$ bu. \$1.85; $\frac{1}{4}$ bu. \$3.30; $\frac{1}{2}$ bu. \$6.30, bu. (60 lbs.) \$12.35.

BURR OR JAPAN CLOVER

This is not a true Clover, but in appearance and habit of growth is much like White Clover. It is especially valuable in the warmer states where it will flourish on poor and exhausted soils that are too poor to produce profitable crops of any other forage plant. It is an annual but once sown reseeds itself from year to year and in that way will last indefinitely. Usually planted from July to October, harrow land carefully and cover the seed only $\frac{1}{2}$ inch deep, it generally sprouts with Fall rains and matures the middle of May. Postpaid, lb. 35c.; 3 lbs. \$1.00. By express or freight, not prepaid, 5 lbs. \$1.00; 10 lbs. \$1.90.

BOKHARA, SWEET OR BEE CLOVER

This plant is grown mostly for fertilizing purposes, although in many sections of the country it is very valuable for feed. It is a valuable preparation for Alfalfa because the same bacteria that work in the Alfalfa Roots have their nodules in the Sweet Clover also. It may be sown at any time of the year, but preferably from April 1st to September 15th. Prepare soil same as you would for Alfalfa. Will grow on extremely poor soil, making satisfactory growth. It will reseed itself year after year. The plants being biennial the roots as well as the stalks are constantly dying and decaying, this adds wonderfully to the fertility of the field. Especially adapted for Bee pasture and all Bee keepers should not fail to try it. Will grow anywhere, even if the land is as solid as a rock. Postpaid, lb. 35c.; 3 lbs. \$1.00. By express or freight, not prepaid, $\frac{1}{2}$ bu. \$1.75; $\frac{1}{4}$ bu. \$3.25; $\frac{1}{2}$ bu. \$6.25; bu. (60 lbs.) \$11.85.

BUCKBEE'S "FULL OF LIFE" GRASS SEEDS

High Grade---Pedigreed

The best obtainable, both as respects purity and high germination—pure and clean, plump, heavy and well ripened, so as to insure a good stand, and free from noxious and foreign seeds.

TIMOTHY

As a crop for hay, Timothy is probably unsurpassed by any other grass. It is greatly relished by all kinds of stock, especially horses. It yields more nutritive matter than any other grass or forage plant. It is well suited for a permanent pasture as it will hold its own for several years, before running out. Well adapted to early Spring grazing, as it starts up quickly in the Spring and in favorable Fall weather can be pastured in the Autumn as well. The largest crops of hay are raised on rich land. It is well suited for light, sandy soil as most other Grasses. The most important point in the growing of Timothy is the selection of good seed. Our "Full of Life" Brand will stand the test of any Pure Seed Law in the World. Will range better than 98% Purity and 95% Germination. My prices, postpaid, lb. 30c.; 3 lbs. 80c. By express or freight, not prepaid, ½ bu. 70c.; ¼ bu. \$1.30; ½ bu. \$2.45 bu. (45 lbs.) \$4.85.

Buckbee's "Full of Life" Timothy.

RED TOP

A valuable grass for moist, rich soils where it thrives very luxuriantly. It is a good variety to sow with Timothy and Clover for meadow or pasture and is more permanent than either of the other two. It should be fed close. On good soil it grows about two feet high; on poor gravelly land about half that height. It has been grown successfully even on alkali land where other grasses failed. Red Top is commonly known as Herd's Grass and should be more extensively grown, especially in combination with other grasses. Buckbee's "Full of Life" Brand, unhulled seed. The very best grade. Postpaid, lb. 30c.; 3 lbs. 80c. By express or freight, not prepaid, ½ bu. 40c.; ¼ bu. 60c.; ½ bu. \$1.05; bu. (14 lbs.) \$1.85; 2 bu. \$3.60; 10 bu. or more at \$1.75 per bu.

KENTUCKY BLUE GRASS

This makes the best sweetest pasture and most nutritious feed for all kinds of stock. Kentucky has long been famous for its high bred horses and its Blue Grass pastures. It is now possible to establish on most any farm a Blue Grass pasture of greenest verdure, which will give very profitable returns. This Grass is the first to start up in the Spring and remains green until snow flies in the Fall. It is very hardy and is uninjured by cold or dry weather, hot sun or tramping of hoofs. The roots are so thick and stout as to form a tough sod. Blue Grass requires about two years to get well started and for that reason it is often sown in mixture with other grasses. It will do well on almost any land. Buckbee's "Full of Life" Brand, the best obtainable. Postpaid, lb. 40c.; 3 lbs. \$1.10. By express or freight, not prepaid, ½ bu. 45c.; ¼ bu. 85c.; ½ bu. \$1.65; bu. (14 lbs) \$3.25; 2 bu. \$6.40; 10 bu. or more at \$3.15 per bu.

ORCHARD GRASS

A valuable grass for pasture or hay land on account of its earliness. It furnishes the first green grass in the Spring and until late in the Fall. When closely cropped it grows up very quickly and is ready for grazing again in ten or twelve days. It is well suited for shady places, such as orchards and groves. Grows on all kinds of land, but does best on deep, rich sandy loam or clay soils. Buckbee's "Full of Life" Brand, the best obtainable. Postpaid lb. 35c.; 3 lbs. 85c. By express or freight, not prepaid, ½ bu. 50c.; ¼ bu. 95c.; ½ bu. \$1.80; bu. (14 lbs.) \$3.25; 2 bu. \$6.40; 10 bu. or more at \$3.15 bu.

PRICES

Bromus Inermis.

BROMUS INERMIS ACKNOWLEDGED KING OF THE DESERTS AND DRY SANDY SOILS

Lots of Early Spring and Late Fall Feed, Besides Good Crop of Hay. This highly useful grass grows to a height of three feet and sometimes five feet. A native of Hungary, it has done remarkably well in America, especially on dry, arid soils, where its drought-resisting qualities are shown to wonderful advantage. A hardy perennial, it is well adapted to cold climates and exposed situations. Produces satisfactory crops on land too poor for Timothy and other grasses. Tried widely, it has been endorsed everywhere, and is pronounced a great boon to farmers because IT PAYS ON ANY GROUND.

The South Dakota Experiment Station, of Brookings, says: "This is the best grass that has yet been tried at this station. When properly sown it catches well, giving a good sod the first year; in favorable seasons a fair yield of hay may also be obtained. Up to the present the best results have been obtained by sowing plenty of seed on well-prepared ground as early as possible in the Spring. From two to two and one-half bushels should be sown to the acre, depending somewhat upon the season and condition of soil. The forage, though coarse, is of excellent quality, and under ordinary circumstances a large amount of early Spring and Fall feed may be obtained, in addition to a good yield of hay. Thus far the grass has endured drought perfectly, and has never winter-killed in the least. It does well sown with clover or with clover and timothy. Use twenty pounds to the acre, if alone; if with alfalfa fifteen pounds—they will grow well together. It may be sown in the Fall with Winter Wheat, or in the Spring. Cut when first coming into bloom. A standard bushel weighs 14 pounds.

Choicest Northern-grown stock seed, that will stand the test of any Pure Seed Law in the world, postpaid, ½ lb. 15c.; lb. 25c. By express or freight, not prepaid, ½ bu. 50c.; ¼ bu. 75c.; ½ bu. \$1.25; bu. \$1.90; 5½ bu. or more, \$1.75 per bu.

GRASS AND CLOVER SEED MIXTURES

SOW ONE TO TWO BUSHELS PER ACRE

All authorities agree that for PASTURE and HAY best results are obtained from the use of grass seed IN MIXTURE. The reasons are obvious: First—A NUMBER OF SPECIES will insure a much DENSER GROWTH than the same number of seeds of one or two species, and prove less exhausting to the soil, since they live to a great extent on different constituents. Second—Seasons that affect some grasses adversely are FAVORABLE to other sorts. So that with mixtures failure is PRACTICALLY IMPOSSIBLE, provided, of course, the seed is good. We take great pains in selecting grass seeds, in order to secure the HIGHEST GERMINATION, and our mixtures are based on a full appreciation of the requirements of different soils for which they are intended. BUCKBEE'S RELIABLE "Full of Life" BLENDS—FOR MEADOWS AND PERMANENT PASTURES.

FOR LAWN GRASS

SEE FRONT INSIDE COVER

Buckbee's Extra Special Lawn Fertilizer

Economical, Wonderfully Beneficial. Makes the Lawn Strong and Keeps it Healthy

Especially prepared to furnish nutriment for all varieties of Lawn Grass, which being voracious for nutriment will not thrive and hold its dark green color and velvety appearance unless it is supplied with the best fertilizer. The lack of a good fertilizer is the reason there are so many poor, rusty-looking unsightly lawns. It is better than stable manure, because it acts quicker and is free from any waste. Use this Lawn Fertilizer if you would have a beautiful and sturdy growth of grass. This fertilizer, used in connection with any of my special Lawn Grass Seed Mixtures, will enable you to produce a perfect lawn. If you have a lawn in fair condition, rake off dead leaves and grass in the early Spring. Scatter some of the Fertilizer broadcast over the surface, using in connection a little of Buckbee's Famous Lawn Seed on the thin spots, and the result will well repay you. The grass can be kept luxuriant throughout the season with a little care. Never make the first application of Fertilizer except in the early Spring. Price, postpaid, lb. 20c. By express or freight, not prepaid, 5 lbs. 30c.; 10 lbs. 50c.; 25 lbs. \$1.00; 50 lbs. \$1.60; 100 lbs. \$2.95.

BUCKBEE'S ROSE GROWERS BONE MEAL—A special brand we have put up for our trade. It is ground fine, hence acts quickly. Free from acid and a superb article. It is made from bone accumulated in large slaughter houses, and should not be compared with the Bone Meal made from cattle heads and feet gathered upon the Western prairies. Our Special Bone Meal has been slightly steamed to soften it and is thus quicker in its action. Analysis: Ammonia $\frac{1}{2}$ to $\frac{5}{8}$ per cent., total phosphoric acid, 22 to 25 per cent.; bone phosphate, 48 to 54 per cent. Quantity Required.—For permanent pasture and mowing lands $\frac{1}{2}$ to 1 ton per acre; for trees and vines, 2 to 4 quarts each; for top-dressing, 1,000 to 1,500 lbs. per acre; rose beds and plants, 1 part to about 50 of soil; for starting a new lawn, as a base, 3 to 5 lbs. per 100 square feet. By express or freight, not prepaid, Price, 5 lbs. 25c.; 10 lbs. 50c.; 25 lbs. 75c.; 50 lbs. \$1.25; 100 lbs. \$2.25; 200 lbs. \$3.90; 500 lbs. \$9.00; 1,000 lbs. \$17.50; 2,000 lbs. \$34.50.

REGULAR BONE MEAL—Price, by express or freight, not prepaid, 5 lbs. 20c.; 10 lbs. 35c.; 25 lbs. 60c.; 50 lbs. \$1.00; 100 lbs. \$1.85; 200 lbs. \$3.50. 500 lbs. \$8.50; 1,000 lbs. \$16.50; ton, \$32.25.

SHEEP MANURE—This is a pure, natural Manure, and its effect is immediate; it is excellent for mixing with the soil for greenhouse plants—one part manure and six parts soil. Strawn over and dug into the vegetable garden or placed directly in drills or hills, it promotes a rapid, steady growth until maturity. It makes the richest, safest and quickest Liquid Manure. For use in liquid form, one pound to five gallons of water will make a liquid which can be used with safety daily if necessary. Price, by express or freight, not prepaid, 5 lbs. 25c.; 10 lbs. 40c.; 25 lbs. 65c.; 50 lbs. \$1.00; 100 lbs. \$1.50; 500 lbs. \$6.00; 1,000 lbs. \$10.50; ton, \$20.00.

BONE AND BLOOD—For Cabbage, Cauliflower, Corn and other crops of big surface growth; not desirable for root crops except it is used in connection with potash, salts, or hard wood ashes, and if so desired it is especially adapted to fruits, if applied early. For garden crops use 300 to 500 lbs. per acre. Price, by express or freight, not prepaid, 25 lbs. 60c.; 50 lbs. 95c.; 100 lbs. \$1.75; 200 lbs. \$3.25; 1,000 lbs. \$15.00; 2,000 lbs. \$29.00.

BUCKBEE'S HIGH GRADE TRUCK MANURE—"All Soluble."—This brand has been prepared for such crops as require an extra quick, strong fertilizer; should be mixed well into the soil. Adapted for tobacco, hops, potatoes, flax, sugar beets, early cabbage, cauliflower, celery, fruits, especially strawberries, suitable for all soils (except sour). Quantity of pounds to be used per acre: Corn, 300 to 500; Clover, 200; Timothy, 200; Pasture, 200 to 600; Early Cabbage and Melons, 400 to 800; Peas, 400 to 800; Pumpkin and Squash, 300 to 600; Radish and Spinach, 500 to 1,000. Price, by express or freight, not prepaid, 25 lbs. 70c.; 50 lbs. \$1.25; 100 lbs. \$2.35; 200 lbs. \$4.60; 1,000 lbs. \$22.00; 2,000 lbs. \$42.50.

MANURE FOR HOME GARDEN—This is suited for all kinds of flowers, vegetables and the lawn, being a high-grade complete fertilizer, just what is needed to make plants grow. Price, by express or freight, not prepaid, 5 lb. box, 30c.; 10 lb. box, 50c.; 25 lb. bag, \$1.00; 100 lbs. \$3.00.

FRUIT AND ROOT CROP MANURE—For fruit trees and small fruits, garden truck, tobacco, etc. Quick in starting, lasting in effect, giving firm, healthy growth and developing the fruit. Quantity of pounds to be used per acre: Beet, 500 to 1500; Carrot, 300 to 800; Parsnip, 400 to 1,000; Potato, 500 to 1,000; Sage, 200 to 600; Salsify, 500 to 1,000; Turnip, 500 to 1,000; Blackberries, 400 to 800; Grapes, 400 to 500; Strawberries, 500 to 1,000. Price, by express or freight, not prepaid, 25 lbs. 60c.; 50 lbs. 95c.; 100 lbs. \$1.75; 200 lbs. \$3.35; 500 lbs. \$8.00; 1,000 lbs. \$15.50; 2,000 lbs. \$30.00.

NITRATE OF SODA or CHILI SALTPETER—Nitrate of Soda is not a substitute for other Manures, but we recommend it as the cheapest and best form in which to apply Nitrogen to plants. Gardeners who are using farm manure should continue to use it, but use Nitrate of Soda in addition to other fertilizers. If your object is to grow maximum crops you must in some way furnish the plants with Nitrogen. No matter what manure or fertilizer is used, the Nitrogen must be converted into Nitrate before the plants can use it.—**HOW TO USE NITRATE OF SODA.** Remove the lumps before using and break them up which can be done by pounding. Use a top-dressing at the rate of 100 lbs. per acre on the following vegetables, when plants are well established: Beets, Cabbage, Cauliflower, Cucumber, Celery, Egg Plant, Lettuce, Spinach, Onions. For Asparagus, a top-dressing of 250 lbs. per acre just as soon as the first shoots make their appearance. For Strawberries, a top-dressing of about 100 lbs. per acre after the plants have blossomed. For the Home Garden apply a solution one ounce to two gallons of water. Price (subject to market changes), by express or freight, not prepaid, 5 lbs. 35c.; 10 lbs. 60c.; 25 lbs. \$1.25; 100 lbs. \$3.75; 500 lbs. \$17.50. Write for prices on larger quantities.

GUANO—A standard Fertilizer. Price, by express or freight, not prepaid, 5 lbs. 30c.; 10 lbs. 50c.; 50 lbs. \$1.85; 100 lbs. \$3.50. Write for prices on larger lots—subject to market changes.

BUCKBEE'S "Full of Life" POTATOES

Pedigreed Stock Strictly Northern Grown Expressly For Seed

No seed Potatoes can be compared with those produced in the North, either for vigor and freedom from disease, or for producing and long keeping qualities.

Potatoes will be shipped at any date ordered at purchaser's risk, but where no special instructions are given to the contrary, we will hold same until in our judgment there will be no danger from freezing. Of the many varieties that claim public favor, we have selected the best in cultivation. Write for Special Prices on large lots.

BUCKBEE'S EXTRA EARLY ROCKFORD

TRULY A WONDERFUL POTATO.

Handsome, Blight-Proof Variety. Very Heavy Yields, Cooking Quality the Best.

A new Extra Early Variety of great promise. Makes an extremely quick growth and considering its Extra Earliness is a wonderfully heavy yielder. Is of very handsome appearance with pinkish tinged skin and white flesh. Prices, postpaid, 1 lb. 30c.; 3 lbs. 70c. By express or freight, not prepaid, 1/4 bu. 65c.; 1/2 bu. \$1.10; 1 bu. (60 lbs.) \$1.90; 2 1/2 bu. \$4.47.

Noroton Beauty or Quick Lunch Potato.

BUCKBEE'S NOROTON BEAUTY

The Quick Lunch Potato.

Is the finest Potato of its kind we have ever seen, and we believe all up-to-date Potato growers should get a stock of the Noroton Beauty as quickly as possible. The following is the description of this exceedingly promising variety:

The Noroton Beauty is the earliest Potato ever grown, being about two weeks earlier than the Early Rose. Large table size tubers have been grown in sixty days. It is fully as productive as any main-crop or late sort; no EXTRA EARLY variety yields nearly so heavily. It is handsome in appearance, being a russet white ground, splashed with pink, and pinkish eyes, and more uniform in size and shape than any other variety. The tubers mature simultaneously, a fact which, combined with its extreme earliness, practically does away with danger from blight, or disease, or bugs. Its table quality is superb; flesh is white, dry, and the flavor unsurpassed by any other sort; it keeps longer than any other variety, early or late. Prices, postpaid, 1 lb. 30c.; 3 lbs. 70c. By express or freight, not prepaid, 1/4 bu. 65c.; 1/2 bu. \$1.10; 1 bu. (60 lbs.) \$1.90; 2 1/2 bu. \$4.47.

EARLY SIX WEEKS

Fine Potato for Southern Truckers.

This is a fine new Potato of the Ohio Type and seems to be in demand everywhere. It has been sold under the Six Weeks, Early Market, Extra Early Six Weeks, etc. Several seedsmen claim to have introduced it and more than one has represented it as ready for market six weeks after planting. We never had any such success with it, however. It is Extra Early all right and Market Gardeners and all others who grow Potatoes should give this variety a trial. As now improved, we consider it one of the best extra early market varieties grown. The Potatoes begin to form when the vines are only 5 to 6 inches high. The top and tubers grow rapidly, and in seven or eight weeks from planting are a fine marketable size, and reach maturity in 65 days. As a table Potato they are not excelled; even for late Spring they keep sound and solid.

Prices, postpaid, 1 lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, 1/4 bu. 60c.; 1/2 bu. \$1.05; 1 bu. (60 lbs.) \$1.85; 2 1/2 bu. \$4.32.

RURAL NEW YORKER No. 2

(Also Known as Dusty Rural.)

The Standard White Market Potato.

One of the largest yielding varieties in existence. Large and unusually smooth, with few and shallow eyes, skin white as is also the flesh, which is of superior quality. Medium late and the best drought resister.

There is no other Potato of more handsome appearance than the Rural New Yorker. Although it is a large yielder it grows but few and small vines. It is very hardy and will stand the heaviest manuring without getting scabby or spotted. For this reason it is one of the most desirable varieties for farmers and Potato growers near large cities to grow for main crop for market. Choicest Pedigreed Stock Seed. Prices, postpaid, 1 lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, 1/4 bu. 60c.; 1/2 bu. \$1.05; 1 bu. (60 lbs.) \$1.85; 2 1/2 bu. \$4.32.

Extra Early Six Weeks Potato.

Mrs. Chauncey Saylor, Watertown, N. Y. Sept. 28th. 1919, writes: I sent for 1 lb. of your Pure Early Rose Potatoes last Spring and raised 105 lbs. from the 1 lb. planted. They grew very large, one weighed one pound and fourteen ounces.

PRICES

Carman No. 3 Potato.

CARMAN No. 3

The Best Main Crop Potato.

The Carman No. 3 is already rivaling in popularity the Burbank, and is undoubtedly a much better Potato. Without any exception, whatever, it is the greatest yielding Potato ever introduced. The tubers are borne very close to the plant, a single turn of the fork turning out every Potato. It is of a large size and of the shapeliest form. Eyes are few and shallow. It is a perfect keeper, and is not surpassed as a table variety. Skin and flesh of extreme whiteness. It has no hollow heart or any dark parts. We recommend this Potato to our customers as being unqualifiedly the best of all late sorts. Prices, postpaid, 1 lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 65c.; $\frac{1}{2}$ bu. \$1.10; bu., 60 lbs., \$1.90; 2 $\frac{1}{2}$ bu. \$4.47.

SIR WALTER RALEIGH

A Grand Late Potato.

A white-skin, main crop Potato much resembling Rural New Yorker No. 2, of which it is a seedling. It is decidedly better than its parent, the tubers being quite uniform in size, with but few small ones among them. It is from four to six days later than the parent stock. The color is the same, the skin and flesh being white. In fact, it can be justly claimed for Sir Walter Raleigh that it is the whitest fleshed and finest grained Potato on the whole list of main crop varieties, and it promises to supersede all other sorts of its class. Prices, postpaid, lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 60c.; $\frac{1}{2}$ bu. \$1.05; bu. (60 lbs.) \$1.85; 2 $\frac{1}{2}$ bu. \$4.32.

Quality

IMPROVED EXTRA EARLY OHIO

A Grand Potato. Our Specialty.

Some early varieties will yield edible Potatoes about as soon as the Improved Early Ohio, but their tops will be green for days after the Improved Early Ohio have fully ripened. The Improved Early Ohio is fully two weeks ahead of the Early Rose, and is a general favorite with Potato growers and market men alike, and the most profitable Potato they can possibly grow. Maturing early, it brings the highest prices. The tubers grow compact in the hill, are easily dug, with very few small ones—nearly every Potato is of marketable size; has few eyes, which are even with the surface. With heavy manuring, close planting, and good culture, a very large and profitable crop can be expected—300 to 500 bushels per acre is not an unusual yield. This is our specialty in standard early varieties, and we are confident that many growers do not really know a true Improved Early Ohio, and have been growing some other sort for it, having been deceived in the purchase of the seed. We know ours is right, because the stock is the product of the original headquarters seed. Prices, Postpaid, 1 lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 65c.; $\frac{1}{2}$ bu. \$1.10; 1 bu. (60 lbs.) \$1.90; 2 $\frac{1}{2}$ bu. \$4.47.

BURBANK

A Standard Late Variety.

Continues in good demand and is more largely used than any other. It is of good size, of fine form and an excellent yielder. The flesh is white, very mealy and of fine flavor and quality. The best Potato for baking. This variety is well adapted to heavy soils. Prices, postpaid lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, $\frac{1}{2}$ bu. 60c.; $\frac{1}{2}$ bu. \$1.05; bu. (60 lbs.) \$1.85; 2 $\frac{1}{2}$ bu. \$4.32.

Improved Extra Early Ohio Potato.

POTATOES

STRICTLY
NORTHERN
GROWN

Pure Early Rose Potato.

PURE EARLY ROSE

The good old favorite, which continues in great popularity. A prolific yielder, sure cropper and popular market Potato. Every farmer and gardener knows the good early Rose and nothing need to be said in its favor. The strain we offer is the purest and best that can be put on the market. Choicest Pedigreed Stock Seed. Prices, postpaid, 1 lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, 1/2 bu. 60c.; 1/4 bu. \$1.05; 1 bu. (60 lbs.) \$1.85; 2 1/2 bu. \$4.32.

PRIDE OF THE SOUTH

This fine Potato has been generally tested and proved to be a splendid variety both in yield and earliness; in shape it is similar to Bliss' Triumph, being nearly round, flesh white, quality of the best. Choicest Pedigreed Stock Seed. Prices, postpaid, 1 lb. 25c.; 3 lbs. 60c. By express or freight not prepaid, 1/2 bu. 65c.; 1/4 bu. \$1.10; 1 bu. (60 lbs.) \$1.90; 2 1/2 bu. \$4.47.

IRISH COBBLER

It is a most excellent extra early variety, maturing good size tubers seven weeks from time of planting. It has also the remarkable characteristic of producing very few, if any, small Potatoes, all the tubers being of marketable size. The vines make short, upright growth, so that the hills may be only a short distance apart. The flesh is pure white, with a clean, smooth skin; and in quality they are excellent, always cooking dry and mealy. They are splendid keepers, and taking it all in all, it is a first-class sort and worth the attention of all Potato growers. Specially suited to dry climates on account of its deep roots. Choicest Pedigreed Stock Seed. Prices, postpaid, 1 lb. 25c.; 3 lbs. 60c. By express or freight, not prepaid, 1/2 bu. 65c.; 1/4 bu. \$1.10; 1 bu. (60 lbs.) \$1.90; 2 1/2 bu. \$4.47.

Reliable
Seed Potatoes
are scarce this year,
order early please
to prevent dis-
appoint-
ment.

Irish Cobbler Potato.

Bliss' Red Triumph Potato.

BLISS' RED TRIUMPH

A Most Popular Variety.

There is good reason why the TRIUMPH should be popular. It is from seven to ten days earlier than the Ohio, and that oftentimes means a difference of many dollars in the crop. We believe that Potato growers will do well to plant liberally of them the coming Spring as there is sure to be an almost unlimited demand for the seed from the Mississippi Valley, where thousands upon thousands of acres of Potatoes are grown each year for the early market. The Potato is of good size, squared at ends. Skin is red, flesh is very white and firm. It is productive, and for several years to come will probably command a higher price among Potato buyers than any other sort. Our stock is genuine. Prices, postpaid, 1 lb. 25c.; 3 lbs. 60c. By express or freight not prepaid, 1/2 bu. 65c.; 1/4 bu. \$1.10; 1 bu. (60 lbs.) \$1.90; 2 1/2 bu. \$4.47.

Potato Seed Balls.

A SUPERB COLLECTION OF THE MOST VALUABLE
VARIETIES.

Growing new and distinct Potatoes from the Seed-Ball-Seed is intensely interesting and fascinating. They will produce innumerable kinds, colors, shapes, sizes, forms and qualities. Some may be of immense value. This incomparable mixture contains choice selections from the U. S., Germany, Chili, Switzerland, South America, France, Africa, Mexico and Europe. New creations of merit bring rich returns and your fortune may be in one of these.

POTATO SEED. Packet 15 cts.—2 for 25c.—5 for 50c.—10 for \$1.00—100 for \$8 50, Postpaid.

POTATO EYES BY MAIL POSTPAID

There are many people living in cities or towns who have a small garden and would like to devote a portion of it to Potatoes, but do not feel like paying the freight or express charges on whole Potatoes. By purchasing eyes this can be done at a very slight expense. By careful selection we take the very best Potatoes, from which the eyes are cut. These are prepared in such a way that they will keep in good condition for a considerable length of time. All orders for the South can be sent at any time in the winter with safety. Orders for the North and West will be booked when received, and sent when spring opens or planting time arrives. We guarantee safe arrival, in good condition for growing.

PRICE OF POTATO EYES, POSTPAID. Box of 25 Eyes, 30c.; 100 Eyes, \$1.00. No less than 25 Eyes of any sort will be put up.

A SELECT LIST FULL OF LIFE
FLOWER SEEDS
 INCLUDING ALL THE MOST DESIRABLE NOVELTIES OF THE SEASON

There are no more satisfactory flowers in the garden than those grown from seed, especially the easily grown and brilliant flowered annuals.

ABUTILON

Frequently called "Flowering Maple" or "Chinese Bell Flower." Blooms quickly easily grown. Pleases everyone. New Fancy California Seedlings Mixed—Pkt. 8c.

ACROCLINIUM (Everlasting)

A pretty annual "Everlasting," bearing lovely white or rosy-pink flowers, which, when cut in the bud state, can be dried and used in Winter bouquets. Fine Mixed. Pkt. 3c.; oz. 20c.

ADLUMIA (Cirrhosa)

Frequently called Mountain Fringe, Wood Fringe, Alleghany Vine. A beautiful and graceful climber. Hardy biennial. Height 15 feet. Pkt. 5c.

AGERATUM

One of the best of Summer-flowering plants grown from seeds. The plants start readily, grow rapidly and soon come into bloom, and flower uninterruptedly throughout the season. During the hot, dry summer months there are no brighter or more freely produced flowers of charming blue or white. Finest Mixed. Pkt. 3c.; oz. 25c.

ALYSSUM

LITTLE GEM—This should really be called the "Snow White Carpet Plant," for the plants which are only a few inches high grow so dense, and are so completely covered with snow-white blossoms, create the impression of a beautiful carpet spread over the ground. We know of no other white flower which is so particularly well adapted to borders, ribbons, etc., as "Little Gem" Alyssum. The plants commence to bloom when quite small, and will flower uninterruptedly all summer long until late in the fall. Added to all this is the sweet fragrance, and we cannot see how a garden could be complete without it. Pkt. 4c.; oz. 35c.
SWEET—Pure white, free bloomer. Pkt. 3c.; oz. 20c.

Alyssum (Little Gem.)

AMARANTHUS

Brilliant foliated annuals, growing from 3 to 5 feet high, some of the varieties bearing curious racemes of flowers. All are useful in borders of tall plants or for the centers of large beds. Choice Mixed. Pkt. 3c.; oz. 20c.

AMBROSIA

A hardy annual, exceedingly fragrant. It is as desirable as the Rose Geranium as a plant with fragrant foliage, and for making up into bouquets and other floral work. Pkt. 4c.

AMPELOPSIS VEITCHII

Often called the Boston or Japanese Ivy Clings tightly to rocks, brick, etc. Pkt. 6c

ANCHUSA

The Heavenly Blue Flower

A hardy annual of more than ordinary beauty. It grows about 2 feet high, branching freely and bearing a profusion of the most lovely flowers similar in all respects to the Forget-Me-Not though the blossoms are much larger and of finer color. It is always taken for a beautiful large-flowering Forget Me-Not, and for bouquets and cut flowers it is indeed superior to it. Its color is a deep, clear, brilliant blue with a pure white eye; one of the rarest and most lovely shades of that color. It blooms early and continues all Summer Pkt. 4c.; oz. 35c.

ASPARAGUS

PLUMOSUS NANUS—(Lace Fern.)—One of the prettiest house plants. The leaves are bright green, gracefully arched, surpassing Maiden Hair ferns in grace, delicacy of texture and richness of color. It is admirably adapted to house culture. Pkt. 9c.

SPRENGERI—(Emerald Feather.)—Of drooping growth, making great, pendulous masses of fine feathery foliage. Pkt. 8c.; oz. 65c.

Ageratum.

Anchusa, The Heavenly Blue Flower.

Buckbee's "Full of Life" ASTERS

This beautiful flower is being constantly improved, and is now one of the most desirable and effective of our garden beauties. As a bedder it is beyond description, and large beds of these lovely flowers greet you almost everywhere. Indispensable for cut flowers, fine as pot plants and alike desirable to show at fairs and exhibitions. They are easily grown, very hardy, and offer themselves for use at a time when other garden favorites are gone, and the select strains we offer cannot fail to give satisfaction to the most critical flower lover.

My List Contains the Cream of the Up-to-Date Varieties

Semple's Branching Aster

SEMPLÉ'S BRANCHING ASTER

The plants form strong robust bushes about two feet high, bearing profusely on long, strong stems, handsome double Chrysanthemum-like flowers, many being over six inches in diameter. The form of the flowers is beautifully shown in the illustration, and as can be seen have none of the stiffness usual to most Asters, making them particularly desirable as cut flowers. They come into flower from two to three weeks later than most sorts, filling in the gap between the general run of Asters and Chrysanthemums. The free-flowering habit and long stems, make it a prime favorite with large growers of Asters. **Separate Colors:**

White—Pkt. 4c.; $\frac{1}{2}$ oz. 35c.; oz. 90c.

Pink—Pkt. 4c.; $\frac{1}{2}$ oz. 35c.; oz. 90c.

Purple—Pkt. 4c.; $\frac{1}{2}$ oz. 35c.; oz. 90c.

Lavender—Pkt. 4c.; $\frac{1}{2}$ oz. 35c.; oz. 90c.

Crimson—Pkt. 4c.; $\frac{1}{2}$ oz. 35c.; oz. 90c.

SEMPLÉ'S BRANCHING. Mixed. Pkt. 5c.; $\frac{1}{2}$ oz. 30c.; oz. 75c.

NEW GIANT OSTRICH FEATHER ASTER

This magnificent Aster may be briefly described as being the finest of the Comet type yet introduced; differing in the candelabra form of growth and greater freedom of bloom, but its greatest merit is in the flowers, which are of immense size; made up of much longer, more loosely formed petals, equalling the best Japanese Chrysanthemums. Blooms in August. When used for cutting, the flowers should be picked when about half expanded and allowed to develop in water in a cool room. Pkt. 8c.; $\frac{1}{2}$ oz. 50c.

ASTER, DAYBREAK

The plants grow stiffly erect, eighteen to twenty inches in height, with ten to fifteen branches, each bearing a very large extremely double flower with incurved petals. The broad silvery petals are suffused with soft delicate pink. The plant flowers very early, and is a continuous free-bloomer, a compact strong grower, and in all respects a desirable acquisition. Pkt. 6c.; $\frac{1}{2}$ oz. 35c.

New Yellow ASTER

The best yellow variety known; the flowers are of large size of a rich golden color, perfectly double and imbricated. Its greatest value lies in its rich color which shows to best advantage when grown with other colors. The flowers are borne upon long, erect stems, excellent for cutting. Pkt. 5c.; $\frac{1}{2}$ oz. 50c.

New Diamond ASTER

The flowers are two to two and a half inches across, perfectly double, and each petal is distinctly incurved. The flowers are particularly valuable for cutting for bouquets. Finest Mixed. Pkt. 4c.; $\frac{1}{2}$ oz. 35c.

New Giant Quilled Aster.

NEW GIANT QUILLED ASTER

The flowers are very large, often five inches across, are produced on long, thin, wiry stems, perfectly double, with long needle or quill-shaped petals, giving the blossoms a very distinct appearance. The plants are of healthy and vigorous habit, and grow to a height of about 15 inches. **Choice Mixed.** Pkt. 6c.; $\frac{1}{2}$ oz. 35c.

New Giant Ostrich Feather Aster.

ASTERS

Of all the flowers in the garden, none will give greater returns for the time and money expended than the Aster. My seed is home grown and can always be relied upon.

Buckbee's Giant Branching Aster.

Buckbee's New Giant Aster.

BUCKBEE'S GIANT BRANCHING ASTER

The flowers are the most beautifully formed of all large Asters, and quite different in several respects from any Aster known. The branching habit is accompanied with great vigor of growth and profusion of bloom. The flowers are very large, very double, borne on long stiff stems, and the colors are clear and handsome. The petals are of thick durable substance, and, in consequence, the flowers last long in perfection. These magnificent blossoms being gracefully poised on strong, well-leaved stems, 15 to 18 inches long; are unsurpassed as cut flowers for vases and home decoration. I offer the following separate colors:

- Pure White—Pkt. 6c.; $\frac{1}{2}$ oz. 25c.; oz. 90c.
- Dark Blue—Pkt. 6c.; $\frac{1}{2}$ oz. 25c.; oz. 90c.
- Rose Pink—Pkt. 6c.; $\frac{1}{2}$ oz. 25c.; oz. 90c.
- Lavender—Pkt. 6c.; $\frac{1}{2}$ oz. 25c.; oz. 90c.
- Crimson—Pkt. 6c.; $\frac{1}{2}$ oz. 25c.; oz. 90c.
- Buckbee's Giant Branching Asters—Mixed. Pkt. 6c.; $\frac{1}{2}$ oz. 20c.; oz. 75c.

BUCKBEE'S IMPROVED VICTORIA ASTER

Magnificent flowers, massive and showy, with regular overlapping petals clear to the center. The flowers measure four inches and over across, and are of rich and varied colors. The plants grow very evenly, pyramidal in form, about eighteen inches high and carry from twenty-five to forty flowers. The stems being long and strong makes them fine for cut flowers. Separate Colors:

- Snow White—Pkt. 6c.; $\frac{1}{2}$ oz. 35c.; oz. \$1.25.
- Flesh Color—Pkt. 6c.; $\frac{1}{2}$ oz. 35c.; oz. \$1.25.
- Rich Purple—Pkt. 6c.; $\frac{1}{2}$ oz. 35c.; oz. \$1.25.
- Dark Crimson—Pkt. 6c.; $\frac{1}{2}$ oz. 35c.; oz. \$1.25.
- Peach Blossom—Pkt. 6c.; $\frac{1}{2}$ oz. 35c.; oz. \$1.25.
- Victoria Choicest Mixed—Pkt. 5c.; $\frac{1}{2}$ oz. 35c.; oz. \$1.25.

QUEEN OF THE MARKET ASTER

Of graceful spreading habit, its great merit is its early-flowering character, being in full flower two weeks before most other Asters begin to bloom. Colors range from deep blue white, pink to beautiful rose. Finest Mixed. Pkt. 5c.; $\frac{1}{2}$ oz. 25c.; oz. 70c.

CROWN ASTER

BUCKBEE'S NEW GIANT COMET ASTER

This is the most distinct and improved type of flower in Asters. Under good cultivation plants grow twelve to fifteen inches in height, branching freely, and each stem terminates in a fine large flower from four to six inches in diameter. The outer petals are broad, flat and reflexed and curving outward, while the center of the flower is composed of many short tubular petals, slightly pointed. The whole flower has a distinctly feathery effect, greatly resembling that of the fine Japanese Chrysanthemums. I offer the following separate colors:

- Pure White—Pkt. 7c.; $\frac{1}{2}$ oz. 25c.; oz. 90c.
- Light Blue—Pkt. 6c.; $\frac{1}{2}$ oz. 25c.; oz. 90c.
- Clear Carmine—Pkt. 6c.; $\frac{1}{2}$ oz. 25c.; oz. 90c.
- Bright Rose—Pkt. 6c.; $\frac{1}{2}$ oz. 25c.; oz. 90c.
- Lilac—Pkt. 6c.; $\frac{1}{2}$ oz. 25c.; oz. 90c.
- Giant Comet Finest Mixed—All the desirable colors. Pkt. 6c.; $\frac{1}{2}$ oz. 20c.; oz. 75c.

CROWN OR COCORDEAU ASTER

A very showy variety, the large double flowers having the center pure white, surrounded with petals of distinct bright colors. The strain we offer is much improved, and we have no hesitancy in recommending it to our patrons as one of the most satisfactory varieties of Asters. Pkt. 5c.; $\frac{1}{2}$ oz. 50c.

ROYAL PURPLE ASTER

A new strain of Branching Aster, growing about fifteen inches high. Habit of growth entirely distinct, the stems growing entirely from the ground, and not on side shoots from the main stem like other varieties. Medium early bloomer, continuing in flower until late in the Fall. The flowers are large and full to the center; petals flat and somewhat incurved; color bright purple. Pkt. 6c.; $\frac{1}{2}$ oz. 50c.

NEW ROSE FLOWERED ASTER

Plant 24 inches high, of pyramidal shape and robust habit. Flowers large, brilliant rose color, very double and regularly imbricated. Pkt. 6c.; $\frac{1}{2}$ oz. 50c.

Buckbee's Improved Victoria Aster.

ASTERS

Make a splendid ornament in any garden, whether they are massed in beds or grown as single specimens. Our "FULL OF LIFE" varieties always come true to name and color.

Paedony Flowered Perfection Aster.

PAEONY FLOWERED PERFECTION

One of the most perfect and deservedly one of the most popular of all Asters; very double, large and beautiful flowers, with incurved petals; height 18 inches to 2 feet. It is one of the most beautiful and extensively cultivated varieties. Separate Colors:
 Bright Red—Pkt. 4c.; $\frac{1}{2}$ oz. 25c.; oz. \$1.20.
 Clear White—Pkt. 4c.; $\frac{1}{2}$ oz. 25c.; oz. \$1.20.
 Peach Blossom—Pkt. 4c.; $\frac{1}{2}$ oz. 25c.; oz. \$1.20.
 Violet—Pkt. 4c.; $\frac{1}{2}$ oz. 25c.; oz. \$1.20.
 Blue—Pkt. 4c.; $\frac{1}{2}$ oz. 25c.; oz. \$1.20.
 Perfection Mixed—Pkt. 5c.; $\frac{1}{2}$ oz. 20c.; oz. 95c.

NEW JAPANESE OR TASSEL

Entirely distinct and novel. Plants of pyramidal growth, about eighteen inches high, bearing on long stems from forty to fifty flowers, averaging five inches across, composed of wavy and twisted needle-shaped petals, making the flowers free from the stiff and formal appearance usual to Asters. The beautiful flowers of this new strain of Asters offer a most striking contrast with those of any other variety. The color is of a soft flesh pink and rose, the two colors mixed. Pkt. 6c.; $\frac{1}{2}$ oz. 50c.

HARLEQUIN ASTER

A striking Aster of great beauty and a profuse bloomer. This new Aster produces odd flowers of the most handsome and attractive appearance which continue in bloom a long time. In the gardens of Paris they are considered the most valuable of all varieties on account of their long duration in bloom and remarkably bright and conspicuous colors. Pure white, blue and red petals on each blossom. Pkt. 5c.; $\frac{1}{2}$ oz. 50c.

EXTRA EARLY HOHENZOLLERN

Plants of medium size, extremely early and producing abundantly, blooms of the largest size, fully four inches in diameter. The petals are of open Comet type and unusually graceful in their seemingly careless arrangement. These Asters have the desirable combination of extreme earliness, large size and splendid cutting qualities. We offer the white, also the pink variety.
 White—Pkt. 8c.; $\frac{1}{2}$ oz. 35c.
 Pink—Pkt. 8c.; $\frac{1}{2}$ oz. 35c.

LAVENDER GEM ASTER

One of the finest feathery flowers in the beautiful Comet type. The coloring is an exquisite silvery white when first opening, changing to the most delicate shade of lavender when fully expanded. Pkt. 8c.; $\frac{1}{2}$ oz. 50c.

Buckbee's Snowball Aster.

SNOWBALL ASTER

A Most Distinct and Handsome Variety Equally Valuable for Pot Culture and Cut Flowers

It is a most profuse bloomer, a single plant often producing as many as twenty-five to thirty pure snow-white flowers, globular in form and of extraordinary size. Pkt. 6c.; $\frac{1}{2}$ oz. 50c.

FIRE KING ASTER

The Most Brilliant Aster Ever Introduced And the nearest approach to scarlet yet obtained, a color previously unknown in this popular flower. Habit very compact, not more than twelve inches in height, with large beautifully incurved flowers. Pkt. 6c.; $\frac{1}{2}$ oz. 50c.

VIOLET KING ASTER

Individual flowers will measure from four to five inches in diameter and are composed of an immense number of long slender curled petals of rich violet-purple. Pkt. 8c.; $\frac{1}{2}$ oz. 50c.

CHRISTMAS TREE ASTER

This new type has a branching pyramidal form of growth, flowers large and very double and range through many beautiful colors. The plants are quite early in blooming and should be planted at least one foot apart to show to best advantage. Pkt. 5c.; $\frac{1}{2}$ oz. 50c.

BUCKBEE'S SUPERB MIXTURE OF GIANT ASTERS

ABSOLUTELY UNEXCELLED

Producing beautiful flowers, gigantic in size, gorgeous in colors, perfect in form. This mixture includes the cream of all the Asters on this and the other two pages together with many other sorts of the most beautiful forms and brilliant colors. Especially selected from the finest, large sized, double-flowering types and the most critical flower lover will be pleased and astonished at the wide range of colors and varieties, and we guarantee it will give satisfaction. Pkt. 10c.; $\frac{1}{2}$ oz. 40c.; oz. \$1.75.

BUCKBEE'S FINE MIXED ASTERS

This is a most splendid collection of the leading types of this beautiful flower in choice mixture. I have made the price so low that you cannot pass it by. Pkt. 5c.; $\frac{1}{2}$ oz. 30c.; oz. 75c.

GOOD MIXED ASTERS

Many bright colors from standard varieties free-bloomers and strictly fresh new seed. Pkt. 3c.; $\frac{1}{2}$ oz. 20c.; oz. 60c.

New Japanese or Tassel Aster.

Harlequin Aster.

Bachelor's Button.

BACHELOR'S BUTTON (Double)

Also known as "Ragged Sailor," "Corn Flower" and "Blue Bottle." The national flower of Germany and a great favorite in the old country. It has been so perfected that fully 80 per cent. of the flowers are double and semi-double, and present many bright colors and distinct markings which have hitherto been unknown in this old-fashioned favorite flower. Double Fine Mixed. Pkt. 4c.; oz. 20c.

BABY'S BREATH (Gypsophila)

An annual that should be in every garden, for it thrives everywhere and furnishes the loveliest material for all kinds of bouquets. Pkt. 4c.

BALSAM (Lady Slipper)

BUCKBEE'S SUPERB DOUBLE MIXED—The most perfect in form and largest double-flowered Balsam yet developed. And unrivaled for diversity of rich and delicate colors, flowers often two inches across and borne in wonderful profusion. I offer a very choice selection of numerous hybrid sorts and a most careful blending of the finest shades of crimson, flesh-color, lemon, lilac, rosy-purple, spotted, striped and snow-white in painstaking mixture. Pkt. 6c.; 1/2 oz. 30c.; oz. \$1.00.

GOOD MIXED—This mixture is comprised of the standard sorts, and will give good results. Pkt. 3c.; 1/2 oz. 15c.; oz. 50c.

BALSAM APPLE

A beautiful climbing plant with queer shaped fruits, which, if preserved in alcohol, make a most useful liniment. Foliage gracefully cut and although tender annuals, the vines run ten feet or more during the season. Pkt. 5c.; oz. 25c.

Balsam, Buckbee's Superb Double.

Begonia Vernon.

Balsam Apple.

Baby's Breath (Gypsophila.)

BIRD OF PARADISE FLOWER

The blossoms are of a rich golden yellow, about 2 1/2 inches in diameter, produced in large trusses, the most striking feature being the long, incurving stamens and pistils, of a beautiful, bright crimson color. Seed should be soaked in warm water and started indoors or under glass, in a light, sandy soil. Plants should be carefully hardened by gradual exposure to fresh air before going into the open ground. If the seed is started early it will produce blooms in great profusion the first year. Pkt. 6c.

NOTE—We also offer a limited number of pot grown plants only 15c. each.

BARTONIA

BARTONIA

A very pretty and showy annual, with the greatest profusion of white and golden flowers of a large size. Leaves downy and thistle-like; flowers measure 2 inches or more across, expanding in the evening; very fragrant. Will do well in any situation, standing dry season well. Tender annual, one foot high. Choice Mixed. Pkt. 4c.

BEGONIA VERNON

One of the most satisfactory pot plants for the house, and a popular bedding plant for the garden or lawn. It blooms with the greatest profusion throughout the Summer. Flowers a brilliant orange carmine with bright yellow centers, and the foliage waxy and glossy. It is easily raised from seed. Pkt. 8c.

BALLOON VINE

A rapid and graceful climber. Tender annual, 6 feet high. The flowers resemble small balloons. Pkt. 3c.; oz. 15c.

BEAN (Scarlet Runner)

A Favorite Old-Fashioned Climber. One of the very few Beans that is both ornamental and useful. It grows rapidly to a height of ten or twelve feet, and is covered from July until heavy frost with clusters of beautiful scarlet flowers. Pkt. 5c.

BEAN (White Runner)

Same as above with exception of the flowers which are pure white. Pkt. 5c.

BRYONOPSIS

An ornamental climber bearing green fruit which changes in color as the season advances to bright scarlet striped with white. Annual, 10 feet high. Pkt. 3c.

Bird of Paradise.

BUTTERFLY FLOWER
(SCHIZANTHUS)

They form compact plants, literally covered with beautiful, orchid-like flowers, all delicately fringed and curiously marked with crimson, lilac, purple and yellow blotches. Pretty for decorating bouquets or massed in a bed. Sow some of the seed in August or September and bring the plants into the house. They will bloom all Winter. **Finest Mixed. Pkt. 4c.**

BURNING BUSH (Kochia)
OR SUMMER CYPRESS

This beautiful annual bush is rapidly coming into prominence. It grows 2 to 2½ feet high and resembles a closely clipped ornamental evergreen. The globe shaped or pyramidal bushes are close and compact, and of a pleasing light green color. The plant may be grown singly or in the form of a hedge or background. In early Autumn the whole bush becomes carmine or blood red, whence the name of Mexican Fire Plant, Burning Bush, etc. It is also called Belvidere, Standing or Mock Cypress. Flowers small and numerous, but not conspicuous. The beauty of the plant is in its shape and colors. **Worthy of high recommendation. Pkt. 5c.; oz. 25c.**

Butterfly Flower.

CACALIA (Tassel Flower)

Also known as Flora's Paint Brush. A neat annual, of easy culture, with tassel-shaped flowers; blooms from June to September; fine for borders. Golden-yellow and scarlet, fine for mixed borders. **Pkt. 3c.**

CANDYTUFT

GIANT HYACINTH-FLOWERED—Most desirable for cut-flower purposes, producing a very large elongated head of quite large pure white florets. The immense broad heads frequently measure six inches in length. **Pkt. 5c.; oz. 40c.**

EMPRESS—New pure white. **Pkt. 4c.; oz. 35c.**

ALL COLORS MIXED—**Pkt. 3c.; oz. 35c.**

PERENNIAL—(Sempervirens)—Unequaled for cemetery work, being perfectly hardy. Color of flower, white. **Pkt. 6c.**

CALENDULA (Double Mixed)

Flowers extra large and very double, and they are slightly imbricated, while those of the center are incurved like the petals of a Paeony. Color, bright golden yellow or orange. From seed sown in the open ground it comes into flower early, and blooms profusely all Summer until late in October, and are of the easiest possible culture. **Pkt. 4c.**

Calendula.

Burning Bush (Kochia)

Candytuft, Giant Hyacinth Flowered.

Canna—Crozy's Dwarf.

CANNA, Crozy's New Dwarf

But few people know that these beautiful flowers can be so easily grown from seeds, and bloom the first summer, if sown before April.

One of the most popular of bedding plants, while even single specimens are most attractive in the garden. Sow singly in small pots as soon as convenient, and grow as rapidly as possible. The roots can be kept in the cellar over Winter, and each clump will give six to eight good roots for planting out the following Spring. **Choicest Mixed. Pkt. 4c.; oz. 30c.**

CANNA

Common Tall Mixed or Indian Shot—A splendid assortment of the old-fashioned varieties. **Pkt. 3c.; oz. 15c.**

CALLIOPSIS, or Coreopsis

Very handsome and showy plants of the easiest culture; require no care and thrive in any garden. Produce flowers in nearly every shade of yellow, orange, crimson, red, brown. It is one of those flowers which will grow in any situation and always be admired. **Fine Mixed Colors. Pkt. 4c.; oz. 15c.**

Calliopsis or Coreopsis.

Giant Flowering Marguerite Carnations.

CARNATIONS

GIANT-FLOWERING MARGUERITE
Which Flower in 3 or 4 Months from Seed.

These lovely, fragrant Carnations, produce fine double flowers which often measure 3 inches across. The variety of color includes white, blush, deep pink, salmon, carmine, scarlet, dark crimson, maroon, and many beautifully variegated flowers. Most of them have beautifully fringed petals, and are delightfully fragrant. One great merit of these Carnations is that they commence to flower in about twelve weeks' time from seed. Seeds sown in the Spring will produce luxuriant plants that will be continually full of bloom from August until killed by severe frosts, or seeds may be sown during the Summer for the winter-flowering plants.

We say without hesitation that it is the most important flower seed novelty in many years. They are alike valuable for pot culture and for garden use. The plants grow easily everywhere, both in sandy soil or heavy loam, and will give perfect satisfaction.

All Choicest Colors Mixed. The finest strain. Pkt. 6c.; $\frac{1}{4}$ oz. 35c.

Canterbury Bells or Campanula.

CARNATIONS

EXTRA CHOICE—"FULL OF LIFE"—
DOUBLE MIXED

Large Flowering Carnations Best Suited for Pot Culture and Cut Flowers.

This is the famous Carnation that is grown so extensively by Florists' and Amateurs for Cut Flowers and Pot Plants. My Seed is saved from our wonderful collection of Carnation Plants, grown in our celebrated Forest City Greenhouses at Rockford, and is obtained by hand fertilization of the best and most varied colored flowers. This class of Carnation is propagated also by cuttings and you will find fine young Plants of the leading varieties that will bloom nicely the coming season, listed on page 118 of this Catalog at very reasonable prices. The hand fertilized Seed that we offer will produce a goodly proportion of double flowers and the chances are that many new and rare varieties will develop from this carefully hand fertilized Seed. Would respectfully request early orders. Pkt. 8c.; $\frac{1}{4}$ oz. 75c.

Cactus Seed.

CACTUS SEED

For a variety of shapes, sizes and species sow the seed. In fact, this is the only way to secure new and rare varieties. There is furthermore much pleasure derived from growing Cacti from seed. Our mixture of seed is very fine. You will be surprised at the odd looks of Cacti just sprouting from the earth. Start seed in finely sifted sand; keep warm and moist. Choice Mixed. Pkt. 8c.

(For Cactus Plants see page 117.)

CANTERBURY BELLS

(Campanula)

Well known popular perennials producing bell-shaped flowers of many different colors; blooms very freely throughout the Summer.

Single Mixed, all colors, pkt. 3c.; oz. 25c.
Double Mixed, all colors, pkt. 4c.; oz. 75c.

CANARY BIRD FLOWER

(Tropaeolum Canariense)

Beautiful climber, the charming little canary colored blossom bearing a fancied resemblance to a bird with its wings half expanded. The plant has a luxuriant, rambling character, and if seeds are planted by the side of arbor or trellis will run about twenty feet, and will blossom from July until frost. Tender annual. Pkt. 4c.; oz. 25c.

Canary Bird Flower.

CHRYSANTHEMUM, French Marguerites.

Annual varieties much grown for cut flowers. The plants grow twelve to eighteen inches high and produce on long stems beautiful, large flowers of many bright colors. Easily grown from seed and flower freely during the Summer and Fall months. Mixed. Pkt. 3c.

CHRYSANTHEMUM, Double Yellow.

Also called Baby Golden Glow.

A beautiful and most effective annual, blooming from seed the first season, growing only two feet high, flowering early and so profusely that it eclipses all other garden annuals for a grand show of flowers. Single plants producing hundreds of the brightest yellow blossoms as double and perfect as roses. If wanted for early bloom, the seed should be started in the house and the plants transplanted to the garden at the proper time, but seed can be sown in open ground when wanted to bloom with success. Pkt. 5c. **DOUBLE WHITE "SNOWBALL"**—Same as above except pure white. Pkt. 5c.

Chrysanthemum, (French Marguerites.)

CENTAUREA, New Marguerite.

The Most Fragrant and Longest Keeping Cut Flower.

The flowers are the size of a medium Carnation, freely produced on long stems which renders them valuable for cutting; colors pure white, pale sulphur, yellow and lavender. The flowers are sweet scented, and their lasting quality after being cut is remarkable. From Spring sown seed they commence to flower in July. Choicest Mixed. Pkt. 4c.; 1/4 oz. 20c.

CENTAUREA

(Dusty Miller)

Silver foliaged plants; used extensively for edgings, hanging baskets, etc.

CANDISSIMA—Very thick, broadly-cut silvery-white leaves Pkt. 6c.

GYMNOCARPA—Leaves fern-like; silvery-gray color. Pkt. 4c.; oz. 50c.

Chrysanthemum, Buckbee's Choicest Mixture.

CHRYSANTHEMUM

BUCKBEE'S CHOICEST MIXTURE

Large Flowering Chrysanthemums Best Suited For Pot Culture and Cut Flowers.

These are the famous Chrysanthemums that are grown so extensively by Florists and Amateurs for Cut Flowers and Pot Plants. My Seed is saved from our wonderful collection of Plants, grown in our celebrated Forest City Greenhouses at Rockford, and is obtained by hand fertilization of the best and most varied colored flowers. This class of Chrysanthemums is propagated also, by cuttings and you will find the young Plants of the leading varieties that will bloom nicely the coming season, listed on pages 119-120-121 of this Catalog at very reasonable prices. The hand fertilized Seed that we offer will produce a goodly proportion of double flowers and the chances are that many new and rare varieties will develop from this carefully hand fertilized Seed. Would respectfully request early orders. Packet 8c.

Cineraria Hybrida.

Chrysanthemum—Double.

CLEOME PUNGENS

Giant Spider Plant

A very showy annual growing 4 or 5 feet high, with rose-colored flowers of peculiar and interesting shape, suggesting spiders. The long, curving stamens give the flower its name. It is a plant that is in bloom every day of the season, whether the weather be hot or cold, wet or dry. Covered with bees all day long. Pkt. 4c.

CINERARIA, Hybrida

One of the Most Popular House Plants.

The rich and vivid colors range through all shades of light and bright blue to royal plum-purple, and from shining crimson to deep maroon. Most of the varieties have a well defined white eye, while the flowers are sharply margined with some high contrasting color.

LARGE-FLOWERING FINEST MIXED — Flowers two inches across. Pkt. 6c.

CENTAUREA MARGUERITE

Coleus Hybridus

COLEUS, Hybridus

One of the best known and most universally admired ornamental foliage plants, in an endless variety of colors and shadings. Coleus seeds germinate easily, and success is as sure as with an ordinary annual.

EXTRA FINE MIXED HYBRIDS—Finest and showiest varieties. Pkt. 6c.

CRAB'S-EYE VINE OR WEATHER PLANT

This beautiful plant has during the last few years created a great sensation throughout the world.

If the leaves stand upward the sky will be cloudless. If they stand out straight, changeable weather is indicated. When the leaves hang straight downward water may be expected to fall in torrents. A local storm is indicated by the curling together of the leaves.

Bears clusters of bright yellow flowers, followed by bunches of pods, which, when dry, burst open, disclosing brilliant red seeds with black eyes, used for making beads and other ornaments.

Seeds are of good size and sometimes slow to germinate, should be soaked in luke warm water before planting. Pkt. 6c.

Crab's-Eye Vine, or Weather Plant.

CENTROSEMA

Sometimes called "Look at Me"—A hardy perennial vine that will bloom in June or July from seed sown in April and bears in profusion, inverted pea-shaped flowers from 1½ to 2½ inches in diameter, ranging in color from a rosy violet to a reddish purple, with a broad-feathered white marking through the center, while the large buds and back of flower are pure white, appearing as if one plant bore many colored flowers. Pkt. 4c.

COLUMBIAN CLIMBER

The most superb of all climbers and used almost exclusively for decorating pillars, etc., at the World's Columbian Exposition, where it was the admiration of all.

Although it does grandly outside, it is also a splendid house climber, and will do well running over windows in the house, and will award the grower with abundance of beautiful, large bell-shaped flowers, green at first, but rapidly changing to a beautiful deep violet blue. It is a fine, rapid grower, of easy culture and always a mass of exquisite green, showing no bare spots. Pkt. 5c.; ¼ oz. 20c.

COLUMBINE OR AQUILEGIA

One of the best of the early Summer perennials. Curious flowers, extremely graceful, and borne in great quantities high above the foliage which itself is very beautiful and attractive. Extra fine for cutting.

PRIZE MIXTURE—Double and single, all colors. Pkt. 5c.; oz. 30c.

Columbian Climber.

COCKSCOMB (Celosia)

The old Cockscomb of our mother's garden, but vastly improved of late years. Its huge combs, from six inches to a foot across, are of the most fiery gorgeous colors, are very fine all the late Summer and Autumn, and our best parks make use of thousands of them for Autumn bedding. Start in heat and transplant in open ground after danger of frost is over. As pot plants they are fine.

DWARF QUEEN—This is the best dwarf growing Cockscomb; plants, about eight inches high, heads ten to twelve inches across. They grow very uniformly. Color, a rich, ruby red, of extreme brilliancy. Pkt. 4c.; ¼ oz. 50c.

OSTRICH PLUME—A new Cockscomb which bears feathery plumes of bloom, more like ostrich feathers or Pampas grass than anything else. These magnificent plumes are one to two feet in length, and of all colors from sulphur yellow to deep rich crimson, rose, pink, scarlet, yellow, orange, etc. A plant in bloom is one of the very brightest and showiest of all garden annuals. All Colors Mixed. Pkt. 5c.; ¼ oz. 50c.

Mrs. Kate Nelson, Utica, Seward Co., Neb. writes:—My Carnations and Perpetual Roses received from you, are the admiration of all. In response to enquiries I tell them they are from "Buckbee's."

Cockscomb, Ostrich Plume.

Columbine or Aquilegia.

CHINESE LANTERN PLANT

The plant produces numerous, large, inflated husks, much the shape of Chinese lanterns; at first a beautiful green color, changing to a yellowish hue and then to brightest scarlet, and as they hang suspended among the green foliage they present a most novel and strikingly beautiful appearance. Treated like a Tomato it grows and fruits freely from seed the first season, yet the plants are perennial and may be wintered in the cellar or grown in pots as a window plant. Pkt. 4c.

CRUEL PLANT (Hardy Annual)

A beautiful and rapid growing climber, bearing an immense number of pure white, bell-shaped, fragrant flowers. From 15 to 20 feet high. Pkt. 8c.

CYCLAMEN

Charming plants, with beautiful foliage and rich colored, fragrant flowers, universal favorites for Winter and Spring blooming. The Giant varieties have large leaves and stout flower stalks, throwing the flowers well above the foliage. Seed may be sown any time during the Spring or Autumn.

PERSICUM—Persian Splendid Mixed, Pkt. 5c.
GIGANTEUM—Mixed Large Size. Pkt. 8c.

Cyclamen Giganteum.

Cosmos, Giants of California.

COSMOS, (Giants of California)

This strain is noted both for beauty and the gigantic size of its flowers, which measure 4 to 5 inches across; the colors are very varied and beautiful. Choicest Mixed. Pkt. 6c.; oz. 40c.

COSMOS, (Early Flowering)

Grace, daintiness and brilliancy are the characteristics of this pretty flower, with its yellow heart encircled with broad, daisy-like petals, carried on long slender stems rising from a cloud of feathery foliage. This Early Flowering strain produces flowers from July to November. Superb Mixed. Pkt. 5c.; oz. 30c.

COBAEA SCANDENS (Cathedral Bells)

Although it does grandly outside, it is also a splendid house climber, and will do well running over windows in the house, and will award the grower with abundance of beautiful, large bell-shaped flowers, green at first, but rapidly changing to a beautiful deep violet blue. Pkt. 5c.; 1/4 oz. 15c.

Cruel Plant

Clarkia Elegans.

CLARKIA ELEGANS

Beautiful, hardy annuals from California, with rose-colored, white and purple flowers, in delicate but very brilliant shades. The plants are about eighteen inches high and profuse bloomers. Double Mixed. Pkt. 3c.

CLEMATIS, Hardy Perennial.

Well known and universally admired climbers, some of the varieties being remarkable for the size and beauty of their blossoms and others for their gracefulness. Fine for covering arbors, verandas, etc., as they cling readily to almost any object. Most of the kinds are hardy, herbaceous perennials, but some little protection in Northern latitudes through Winter is advised. Extra choice, large flowering varieties with beautiful clusters of purple and white flowers. Choicest Mixed. Pkt. 5c.

COCCINEA INDICA

A remarkable, pretty climber. Ivy-like foliage, bright and luxuriant; never troubled with insects and admirably adapted for trellises, arbors, etc. The small flowers are soon followed by numerous fruits, 2 inches long, which turn to brilliant scarlet, spotted with white, rendering the vine very pretty. Pkt. 4c

CYPRESS VINE

A most beautiful climber with delicate dark green feathery foliage and an abundance of bright, star-shaped rose, scarlet and white blossoms. Tender annual. All Colors Mixed. Pkt. 4c.; oz. 25c.

DAINTY AND ELEGANT CLIMBER.

Rockford Favorite Mixed.

DIANTHUS PINKS

ROCKFORD FAVORITE MIXED—Comprises over 50 of the choicest Chinese and Japanese varieties, and includes, besides the standard sorts, all the new and brightest colors in spotted, striped and handsomely fringed varieties of late introduction, both single and double. Pkt. 6c.; 1/2 oz. 40c.; oz. 75c.

FRINGED AND RUFFLED—(Laciniatus Mirabilis.)—Petals are deeply cut into fine strips of thread-like fringes for about half their length, and are twisted in all directions, presenting a novel aspect; in color they vary greatly, having all shades from pure white to deep purplish-red with red and rose zones. Pkt. 6c.

DOUBLE ROYAL PINKS—The flowers range in colors from blood-red to pure white, and are beautifully frilled and fringed. The enormous blooms are especially adapted for cutting, the stems being long. Mixed. Pkt. 5c.

HARDY GRASS PINKS—(Single.)—The old-reliable favorite, sometimes called Pheasant's Eye Pink. Fringed edge, white flowers with dark centers; delightfully clove scented. Pkt. 4c.; 1/2 oz. 15c.

DATURA, Cornucopia

Hardy annual. Flowers are trumpet-shaped and form three distinct flowers, each within the other. Pkt. 4c.

DATURA or Trumpet Flower

Single trumpet-shaped blossoms. Pkt. 3c.; oz. 20c.

Datura Cornucopia.

Fringed and Ruffled Pinks

Double Clove-Scented Pink.

HEDDEWIGI—(Double and Single Japan Pink.)—Flowers very large; many elegant colors and shades, from delicate rose to richest crimson. Finest Mixed. Pkt. 4c.; 1/2 oz. 20c.; oz. 75c.

CHINENSIS—(China or India Pink.)—Our mixture includes all the best colors and shades. Mixed. Pkt. 3c.; 1/2 oz. 15c.; oz. 35c.

FIREBALL—(Double.)—Brilliant dark scarlet. Pkt. 4c.

SNOWBALL—Double white, fringed flowers, a very fine variety. Pkt. 4c.

MOURNING CLOAK—A splendid variety of very double flowers of rich velvety-crimson, margined with pure white; most fragrant. Pkt. 4c.; 1/2 oz. 15c.

New Double Clove-Scented Pink

The flowers are finely double, about one and a half inches across, with the edges of the petals delicately fringed, and come in the most varied colors and shades, including many dark reds which are entirely new to this type of hardy pinks. The colors range through pure white, white with rose centers, light pink, salmon, deep pink, red and crimson, heavily bordered or ringed with rich contrasting colors, and all have the rich spicy clove fragrance of the well-known Scotch or old-fashioned "Grass Pinks" of our grand mothers' gardens. Pkt. 6c.

DIGITALIS (Foxglove)

Handsome and highly ornamental; hardy plants of stately growth, succeeding under almost all conditions, and with but little attention will give a wealth of flowers during June and July. Mammoth Flowered Mixed. Pkt. 4c.; 1/2 oz. 30c.

Digitalis (Fox Glove).

DAISY, Double

Daisies are easily grown from Spring sown seed and come into flower in a very short time.

LONGFELLOW—Double, dark red rose Pkt. 4c.; $\frac{1}{4}$ oz. 90c.

MAMMOTH WHITE—Double purest white. Pkt. 6c.; $\frac{1}{4}$ oz. 75c

DOUBLE QUILLED MIXED—A new strain. Pkt. 4c.; $\frac{1}{4}$ oz. 75c.

MAMMOTH, or GIANT MIXED—Finest offered. Pkt. 6c.; $\frac{1}{4}$ oz. 90c.

GERMAN DOUBLE—Good Mixture Pkt. 3c ; $\frac{1}{4}$ oz. 75c.

BLUE DAISY

(AGATHEA COELESTIS)

A Beautiful Bedding Plant and an Excellent Indoor Bloomer.

The flowers are the very counterpart of the Paris Daisy, but sky blue with a yellow disc; of easy growth; and produces flowers all the year, Pkt. 4c.

Double Daisy—Mammoth or Giant.

DAHLIAS

The Dahlia still holds its place as king of all the out-door autumn flowers, and they may be grown to the greatest perfection from seed, blooming beautifully the first Summer. As easy to grow from seed as the most common plant. Anyone can have a magnificent display of these regal beauties at very small cost. These strains of seed are grand in every respect, producing very large flowers of the greatest variety and beauty of coloring. They continue to bloom profusely until frost, when the bulbs may be taken up, stored where they will not freeze, then planted the following Spring outside. This may be continued year after year with success.

BUCKBEE'S DOUBLE LARGEST FLOWERING MIXED—A superb mixture of the finest double varieties of the largest size and finest colorings. Pkt. 8c.

DOUBLE CACTUS FLOWERING MIXED—The most beautiful in cultivation. They are unequalled for rich and varied colors and perfection of form. Pkt. 7c.

DOUBLE FINE MIXED—Pkt. 5c.

SINGLE NOVELTY MIXED—Brilliant flowers running through a wide range of striking colors Pkt. 4c.; oz. 50c.

Buckbee's Largest Flowering Mixed.

Dolichos, Hyacinth Bean.

Dolichos Hyacinth Bean

A splendid annual climber, with hyacinth-like clusters of purple and white flowers which are followed by exceedingly ornamental seed pods.

Purple Soudan—A most decorative climber. The twining stems are of the most intense purple, while the beautiful spikes of bloom are of the richest shade of brilliant rose; these fine flowers are followed by dark-red seed pods. Pkt. 4c.; oz. 15c.

Daylight—A splendid variety from Japan. Large, snow-white Wistaria-like racemes, that are most fragrant; followed by attractive silver white seed pods. Pkt. 4c.; oz. 15c.

Finest Mixed—A very choice mixture of all the best climbing varieties. Pkt. 4c.; oz. 10c.

African Golden Daisy.

AFRICAN GOLDEN DAISY

(DIMORPHOTHECA AURANTIACA)

Rare and extremely showy annual from South Africa, destined to become a great favorite on account of its very easy culture and its beautiful flowers. The plants, of neat branching habit, grow about 12 inches high, and flower in exceeding profusion. The single daisy-like blossoms, $2\frac{1}{2}$ to $2\frac{3}{4}$ inches in diameter, are of a unique shade of glossy terra-cotta orange, which brilliant coloring is rendered the more conspicuous by the dark colored disc surrounded by a black zone. This splendid annual is well adapted for groups or borders; it stands the heat finely and produces its pretty flowers very early in sunny situations and will continue to flower during the Summer months. Pkt. 8c.

DIAMOND FLOWER

A dainty little annual with tufts of tiny foliage and beautiful little white and violet blue flowers that bloom within a month from the time seed is sown. It will grow in the open ground, over rock-work or in pots, never exceeding three inches in height and rarely two. The tiny flowers have a glistening sheen that has given them their name of Diamond Flower, and being surrounded by a wreath of bright green foliage, they show to wonderful advantage. For pot culture in Winter it is just superb. Sprinkle a few seeds in a small pot or saucer, or in pots where other plants are growing, and within a month you will have the most charming mat of foliage and flowers, covering the surface of the soil like moss, that you ever saw. Pkt. 4c.

Everlasting Flowers.

EVERLASTING FLOWERS

SPECIAL MIXTURE—A single packet will give in abundance a great variety of the most attractive Everlasting Flowers. Pkt. 3c.; or 4 Pkts. for 10c.

EVENING PRIMROSE or Oenothera

Large saucer-shaped blooms of the purest white, or in the softest, richest shades of yellow, and deliciously fragrant. Pkt. 3c.

ESCHSCHOLTZIA (California Poppy)

Hardy annual, growing about one foot high, bearing a profusion of rich yellow flowers about two inches in diameter, making a blaze of color in the sunshine and fully as valuable as the common Poppy for garden ornamentation and as easily grown. Pkt. 3c.; oz. 25c.

FAIRY OR BABY ROSE

Roses From Seed the First Year.

The plants bloom in three months after sowing, so that seed sown in February in the house may be had in bloom in June in the open ground, where they continue to bloom throughout the season, giving about an equal proportion of single, semi-double and double flowers borne in clusters. The plants grow about one foot high, are hardy and may be treated as annuals. Pkt. 6c.

FRAGRARIA—Indica

Hardy creeper from India, with small red fruit and yellow blossoms. Pkt. 3c.

FERNS

Very desirable for Wardian cases or ferneries, thriving in a peaty, sandy soil, and moist, shady positions in the garden during Summer. The seed is slow of germination. Finest Mixed. Pkt. 8c.

Evening Primrose.

Fuchsia.

QUALITY
NOTHING BUT
QUALITY

Baby Rose.

Four O'clock or Marvel of Peru.

FEVERFEW (Matricaria)

WHITE GEM—A fine, old-fashioned bedding plant; also suitable for pot culture. It grows about 18 inches high, with numerous branching flower-stems, and are literally covered with very double, pure white flowers an inch in diameter. Blooms until frost. Fine for cemetery bedding. Pkt. 4c.

GOLDEN FLEECE—Especially adapted for the edging of beds, as the foliage is beautifully serrated of a rich golden color. Pkt. 3c.

FOUR O'CLOCK (Marvel of Peru)

No flower makes a prettier border than the old-fashioned Four O'Clock. Plants grow to a height of 2 feet and make a compact hedge covered with blooms in early morning and evening that rival the choicest garden flowers. It is one of the most brilliant and showy plants that can be grown with little or no trouble. Finest Mixed. Pkt. 4c.; oz. 15c.

FUCHSIAS (Lady's Eardrops)

Fuchsias are as easily grown from seed as from cuttings, and from seed many new varieties are obtained. They will flower freely the first year in the open ground, while the plants can be taken in the house in winter where they will flower still more freely. Choicest Double and Single, mixed, Pkt. 8c

FORGET-ME-NOT (Myosotis)

QUICK BLOOMING—This type may be treated as annuals and be sown at any time of the year, beginning to flower in from 8 to 10 weeks' time. The plants are of round, bushy form, 5 to 7 inches high, and when fully grown are perfectly covered with clusters of exquisite flowers. Valuable for winter-flowering in pots, as well as for garden beds and edgings. Pkt. 6c

(VICTORIA)—This is the finest variety of the beautiful old favorite Forget-Me-Not. Makes low bushy plants 6 to 8 inches high and the same in width, and bears a profusion of lovely azure blue flowers. Pkt. 4c.

Eschscholtzia (California Poppy.)

Forget-Me-Not.

Gaillardia, Double.

GAILLARDIA
(Blanket Flower)

ANNUAL VARIETIES—This beautiful annual Gaillardia (Lorenziana) is undoubtedly one of the most valuable annuals we have for cut flowers. Produces very double flowers as round as a perfect ball, in the most varied colors and are borne on long slender stems; when cut, will keep over a week, the gay colored flowers being abundantly produced from July until frost, while they thrive anywhere. Fine Mixed. Pkt. 3c.; oz. 40c.

PERENNIAL—Grandiflora Hybrids—The enormous flowers are a magnificent combination of red and yellow. Splendid to cut for vases. Pkt. 5c.

GLOXINIA, Hybrida

The Gloxinia is a grand flower and makes a lovely pot plant as easily grown and cared for as many of the common flowers. The handsome bell-shaped flowers embrace a great variety of the richest and most beautiful colors ranging from pure white to dark, blood-red, pink, bluish, lavender, indigo-blue, marbled and spotted. They will bloom in four to five months from time seed is sown. Finest Mixed. Pkt. 6c.

GOLDEN ROD

The National Flower. This is undoubtedly more widely and favorably known than any other American flower. Gorgeous yellow flowers. Pkt. 3c.

GOURDS (Ornamental)

Tender, annual climbers, with curiously shaped fruit in various colors peculiarly marked. Forms may be wonderfully varied by tying strings around the young fruit or by enclosing same in a carved mold while growing. Many of these fruits keep for years, being very hard shelled. Mixed. Pkt. 5c.; oz. 10c.

ORNAMENTAL GOURDS

GIANT GHOST FLOWER

Is often called Wedding Bells; truly wonderful plant; blooms always, either in the house or outdoors in the summer. The flowers are drooping bell-shaped, over a foot long and 8 or 9 inches wide, of a fine creamy white color and very fragrant. It can be relied upon for a profusion of flowers as soon as large enough. Pkt. 6c.

GODETIA

(Satin Flower)

A handsome flower and particularly useful because it will grow in shady places where so few really fine flowers can be grown. These bloom a long time, and so profusely that the foliage is almost hidden by the many large, wide open flowers, of shining satin texture, and of the most delicate and lovely colors. Choice Mixed. Pkt. 3c.

GODETIA

Geranium, California Giants.

GERANIUM

Geraniums are very easily grown from seed. They will bloom from seed in four to five months, and will frequently reward the cultivator with charming new varieties; in fact, propagation by seed is the only sure way to obtain new varieties.

CALIFORNIA GIANTS—Seed saved from finest double, semi-double and single varieties of the most gorgeous and brilliant colors; all shades of scarlet and crimson, rose, pink, salmon, cream, veined, pink, bluish, snowy white, and all the new auricle types, showing combinations and brightness of tints hitherto unknown. The spotted or speckled varieties are very novel and extremely attractive. Habit compact, with large, healthy foliage. Flowers perfect in shape, round and sometimes beautifully cupped. Trusses immense and the blooming qualities of the plant truly wonderful. Choicest Mixed. Pkt. 8c.

ZONALE—Mixed—A fine strain of the common Zonale varieties, all extra fine. Pkt. 4c.

PELARGONIUM, OR LADY WASHINGTON—Fine Mixed. These are perfectly magnificent, but seed is so scarce that only a very little can be given in a packet. Our collection is a superb one. Pkt. 15c.

APPLE-SCENTED—The old-fashioned favorite apple-scented Geraniums. Pkt. 6c.

Gloxinia, Hybrida.

GIANT GHOST FLOWER

Helichrysum.

HELICHRYSUM, Everlasting

A very popular Everlasting, large full double flowers of various colors, from light yellow to scarlet, shaded and tipped. Handsome bouquets may be formed of them for Winter, if blossoms are gathered when on the point of expanding. Pkt. 3c.; oz. 40c.

HUMULUS (Japanese Hop)

JAPONICUS—One of the most rapid climbers grown. Seed can be sown in the open ground in Spring and it will attain enormous dimensions very quickly. The foliage is luxuriant and it is one of the best plants for covering verandas and trellises. Heat, drouth and insects do not trouble it. Pkt. 4c.; oz. 35c.

NEW LEOPARD LEAVED—Beautifully variegated. Pkt. 4c.

HELIOTROPE

Heliotrope is a universal favorite on account of its delightful fragrance and duration of bloom, flowering equally well as bedding plants in Summer, or as pot plants in the house during the Winter. Seed sown in the Spring makes fine plants for bedding out, and are as easily grown as Verbenas. The colors of the blossoms range from white through all the shades of violet to the deepest purple. Choicest Mixed. Pkt. 4c.; ½ oz. 50c.

Heliotrope.

Job's Tears.

JOB'S TEARS (*Coiz Lachryma*)

Curious ornamental grass with broad, corn-like leaves and seeds of a light slate color. Valuable for winter bouquets with everlasting flowers. An old-fashioned, but valuable remedy for sore throat, goitre and teething babies, when the seed is strung on linen thread and worn around the neck as a chain. Also used to advantage in basket making and raffia work. Pkt. 4c.; oz. 10c.

HOLLYHOCK

PRIZE DOUBLE MIXED—The perfect doubleness of this magnificent, large flower will please the most critical. If sown early in March or April the plants will bloom the first year. All colors mixed. Pkt. 5c.; ¼ oz. 35c.

DOUBLE ALLEGHENY—Rich colors, fringed petals. Pkt. 4c.; ¼ oz. 30c.

NEW ANNUAL EVERBLOOMING—These glorious new hybrids may be grown from seeds and will flower the same year as quickly as any garden annual. Pkt. 8c.; ½ oz. 40c.

HIBISCUS (Hardy Hybrids)

A fast growing perennial, fine for clumps or an ornamental hedge or screen; they bear enormous flowers as large as tea-saucers, white, blush, pale and deep pink, rose, etc. Plants from Spring sown seed will bloom in September. Mixed Colors. Pkt. 5c.

ICE PLANT

Handsome and curious plants for hanging baskets, rock-work, vases and edgings. Leaves and stems succulent, appearing as though covered with ice crystals. Tender annual trailer; six inches high. Pkt. 3c.; oz. 25c.

Humulus (Japanese Hop)

NEW HIBISCUS

Larkspur, New Double Hybrids.

LARKSPUR, (Delphinium)

NEW DOUBLE HYBRIDS—(Perennial.)—Produce beautiful spikes of immense flowers, semi-double and double, from two to five feet in length. The colors are very beautiful, ranging from pure white through all the shades of lavender and blue to deep purple. Mixed Colors Pkt 6c.

DWARF DOUBLE—Well-known annuals of great beauty and remarkable for the richness of their colors and for large gardens are invaluable. Mixed. Pkt. 3c.; oz. 20c.

LANTANA, Hybrida

Well-known shrubby plants with clusters of Verbena-like flowers, and producing their pink, yellow, orange and white heads in great abundance. They have an agreeable aromatic perfume. Finest Mixed. Pkt. 4c.; oz. 25c.

LINARIA (Kenilworth Ivy)

A very pretty hardy perennial trailing plant, for covering rock work, and very useful for hanging baskets. The flowers are small, but pretty; it is easily grown from seed. Pkt. 4c.

LOBELIA

Exceedingly pretty, profuse blooming plants with delicate little blue and white flowers, of great value both in the garden and for hanging baskets, window boxes and vases; especially prized for edgings of beds and borders; plants grow about six inches high. They are treated as annuals, and are of the easiest culture. Finest Mixed, Pkt. 4c.

LYCHNIS, Hybrida

The flowers are produced in clusters, and are constantly coming out all summer. Mixed, Pkt. 3c.

Maurandia.

Lantana, Hybrida.

Lobelia.

Lychnis Hybrida.

Lemon Ball Marigold.

Linaria (Kenilworth Ivy.)

MARIGOLD

No flower garden seems complete without this fine old-fashioned plant and planted in large blocks are gorgeously attractive. They bloom profusely all Summer.

LEMON-BALL—The extra large flowers are perfectly rounded—of nearly "ball-like" form; the petals are heavily rolled and are crowded so closely together as to appear lacinated. The color is a clear canary-yellow; the brightness of coloring and perfection of form make them resemble large double Yellow Dahlias,—only produced so much more abundantly and for a longer season. The plants stand erect, branching freely, two and a half feet high. Pkt. 5c.

ELDORADO—The flowers are from three to four inches in diameter, imbricated and perfectly double. They embrace four shades of color—the lightest primrose, lemon, golden yellow and deep orange. Pkt. 4c.; oz. 40c.

LEGION OF HONOR—A beautiful single, dwarf bushy variety, bearing rich, golden yellow flowers with garnet blotches in the center of each petal. Pkt. 4c.; oz. 30c.

AFRICAN, DOUBLE MIXED—Very early, profuse bloomers. Pkt. 3c.; oz. 25c.

FRENCH, DOUBLE MIXED—A class of showy and extremely effective plants; fine double flowers of rich and beautiful colors. Pkt. 4c.; oz. 25c.

MAURANDIA, (Climber)

Elegant twining, climbing plants, with handsome foliage and flowers. They bloom profusely all Summer in the garden, and are also particularly adapted for the house and conservatory. Preferred by many for the window garden in place of the Ivies. If desired for the house, take up before frost. A half-hardy perennial, flowering the first season if sown early. Our mixture contains all the choicest sorts. Pkt. 4c.

MINA LOBATA

Half-hardy Mexican climbing annual. The buds are at first a vivid red, but turn to orange yellow before they open, and when fully expanded the flowers are of a creamy-white shade. Pkt. 4c.

MONKEY FLOWER, Mimulus Tigrinus

Singular shaped, and brilliant colored flowers, blotched and spotted in every conceivable manner. Mixed. Pkt. 4c.

MUSK PLANT, Mimulus Moschatus

A well-known and favorite plant both for outside borders and for pot culture. Cultivated on account of the musky odor. Pkt. 4c.

Monkey Flower.

MORNING-GLORIES

**New
Imperial
or GIANT
JAPANESE**

**IMPERIAL
OR
GIANT JAPANESE**

The flowers are of gigantic size and the colorings and markings beyond description, ranging from snow-white to black purple, with all the possible intermediate shades, such as pink, rose fiery red, copper red, carmine, crimson, pale blue deep blue, royal purple, maroon bronze, indigo, slate, brown, cherry and ash gray. Others are edged with white, having throats of one of the above colors: there is also an endless number of flowers spotted, marbled, striped flaked and splashed. They are beyond question the largest and most beautiful of this handsome family of easily grown climbers. **Choicest Mixed. Pkt. 5c.; oz. 15c.**

BUCKBEE'S NEW DOUBLE MORNING GLORY

This Double Morning Glory will be greeted as a welcome addition to this class of plants. It is of rapid growth, producing its large double flowers very freely. They are of beautiful form and delicate coloring, being white with a slight shading of red or blue at the base of the larger petals. Seeds should be sown as early as ground can be worked in the Spring, or may be sown in the house and transplanted outside as soon as weather permits, so that a long season of beautiful flowers may repay you. **Pkt. 6c.**

NEW FUCHSIA-FLOWERED MORNING GLORY

The vines or shoots are gracefully slender, but very numerous and most densely covered with five-fingered deep green leaves. The vines grow very rapidly, quickly covering tall poles or trellis with a dense screen of the peculiarly attractive foliage, and during the late Summer and Fall months bear small light rosy pink flowers. The seed-pods quickly form on the end of the long wire-like stems and bear a striking resemblance (as is shown in illustration) to the flower buds produced by the Fuchsia. **Finest Mixed. Pkt. 5c.**

IMPROVED OLD-FASHIONED MORNING GLORY

(*Convolvulus Major Grandiflora*.) Most popular climber in cultivation. Of rapid growth. Our seed is selected from the best varieties only, and is a great improvement over the old-fashioned sorts. **Great Mixed. Pkt. 3c.; oz. 8c.; 2 oz. 15c.; 1/2 lb. 25c.**

DWARF MORNING GLORY

The Wonder of the age as a Winter house blooming variety. Flowers richly colored. **Mixed Pkt. 4c.**

Buckbee's New Double Morning Glory.

"Fuchsia-Flowered" Morning Glory.

Mignonette—Buckbee's Rockford Mixed.

MIGNONETTE (Reseda)

A well-known fragrant favorite, which produces a pleasing contrast to the more showy occupants of the garden.

IMPROVED GOLDEN QUEEN—Golden yellow flowers, powerfully fragrant. Pkt. 3c.; oz. 30c.

MILES' GIANT WHITE SPIRAL—Very showy; fragrant blossoms. Pkt. 4c.; oz. 40c.

NEW GIANT RED FLOWERED—Intense red, surpassing all other varieties in brilliancy of color; dense upright spikes of flowers averaging 8 inches in length and 2½ inches in diameter. Very sweet scented. Pkt. 5c.; oz. 50c.

PURE MACHET—Of pyramidal growth, bearing massive spikes of deliciously scented gray flowers. Pkt. 5c.; oz. 50c.

PARSON'S GIANT WHITE FLOWERING—Flowers almost pure white. Pkt. 4c.; oz. 40c.

SWEET—(Reseda Odorata Grandiflora) Large flowered. The old favorite Sweet Mignonette, improved. Pkt. 3c.; oz. 10c.

BUCKBEE'S FINEST ROCKFORD MIXED—I want to call very especial attention to this mixture, which I consider *The Finest Mignonette Mixture* ever blended. It includes all the well known sorts, together with many new Hybrids. Pkt. 5c.; ½ oz. 20c.; oz. 35c.

FINE MIXED—A fine mixture including many varieties. Pkt. 4c.; oz. 15c.

Nemophila, or Love Grove

Of dwarf, spreading habit, and well adapted for borders or pot culture. The flowers are single, each petal having a large distinct blotch. Choice Mixed. Pkt. 3c.

NOLANA

Beautiful trailing plant, almost equal to Portulaca for growing in masses, and unsurpassed for baskets, pots, vases or rock work. Flower is similar in shape to the Morning Glory. Fine Mixed. Pkt. 3c.

Nigella (Love-in-a-Mist.)

A popular old-fashioned flower; free flowering with finely-cut foliage surrounding the curious looking flowers and seed pods. A most easily grown annual from seed, doing well in any situation. Our mixture contains all the desirable varieties. Best Mixed. Pkt. 3c.; oz. 15c.

Nemophila.

Mignonette,

Giant Red Flowered.

MOONFLOWER

New Cross-Bred or Hybrid Variety.

Of great value for the North, as it is in full bloom one month before the White Seeded. The flowers are 4 to 6 inches across, and very numerous. The foliage is of three distinct types. This is one of the most vigorous of all the Summer climbers. Will grow 30 to 40 feet in a single season, and be covered with its large white flowers every evening and cloudy day. Pkt. 6c.

MOONFLOWER (WHITE SEEDED)

This is the variety most generally grown, being larger in flower, firmer in texture and of sweeter odor than the Black Seeded variety which we have now discarded; the vines are almost covered with thousands of immense white flowers, many of them measuring over 7 inches across. Pkt. 4c.

MOONFLOWER

New Ivy-Leaved (Day Blooming)

A new Moonflower which opens its blossoms early in the morning (instead of evening), and remains open nearly all day. It is the greatest bloomer of all vines, a single plant producing thousands of flowers each day. Flowers pink or creamy white; leaves ivy-shaped and produced in great masses, making a dense shade. Choicest Mixed. Pkt. 7c.

New Cross Bred Moonflower.

NICOTIANA AFFINIS

Sweet Scented Tobacco Plant

Handsome and well-known hardy annuals that grow easily from seed, forming compact bushes, about 3 feet high, which are in continuous bloom throughout the season. Their blooms are tube-shaped, very sweet-scented, and desirable as cut-flowers, also fine for pots. Pkt. 4c.; oz. 30c.

OXALIS

Pretty little annuals for hanging baskets, vases, rock work and edgings. Its leaves are clover-like, and the small flowers very numerous and bright-colored. Fine Mixture. Pkt. 4c.

Nicotiana Affinis.

Oxalis.

Buckbee's Tall Superior Mixed Nasturtiums.

BUCKBEE'S GIANT FLOWERING DWARF
Fancy Mixed.

These Grand New Bedding Nasturtiums are brilliant in the extreme. They produce in wonderful abundance large flowers of the most gorgeous hues. The colors are very intense. This makes a sharp diversity of color not to be found in common mixtures and produces a strikingly brilliant effect. The plants are strong and vigorous, growing very quickly and producing erect, symmetrical bushes, about 1 foot high and 1 foot across, which are literally smothered with showy bloom. The foliage is mostly dark green, but ranges on the different plants from light green to deep blue green. Pkt. 5c.; oz. 12c.; ¼ lb. 45c.; lb. \$1.50.

DWARF FINE MIXED

A first-class mixture from selected colors that harmonize beautifully. Pkt. 4c.; oz. 10c.; ¼ lb. 35c.; lb. \$1.25.

DWARF GOOD MIXED

This mixture includes many choice and showy colors. Pkt. 3c.; oz. 8c.; ¼ lb. 25c.; lb. 80c.

NEW "IVY-LEAVED" DWARF MIXED

A new class, with thick, green-lobed leaves resembling those of the English Ivy. The flowers which are borne in the greatest abundance throughout the season, are of medium size and peculiarly cut and fringed, giving them an airy butterfly effect. Pkt. 5c., oz. 15c.

NEW DWARF GOLDEN LEAVED

A new and distinct class of beautifully colored golden leaved foliage very showy and desirable. Entirely different from all the others. Pkt. 5c.; oz. 15c.

NEW DWARF VARIEGATED LEAVED

The very best of the variegated leaved Nasturtiums. The leaves are marked with white, green and yellow and contrast nicely with the large showy flowers, which are of all colors. Pkt. 5c.; oz. 15c.

Buckbee's Giant Fancy Dwarf Nasturtium.

BUCKBEE'S TALL SUPERIOR MIXED
Giant Flowered Best Varieties.

A wonderful diversity of rich colors and new and striking combinations are found in this unequalled mixture. A row in full bloom is truly gorgeous beyond description, containing as it does, every shade and tint of yellow, rose, scarlet, carmine, orange, lemon, bronze, violet, purple, maroon, ruby, cream and pink, both in solid colors and mottled and striped in many showy and exquisite ways. All of the Giant Flowering type, as well as many new Hybrids. We cannot praise this superior mixture too highly, for we know they will give complete satisfaction to all who try them. They never disappoint for a magnificent show of flowers. We recommend to plant liberally, and buy seed by weight. Pkt. 5c.; oz. 15c.; ¼ lb. 50c.; lb. \$1.50.

TALL SELECT MIXED

This mixture is a most beautiful assortment of rich and brilliant colors, and is surpassed only by Buckbee's Superior Mixed. Pkt. 4c.; oz. 10c.; ¼ lb. 30c.; lb. \$1.00.

TALL FINE MIXED

A good selection from a wide range of colors. Pkt. 3c.; oz. 8c.; ¼ lb. 20c.; lb. 60c.

HYBRIDS of Madame Ginter
New Climbing Nasturtiums.

A most beautiful strain, flowering profusely, and having a wide range of bright and distinct colorings. Pkt. 4c.; oz. 10c.; 2 oz. 18c. ¼ lb. 30c.

NEW TALL VARIEGATED LEAVED NASTURTIIUMS

The flowers are of many bright colors in charming contrast to the handsomely variegated foliage. The leaves are so beautifully variegated with yellow, white and green that the plants would be worthy of culture almost for the foliage alone. Superb Mixed Pkt. 5c.; oz. 15c.

NEW TALL GOLDEN LEAVED VARIETIES

None can compare with these new flowers, which bloom freely, and have the most beautiful golden yellow imaginable. Without doubt one of the finest of the climbing Nasturtiums. Pkt. 5c.; oz. 15c.

NEW TALL "IVY-LEAVED" NASTURTIIUMS

The plants are of running growth, with star-like pointed leaves of rich green veined with white. Pkt. 5c.; oz. 15c.

BUCKBEE'S "Full of Life" PANSY SEEDS

UNEQUALED
FOR SIZE, COLORS
AND MARKINGS

The PANSY

Is a universal favorite with young and old, and, aside from its great beauty, we all treasure it as the symbol of modest worth and true affection. The smallest yard must have its Pansies. Not poor, forlorn plants, struggling with heat and drouth and hard baked ground, though even there yielding us handfuls of cheery bloom; but rather, strong, vigorous plants, riotous in the cool, deep, mellow beds they love, made rich with fertilizers, kept free from weeds, and shaded from the hot afternoon sun. In such a bed one may gather

great, velvety Pansies by the handfuls—flowers so radiantly beautiful that they scarcely seem of the earth.

Poor Pansy seed is dear at any price.

Mine is saved with great care and is the best.

QUALITY
NOTHING BUT

Buckbee's
Giant Flowered
Mixed Pansy.

Buckbee's "Full of Life" Mixtures of Pansy Seed.

I pay particular attention to the blending of the Pansy seed that makes up Buckbee's Famous "Full of Life" mixtures. Nothing is too good to be placed in these mixed packets. Each year finds them gaining in popularity. No "cull" seeds ever go into these mixtures, and I can conscientiously recommend them to my friends, knowing full well that every purchaser will be more than satisfied.

Buckbee's Giant Flowering Mixed. In this magnificent mixture of giant flowering Pansies the colorings are wonderfully rich and varied; every shade and tint of rose, canary-yellow, black, white, cream, lavender, garnet, sky-blue and orange are produced in endless variations and striking combinations, while others have silvery grounds heavily blotched at the base of each petal with a dark rich shade. The enormous flowers are of thick velvety texture, perfect form, and borne on long stems well above the foliage. The compact rounded plants are of sturdy habit and deep rooted, so that they bear the gigantic flowers profusely and continuously. I offer this special blend to Pansy lovers with the full assurance that the flowers produced from this mixture will be larger and finer than those of any other strain. As my supply of seed is limited this season, I advise early orders. Pkt 8c.; $\frac{1}{2}$ oz 75c.

Buckbee's Mammoth Sunrise Mixture. This splendid mixture is a blended combination of mammoth flowering Pansies. It contains all colors and will prove a delightful surprise in regard to the great size and rich and varied colorings of its flowers. Very popular. Pkt. 6c.; $\frac{1}{2}$ oz. 50c.

Buckbee's World's Fair Prize Mixed. This mixture was awarded Grand Prize Medal at the World's Fair. It is an exceedingly fine mixture, producing flowers of rare beauty in both colorings and markings. Liberal Packet 5c.; $\frac{1}{2}$ oz., 60c.; oz., \$1.00.

Buckbee's Mixed Hybrids. This Hybrid Mixture is a truly exquisite mixture of the best in the Standard varieties. Liberal Packet 3c.; $\frac{1}{2}$ oz. 35c.; oz. 60c.

Buckbee's Everblooming Mixture. This high grade mixture will give you a profusion of flowers of the most beautiful and varied colors. Don't fail to include it in your order. Liberal Packet 4c.; $\frac{1}{2}$ oz. 40c.; oz. 75c.

Buckbee's Sweet Scented Mixture. This is certainly a most desirable novelty in the Pansy family. The flowers have the delicate perfume of the Violet, the Pansy size and also the rich colorings and markings of the Pansy. No matter what Pansy seed you order, you cannot afford not to include this in your order. It is ridiculous to sell it so cheap, but Buckbee is noted for his liberality. Large Packet only 4c.; $\frac{1}{2}$ oz. 50c.

BEST STRAINS OF
GIANT PANSIES

Giant Madam Perret Pansy.

Giant Madame Perret

A superb new strain, large flowers and beautiful colors, blossoms ranging through all the shades of red, from a pink to a fine, deep purple, with an intermediate bright red, edged with white. The face of the flower in some cases is regular in color, while in others it is lined and striped. The extraordinary size of the flowers, which reach as much as 3 to 3½ inches in diameter, makes it a novelty of the first rank. Pkt. 7c.

Giant Black Prince

A distinct Pansy of sterling merit. The rich glossy black has a peculiarly soft, velvety appearance, the magnificent large flowers are of fine circular form, and flowers so profusely that a bed of the Black Prince makes a sight not often equaled. Pkt. 6c.

Giant Snow Queen

The largest pure white Pansy without blotches. Edge of petal is frilled. Pkt. 6c.

Giant "Masterpiece"

This magnificent new Pansy comes nearer to double Pansies than anything ever introduced under that name. The border of every petal being conspicuously crimped and curled in such a fashion that the flowers appear double, and the color combinations and variations are very odd and striking, and contain some very lovely tints of color that cannot be found in any other strain of Pansies. Pkt. 8c.

Giant Yellow Prince

The color is pure golden yellow, shaded canary, sometimes with the three lower petals marked with purplish or red blotches and hair lines. Pkt. 6c.

Giant White Spotted

The flowers are very large, pure white, with a violet blotch on the three lower petals. Pkt. 6c.

Giant Striped

The flowers are striped and mottled in various tints. Pkt. 4c.

Giant Adonis

Color a magnificent light blue with a white center, which sets off the dark blotches on the petals in a most striking manner. Pkt. 6c.

Giant Beaconsfield

This is a great favorite on account of the rich combination of purple and lavender, shading to white towards the top. Pkt. 5c.

Giant Psyche

Velvety violet-blue with a broad white edge, petals undulated and ruffled after the Masterpiece style. Pkt. 8c.

Giant Black Prince Pansy.

Mammoth Butterfly Pansy.

Mammoth Butterfly

A very distinct strain; the flowers are very large, mottled, spotted, streaked, tigered and splashed, while the colors are mainly those rich wine-reds, chocolate, velvety-red-brown, lavender, violet and purple shades which are only found in a Pansy blossom. Pkt. 6c.

Bridesmaid

The flowers of this new interesting variety are very large and of fine form. Its ground color is a Rosy White, rivaling in delicacy and beauty the finest Apple-blossom, and most strikingly sets off the dark blotches of the center. Pkt. 7c.

Emperor William

The finest blue variety. The flowers are the true splendid ultramarine blue color, with well defined violet-purple eye. Pkt. 4c.

Emperor Frederick

Velvety brown, shaded into a narrow band of deep golden yellow, which borders each petal. Pkt. 4c.

Fire King

The three lower petals each have a large blotch of deep brown-red or magenta margined with yellow, while the upper petals are of a bright reddish-brown, of a real fiery shade, warranting the name Fire King. Pkt. 4c.

Peacock

A beautiful variety of ultramarine blue in the upper petals of the flower, edged with a thin white line, within which is a space of purplish-crimson, passing into a rich central blotch of deep blue, shading to black, named "Peacock" because the blending colors resemble the feathers of a Peacock. Pkt. 4c.

Rosy Morn

The color of this Giant Flowered Pansy is a bright purplish crimson margined with a clear white edge; color gradually turns a pleasing rosy carmine and the silver edge becomes wider. Pkt. 5c.

Volcano

Color, bright dark red, each petal being marked with a very large dark blotch. The flowers are of large size and good substance and the edges of the petals are curled like those of "Masterpiece" from which it is a selection. Pkt. 6c.

New Red Mixed

The most brilliant Pansy mixture ever offered made up from a collection of all the best red and fiery shades which have been produced up to date by the expert Pansy growers of Europe and America. If you want red Pansies try this mixture. Pkt. 4c.; ½ oz. 50c.

Imperial German Mixed

This mixture embraces seeds of over fifty colors and markings, and is guaranteed to equal any strain offered as Imperial German. Pkt. 5c.; ½ oz. 50c.; oz. \$1.50.

Giant Snow Queen Pansy.

Giant "Masterpiece" Pansy.

Petunias

Either for out door or window culture few plants are equal to them. They commence to flower early and continue a mass of bloom throughout the entire season until killed by frost.

Buckbee's New Double Fancy Fringed Petunia.

BUCKBEE'S
REAL BABGAINS
in
"FULL OF LIEE"
FLOWER
SEEDS

Giants of California Petunia.

Buckbee's Gorgeous Petunias

BUCKBEE'S NEW DOUBLE FANCY FRINGED—For years we have made a careful trial of double Petunias, but this is better than any seed we have previously been able to obtain. They embrace a wide range of colors and show finer combinations than we have heretofore found in any double Petunias, including delicate mauve, porcelain blue, white, garnet and velvet shades. The delicate blue and white flowers, freely produced, are particularly noteworthy. This carefully hybridized seed will yield a larger percentage of double flowers than any other Petunia in cultivation today. **Mixed. Pkt. 15c.**

FORDHOOK—Fancy Fringed Double—Mixture of the best large-flowering and fringed double Petunias. Yields 20 to 30 per cent. of doubles. **Mixed. Pkt. 10c.**

DEFIANCE, Large Flowering Single—Flowers unequalled in size; mixture is remarkable for its large proportion of dark crimson, maroon and violet shades. **Pkt. 8c.**

GIANTS OF CALIFORNIA—A California strain of great beauty, size and luxuriance. The flowers are of immense size, often measuring 5 to 6 inches across; the variety of colors, markings, veinings and blotching distinguish them from all others. They are usually ruffled and fringed on the edges, and present a great variety of beautiful effects, many colors being rich and glowing, while others are delicate. **Pkt. 10c.**

GRANDIFLORA, Single Large Flowering—One of the largest-flowering and richest colored in cultivation. Single flowers frequently measure over 5 inches in diameter, ruffled or fringed on the edges and beautifully veined with various shades of purple, rose, lavender, yellow and crimson. **Mixed. Pkt. 6c.**

HYBRIDA, Single Mixed—A splendid mixture, embracing all colors, including striped and blotched varieties. Are excellent for bedding or massing, remaining in bloom the entire Summer. **Pkt. 4c.; oz. 50c.**

Buckbee's Prize Medal Phlox

PHLOX DRUMMONDII Buckbee's Mammoth Prize Mixed
Their long duration in bloom, combined with their almost unequalled richness of color, renders them of invaluable service in the flower garden. The color ranges in every conceivable shade; producing flowers twice the size of common Phlox. Far superior to any other. Flowers of great substance, beautiful form. They are of dwarf, stout branching habit, always erect. **Grandest of all Phlox. In Finest Mixture. Pkt. 5c.; 1/4 oz. 25c.; oz. 75c.**

PHLOX DRUMMONDII—Hortensia Flowered Mixed
These are undoubtedly one of the handsomest species of the Phlox family. The flowers are borne in large umbels, just like a Hydrangea. Large, of good substance and of handsomest colors; from a splendid collection. **Pkt. 5c.**

PHLOX DRUMMONDII—Fine Mixed
Contains in splendid blend, many varieties. Invaluable for bedding and cut-flower purposes. **Pkt. 3c.; 1/4 oz. 20c.; oz. 50c.**

PHLOX—"Starred and Fringed"
In the fringed flowers the petals are partly fimbriate and partly three-toothed, all distinctly bordered with white, which, together with the bright eye of the center, contrasts with the magnificent velvety colors, in more than twenty distinct shades. In the Starred Phloxes the pointed central teeth of the petals are five or six times as large as the lateral ones, and project beyond them like little spines, giving the flowers a distinctly marked, regular star-like form. **All Colors Mixed, Pkt. 4c.; 1/4 oz. 20c.**

PHLOX, New Dwarf

A lovely strain, the plants growing only 6 to 8 inches high. Valuable for bedding alone or as borders in beds with taller varieties.

EXTRA FINE MIXED—A choice mixture of countless shades. **Pkt. 4c.; 1/4 oz. 35c.**

PHLOX, New Double

Double Phlox is one of the most desirable annuals for cut-flowers. This year we have secured a particularly fine strain of the double from France which runs fully 75 per cent. pure white and cream color and perfectly double and semi-double. The white is especially valuable as a cut-flower. I am sure my customers will be greatly pleased with these. **Select Mixed. Pkt. 6c.**

PHLOX, Hardy or Perennial

The varieties of the Perennial Phlox are among the choicest of flowers for bedding and border plants. They are hardy and need no protection; will flourish in any soil, succeeding better, however, in deep, rich, rather moist ground. **Best Mixed, pkt. of 25 seeds 7c.**

New Double Flowering Phlox.

Buckbee's Mammoth Prize Mixed Phlox.

Buckbee's Giant Double Poppies.

POPPIES

BUCKBEE'S GIANT GRANDEST DOUBLE MIXED—A dazzling mixture of beautiful double Poppies, giant-flowering kinds of the richest and brightest colors as well as the daintiest and softest tints. The variety of color is truly wonderful, including, as it does, the most gorgeous shades; striped, blended and rayed in innumerable tints, down to purest white. Pkt. 5c.; ½ oz. 30c.; oz. 50c.

WHITE SWAN—One of the most effective and valuable Poppies introduced for years. The plants are about eighteen inches high, grow in very pretty bush form, crowned with flowers of enormous size, perfect form, very double and pure white. Pkt. 5c.; oz. 20c.

AMERICAN FLAG—A beautiful variety. Flowers extra large, double. Snow-white bordered with scarlet. Pkt. 4c.; oz. 25c.

CARNATION-FLOWERED—Splendid large, double flowers; very showy, and beautifully fringed. Our mixture is unequalled for dazzling richness and variety of colors. Double Mixed. Pkt. 3c.; oz. 15c.

MIKADO—(The Striped Japanese Poppy). Very distinct and beautiful; the large blossoms are brilliant scarlet and white, with elegantly curved and fringed petals. Pkt. 4c.; oz. 20c.

PAEONY FLOWERED—Large, showy, double globular flowers, almost equal to Paeonies. Our mixture contains the finest colors. Fine Mixed. Pkt. 3c.; oz. 15c.

Burbank's Santa Rosa Giant Shirley

A great advance in single-flowering annual Poppies. The flowers are immense, often measuring 3 to 4 inches across, the petals are fluted and crinkled and in the sunlight appear like ruffled satin. Bloom in continuous succession for weeks. Flowers white, white veiled pink, white-splashed crimson, rose banded with white, salmon, carmine, blush, scarlet, and many splashed, striped, dotted and edged, etc. Pkt. 5c.; ½ oz. 20c.; oz. 35c.

DANE BROG (Danish Cross)—A very showy single variety; brilliant scarlet, so blotched with silvery-white as to form a white cross. Pkt. 4c.; oz. 15c.

ICELAND POPPIES—Although hardy perennials, these Poppies bloom the first season, from Spring-sown seed. The fragrant, elegant, crushed satin-like flowers are produced in never-ceasing succession from the beginning of June to October. Finest Mixed. Pkt. 5c.; ½ oz. 20c.

TULIP POPPIES—Large and splendid single flowers of the most dazzling scarlet. The two outer petals resemble a saucer in which are set two erect petals of the same color. Pkt. 4c.; ½ oz. 20c.

Pentstemon.

QUALITY
NOTHING BUT
QUALITY

Burbank's Santa Rosa Giant Shirley Poppy.

PALMS

Grand decorative plants for the house or piazza, and increase in value each year. Easily grown from seeds which are slow, but quite sure to germinate. Soak in luke warm water and plant in light, rich, warm soil. Choicest Mixed. Pkt. 15c.

PENTSTEMON

The most showy of perennials, and as a bedding plant takes rank with the Petunia, Phlox, etc. It grows about 2 feet high, every branch being a spike of large Gloxinia-like flowers in a very wide range of bright colors, including rose, red, carmine, cherry, pink, lilac, purple, etc. Seeds sown in heat during January or February will bloom the same season. Choicest Mixed. Pkt. 4c.

PHACELIA

An easily grown annual that will commence to bloom a month from the time seed is sown in the open ground. Erect, cup-shaped flowers of a lovely blue. Its shade of color is one of the rarest and loveliest seen among blues. Pkt. 4c.

PRIMULA SINENSIS

(Chinese Primrose)

One of our most beautiful and indispensable plants for Winter or Spring blooming in the house or conservatory. They are unequalled as Winter bloomers, easily grown.

CHINESE PRIMROSE—Buckbee's Superb Mixed—An elegant mixture embracing all the best large-flowering varieties, and including the fringed sorts. Pkt. 10c.; ½ oz. \$2.50.

CHINESE PRIMROSE—Finest Double Mixed. A splendid strain of the finest large-flowering fringed varieties. Our mixture includes the most brilliant colors. Pkt. 15c.

Primula, Obconica Grandiflora

The Baby Primrose

Primula Obconica is as near an ever-blooming plant as is possible to obtain. It has been known to flower for over twelve months without a break. Pkt. 8c.

PORTULACA (MOSS ROSE)

DOUBLE GIANT FLOWERED MIXED—One of the most showy and beautiful annuals. With abundant, highly-colored flowers. For baskets, beds, masses or edging it is invaluable. Our seed has been saved with extra care from the finest colors and will give a large percent of double flowers. Pkt. 6c.; oz. \$2.50.

SINGLE MIXED—A great variety of colors. Mixed. Pkt. 3c.; oz. 35c.

PYRETHRUM ROSEUM

Delicate pink, daisy-like flowers on good stems for cutting. From the dried and powdered flowers of this is made the famous Persian Insect Powder. Pkt. 4c.

Primula (Chinese Primrose.)

Double Portulaca, or Moss Rose.

Children's Bargain Collection
FLOWER SEEDS
See Inside Back Cover.

Rudbeckia Speciosa Bicolor.

RUDBECKIA SPECIOSA BICOLOR

An Extremely Showy Annual of the Easiest Culture.

The plants grow eighteen inches in height. The flowers are produced singly on stiff stems about six inches in length above the foliage, and average two to three inches in diameter. The flowers have a large rounded purplish cone in the center, with narrow petals spreading in ray-like form around the base of the cone. These petals are a deep orange-yellow, heavily marked with brownish red on the inner portion. Pkt. 5c.

QUALITY
NOTHING BUT
QUALITY

Salpiglossis.

SALPIGLOSSIS

Very showy bedding or border plants with richly colored, erect, funnel-shaped flowers. The colors are beautifully marbled and penciled, purple, scarlet, crimson, yellow, buff, blue and almost black. Bloom from August to October. Large Flowering Mixed. Pkt. 4c.

SENECIO ELEGANS

A beautiful free flowering annual. Flowers purple, red, crimson, rose and white; perfectly double. Pkt. 3c.

SNAPDRAGON

(Antirrhinum)

GIANT—Flowers double the size of older sorts, more closely set on the stems and colors more clear and brilliant, growing about 12 inches high. All Colors Mixed. Pkt. 4c.; 1/4 oz. 30c.; oz. 75c.

TOM THUMB—Finest mixed, all colors. Pkt. 3c.; 1/4 oz. 20c.; oz. 60c.

SWEET ROCKET

Hardy perennials, bearing purple or white flowers. Plants 2 to 3 feet high. Flowers fragrant. An old-fashioned favorite. Double fine mixed. Pkt. 4c.

SWEET WILLIAM

Well known, free blooming, hardy perennial plants. Old-fashioned favorites now greatly improved.

FINE SINGLE MIXED—Various beautiful shades and markings. Pkt. 3c.; oz. 25c.

FINE DOUBLE MIXED—A splendid strain. All colors. Pkt. 4c.; oz. 50c.

RICINUS (Castor Oil Bean)

ZANZIBARIENSIS GIANT MIXED—From seeds sown in the open ground in May the plants are in full foliage early in July, and attain a height of twelve to fourteen feet. The enormous leaves, beautifully lobed, measure two and a half to nearly four feet across. Planted as a solitary plant on the lawn, it makes a perfect pyramid of foliage, thickly set from top to bottom with gigantic leaves. Pkt. 4c.; oz. 15c.

GOOD MIXED—Many choice varieties. Pkt. 3c.; oz. 10c.

SENSITIVE PLANT

An interesting and curious plant with globular heads of pink flowers. It affords much amusement by its sensitive character—even when slightly touched the leaves instantly close and droop. Pkt. 4c.; oz. 35c.

SMILAX

One of the most desirable window vines on account of its charming, glossy green, elegant and graceful foliage, and will grow several feet high the first season. Pkt. 5c.; 1/4 oz. 30c.; oz. 50c.

Shell Flower or Molucca Balm

Flower is very curious. Its large shell-like calyx is green and veined; corolla white-striped with purple. When cut, it emits a fragrance like balm. Pkt. 3c.

SALVIA SPLENDENS

Large Flowering Scarlet Sage.

One of the grandest plants in cultivation, a bed of them surpassing the finest scarlet Geraniums in brilliancy and continuous bloom, the flower spikes often measuring 10 to 12 inches in length, and there are as many as two hundred spikes on a well grown plant. From the time they first begin to flower the plants are never out of bloom until killed by frost. Pkt. 5c.; 1/4 oz. 30c.

A Single Plant of Salvia Splendens.

Giant Castor Oil Bean (Ricinus, Zanzibariensis.)

Snapdragon—Giant.

Sweet William, Double

Scabiosa (Mourning Bride.)

SCABIOSA OR MOURNING BRIDE

This is one of the most attractive of the old fashioned flowers. Its great abundance and long succession of richly colored fragrant blossoms borne on long stems make it one of the most useful of the decorative plants of the garden. It has been greatly improved of late years, producing larger and more double flowers of greater variety and brilliancy of color than the old type. Hardy annual; twelve to eighteen inches high.

DWARF DOUBLE MIXED—Pkt. 4c.; oz. 20c.

TALL DOUBLE MIXED—Pkt. 4c.; oz. 20c.

SUNFLOWERS

NEW CHRYSANTHEMUM FLOWERED—Fine, perfectly double golden flowers, resembling Japanese Chrysanthemums. Pkt. 5c.; oz. 20

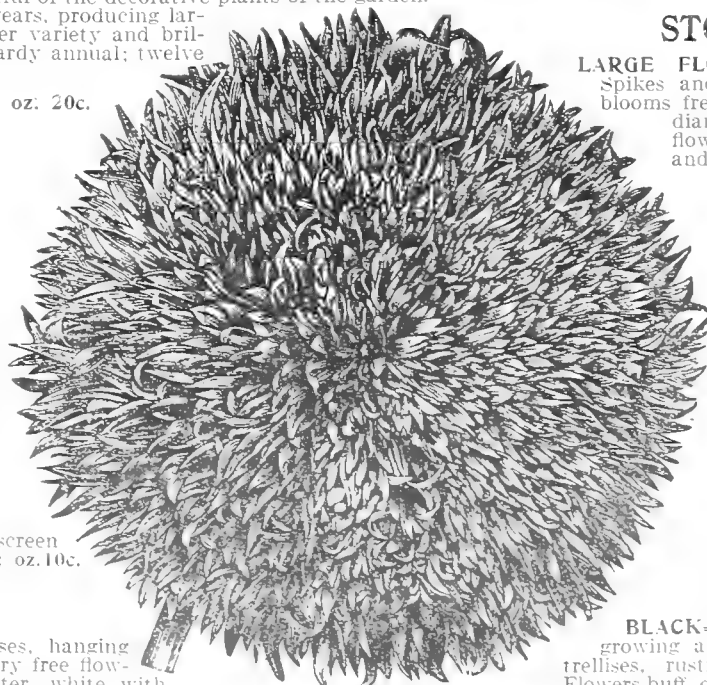

NEW DOUBLE MULTIFLORA—The plant is pyramidal in shape and the handsome double flowers are produced at base of each leaf. Pkt. 4c.; oz. 15c.

STELLA—Flowers star shaped, of brightest golden yellow, with dark centers. Borne on long stems, and are suitable for cutting. Pkt. 4c.; oz. 25c.

FINEST MIXED—For background or screen to hide unsightly places. Pkt. 4c.; oz. 10c.

TORENIA

A tender annual available for vases, hanging baskets for out of door purposes. Very free flowering. Colors, blue with yellow center, white with rose center, etc. Mixed. Pkt. 5c.

Sunflower, Chrysanthemum Flowered.

Large Flowering Globe Pyramidal Stocks.

QUALITY
NOTHING BUT
QUALITY

STOCKS (Ten Weeks)

LARGE FLOWERING GLOBE PYRAMIDAL—Spikes and flowers very large, the individual blooms frequently measuring 2 to 2½ inches in diameter. The large double and perfect flowers are produced in great profusion, and the plant is of pretty shape. Seed-saved from named sorts of various colors. Grand Mixture. Pkt. 5c.; ½ oz. 50c.

WHITE PERPETUAL—(Cut and Come Again; Princess Alice.)—A pure white double variety, about 2 feet high, producing endless numbers of side branches. Every branch bears a cluster of delightfully fragrant flowers, and new ones are produced to replace those which are removed. Pkt. 5c.; ½ oz. 35c.

EVENING SCENTED STOCKS—(The Wonderful Perfume Plant.)—No annual in cultivation equals this in delicate perfume of its flowers. Pkt. 5c.

DWARF GERMAN—Fine Mixed. Pkt. 3c.; ½ oz. 30c.

THUNBERGIA

BLACK-EYED SUSAN—An ornamental, rapid growing annual climber. Excellent for vases, trellises, rustic work or greenhouse decoration. Flowers buff, orange, white, etc.; height, 6 feet. Fine Mixed. Pkt. 4c.

BUCKBEE'S GRAND MIXTURE "COUNTESS SPENCER" TYPE of Giant Orchid Flowered, Wavy Petaled SWEET PEAS

This grand mixture is composed exclusively of Spencer Hybrids in proper proportion for most brilliant effect. It contains some most superb seedlings that have not yet been introduced. New and exquisite colors and shades, such as apricot, lavender, light and dark blue, several shades of pinks and scarlets from light shades to deep rose. Also striped and mottled varieties, with purple and deep maroons, all of the waved and fluted Spencer type. Without exception, this is the very finest mixture it is possible to make, and we recommend our patrons to grow them liberally; a packet or so is not a satisfactory test. Plant at least an ounce; a quarter of a pound is better, and you will have the finest display of Sweet Peas ever seen in your neighborhood. Price, large Pkt. 7c.; oz. 12c.; 2 oz. 20c.; ¼ lb. 35c.; ½ lb. 60c.; lb. \$1.00, postpaid.

Choicest Named Varieties of the Spencer or ORCHID FLOWERED SWEET PEAS

- APPLE BLOSSOM, (SPENCER)—Petals waved and crinkled.
- COUNTESS OF SPENCER—Bright, clear pink, deeper at edge.
- E. J. CASTLE (Unwin Type)—Rich carmine rose, salmon shadings.
- GLADYS UNWIN—One of the finest pink variety, wavy.
- JOHN INGMAN (Unwin Type)—Rich salmon rose.
- JOSEPHINE BARNARD (SPENCER)—Self colored deep rose.
- KING EDWARD (SPENCER)—Deep rich carmine scarlet.
- MRS. JOS. CHAMBERLAIN (SPENCER)—Flaked rose and white.
- MRS. ROUTZAHN (SPENCER)—Soft rose, buff and primrose.
- PHYLLIS UNWIN—A beautiful rose color throughout.
- PRINCESS ALICE (SPENCER)—A lovely shade of lavender.
- PRINCESS VICTORIA (SPENCER)—Clear light pink.
- WHITE SPENCER—Pure white, crinkled and fluted.

Prices for any of the above 13 varieties: Pkt. 5c.; oz. 15c.; 2 oz. 25c.; ¼ lb. 40c.; ½ lb. 60c. lb. \$1.00, postpaid.

Buckbee's Grand Mixture.

Select List of Named Giant Hybrid SWEET PEAS

Double Sweet Pea.

BARGAINS IN MIXED SWEET PEAS Buckbee's Pedigreed Gilt Edge Mixture

Best Colors, Largest Size, Very Fragrant.

This mixture is carefully blended by ourselves from all the finest selected colors in the right proportion for the most beautiful show and without question it cannot be surpassed for gorgeousness of colors and brilliancy of effect, embracing every known good sort to date in the large-flowering new and best standard varieties. Large packet 5c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; lb. 75c., postpaid.

Eckford's Choicest Mixed

This blend or mixture embraces a choice selection of the Eckford varieties of improved type, with a fair proportion of the new shades and colorings up to date. Pkt. 4c.; oz. 7c.; ¼ lb. 15c.; lb. 50c., postpaid.

Fine Mixed

A cheap mixture, but a real good one, and will please those who do not care for the fancy new varieties of late introduction. Pkt. 3c.; oz. 6c.; ¼ lb. 12c.; lb. 35c., postpaid.

Double-Flowering Sweet Peas

In Fine Mixture.

Under favorable conditions they will produce a large percentage of double flowers. Usually the double and single flowers are borne about half-and-half. They are regular tall-growing Sweet Peas. Our mixture includes every desirable shade and color. Pkt. 5c.; oz. 10c.; 2 oz. 15c.; ¼ lb. 20c.; ½ lb. 35c.; lb. 50c.

CUPID or DWARF SWEET PEAS

In Fine Mixture.

These little beauties only grow five to six inches high, and excite wonder wherever seen; are very fragrant; bear full-sized flowers of fine substance, two to three on each stem; are profuse bloomers; excellent for beds, borders and pot culture. As they cover the ground so closely they are not so likely to suffer from drought as the tall sorts. Our mixture includes all the desirable colors and shades. Pkt. 4c.; oz. 8c.; 2 oz. 15c.; ¼ lb. 25c.; ½ lb. 40c.; lb. 75c.

HARDY or EVERLASTING SWEET PEAS (Lathyrus)

Newest Varieties Mixed.

Perfectly hardy perennial, handsome free-blooming climbers, with clusters of elegant sweet-pea-like blossoms, which are produced in the greatest profusion. They come up year after year, and also bloom earlier than other Sweet Peas. Especially suitable for covering arbors and trellises. Our mixture contains all colors. Pkt. 5c.; oz. 35c.

Our Crop of Sweet Peas was a bountiful one the past season and you will notice that I have made rock-bottom bargain prices for the very choicest "Full of Life" Seed—You can afford to plant a nice row in your garden; order early please and arrange to plant the Seed Good Friday for best results.

EVERLASTING

Buckbee's Giant Cosmopolitan Verbenas.

Violet,

WILD CUCUMBER VINE

VERBENAS

BUCKBEE'S GIANT COSMOPOLITAN MIXED

This selection and mixture embrace all the choice and most desirable colors in the Giant Flowering Verbenas, the shades are mostly very delicate and dainty, in fact, perfectly exquisite, there being very little of the common blue and purple colors among them, but instead they have beautiful pinks, lavenders, whites, dazzling scarlet, mottled, striped, blushes, variegated, and all the auricula-flowered varieties with white eyes. It is truly the best Giant, or Mammoth Strain, yet introduced for mammoth size of flowers, perfect form of trusses, rich and most velvety colors. Some of the individual florets are nearly as large as a silver half dollar. Pkt. 10c.; $\frac{1}{4}$ oz. 50c.

CHOICEST PRIZE MIXED

From a most superb collection of named varieties. Very large in flower and corymbs, and of the richest and most brilliant colors. Pkt. 5c.; $\frac{1}{4}$ oz. 30c.; oz. 75c.

HYBRIDA—FINE MIXED

A very good strain, and fully equal to that offered by many dealers at a greatly advanced price. Pkt. 3c.; $\frac{1}{4}$ oz. 15c.; oz. 50c.

MAMMOTH VERBENAS IN SEPARATE COLORS

BURBANK'S MAYFLOWER—Mr. Burbank has developed a strain in which the flowers are of extra large size, most lovely shades of pink, and more fragrant than in any other strain. Pkt. 8c.; $\frac{1}{4}$ oz. 50c.

BLUE KING—Showy and distinct, best blue. Pkt. 5c.; $\frac{1}{4}$ oz. 25c.

GOLDEN BEDDER—Scarlet blossoms, golden yellow foliage. Pkt. 5c.

ITALIAN STRIPED—Striped flowers, bright colors. Pkt. 5c.; $\frac{1}{4}$ oz. 35c.

LEMON—This elegant, fragrant plant is easily grown from seed and succeeds everywhere. Have a good bed of it in the garden over Summer, so that you can cut its fragrant foliage and flowers to make up with bouquets. Pkt. 5c.

ODORATA SWEET SCENTED—The blossoms, instead of being in clusters like other sorts, run up into spikes, 3 or 4 inches long. Sweet scented and pure white. Pkt. 5c.; $\frac{1}{4}$ oz. 35c.

PURE WHITE—A fine strain of large-flowering, hybrid Verbenas. Pkt. 5c.; $\frac{1}{4}$ oz. 25c.

SCARLET DEFIANCE—True, brightest scarlet, intensely rich and striking. Pkt. 5c.; $\frac{1}{4}$ oz. 25c.

YELLOW—Soft, pale yellow or primrose. Pkt. 5c.; $\frac{1}{4}$ oz. 35c.

VINCA

(Madagascar Periwinkle)

Ornamental free-flowering; flowers the first season; glossy green foliage; handsome flowers. Finest Mixed Colors. Pkt. 4c.; oz. 75c.

VIOLET (Viola)

The Violet should not be wanting in any garden, on account of its fragrance and early appearance. Succeeds best in a shady, sheltered place, and can be easily increased by dividing the roots. Finest Mixed. Pkt. 6c.

WALL FLOWER

SINGLE PARISIAN—This annual variety will flower throughout Summer and Fall, from seed sown the same Spring. Pkt. 5c.

DOUBLE MIXED—Spikes of deliciously fragrant flowers, combining many shades and colors, chocolate and orange-purple predominating. Pkt. 8c.; oz. \$2.50.

QUALITY
NOTHING BUT
QUALITY

Buckbee's New Giant Zinnias.

WILD CUCUMBER VINE

The Quickest Climber for Arbors, Trellises, Fences, etc., known. Makes the most massive covering.

We do not offer this as a new variety. It is an old friend with people in the country, and it is undoubtedly the best climber for covering verandas, trellises, etc., never suffering from the heat, but retaining its fresh and lively green color, and, what is of prime importance, holding forth throughout the whole Summer, whether hot or cold, wet or dry, never infested with insects and very profuse in bloom. It will sow itself and come up every year in the same place. Pkt. 5c.; oz. 15c.

WILD FLOWER GARDEN

A mixture of many varieties of beautiful, easy-growing flowers, producing a constant and varied bloom the whole season, and is especially suited for those who wish only a few seeds each of the leading varieties, or a much more extensive collection than their means will permit. In no other manner can so many seeds be obtained for such a small cost. This mixture is especially prepared from Choice, Fresh Seeds, the colors and varieties being carefully proportioned and will be found superior to any mixture offered, and cannot fail to give satisfaction. Large Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 50c.

WHITLAVIA

GRANDIFLORA—A plant with a delicate, handsome foliage, producing a constant succession of beautiful violet blue, bell-shaped flowers about half an inch long, and borne in drooping clusters. Hardy annual; 1 foot high. Choicest Mixed. Pkt. 4c.

WATER LILIES

Flowers of the most exquisite coloring, and so profuse blooming that a tub of them is never without flowers from early summer until frost. They grow so rapidly that they will bloom in ten weeks from seed and are so little trouble anyone can succeed with them. Select Seed, Mixed colors, pkt. 10c.

ZINNIAS

No flowers are more easily grown from seeds sown in the open ground, and few bloom so continuously throughout the entire Summer. Those acquainted only with the old-time Zinnias will be surprised at the perfection which the newest strains have attained.

BUCKBEE'S NEW GIANT FLOWERED

A superb new class of Zinnias, giant in size, and perfectly double flowers of richest, most varied colors and shades; plants grow 3 feet high, blooming freely during long periods; particularly valuable for groups. Choicest Mixed. Pkt. 6c.; $\frac{1}{4}$ oz. 35c.

BUCKBEE'S SUPERIOR DOUBLE MIXED

The grandest mixture of double flowers, large size, brilliant colors. Pkt. 5c.; $\frac{1}{4}$ oz. 25c.

FINE MIXED—All colors mixed. Pkt. 3c.; $\frac{1}{4}$ oz. 15c.

MAMMOTH ZEBRA—This is really the finest strain of Striped or Zebra Zinnias in cultivation. Pkt. 5c.; $\frac{1}{4}$ oz. 20c.

LILLIPUT MIXED—Half the height of ordinary Zinnias. Blossoms small, double and of very brilliant colors. Pkt. 5c.; $\frac{1}{4}$ oz. 20c.

See inside back Cover Page for the Children's Bargain Collection of Flower Seeds.

BUCKBEE'S "FULL OF LIFE" SUMMER FLOWERING BULBS

We grow and offer only the most popular sorts that are easily grown, require scarcely any care, and make a showy and gorgeous display. All our bulbs are sure to grow and bloom.

REMEMBER, the bulbs offered are large, sound and solid, with live center shoots and are far superior to the small bulbs frequently offered.

Apios Tuberosa.

APIOS TUBEROSA

Sometimes Called Tuberous-Rooted Wistaria.

A valuable and desirable tuberous-rooted twiner, resembling Wistaria in form of leaf and flower, but smaller. Grows to a height of 8 to 10 feet. Dies to the ground each Winter, but the tuberous root is perfectly hardy. The numerous clusters of deep purple, pea-shaped blossoms have a strong, delicious violet fragrance. A valuable vine for trellis or rock work. Plant two or three bulbs near together to produce a mass of vines and flowers.

It is widely popular and should be in every home where flowers are grown. 5c. each, 6 for 25c., doz. 45c., postpaid.

Caladium (Elephant's Ears.)

Begonia—Crested Queen.

Begonia—Tuberous Rooted Freya.

For Other BEGONIAS See Page 109

Startling BARGAINS in "Full of Life" Bulbs.

BEGONIAS, Tuberous Rooted Flowering Varieties

Tuberous Begonias are the handsomest of all Summer flowering tuberous rooted plants. They will succeed in any rich, well drained soil, and also make the very finest pot plants for the conservatory or window garden.

CHOICEST	Annie Alexief—Snowy white. 12c. each.	FINEST	Freya—Dainty pure white. 10c. each.

Double Giant Mixed Tuberous Begonias—All colors in finest mixture. Postpaid, each, 10c.; 6 for 55c.; doz. 99c.

SPECIAL OFFER
No. P. 106. For only 37c. I will send postpaid one each of the above new and best Single Tuberous Begonias.

Single Mammoth Tuberous Begonias—All colors in grandest mixture. Postpaid, each, 5c.; 6 for 25c.; doz. 48c.

CALADIUM ESCULENTUM

Elephant's Ear.

A handsome plant of tropical aspect, bearing leaves sometimes a yard or more in expanse. Effective as a single plant on a lawn, or in groups; also useful for decorative effect near streams or ponds. I make a specialty of supplying bulbs of this splendid plant, and handle them in large lots.

FIRST SIZE BULBS—1½ to 2½ inches in diameter. Postpaid, 10c. each; 3 for 27c.; 96c. per doz. By express, not prepaid, \$3.40 per 100.
SELECT SIZE BULBS—2½ to 3 inches in diameter. Postpaid, 15c. each; 3 for 40c.; \$1.38 per doz. By express, not prepaid, \$4.85 per 100.
EXTRA LARGE BULBS—3 to 4 inches in diameter. Postpaid, 24c. each; 3 for 65c.; \$2.17 per doz. By express, not prepaid, \$9.75 per 100.
MAMMOTH SIZE—Beautiful Bulbs. 14 to 17 inches in circumference. Postpaid, 38c. each; 3 for 98c.; \$3.74 per doz. By express, not prepaid, \$14.65 per 100.

CALADIUM

New Fancy Leaved Varieties.

For window boxes, house or greenhouse growing this is one of the most decorative plants. Their leaves, handsomer than begonias, are spotted, marbled, veined and striped with white, pink and dark red. These bulbs, though comparatively rare, are easily grown, and their handsome foliage is much admired. Bulbs should be started into growth in a warm place. Selected Plants, 20c. each; 3 for 50c.; doz. \$1.75, postpaid.

NEW FANCY LEAVED CALADIUM

Wonderful Black Calla
(OR KING SOLOMON'S LILY.)

This grand new variety is the wonder and amazement of all. Comes direct from the "Holy Land." The magnificent flowers are sweet scented, and often measure more than a foot in length, by 5 to 8 inches in width. The inside color is of the richest velvety purplish black imaginable, while the outside is of pleasing green. The center spadix rises to a height of 10 to 12 inches and is of the deepest black. The foliage is of solid texture, rich, deep green, and elegantly reticulated. True original stock, strong well-grown bulbs. Each 15c.; 3 for 40c., postpaid.

Mammoth Ever-Blooming White Calla

One of the grandest of all Callas, being a great favorite everywhere. Its foliage alone makes it desirable as a decorative plant being of perfect form, with large stately leaves of a bright green color, giving it a tropical appearance. Add to this its profusion of superb white flowers, yielded throughout the season, and you have a plant you may well be proud of. My select stock is adapted for pot culture everywhere. Try this beauty. Strong bulbs which will please you. Each 12c.; 3 for 30c., postpaid.

New Giant Flowered Cyclamen.

Bouquet Calla

New Spotted Leaf or Bouquet Calla

A great favorite everywhere, each plant being a veritable bouquet in itself. It is of the dwarf, compact, bushy habit, producing a mass of amazingly beautiful leaves, and an abundance of small, pure white Callas, so small that they serve admirably for corsage bouquets. Foliage is deep green, covered with innumerable white spots, giving the plant a magnificent appearance. Each 8c.; 3 for 20c., postpaid.

The New Yellow Calla

Newest and Best of the Calla Family

The bulbs are strong and send up numerous flowers, which are golden yellow with black center. The color is one of the most beautiful shades of yellow seen among flowers, and the jet black center lends to the blossoms a peculiar charm. Bulbs are very scarce, and a year or two ago sold at \$1.50 each. My price 15c. each; 3 for 40c., postpaid.

True Little Gem Calla

The pet of all is this new and beautiful miniature Calla, growing only about 8 inches high. It is, indeed, a beauty, completely enveloped in its regal white blossoms, through the entire season. As easily grown as the other Callas. Each 10c.; 3 for 25c., postpaid.

The New Yellow Calla,

I will mail, postpaid, one strong plant each of the 5 beautiful Callas for only **49c.**
Special Offer Ft.

QUALITY NOTHING BUT QUALITY

CYCLAMEN

(NEW GIANT FLOWERED PERSIAN VIOLET)

Most beautiful of all pot plants, giving the richest profusion of elegant flowers; foliage decidedly handsome, being variegated with different shades of green, helping to show off the richly-colored flowers. In fact a plant in bloom resembles a tastily arranged vase of flowers and beautiful foliage.

Price of choice bulbs 15c. each, or 2 for 25c., postpaid.

CINNAMON VINE

Beautiful foliage, dainty flowers, exquisite perfume.

Hardy climber with dark green foliage, and late in the season bearing a profusion of small white flowers of a delicious cinnamon fragrance. Perfectly hardy everywhere, the vines dying down to the ground each Autumn, but growing very rapidly in early Spring, soon covering any trellis or arbor. Where you wish to hide unsightly places we would suggest planting the Cinnamon Vine. Every tuber sure to grow. Plant any time in Spring. Please order at once. No trouble to keep till planting time.

Strong tubers, each 5c., 6 for 25c., 15 for 50c., 35 for \$1.00, postpaid.

CANNA

CANNAS

Souv. De A. Crozy
CANNA

The Latest Creations
The Finest Varieties

IN BEAUTY of growth, grace, dazzling coloring of flowers, which are exquisitely striped and spotted, rich in various hues, soft yet brilliant—all these charms

coupled with their easy culture, have marked them the most popular of all summer bedding plants. No other bedding plant will give the same uniform good results in our varied and trying climate;

they do well in all sections of the country and stand pre-eminently at the head of the list, succeeding in any sunny position in any kind of soil, but responding quickly to liberal treatment, care and attention.

The Greatest Bargains in "Full of Life" Started Cannas Ever Offered.

New Giant Orchid-Flowered Cannas

These Cannas are giants in every way. They are in a class by themselves, because of their wonderful size, and also the rare and beautiful formation of their flowers, which has given them the name of ORCHID-FLOWERING CANNAS. Of the many varieties introduced, the six offered below are the most distinct and desirable.

PRICE, each 15c.; Doz. \$1.50. The set of 6 for only 75c. postpaid.

ALLEMANIA—Flowers enormous in size; outer petals scarlet, with a broad yellow border; inside scarlet and red. Six feet.

AUSTRIA—The largest flowering Canna in the world. The flower when extended measuring over 8 inches across; color a pure canary yellow with the exception that two of the segments are slightly spotted with crimson. Six feet.

BURBANK—Rich, clear canary yellow, with crimson spots in the center. Five feet. The flowers are truly gigantic in size.

ITALIA—4½ ft. Color brilliant red, the outer half of each petal a band of clear yellow. The flowers are produced on massive stems, set well above the foliage, which is large and heavy.

MRS. KATE GRAY—Color a rich dazzling scarlet orange. Four feet.

PENNSYLVANIA—One of the best; remarkable free bloomer of an intense vermilion scarlet, overlaid with an orange sheen, foliage rich green. Five feet.

Mixed Large Flowering Cannas

Every season I have a considerable number of unnamed Large Flowering Cannas, including some very rare sorts mixed by accident and otherwise which we offer (our selection) at the very low price of 10c. each, \$1.00 per doz., postpaid.

Nothing makes a finer appearance on a lawn than a bed of Cannas. Plant a bed and enjoy the beauty of their flowers from June till frost.

Buckbee's Best Bedding Cannas

These are all of the large flowering Crozy type. The choicest and best kinds, and embrace the entire range of color known to this remarkable class of plants, such as crimson, scarlet, pink, yellow, white and variegated yellow and red; green and bronze foliage, and all at the most reasonable prices.

PRICE, each 15c.; doz. \$1.50. The Set of 20 for \$2.25, postpaid.

ALPHONSE BOUVIER—5 ft. Crimson flowers. Green foliage.

BEAUTE POITEVINE—3½ ft. Large crimson flowers, green foliage.

BLACK BEAUTY—5 ft. Darkest leaved Canna known; crimson flowers.

BUTTERCUP—3½ ft. A true bright buttercup, yellow; green foliage.

CHAS. HENDERSON—4 ft. Crimson flowers; green foliage.

DAVID HARUM—3½ ft. Dark bronze foliage; flowers scarlet.

DUKE OF MARLBOROUGH—4½ ft. Color rich Maroon; green foliage.

EGANDALE—4 ft. Bronze foliage. Color, currant red.

FLORENCE VAUGHAN—5 ft. Golden yellow, spotted bright red; green foliage.

KING HUMBERT—5 ft. Rich orange and bright red; bronze foliage.

MAD. CROZY—3½ ft. Vermillion with gold border. Green foliage.

Mlle. BERAT—4½ ft. A shade of rose carmine; green foliage.

MONT BLANC—2½ ft. Pure white flowers; green foliage.

PAPA NARDY—4½ ft. A beautiful purplish crimson; green foliage.

QUEEN CHARLOTTE—4 ft. Rich orange-scarlet with a broad gilt edge; green foliage.

SOUV. DE A. CROZY—4 ft. Scarlet-crimson bordered yellow; green foliage.

SEC. CHABANNE—4 ft. Green foliage. Beautiful orange.

SHENANDOAH—4 ft. Deep rosy pink; rich dark foliage.

THE EXPRESS—2½ ft. Bright scarlet crimson; green foliage.

WILLIAM SAUNDERS—4 ft. 1908 novelty in bronze-leaved Cannas. Flowers bright scarlet.

Buckbee's Famous Rockford Mixed Gladioli

I make a feature of Gladioli, importing bulbs as well as raising those that I am sure will be choice. My Gladiolus garden is almost a small farm, and in it I am able to discover the varieties that are the best and will be most certain to please. I am now able to offer choice bulbs in mixture of my own growing at exceedingly low prices. **Postpaid, 4 for 10c.; 25c. per doz.; 50 for \$1.00; 100 for \$1.75. By express, not prepaid, \$1.25 per 100.**

Buckbee's Famous Grand Twelve Named Gladioli

The following selections are the finest and most distinct sorts, giving the widest range of colors. **Price, each 5c, or one each of the complete collection (12 varieties) for only 50c., postpaid.**

- Ruth Mercier**—White, crimson penciling.
- Eugene Scribe**—Bright scarlet, flamed with vermilion.
- America**—Salmon pink.
- Eucharis**—Blush white, suffused with rose.
- La Candeur**—White, suffused with carmine rose.
- Corsaire**—Black Crimson.
- Kaleidoscope**—Slate, orange, white and violet.
- Ceres**—Purplish rose carmine stripe.
- Contrast**—Flaming scarlet.
- Chrysolora**—Canary Yellow.
- Golden West**—Red, white blotch.
- Pactole**—Yellow, tinged with rose.

Imperial Gloxinias

**Beyond All Question One of the Most Beautiful
Flowers that Bloom.**

The Gloxinia is a grand flower and the handsomest of our summer flowering plants, presenting, as they do, such a variation of rich and exquisite coloring, equal to the orchid in novelty and beauty. It makes a lovely pot plant as easily grown and cared for as many of the common flowers. Without seeing them no one can appreciate their unrivaled beauty; they are of large size, beautiful shape and profuse bloomers. **They will bloom in six to eight weeks** from time dry bulbs are planted. The flowers will last in water, when cut, over two weeks in perfect condition.

EMPEROR FREDERICK—Red, with a pure white border.
MONT BLANC—Pure white, enormous size, opening flat and wide.
DEFIANCE—Rich crimson scarlet. The finest and brightest colored.
EMPEROR WILLIAM—Violet-blue, with white throat tinged and spotted.
LEOPARD—Various colors, all beautifully tigered and spotted.

PRICE, FOR ABOVE NAMED VARIETIES, READY FOR IMMEDIATE GROWTH AND BLOOM. EACH 15c.; 3 for 40c.; doz. \$1.50, POSTPAID.
MIXED STRONG BULBS—10c. each; 3 for 25c.; 1 doz. \$1.00, postpaid.

Imperial Gloxinia—Emperor Frederick.

Hyacinthus Candicans
or Giant Summer Hyacinths.

A species of Hyacinth which blossoms during August and September, growing three to five feet high, with spikes of pure white flowers two feet in length. The bulbs are large, round and solid, and throw up large flower stems which are gigantic spikes of thimble-shaped white blossoms. Planted in the Spring they bloom in August, September and October, strong bulbs producing two, three and even four flower stems. A bed of a dozen or more bulbs produces a grand effect. A few planted in the center of a bed of Verbenas, Petunias or other flowers make a beautiful display. For a cemetery nothing can be more beautiful or appropriate and nothing thrives better in any situation. Strong bulbs sure to bloom. 6c. each; 3 for 15c.; 12 for 35c., postpaid.

Maderia Vine

The Lovely Climbing Mignonette.

A rapid growing vine, covering a large space in a short time. Fleshy, heart-shaped leaves of a light green, and in late Summer, numerous racemes of feathered flowers of powerful and delicious fragrance. A very beautiful and popular vine, which succeeds admirably everywhere and should be extensively planted, being so very cheap, beautiful and fragrant. 5c. each; 3 for 10c.; 12 for 35c., postpaid.

Maderia Vine or Climbing Mignonette.

BIG BARGAINS IN FALL BULBS

Special Prices for Early Orders

Ask for Bulb Circular giving complete list, varieties and prices of all Spring Flowering Bulbs, which are planted in the Fall of the year. Special Inducements for Early Orders.

Milla Biflora

Mexican Star Flower.

The flowers are pure waxy white, two inches in diameter, star-shaped and usually in pairs on long slender stems. It is beautiful, especially for cutting, as it lasts a long time in water. Too much praise cannot be bestowed upon this lovely flower. It pleases everyone and should be grown largely. The blossoms frequently last two weeks when cut and placed in vases of water. It is a perfect gem. 5c. each; 3 for 10c.; 12 for 35c., postpaid.

Montbretias

The Jerusalem Lily.

One of the brightest and best of Summer flowering bulbs, and one which will be more generally used when its merits become more fully known. Plant in clumps of six or twelve bulbs in May or June. They greatly resemble the Gladioli in growth and produce beautiful spikes of star-shaped flowers in various shades of orange, yellow and red. Mixed varieties, 3 for 10c.; per doz. 30c.; 100 for \$2.00, postpaid.

QUALITY
NOTHING BUT
QUALITY

Hardy Tuberous-Rooted Moon Flower.

Hardy Tuberous-Rooted Moonflower

(Ipomoea Pandurata)

They will stand any vicissitude of weather until frost kills the vine to the ground. Each year it springs up stronger than before, until it becomes a large luxuriant vine, clothed with a luxuriant growth of pretty cordate leaves, and bearing great quantities, yes, thousands of large, thick-textured waxy flowers of a rich creamy-white, with a throat of violet-purple. It will grow in any soil, no matter how poor, and its blossoms remain open all day unlike other Ipomoeas. It is perfectly hardy in any climate. 15c. each; \$1.50 per doz., postpaid.

Montbretia

OXALIS

Resurrection Plant.

SUMMER FLOWERING OXALIS

No bulb is so valuable for edging the borders of walks or flower beds as the beautiful flowering Oxalis. When planted three inches apart they produce an unbroken row of elegant foliage and pretty flowers; and as they bloom quickly after planting they furnish a neat and attractive border the whole season. They are also splendid when planted in a mass, and make a very showy bed. The bulbs, which are the size of Peas, or larger, can be planted the first of May, or perhaps earlier, and will bloom the first of June. No flower easier grown than this, as they are sure to succeed in all soils and situations. They are also charming when grown in pots and hanging baskets and make a very attractive mass of fine foliage and gay flowers. They can be planted in this way at any time during the Winter or Spring, and will commence blooming at once. Every bulb will grow and flower finely.

Dieppi—Pure white; very fine. **Lasandria**—Fine, rosy-pink, beautiful cut foliage. **Shamrock**—Lovely clover-like foliage and pink blossoms. **Mixed Colors**—Several sorts. **Price of Bulbs, 10c. per dozen; 25 for 15c.; 100 for 40c., postpaid.**
Mammoth Bulbs—These bulbs are nearly as large as Gladiolus, and will produce a wonderful profusion of bloom. 5c. each; 3 for 10c.; 12 for 25c.; postpaid.

RESURRECTION PLANT

Most Unique Novelty. A Marvel of Plant Life.

This peculiar plant is found among the pines and cedars of Palestine. It is a ball of tightly folded leaflets, dry and apparently dead. But a transformation takes place once it is dropped into a bowl of water, for in a short time there is a great, loose, expanded rosette of fine fern-like leaves both odd and beautiful. This can be repeated many times, the plant curling tightly together when dry, expanding when soaked. 10c. each; 3 for 25c., postpaid.

TUBEROSES

BUCKBEE'S MONSTROUS FLOWERING.

A most delightfully fragrant and beautiful summer-flowering bulb. For early flowers start in February or March in greenhouse or hot bed, planting at intervals as late as August. For flowering in open border plant about the middle of May. My select strain of bulbs has no equal and will produce the best and sweetest scented flowers ever seen. Bulbs of good size, each 5c.; per doz. 40c.; per 100, \$3.00, postpaid.
Mammoth Bulbs, each 10c.; 3 for 25c.; per doz., 75c., postpaid.

Armstrong's Ever-Blooming Tuberoses

This variety blooms year after year and produces single pure white flowers of a fragrance similar to that of the "Jasmine." It makes a splendid cut flower and should be in every one's garden. Each, 7c.; 4 for 25c.; doz. 60c., postpaid.

Everblooming Tuberoses.

Buckbee's Monstrous Tuberoses.

GOLDEN TRUMPET

NOVEL, BEAUTIFUL AND FRAGRANT

A variety of the well-known Amaryllis family of free flowering habit, which starts growth and blooms as soon as potted. Strong bulbs, 8c. each; 4 for 25c.; 12 for 50c., postpaid.

FAIRY LILIES

(Zephyranthes.)

Pretty flowers, similar to the Amaryllis but of miniature growth. The best way is to plant several bulbs in a box or flower-pot. They can also be planted in the open ground in the Spring and lifted in the Fall. All colors mixed. Each 5c., doz. 45c., postpaid.

Shell Flowers (Tigridias)

One of the most showy of all Summer bulbs, and blooms from mid-summer until frost, growing two feet high, with large wide-open triangular blooms, four to six inches across. The colors and markings are very brilliant and peculiarly odd and attractive. All Colors Mixed. 5c. each; 40c. per doz., postpaid.

THE HOME OF BEAUTIFUL FLOWERS. Interior View of one of Buckbee's Mammoth Greenhouses, 250,000 square feet of Glass devoted to Growing Millions of Buckbee's Famous "Full of Life" Plants.

PLANT DEPARTMENT

Our List of Plants for House Culture, also for outdoors has been carefully revised and is up-to-date and we offer only the most valuable, easily grown and popular varieties that cannot fail to give satisfaction.

Abutilon (Flowering Maple)

Desirable free-flowering plants for the window garden or for bedding in Summer.

ARTHUR BELSHAM—Orange-red. Each 15c.

GOLDEN BELLS—Golden yellow. Each 10c.

SAVITZI—A rare Japanese variety, variegated green and white foliage.

Each 15c.

SOUVENIR DE BONN—Beautifully variegated. Each 15c.

THOMPSONI PLENA—Perfectly double flowers, rich orange, streaked crimson. Each 15c.

Special Offer, F2. The Set, one each of the 5 Abutilons for 50c., postpaid.

Araucaria Excelsa

NORFOLK ISLAND PINE

The Most Satisfactory Easily Grown Decorative House Plant.

A Grand House Plant—Sometimes called the "Christmas Tree Palm" and "Star Palm." As a decorative plant for the house this is one of the handsomest and most serviceable. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequaled. It is so hardy that the dry air, dust and other conditions of the ordinary living room, usually so unfavorable to plant culture, have apparently no deleterious effect upon it. Beautiful Three Layer Plants, postpaid, only 99c.;

Larger Plants, by Express, not prepaid, \$1.50, \$2.00 to \$3.00 each.

Asparagus Plumosus

THE BEAUTIFUL LACE FERN

The rare and delicate beauty of this plant can scarcely be shown by a picture or conveyed by a description. The bright green foliage of very delicate texture falls gracefully, giving it a style and air that cannot be surpassed. No more beautiful decorative plant has ever been produced. As a house plant it is deservedly popular, due to the fact that it will thrive under almost all conditions. Strong plants 10c. to 15c. each, postpaid. Larger plants 25c.; 50c.; 75c. to \$1.00 each, by Express, not prepaid.

Asparagus Sprengeri

The Charming Emerald Feather Fern

Grows free the whole year round, producing sprays 4 to 5 feet long of fresh, green feathery foliage. Valuable for cutting for fine cut flower work, more particularly in use with large Roses. Grown in suspended pots it makes a very pretty decorative house plant. Strong plants, 10c. to 15c. each, postpaid. Larger plants, 25c. to 50c. to \$1.00 each, by Express, not prepaid.

**CHOICE FIBROUS ROOTED
"FULL OF LIFE" FLOWERING
BEGONIAS**

The Flowering Begonias are among our most beautiful and satisfactory flowers for house culture and bedding. They grow nicely, make neat, handsome plants, bloom constantly, and their pretty, wax-like flowers and glossy bright-colored leaves and stems are always greatly admired.

GLOIRE DE LORRAINE
This beautiful new Begonia is the latest novelty in the Begonia family. Its foliage resembles a little that grand old variety Vernon, rich glossy-green, often shaded deep bronze. It begins flowering during the Summer months, and is a mass of bloom all through the Winter. Flowers, when first opening, are bright cherry, changing to a clear coral-red. It thrives everywhere and is destined to become a leader among all the Begonias. Each, 15c. Larger Plants, each, 25c.

OTTO HACKER
In a class by itself. A strong, vigorous grower, of fine upright habit, with large shining deep green leaves eight to ten inches long. Flowers bright coral-red, borne in immense clusters eight to ten inches across. Each, 15c.

Thurstoni.

ROBUSTA
This is one of the most peculiar Begonias grown. The stock, stem and under side of the leaf are Indian-red; the upper side of the leaf glossy olive-green. The petals are almost pure white, a distinct pink stripe in the center of each, enlivened with golden anthers; borne in clusters, and with the coral red buds form a most elegant and chaste appearance. Each 10c; 3 for 25c.

RUBRA
One of the finest Begonias in cultivation. Its dark, glossy-green leaves, combined with its free-flowering habit, make it one of the very best plants for house or conservatory decoration. The flowers are a scarlet rose-color. Each, 10c; 3 for 25c.

THURSTONI
This Begonia is a cross between Metallic and Sanguinea having the bright red foliage and veining underneath the leaves, and bright metallic green shading to red in the younger growth on top. The flowers are a beautiful deep pink in bud, but when expanded become a shell-pink. Each, 15c; 2 for 25c.
Special Offer The full set, one each of the 8 Flowering Begonias, for 75c., postpaid.

Argentea Guttata.

ARGENTEA GUTTATA
It has pure-bronze leaves, oblong in shape, with silver markings, and is in every way a most beautiful Begonia. It produces white flowers in bunches on ends of growth stems. Each, 15c; 2 for 25c.

MULTIFLORA
Makes beautiful plants for pots or bedding, graceful drooping branches, covered with bright rosy-pink flowers. Very free-blooming. Each, 10c; 3 for 25c.

METALLICA
This elegant variety has very large glossy leaves shaded with green, crimson and olive, with a peculiar metallic lustre over all. Flowers large, dark-pink in color. The cut gives a good idea of its habit, but no engraving or description can portray its beautiful appearance. Each, 15c; 2 for 25c.

Metallica.

Countess De Tullusen.

Louise Closson Begonia.

THE REX OR PAINTED LEAF BEGONIAS

Rex Begonias are the most beautiful and the most desirable of decorative foliage plants for house and conservatory culture; they are strong bushy growers and their grand ornamental leaves are exceedingly beautiful and always greatly admired. Give them a soil composed of rich loam, woods earth and sharp sand, a warm, moist atmosphere and a shady situation. Do not allow the sun to strike the leaves while wet, and do not over-water.

COUNTESS DE TULLESON

This is the finest and largest of any of the Rex family. It is a cross between Begonia Diadema and a Rex variety, but retains in a marked degree the Rex character. Fine plants, each 20c.; 3 for 50c.

LORD PALMERSTON

The leaves are extra large with a dark bronze center, silver band and irregular bronze border, blotched and speckled into the silver. The edge of the leaf is fluted and irregular. Under side a pea green with red veins.

Fine plants, each 20c.; 3 for 50c.

LOUISE CLOSSON

Coloring of this variety is simply magnificent; center of leaf deep bronze with broad band of silvery rose, edge bronze, giving the whole leaf a purplish tint. The brightest colored Rex yet introduced. The zone of rosy heliotrope is broad and very highly colored, the habit and freedom of growth exceptionally good, while the metallic lustre is very bright.

Fine plants, 20c. each; 3 for 50c.

QUEEN OF HANOVER

A grand variety, leaves very large, soft rich velvety green splashed all over with silver markings, shaded and veined with rose and pink.

Fine plants, each 15c.; 2 for 25c.

KING OF REX

Extra large leaf of fine silver, small dark starry center, and edge embroidered in the same dark shade. Extra fine.

Select plants, each 20c.; 3 for 50c.

RUTH FINDLEY

A very short, bushy-growing variety. The most part of the leaf is of a silver color streaked with dark green on the edges. A very pointed leaf with a hairy growth on the edges.

Fine plants, each 15c.; 2 for 25c.

SPECIAL OFFER One Choice Plant Each of the above Six New and Rare Rex Begonias for only 75c., Postpaid.

Lord Palmerston Begonia.

New King of Rex Begonia.

WATERMELON BEGONIA

A Most Beautiful Ornamental Plant from the Sandwich Islands.

Excellent for display on the dinner table or parlor window. The leaves are distinctly variegated white and green, thick and waxy-like and have the appearance of being powdered with frosted silver. Price, 15c. each, postpaid; 2 for 25c.

Night Blooming Cactus.

Crown of Thorns.

Christmas Cactus.

Cactus Plants

RARE AND BEAUTIFUL

ARMIDILLO CACTUS

Direct from the Andes. From Patagonia at the foot of the Andes, comes this marvel of plant life. Unexcelled for Pot Culture. See illustration. Fine plants, 25c. each, postpaid.

BOUQUET CACTUS

A Marvelous Beauty. The name tells the whole story. Almost continually in bloom. A very desirable variety. Fine plants 25c. each, postpaid.

EASTER CACTUS

Gorgeous in its Brilliancy. Brilliantly colored flowers, charming in size, form and colorings. Plant of unique shape and a free bloomer. 20c. each postpaid.

NIGHT BLOOMING CACTUS

Queen of the Night. Without question the finest of the Cacti family. Flowers borne in profusion, extremely delicate in texture and color, and of unsurpassed beauty and form. An easy grower, sure to bloom. Usually opens at 7 o'clock in the evening attaining its greatest beauty at 12. Individual flowers often measure 12 inches in diameter. Fine plants 25c. each, postpaid.

OLD MAN CACTUS

The wonder of the Botanical Age.

The face in the Pansy is but a fancied resemblance compared to the likeness of The Old Man Cactus to the Centenarian. Long snowy white, hair like tendrils hang down, making this the most curious and delightful variety of the Cactaceae plants. Of good size, fine habits and sure to please. Fine plants 87c. each postpaid.

Old Man Cactus.

CHRISTMAS CACTUS

The Plant of Cheer. Most appropriately named. As Christmas is the day of cheer, so does this plant lend cheer and grace to any room. This plant is only found in "Death's Valley" in the Desert of the far West, and is gathered at great risks. Exceptionally fine house plant-free bloomer, and exceedingly graceful. Fine plants 25c. each postpaid.

CROWN OF THORNS

The Great Biblical Plant. On the Wild Rocky Hills of Judea this emblematic plant is found. Very peculiar, thorny, with a few bright green leaves and an abundance of light rose blossoms. Easy to grow, can be trained to assume any desired shape. Fine plants 25c. each postpaid.

LIVING ROCK CACTUS

The Worship Plant of the Aztecs. At the time of the invasion of Mexico by Cortez early in the 16th Century, this curious plant was held in awe and high esteem by the Aztecs; though this species is now nearly extinct we still have a few of the genuine plants to offer at the low price of 25c. each postpaid.

Queen of Sheba Cactus

A Rich Jewel. In far off Arabia, almost at the beginning of time, this Cactus was almost as well known and cherished as it is now. History tells us that the Queen of Sheba on her historical visit to Solomon, took one of these rare plants in full bloom as a peace offering. Fine plants 35c. each postpaid.

STAR CACTUS

A Gem from Palestine. The sunken valley of the Jordan in Palestine near Jerusalem is the home of this grand and curious flower. Very odd shape well shown by illustration. Fine plants 15c. each postpaid.

Armidillo Cactus

Queen of Sheba Cactus.

Living Rock Cactus.

Bouquet Cactus.

Easter Cactus.

Star Cactus.

Chinese Paper Plant.

NEW COMET PLANT

The Most Unique Flowering Plant of the Century.

Fluffy, trailing, tail-like blossoms, soft crimson scarlet. It is difficult to conceive anything more unique, more pleasing, or more satisfying than this new plant fresh from the Orient. It is easily grown, and there is nothing approaching it, with its soft, crimson scarlet, fluffy, tail-like blossoms, 20 to 30 inches long on specimen plants. Fine plants, 15c. each; 2 for 25c. : postpaid.

CHINESE PAPER PLANT

As a pot plant it is magnificent, with splendid, Camelia-like foliage deep shining green, plants commence to bloom in small pots and continue throughout the year. As the plant grows older it is literally covered with blossoms of a dazzling rosy crimson, with deep golden yellow antlers. Each 15c.; 2 for 25c., postpaid.

New Comet Plant

BUCKBEE'S Ever-Blooming CARNATIONS

There is no sweeter flower than the Carnation Pinks. They are the most popular, beautiful and desirable cut-flowers for personal wear and for decorations. The mammoth new ones are giants in size, some 3 to 4 inches across, beautiful in coloring, perfect in form and shape of flower. Strong stems, free-flowering and delightfully fragrant and of lasting quality; useful for every occasion. I make a specialty of new creations in "Full of Life" Carnations and sell none but the choicest. The following varieties are offered with every confidence that they will satisfy and delight all my customers. Every variety catalogued below is a winner at the Flower Shows.

\$1.00 Exhibition Collection

Of 12 Best and Newest Carnations for only \$1.00, postpaid.

- AFTERGLOW**—Color, bright rose-cerise, very close to Mrs. Lawson in tint. It is a strong grower and a good keeper, with long, stiff stems. A most charming variety. 15c. each.
- CONQUEST**—A noble flower, on stiff stems, white with carmine markings. A beautiful variegated sort. 15c. each.
- ALVINA**—An exquisite shade of satin pink; has a fine stem. Strong calyx and the freest bloomer extant. 15c. each.
- MRS. C. W. WARD**—A beautiful shade of deep pink. Flower 4 in. and over in diameter with 2 ft. stem. Early and continuous bloomer. 15c. each.
- MRS. GEO. BECKWITH**—A new scarlet seedling that won the Silver Cup and also the Sweepstakes Prize at the Chicago Show. 15c. each.
- NIAGARA**—A grand novelty in white, flowers of largest size, 3½ in. across. Stems long, stiff and wiry. Flowers do not burst. 15c. each.
- SCARLET GLOW**—Color, pure bright red; flower 3½ in. across. Free bloomer, coming into flower in October and by Xmas in in full bloom and flowers continually until the end of the season. Calyx never bursts. Stems long and stiff. 15c. each.
- DOROTHY GORDON**—Color deeper and brighter than Enchantress and holds better, grows upright with stiff stems. 15c. each.
- RUBY**—Bright scarlet crimson; a fine substantial bloom, very symmetrical with fringed edges. Size of flower 3½ to 4 in. Early to flower and continues throughout the season. 15c. each.
- SHASTA**—A very large free-flowering white variety. The form is beautiful and displays the size to the very best advantage and produces its flowers with great profusion. 15c. each.
- SANGAMO**—Rich deep pink, large flowers with long stems; very handsome. 15c. each.
- ADMIRATION**—A beautiful pink, the shade so greatly in demand, but not found in other sorts. A pure pink without salmon or cerise in its shadings. Flowers are large. 15c. each.

THE NOVELTY CARNATION "BLUE KING"

This greatest novelty in Carnations is a marvel of beauty, bearing a flower of an entirely new and distinct shade; a color hitherto unknown in Carnations, which catches the eye at once and causes everyone to exclaim:—"what an exquisite color." The flower is best described by the words—bluish, purplish-crimson, rich deep and intense, the blue shade being at times very pronounced, with ox-blood shadings. Flowers very perfect, measuring 3½ inches across when well grown, long, strong stems. A healthy and vigorous grower, very fragrant and a free bloomer. It is the richest and most startling color in the Carnation family. Price 20c. each or 3 for 50c., postpaid.

QUALITY
NOTHING BUT
QUALITY

Dorothy Gordon.

50c. Surprise Collection

Of 8 Beautiful Varieties for only 50c., postpaid.

- ARISTOCRAT**—Deep pink; extra long stems and large flowers. A strikingly handsome and very valuable new sort. 10c. each.
- BOBOLINK**—One of the finest variegated Carnations in cultivation, particularly in its prolific blooming. Flowers are not as large as some, but so many more. Color pink with a white stripe. 10c. each.
- SARAH HILL**—A fine, strong growing white variety, a very free-bloomer and fine keeper. 10c. each.
- ELDORADO**—Light, clear yellow, petals edged with a narrow band of light pink. A strong vigorous grower with fine healthy foliage, stems of good length, supporting large, finely formed flowers. 10c. each.
- ESTELLE**—One of the most fragrant Carnations. Color, a clear, bright glowing scarlet, a most continuous bloomer and distinct in color from any other sort offered. 10c. each.
- MAY DAY**—A clear pink, a fine Carnation in size and form. 10c. each.
- O. P. BASSETT**—One of the showiest varieties of Carnations. Nothing will equal it for large flowers, for quality and quantity. Color, a flaming scarlet. 10c. each.
- WHITE ENCHANTRESS**—The purest white sport from the variety Enchantress. 10c. each.

25c. Bargain Collection

Of 4 Sterling Carnations for only 25c., postpaid.

- CARDINAL**—A bright crimson with flowers of an enormous size. This new Carnation has taken several prizes at the latest shows. It is a strong grower indoor as well as out. It is an early producer and increases in quantity as late as July. 10c. each.
- G. H. CRANE**—Color, a flaming scarlet; growth hardy; broad foliage, and makes a well-formed plant. 10c. each.
- FLORA HILL**—One of the very choicest white varieties; of large size. 10c. each.
- MRS. THOMAS W. LAWSON**—The famous "Lawson Pink." This is the most popular Carnation of all, producing more flowers and of larger size than any other variety. The best of any of the dark pink Carnations. 10c. each.

75c. Paradise Collection

Of 12 Lovely Carnations for only 75c., postpaid.

- ENCHANTRESS**—Delicate flesh pink, the largest and most beautiful Carnation ever raised. Not anything yet produced can approach it in size, color or freedom of growth. 10c. each.
- FLAMINGO**—Magnificent large scarlet flowers. Strong clove fragrance. 10c. each.
- HARLOWARDEN**—Brilliant crimson. A big advance over all others of this color. The plant is a free and easy grower, and always in bloom. A gem in every way. 10c. each.
- LADY BOUNTIFUL**—A perfect wonder. Large white, with excellent calyx and stem. Strong, vigorous grower, very free bloomer. 10c. each.
- MISS ETHEL ROOSEVELT**—A beautiful silvery pink, darker to center; strong stem; free bloomer. 10c. each.
- M. A. PATTEN**—The newest striped Carnation. Color, white with red stripe. Blooms large and spreading, stiff stem and a fine grower. 10c. each.
- ROSE PINK ENCHANTRESS**—A true pink in color. Surpassingly beautiful. Largest of any and a prize winner over the strongest competition. Strong grower, free bloomer. 10c. each.
- SUNBEAM**—Strong grower and free-flowering, long stem; flowers three inches in diameter and a deep gold, low with faint red stripes. 10c. each.
- THE BEACON**—Ideal shade of scarlet; exquisitely fragrant. One of the most popular new Carnations. Plant is of strong growth and blooms freely. 10c. each.
- VICTORY**—Intense scarlet with a bright orange glow to the coloring. Very popular. The flowers are borne in great profusion, the plant making a vigorous growth. Has a stiff, wiry stem. 10c. each.
- WHITE PERFECTION**—A great new white, very fragrant. Longest and best stems of any white Carnation. Thoroughly up-to-date in every respect. 10c. each.
- WINDSOR**—A grand new variety; color pure medium pink; form size and growth of the best. 10c. each.

Chrysanthemum Collection.

SPECIAL OFFER F7 The set of 6 for only 50c., postpaid.

- BRUTUS—Bright red, shaded with orange. Broad, flat petals. Extra good grower, with fine foliage. 10c. each, 3 for 25c.
- CHELTONI—Bright golden yellow. Sport of Nellie Pockett. One of the finest ever grown. 10c. each, 3 for 25c.
- MONOGRAM—An enormous reflexed rose pink, with broad petals. A big advance in pink Chrysanthemums. 15c. each, 2 for 25c.
- MRS. BARCLAY—Lovely rose mauve, enormous flowers with broad, flat florets; one of the best growers and largest flowers among Chrysanthemums. 10c. each, 3 for 25c.
- MRS. W. KNOX—The most pleasing shade of yellow yet produced. One of the largest Chrysanthemums, fine in every way. 15c. each, 2 for 25c.
- T. CARRINGTON—Japanese incurved of great size. Color magenta with silver reverse; a fine variety. 10c. each, 3 for 25c.

OSTRICH PLUME

Chrysanthemum Collection.

We offer a grand collection of these unique Chrysanthemums. The term "Ostrich Plume" or "Japanese Hairy" is applied to this type on account of the feathery growth with which the petals are thickly covered.

- The Set of Four Novelty Varieties, postpaid, for only 35c.
- GOLDEN PLUME—Beautiful golden yellow. 15c. each.
 - PINK PLUME—Lovely shade of soft pink. 10c. each.
 - RED PLUME—Glorious shade of vermillion red. 10c. each.
 - SILVER PLUME—Exquisite silvery white. 15c. each.

NEW AND MAGNIFICENT CHRYSANTHEMUMS

BUCKBEE'S BIG SIX CHRYSANTHEMUM COLLECTION

Coleus, Buckbee's Fancy Varieties.

COLEUS

Beautiful Fancy Varieties.

These beautiful new Coleus are much used for planting in beds and borders; also for pots, window boxes, vases, etc., where their bright and striking colors are particularly attractive.

BECKWITH'S GEM—A beautiful fancy variety with large leaves of heavy texture and finely scalloped edges. The center of leaf is dark velvety maroon, bordered with fiery-red; the edge is green, changing to creamy-yellow at the point of leaf.

DUNERIA—The grandest Coleus of recent years; has a deep velvety texture. Color, crimson-maroon center; beautifully scalloped edge of light red.

PATH OF GOLD—Clear yellow when well developed, edge somewhat crinkled, with center rib of lighter yellow.

MISS RETTA KIRKPATRICK—Large white center, shaded with yellow, broad green lobed margin.

QUEEN OF THE WEST—Large leaf, and slightly serrated; outer band of bright oxide-green with margin of bright yellow, and center creamy-white; covered with blotches of bright carmine and deep maroon.

BEAUTY SPOT—Yellow, blotched crimson and green.

Special Offer, F8. Each 8c., or the full set of 6 new Coleus for 35c., postpaid. Price per 100, by express, not prepaid, \$3.50.

CORAL PLANT

This new variety is not only dwarf—never exceeding thirty inches in height—but also of free branching habit, each branch terminating with a spike of flowers. These are of a brilliant crimson-scarlet, produced from early July until frost; an effective and showy plant. Each 20c.; 3 for 50c., postpaid.

Sallie Grainger, Joppa, S. C., writes:—"Received my Plants and Seeds in fine condition and am so well pleased that I am ordering some more."

Daisy—Queen Alexandria.

Coral Plant.

RARE CROTONS

Nothing can excel the beauty and richness of coloring that is found in this class of plants. They are beautiful pot plants for the conservatory, making very handsome specimens for decorative and exhibition purposes, and are now used extensively as bedding plants, for which purpose they are exceptionally well adapted. They should be planted in full sun in a position where they can be more liberally supplied with water, which develops the most wonderful coloring in the foliage. 20c. each; 3 for 50c., postpaid.

Croton.

ding plants, for which purpose they are exceptionally well adapted. They should be planted in full sun in a position where they can be more liberally supplied with water, which develops the most wonderful coloring in the foliage. 20c. each; 3 for 50c., postpaid.

DAISIES

QUEEN ALEXANDRIA—The new Mammoth White Paris Daisy. One of the finest new plants that has ever been introduced. Nothing can be imagined that is finer. All know the old varieties of Paris Daisies, how beautiful and much sought after for decoration of all kinds. This new variety blooms constantly, and will produce ten blooms to the old variety's one. Single, semi-double and often fully double, on the same plant. Nothing is so airy and graceful as these blossoms of large white petals showing a yellow disc. 10c. each; 3 for 25c., postpaid.

YELLOW DAISY—(Etoile d'Or)—The New Yellow Paris Daisy, similar to Madame Gailbert, but a rich golden color. The two varieties go handsomely together. 10c. each; 3 for 25c., postpaid.

BLUE DAISY—(Agathe Coeleste)—A beautiful bedding plant and an excellent indoor bloomer. The flowers are daisy-shaped, of a delicate light blue, with a yellow disc. It blooms in great profusion. It may be had in flower all the year round. 10c. each; 3 for 25c., postpaid.

DRACENA INDIVISA

(The Charming Decorative Plant.)

A very beautiful house plant, also desirable for vase or garden, with slender, drooping leaves, often called a "Fountain Plant." The leaves are of several shades of green, with delicate stripings of yellow and red, which become marked as the plant grows older. Price, postpaid, 10c. each; Larger plants, 25c.; extra large specimen plants by Express, not prepaid, \$1.00 each.

Mrs. L. Fannie Peters, R. R. 1, Meadville, Va., writes:—"My Plants and Seeds from Buckbee cannot be surpassed. They are the best I have grown."

The Blue Daisy.

Dracena Indivisa.

The Best
FERN S

For House Culture

The Boston Fern.

THE BOSTON FERN

Nephrolepis Bostoniensis

This is one of the old standbys, and still one of the best. The beautiful fronds grow two to three feet long and droop over in the most delightful way. Its long, graceful drooping fronds often attain a length of five or six feet in a single year, while its foliage is clean and healthy, not subject to the attacks of scale, mealy bugs and other insects. Fine young plants 10c., 15c. and 25c. each, postpaid. Larger Plants 50c. and \$1.00 to \$1.50 each, by express, not prepaid.

Japanese Fern Ball.

New Crested Fern.

THE NEW CRESTED FERN

(Whitmanii)

We think this the most popular Fern. Rather dwarf in growth, but graceful, very compact, dense and feathery. Each frond or branch has a double row of perfect little fronds set at right angles to the mid-rib, and so thick they seem almost crowded. It is a healthy, vigorous grower, constantly unfolding fresh fronds of light green that contrast exquisitely with the deep green of the older fronds. It is somewhat like Barrowsii, but decidedly more fluffly, more delicate and beautiful. Fine young plants 15c., 25c. and 35c. each, postpaid. Larger plants 75c., \$1.00, \$1.50 to \$2.00, each, by Express, not prepaid.

THE OSTRICH PLUME FERN

(Nephrolepis Piersonii)

A strong, vigorous grower, resembling the Boston Fern somewhat, but the fronds are much heavier and more feathery, and arch over in a most graceful manner, showing two shades of green and producing a lovely mossy effect, which adds greatly to its beauty. Fine young plants 10c., 15c. and 25c. each, postpaid. Larger plants 50c., \$1.00 to \$1.50 each, by Express, not prepaid.

Ostrich Plume Fern.

JAPANESE FERN BALL

This exquisite Fern is rooted in moss, and requires no earth. It is simply necessary to hang it up and supply it with water once a day. In full growth the beautiful foliage extends outward in every direction, as shown. It will live for years under proper treatment, alternately growing and resting. They need no earth, dish or pot. Simply soak well with tepid water for half an hour and hang up in a warm room. Each 50c.; 12 for \$5.00; larger size, 75c. each; 12 for \$7.50, postpaid.

NEWPORT PARLOR FERN

(Nephrolepis Scottii)

Resembles the Boston in some respects, but grows more erect, has shorter narrower fronds and makes three times as many of them. Thrives nicely in parlor or living room, requires very little attention. Fine young plants 10c., 15c. to 25c. each, postpaid. Larger plants 50c., \$1.00 to \$1.50 each, by Express, not prepaid.

GIFTS
Ferns make excellent presents for birthdays, holidays, etc. Customers who wish to have any of these plants shipped or delivered may depend on getting choice plants, and we shall be glad to attach cards if desired, and make direct shipment to your friends.

MAIDEN HAIR FERN

Always in great demand for table and house decoration; will thrive nicely in parlor or living room, and grow more beautiful each year. Price, 15c. each, or 2 for 25c., postpaid.

MOSS FERN

A new upright growing Moss, with numerous feathery stems branching from the base and forming a dense tuft. Well grown plants attain a height of twelve to fifteen inches. Always fresh and green. Easily grown. Each, 15c.; larger size 35c., postpaid.

FERN S FOR FERN DISHES

We have grown a large quantity of small ferns suitable for Fern Dishes. Assorted varieties. Each 10c., 6 for 50c., doz. 85c., postpaid.

Phenomenal Fuchsia.

Little Beauty Fuchsia.

Gloire Des Marches Fuchsia.

The Very Best FUCHSIAS

Free Blooming
EASILY GROWN—SURE TO BLOOM
LITTLE BEAUTY FUCHSIA

The Greatest Novelty in Fuchsias.

The largest-flowering dwarf-growing Fuchsia known. It is a superb and handsome little beauty, branching like a tree and covered with enormous perfectly formed flowers. Sepals bright scarlet, with rich violet-purple corollas. Vigorous growing, free flowering, beautiful habit. A most charming window plant, remarkable for its constant profusion of exquisitely beautiful flowers, and really one of the most desirable Fuchsias in cultivation. 15c. each; 2 for 25c., postpaid.

QUALITY
NOTHING BUT
QUALITY

PHENOMENAL—The largest flowering Fuchsia in cultivation. The plant is a tall grower, branching like a tree; the leaves are dark, glossy green, with veins of dark crimson, giving the foliage a rich, ornamental appearance. The flowers are of enormous size, a single flower measuring 3½ inches across; sepals bright scarlet, with rich, violet purple corollas, very double. 15c. each, 2 for 25c., postpaid.

SPECIOSA—(The True Winter Blooming Fuchsia.)—This lovely Fuchsia blooms with greatest profusion during Winter, is scarcely ever without flowers from September till June; the flowers are large and of the most graceful form; color, rich carmine and rose; a most charming window plant, remarkable for its bright glossy green leaves and constant profusion of exquisitely beautiful flowers. 10c. each, 3 for 25c., postpaid.

TROPHEE—(Double)—Violet blue corolla; very dark rich red sepals, waxy lustre. Plant of fine form, easy to grow, continually in bloom. Positively one of the grandest varieties ever offered. 10c. each, 3 for 25c., postpaid.

LOVELY—Large semi-double flowers; color rosy mauve with rich scarlet sepals. Exquisite. 10c. each, 3 for 25c. postpaid.

GLOIRE DES MARCHES—Undoubtedly the finest Double White Fuchsia ever sent out; makes a neat compact plant, branches freely and is covered nearly all the time with exquisite double flowers of largest size and of pure snowy whiteness. 15c. each, 2 for 25c., postpaid.

BLACK PRINCE—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. Blossoms of a beautiful waxy-carmine or pink color. Certainly a plant for easy culture. 10c. each, 3 for 25c., postpaid.

TRAILING QUEEN—This Fuchsia is an entirely new departure, different from other large-flowering varieties in its habit of growth, as it is a trailing vine. The young plants, as they commence growth, creep out to the edge of the pot, and then go trailing downward. It continues growing and branching in this way until the vines are a solid wavy mass of the most elegant foliage and perfect flowers. The flowers are borne in large, drooping clusters; very large, long, graceful. 15c. each, 2 for 25c., postpaid.

SPECIAL OFFER

G4 The 2 sets of New Single Geraniums, Sunshine and Rainbow for only \$1.20 postpaid.

DOUBLE NEW LIFE GERANIUM

A CURIOUS AND BEAUTIFUL NOVELTY.

This is a remarkable novelty. Always scarce and difficult to obtain. The florets are dark red and in the center of each there appears a small pure white floret, giving the flowers a novel and curious appearance. Very beautiful when flowers are perfect, but variable and best for house culture. This is one of the most easily grown and satisfactory of all flower plants and only the Rose can vie with them in popularity. They have no equal for house and garden culture and for artistic show of individual specimen plants they are unsurpassed. I offer this grand and most striking plant at the low price of 20c. each, 3 for 50c., postpaid.

Ivy Leaf Geranium, Duke of Edinburgh

THE PANSY-GERANIUM

A GRAND HOUSE PLANT

This new and beautiful Pansy Geranium is of easiest growth, dwarf habit, and literally covered with flowers all the time, and as it requires little or no attention it is invaluable as a window plant. The coloring and markings of the flowers are most extraordinary—light pink, white, dark purple, black, etc., almost rivaling the Pansy in uniqueness of flower. It is this combination of coloring which obtained for it the popular name of Pansy Geranium. Strong plants, ready to bloom, 25c. each; 3 for 50c., postpaid.

QUALITY
NOTHING BUT
QUALITY

IVY LEAF GERANIUMS

PELARGONIUMS (Lady Washington Geraniums)

Lady Washington Geraniums—Sandiford's Surprise.

Pelargoniums or "Lady Washington Geraniums," as they are commonly called, are among the most beautiful of our Summer and Fall flowering plants; they offer a rich and varied assortment of colors, and do not resemble the common Geranium in any particular, neither in foliage nor flower; more beautiful in every way and the ease with which they may be grown should recommend them to everyone.

- CRIMSON KING—Intense rich crimson; single. Flowers extra size and well rounded. 15c.
- KINGSTON BEAUTY—Single silvery white crimped. Full rounded petals and the flowers carried in large freely produced trusses. 15c.
- MRS. ROBERT SANDIFORD—This is a grand double white variety; the flowers are extra large, perfectly double and beautifully laced and ruffled. The color is glistening snow white, exceedingly beautiful. 20c.
- MAD. THIBAUT—White, richly marked and blotched with rose, the upper petals marked crimson maroon with large white center; petals heavily ruffled, giving it a double appearance. 20c.
- SANDIFORD'S SURPRISE—Big black blotches in upper petals, edged fiery red, surrounded with a broad band of white; lower petals white, with bright red spot in center of each. 20c.

Any 3 Pelargoniums for 40c.
The Set of 5 for only 70c., postpaid.

THE Strawberry Geranium

A LOVELY PLANT FOR BASKETS AND VASES

One of the handsomest plants imaginable, a gem of many colors, exceedingly rare and beautiful. Leaves nearly round, and striped freely with silver bands—blooms white, of great beauty and borne in spikes nearly twelve inches high; of easiest growth. Adapted for hanging baskets, vases, etc. Will stand neglect and mistreatment and grow very rapidly either in sunny place or shade. 10c. each; 3 for 25c., postpaid.

Hydrangea Jeanne D'Arc.

HYDRANGEAS For Pot Culture

These are grand low-growing bushy shrubs; much used for decorating lawns and porches during Summer; they bear enormous heads of flowers, often more than a foot in diameter, and not being entirely hardy are usually kept in tubs or boxes; set out in Summer and taken to cellar over Winter.

JEANNE D'ARC—A new variety of exceptionally good merits. It is a variation of the old favorite Thomas Hogg, with dark reddish-brown stems. The flower is pure white and very effective. Price, 15c. each, 2 for 25c., postpaid. Larger plants 25c. to 50c. each.

BLUE KING—It is especially remarkable for the large size and distinct color of its sterile flowers, which are fully three inches across, of a light pink color tinted with mauve. Price, 20c. each, 3 for 50c., postpaid. Larger plants 35c. to 75c. each.

MONSTROSA COMPACTA—The flowers are something enormous, trusses 18 inches in diameter being a common occurrence, while the individual florets measure 3 inches in diameter, and are of the most pleasing shade of bright satiny pink. 15c. each, 2 for 25c., postpaid. Larger plants 25c. to 50c. each.

RED BRANCHED—This variety, with heads of blooms as large as a water pail commences to bear its enormous trusses of deep rose pink blooms while very small, increasing constantly in size and profusion. The stems and branches are dark purplish red. Price, 15c. each, 2 for 25c., postpaid. Larger plants 25c. to 50c. each.

THOMAS HOGG—Splendid variety; has all the characteristics so valuable in a plant of this kind. When fully grown attains a height and width of over 6 feet, and is fairly covered with immense trusses of creamy white flowers, often measuring fifteen inches in diameter. Price, 15c. each, 2 for 25c., postpaid. Larger plants 25c. to 50c. each.

G3 One Each of the 5 HYDRANGEAS,
Fine Strong Young Plants, for only
64c., Postpaid.

ENGLISH IVY

QUEEN VICTORIA—This is a hardy evergreen climbing vine, with dark glossy green leaves. Much used for covering walls of churches, etc., and for cemetery work. Is a true evergreen; retains its bright green leaves all Winter and always looks alive, also one of the very best plants for house culture. 10c. each, 3 for 25c., postpaid.

Queen Victoria English Ivy.

NEW
MAMMOTH
FLOWERING
HELIO-TROPE

Royal Highness.

HELIO-TROPES

These are universal favorites on account of their delightful fragrance. Flowers equally well as bedding plants in Summer, or as pot plants in the house during the Winter

ALBERT DELEAUX—Foliage is a bright golden-yellow, marked slightly with a delicate green. Each 10c., 3 for 25c., postpaid.

PICCIOLA—Rosy-violet, indeed, almost red, with a distinct white center showing upright growth, producing immense heads of flowers well above the foliage. Each 15c., 2 for 25c., postpaid.

PRINCE CHARMANT—A variety with handsome foliage; extremely free in bloom; color a lovely tint of bluish mauve. Like all of the Bruant type, this variety has panicles of bloom of enormous size; is dwarf and compact in growth. Each 30c. 3 for 25c., postpaid.

ROYAL HIGHNESS—Deep blue flowers clustered into great globe shaped trusses. Each 15c., 2 for 25c., postpaid.

SNOW WREATH—Blooms in large trusses of fragrant white flowers an excellent sort. Each 10c., 3 for 25c., postpaid.

CZAR—Strong, stocky growth, heavily corrugated dark foliage; immense clusters of semi-double flowers, rich purple. Each 19c., 3 for 25c., postpaid.

G2 The Full Set, One Each of the above
6 Varieties of Heliotropes for only
49c., Postpaid.

HIBISCUS

The Most Satisfactory House Plant.

ORANGE QUEEN—Large, double orange-colored flowers. Very novel and attractive. 15c. each, 2 for 25c., postpaid.

BRILLIANT KING—Semi-double flowers of a bright vermilion-scarlet; petals waved and recurved; the flowers noticeable for the absence of formality, but are very handsome. 15c. each, 2 for 25c., postpaid.

APPLE BLOSSOM—This is a truly surprising house plant, the flowers are so immense and yet so beautiful that you can scarcely believe that they are not artificial in some way. It is a rapid, erect grower, with bright glossy green leaves and immense double flowers like Roses, 4 to 5 inches in diameter. Color rich bright pink, with deep crimson center; likes heat and moisture and begins to bloom very quickly. 15c. each, 2 for 25c., postpaid.

Special Offer. One Each of the above 3 Magnificent HIBISCUS
for only 35c., Postpaid.

New Hibiscus "Apple Blossom."

Jasmine, Sweet Scented.

JASMINE

Sweet Scented

THE STAR JASMINE—This is an old favorite and the most satisfactory for general culture of all the Jasmines. It flowers nearly the whole season and is especially valuable as a house plant in Winter; flowers star-shaped, pure white and very fragrant. It is the idol of the poets, and one of the sweetest flowers. Each 10c. or 3 for 25c., postpaid.

WEEPING LANTANA

MRS. MCKINLEY—This Lantana is a fine plant, of graceful, drooping habit, producing flowers at each leaf. The flowers are a brilliant rosy lilac, borne in elegant clusters, and hundreds and thousands of them are in bloom all the time and literally cover the whole plant. One of the best varieties for hanging baskets. Entirely distinct from any other flower.

I make the price very low so as to meet the large popular demand. Each 10c. or 3 for 25c., postpaid.

Mrs. Isaac Yates, Arabia, Lawrence County, Ohio, writes: I never had Seeds or Plants that have done as well as Buckbee's "Full of Life", as I have tried them for several years, and think there are none better.

Mrs. McKinley.

A MOST VALUABLE BOOK
HOW TO GROW FLOWERS AND SEEDS.
 It tells the whole story in a practical way.
 Price only 50c., or FREE with an order for \$1.50 or upwards, if requested on the order.

New Climbing Lantana.

NEW CLIMBING LANTANA

Evergreen and Everblooming

It is at all times graceful, pretty and evergreen. It has a great wealth of bloom, the large, daintily-colored clusters being lilac pink with a white center. It blooms profusely at all stages of growth and all the year round, and as its growth is easily controlled by pruning it can be made to fit any space where a large or small vine is desired. It is one of the most charming pot vines for windows we ever saw and is a splendid garden vine for Summer and never out of bloom. Fine Plants, 15c. each; 2 for 25c., postpaid.

MANETTIA VINE

One of the handsomest little vines, easily and quickly grown and blooms continuously. Adapted for hanging baskets, pot culture, vases or bedding. The flower is of the size and shape shown in our illustration, and of brilliant scarlet, tipped with clear golden yellow, making it most wonderfully attractive. Each 10c. or 3 for 25c., postpaid.

Climbing Lily-of-the-Valley.

NEW CLIMBING LILY-OF-THE-VALLEY

Always in Bloom.

A beautiful new plant of climbing or trailing habit. It has beautiful heart-shaped leaves and branches freely, growing in most fine symmetrical form. It is in bloom all the time, the pendulous blossoms appearing at the axils of the leaves and are bell-shaped, pure white, and about the size, form and color of Lily-of-the-Valley. As a specimen pot or basket flower for the window it is a splendid acquisition. Grows very rapidly and makes a lovely plant in a short time. Fine Plants, 15c. each, 2 for 25c., postpaid.

MANETTIA VINE

NEWPORT CLIMBER

NEWPORT CLIMBER

Also Called Minneapolis Vine

It is particularly adapted for covering porches, trellises, screens, etc. It produces an abundance of small, star shaped blossoms the entire season. Each 10c. or 3 for 25c., postpaid.

OLEANDERS

These old-fashioned shrubs are becoming immensely popular again. They are very attractive plants that can be grown in almost any soil or situation and kept growing all the year or rested in the cellar. The dark green willow-like foliage, is in itself neat and pleasing; but when they bloom they are beautiful beyond expression with the many large, delicate satin-like flowers. No plant makes more handsome specimens in tubs for the veranda or yard.

LUTEA, Yellow—Large and very beautiful. Each 20c., postpaid.

LILLIAN HENDERSON, White—Magnificent large snow-white double blossoms. Each 20c., postpaid.

ROSY MORN, Pink—Large blossoms of fine rosy pink. Each 20c., postpaid.

VARIEGATA—Leaves bordered with creamy white; flowers pink, very double. A magnificent plant, the contrast of foliage and delicate color of blossoms being very striking. Each 35c., postpaid.

SPECIAL OFFER G1. The full set, one each of the 4 varieties of Oleanders for 75c., postpaid.

Oleander—Rosy Morn.

Chamaerops Excelsa

Seaforthia

Latania

Palms and Choice

Decorative Plants

EASILY GROWN TROPICAL BEAUTIES

Palms are among the noblest and grandest of all decorative plants. No plant is so beautiful and elegant in the home as the Palm, and the varieties that I quote are the best adapted for the ordinary room, thriving even with a considerable amount of exposure, dust and changes of temperature.

CHAMAEROPS EXCELSA (Japanese Fan Palm)—One of the hardiest of the Fan Palms. Foliage dark green; the segments of the fan-shaped leaves deeply cut, the edges covered with tooth-like spines. Grows from 15 to 20 feet high; very desirable for lawn decoration. Fine plants 20c. each, postpaid.

KENTIA BALMOREANA—Exceedingly popular parlor Palm. Decidedly rugged under all kinds of treatment. Fine plants 20c. each, postpaid.

KENTIA FOSTERIANA—Without exception the most hardy Palm in its class. Quite graceful and scarcely has an equal for table decoration. Fine plants 20c. each, postpaid.

LATANIA BORBONICA—This is one of the very best Palms for house culture, so hardy as to thrive in any ordinary living room, in spite of heat, cold, dust or drought. Has elegant fan-shaped leaves, rich dark green, beautifully fringed. Grows easily, needs no petting or coaxing. Fine plants 20c. each, postpaid.

Rubber Plant

PHOENIX CANARIENSIS—Beautiful, strong-growing Palm with glossy, dark green foliage. Sure to please and easily grown. Fine plants 15c. each, postpaid.

SEAFORTHIA ELEGANS—A magnificent plant for jardineres or center of tropical bed. Most graceful. Leaves of rarely beautiful formation. Fine plants 20c. each, postpaid.

G The Set of Six Palms listed above Postpaid by Mail, ONLY **75c.**

Larger palms by Express at buyer's expense 50c., 75c., to \$1.50 to \$2.50 each. Excellent Specimen Palms by Express at buyer's expense \$3.00 to \$5.00 each.

INDIA RUBBER PLANT (Ficus Belgica.)

The India Rubber Tree is well known as one of the finest plants for table and parlor decoration. Its large, thick olive green leaves and graceful polished stems make it one of the very finest ornamental plants for the house and conservatory. Will stand much more neglect than most plants. Fine plants 50c. and 75c. each, postpaid. Larger plants by Express at buyer's expense \$1.00, \$1.50 and \$2.00.

UMBRELLA PLANT

As decorative as a palm. Hardy, useful and beautiful window plant for all seasons, always presenting a fresh, green, attractive appearance. Invaluable as an aquatic plant. Throws up stems 2 to 3 feet high, surmounted by whorls of leaves. Price 10c. each or 3 for 25c., postpaid.

Umbrella Plant

THE SAGO PALM (Cycas Revoluta)

A Grand Decorative Plant both for the Garden and House

A magnificent plant of noble and majestic habit and one of the most delightful decorative plants grown. The stems are cylindrical, terminating in a crown of handsome, arching ostrich-feathered, glossy dark green leaves, of thick leathery texture. As a specimen plant for the lawn or porch during the Summer months nothing will equal the beautiful Sago Palm, while for indoors decorative purposes, and an elegant addition to your plant collection during the cold months—no plant equals it—and you will find that the Sago Palm will resist gas, dry heat, dust and cold to which Decorative Plants are frequently exposed.

I am growing a few dozen of these Wonderful Sago Palms especially on request from my customers. They will be ready for shipment in June. Send your order now so that I can reserve a fine specimen for you and ship soon as ready. These plants usually sell at \$5.00 to \$10.00 each at most Florist Stores. The price to you for early orders, \$1.97 each, carefully packed and shipped by Express, not prepaid. THIS IS A REAL BARGAIN.

THE AUSTRALIAN SILK TREE

A Beautiful Decorative Plant A magnificent plant for decorative purposes, of rapid, easy growth, fully cut foliage, rivaling a rare Fern. The young, growing leaves are a light brown color, the tips being covered with a soft down, closely resembling raw silk, hence the name, "Silk Tree." It is one of the most satisfactory plants for house culture. 10c. each, 3 for 25c., postpaid.

See Page 159 for Buckbee's XX Soap for Plant Insects.

Australian Silk Tree.

Pomegranate

POMEGRANATE

A beautiful plant of symmetrical growth, equally good for bedding or pot culture in the house. The blossoms are of a beautiful orange scarlet color. It is quite hardy in the South, remaining uninjured in open ground in winter. Each 15c.; 2 for 25c., postpaid.

PLUMBAGO—Lady Larpenta

Grows in compact clumps, and from the middle of July until severe frost is covered with lovely, rich, violet-blue colored flowers, borne in close terminal heads. The foliage is unique, finely serrated and fringing the stems. We heartily recommend this fine variety for edging walks, beds or borders. Each 15c.; 2 for 25c., postpaid.

SALVIA or Scarlet Sage

The brightest and most brilliant colored autumn flowers we have, and highly valued for bedding purposes. They make a perfect blaze of fiery scarlet color, lasting till long after other flowers are gone.

ALBERT RAGNEAU—This variety we consider the best of the dwarf varieties of late introduction, and, in fact, the only true dwarf one. The flower and foliage is the same as the old variety Splendens, but in growth it is much dwarfer, making it more valuable for bordering beds etc.

CLARA BEDMAN (BONFIRE)—Neat, compact grower, intense fiery crimson flowers.

SILVERSPOT—The distinctive feature of this splendid novelty is its strikingly handsome spotted foliage. Leaves rich, soft, dark green.

ST. LOUIS—Claimed to be an improvement of Splendens in flower and growth. A very good variety; scarlet flower and green foliage.

ZURICH, Dwarf Ever-blooming—A fine scarlet, very dwarf and an ever-bloomer, always in flower; a fine variety for winter flowering.

Price of any of the above Salvias, fine plants 10c. each, 3 for 25c., postpaid. By Express at buyer's expense \$4.00 per 100.

New Salvia-Zurich

Plumbago—Lady Larpenta

Sanseveria—Zealanica

SANSEVERIA ZEALANICA

There is scarcely a decorative plant that is more striking in foliage and habit than this, and certainly none other stands as much down-right neglect and hardship. Singularly beautiful as well as easily grown. The leaves are a dark green color with clouded bars of white. Fine plants, postpaid, 15c. each, 2 for 25c. Larger plants by Express, not prepaid. 50c. to \$1.00 each.

STROBILANTHES (Royal Purple)

The leaves are beautifully variegated with a deep metallic purple shaded with dark rose and margined light green. It is particularly fine for beds and border and is entirely distinct from any other bedding plant. Grown as a pot plant in the house it is very bright and effective. 15c. each, 2 for 25c., postpaid.

Strobilanthes

SNAPDRAGON (New Giant White)

Novel, Attractive, Lasting Scented
Always in bloom. This remarkable new plant has in one season jumped to foremost place among choice winter blooming plants. No novelty in our greenhouses has attracted the attention or received the praise equal to this. It is a perpetual bloomer, compact and branching in habit, sending up flower spikes by the dozen, 1 to 2 feet in length, almost as large and beautiful as Gladiolus. Color pure white, with lemon tinged throat and lovely fragrance. Flowers keep two weeks after being cut. Fine plants only 15c., 2 for 25c., postpaid.

SWAINSONIA (Swan Flower)

ALBA—This is a very beautiful plant and a real gem, both for flower bed and house culture; flowers are pure snowy white and borne in pretty sprays all over the plant; will thrive and bloom with the greatest profusion, Summer and Winter, in garden or house. Price, 10c. each; 3 for 25c., postpaid.

ROSEA—Same as Alba except in color, which is bright rich rosy red. Very handsome. Price, 10c. each; 3 for 25c., postpaid.

Giant White-Scented Snap Dragon.

Swainsonia.

Rare Tropical FRUITS

For Pot Culture

These make the most interesting pot plants for the house and are the easiest of all pot plants to grow. Some are handsome in foliage, in blossoms, and all showy, interesting and luscious in fruit, and some of them fruit the greater part of the year.

Otaheite Orange.

OTAHEITE ORANGE

An extra fine pot plant, with glossy leaves, the true fragrant Orange blooms and abundant little bright Oranges that will hang on the little bush like balls of gold for six months after they are ripe. They will bloom and fruit in a two-inch pot; and we have seen a plant in a common window, that was but 15 inches high and had 23 oranges on it. With good sunlight they are never out of fruit from one year's end to another, and at least two-thirds of the time are in flower also. The fruit is very sweet and handsome. In beauty, grace and fragrance there is nothing like it. Fine plants for blooming and fruiting at once. My price for the very best Plants: Select, each, postpaid 25c. Nice, young thrifty plants, postpaid 10c. to 15c. each. Fine 2-year-old plants for immediate effect by express 50c. each. Extra large plants by express \$1.00 to \$2.00 each.

SURINAM DWARF CHERRY

Ornamental as well as useful, both in flower and fruit; and on account of its dwarf growth can be grown in pots if desired like the Otaheite Orange. The fruits are rich bright red in color and most delicious flavor. A most desirable plant that will interest the "Shutins" for house culture. Price, strong plants, each 30c.; 2 for 50c., postpaid.

SURINAM DWARF CHERRY

Strawberry Guava

STRAWBERRY GUAVA

Another luscious tropical fruit and charming house plant, rivaling the famous Otaheite Orange in beauty. It is a nice, clean grower, with thick glossy green leaves, and like the orange, it bears both flowers and fruit at the same time. The flowers are pure white and delightfully fragrant. The fruit is large, nearly the size of a walnut, and of a beautiful reddish color; the flavor is delicious, sweet and spicy, and yet rich and delicate. It is very rare and interesting. The plant begins to bloom and bear fruit while quite small. Fruit makes the highly famed "Guava Jelly." Price, strong plants, 20c. each; 3 for 50c., postpaid.

QUALITY NOTHING BUT QUALITY

Buckbee's New Everbearing

BUCKBEE'S NEW EVERBEARING PONDEROSA LEMON

A Lemon that can be as easily grown in a pot as a Geranium and which produces fruit weighing from one to three pounds each. These enormous fruits are borne on plants one to two feet high growing in pots. It is everbearing and its fruit is delicious for lemonade and culinary purposes. The enormous Lemons have a thin rind and are full of acid juice. Will thrive in any good soil either indoors or out. One of the very finest plants for house culture. My price for the very best stock: Select, each, postpaid, 25c. Smaller, thrifty plants, postpaid, 10c. to 15c. each. Splendid 2-year-old plants, for immediate effect by express, 50c. Extra large plants, by express, \$1.00 to \$2.00.

SPECIAL OFFER A-1

For Only \$1.00

We will send by mail, postpaid, one each of the five rare tropical Fruits illustrated on this page. Strong Selected Plants. Safe Arrival Guaranteed.

Ponderosa Lemon.

QUALITY NOTHING BUT QUALITY

SMYRNA FIG

SMYRNA FIG

A dwarf variety imported from the far East, of compact, hardy growth, making little wood. As a pot or tub plant it is extremely valuable either indoors or outside. It will winter safely in an ordinary cellar, or it can be allowed to harden off with a few frosts in the early Fall and then brought indoors for growing during the Winter. The fruit is of medium size, very sweet and almost seedless. For the South it is nearer a perpetual bearer than any other variety of Figs, and will produce three crops in a season. The ideal Fig for pot culture in the North, and it is one of the rare plants that you should not miss getting. Strong plants on own roots, grown from fruiting wood which will commence to bear at once.

Price, strong plants, each 30c.; 2 for 50c., postpaid.

Brazilian Plume Plant.

Beautiful Floral Favorites

Brighter and More Attractive Than Coleus.

AUTUMN TINTS—(Acalpha Bicolor.)—A most wonderful plant, surpassing the finest Coleus or Begonia in the rich coloring of the leaves which are thick and glossy and beautifully marked with rich Autumn tints entirely different from anything else. The leaves are large, oval shaped, varying in size, the larger leaves measuring four and one-half inches wide and eight inches long. Of a bright green color margined with a wide irregular band of lemon yellow and having wide yellow bars running lengthwise of the leaf, and also thickly dotted with yellow blotches. Its most important feature is its wonderful qualification for bedding, as it will stand bedding out like a Coleus; in fact, in the sunniest place it produces the highest coloring. Habit of growth is compact, with free branching habit, rarely attaining a height of over twelve to eighteen inches. 15c. each., 2 for 25c.

FIRE-DRAGON—(Acalpha Tricolor)—Rich and beautiful. Mottled and blotched with crimson and scarlet on green background. Foliage extra large and maintains its markings regardless of Summer heat. 15c. each, 2 for 25c.

EMERALD GEM—(Acalpha, Marginata)—A rare and beautiful color. Foliage bronze green, margined with bright pink on edges of the leaves. Contrast pleasing and attractive. 15c. each, 2 for 25c.

Brazilian Plume Plant

Novel and Beautiful

This plant is a native of Brazil, and of the easiest possible culture, and seems to do equally well in all kinds of soil, and in any situation, requiring but very little attention; it is, in fact, one of the few plants that everyone can grow successfully. It is a strong, rapid grower, and throws long shoots, each of which is tipped with the beautiful pink, plume-like flowers, the ends of every petal drooping in a most charming manner. In appearance the blossoms resemble somewhat a mammoth chrysanthemum, but are three or four times as large, and the petals broader and of different formation. It is a grand pot plant, commencing to flower when the plants are very small, and blooming profusely for several months out of the year. 15c. each, 2 for 25c.

Scarlet Fountain Plant (RUSSELLIA)

A Charming Basket or Vase Plant.

A novel and beautiful plant, suitable either for bedding or pot culture. Has long, wiry, leafless stems, drooping and bearing quantities of long, tubular blooms of the most vivid scarlet color. Blooms almost incessantly as a pot plant. The great drooping masses of bloom are like a fountain of coral, scarlet and green. In the South it is perfectly hardy and a superb garden flower. In any climate it is one of the very easiest of plants to grow, and certainly one of the most brilliant and persistent of bloomers. A great favorite. Price, 15c. each, or 2 for 25c.

The Artillery Plant

Curious and Novel. A Fine Basket Plant.

Graceful fern-like foliage and immense numbers of very small flowers, which produce a snapping sound when sprinkled. Price, 10c. each, 3 for 25c.

QUALITY
NOTHING BUT
QUALITY

No Garden is Complete Without it.

A universal favorite and invaluable for its fragrant leaves, so graceful when mixed with bouquets. They will retain their fragrance for years when dried. As a plant for the garden or for pots it is equally valuable, its fine sprays of foliage, with its delicious fragrance, making it always desirable. They flower profusely, and each plant in good, rich soil will cover a space of 3 to 4 feet in diameter, producing, if the blossoms are removed as soon as they begin to fade, a mass of bloom continually. Strong and healthy plants only 10c. each; 3 for 25c. postpaid.

Wandering Jew.

**WANDERING
JEW**

(Tradescantia Multicolor)
Fine variegated leaves, striped crimson, green and silver, with a beautiful silvery sheen on them. A very rapid grower and excellent for hanging baskets, vases, window boxes, etc. Price 10c. each; \$1.00 per dozen, postpaid.

**BUCKBEE'S BEAUTIFUL
HANGING BASKET
COLLECTION**

Especially adapted for growing in baskets in the House or out of doors on the Porch.

Among the many plants which are suitable for a Hanging Basket Collection we have selected eight leading and popular varieties that will please the most critical. They are all of easy culture and sure of growth and will give splendid results with but little care. The collection has been made up so as to secure the best effect for the least money.

- 1 BOSTON OR SWORD FERN—The most popular decorative plant; and excellent for use in a hanging basket. 15c.
- 1 ENGLISH IVY—The old popular variety used in all basket collections lending grace and beauty to the assortment. 10c.
- 1 IVY GERANIUM—A beautiful plant with thick, glossy, ivy shaped leaves and drooping habit. 15c.
- 1 LANTANA—A showy basket plant blooming continuously all Summer. 15c.
- 1 MANETTIA BICOLOR—A beautiful twining plant with showy tubular flowers, fiery scarlet with bright yellow tip, blooming the entire season. 10c.
- 1 MARGUERITE DAISY—Nothing so airy and graceful, large white blossoms showing a yellow disc; blooms constantly. 10c.
- 1 TORPEDO PLANT—These plants thrive beautifully in hanging baskets. The tube of the flower is scarlet, with the end partly white and crimson and ever-blooming. 10c.
- 1 VARIEGATED VINCA—A beautiful trailing plant, leaves glossy green, margined a creamy white, flowers blue. 10c.

The Complete Collection—8 Choice Plants only 75c., Postpaid.

New Double Violet—Royalty.

SWEET VIOLETS

ROYALTY—The new double Violet. The flowers are of a beautiful azure blue, and delicately pretty in form; of rare fragrance. Each 15c., 2 for 25c.

PEACOCK—This is distinctly new, very different from any violet yet introduced. It is a large full flower, as large as a small Pansy, borne on long stems high above glossy dark green leaves. In color it is white, shading to palest lavender in the center, the whole flower striped with hair lines of brilliant blue radiating from the center. The plants are literally a mass of flowers. Each 15c.; 2 for 25c.

THE CALIFORNIA—Flowers single, of immense size, sufficiently large to more than cover a silver dollar. Its color is clear violet purple, and will not fade. The fragrance is delightful. The flowers are borne on strong stems 12 to 16 inches in length, and from 300 to 500 flowers may be picked from a single plant in one season. Each 10c., 3 for 25c.

GOVERNOR HERRICK—Rich, dark purple; stems are long and strong, carrying single flowers of lovely fragrance. Each 10c., 3 for 25c.

IMPROVED MARIE LOUISE—One of the finest double blue Violets grown. Very fragrant and a continual bloomer. Each 10c., 3 for 25c.

THE BRIDE—A grand pure white variety. Flowers are double and immense in size, extra early and deliciously fragrant. A free bloomer. Each 10c., 3 for 25c.

SPECIAL OFFER E. For only 50c. I will send postpaid one fine plant each of the six Grand Violets listed above.

BUCKBEE'S GRAND EVERBLOOMING ROSES

We offer the choicest and best list of roses introductions that are of superior merit. All grown including the very latest American and European of them are of marvelous beauty; and we urge our customers to give them a trial.

Quality Collection OF 7 NEWEST AND BEST ROSES

Special Price, Any of the following 7 Grand New Roses 15c. each, or the full set (one of each) for 85c, postpaid. **Large 2 yr. old size 35c. each or the full set of 7 for \$2.00.**

FREIHERR VON MARSCHALL—It has wonderfully beautiful foliage and produces large, full, beautifully shaped flowers, which are borne in profusion all through the season. The color is bright red, one of the best red Tea Roses that is known.

KILLARNEY—No other Rose has attracted so much attention recently as the new Irish Tea Killarney. Coming as it does from the north of Ireland, it seems to revel in our more genial climate and has proved a most valuable Rose wherever tried. It is a strong, robust grower and free and continuous bloomer. The color is brilliant sparkling pink; the flowers are extra large and full, with broad, thick petals and delightful tea fragrance. With usual Winter protection it is quite hardy, and altogether a Rose of great beauty and excellence.

WHITE KILLARNEY—A duplicate of the lovely pink Killarney, except that this variety is white as snow, and displays larger flowers.

MRS. POTTER PALMER—Hybrid Tea. A magnificent pink sport of Mad. Abel Chatenay. Large, full and double flowers are produced in the greatest profusion.

MY MARYLAND—This splendid American introduction is destined to become one of the most popular varieties in cultivation. Large, full double flowers, a pleasing shade of clear-pink. Distinct and beautiful. Splendid for forcing.

QUEEN BEATRICE—One of the very finest of bright pink Roses, very much the shade of Mrs. Robert Garrett. Buds and flowers are fine, very free in bloom and altogether a fine Rose.

ROSEMARY—A beautiful Rose of shining, silvery pink, recommended for bedding. Very large and very double; a sturdy grower with stiff stems and large foliage; flowers freely produced.

Mrs. Potter Palmer.

Royal Collection OF 9 THOROBRED ROSES

Special Price, Any of the following 9 Choice Roses 15c. each, or the full set (one of each) for \$1.00, postpaid. **Large 2 yr. old size 30c. each, or the full set of 9 for \$2.25.**

BESSIE BROWN—A strong, vigorous grower, of erect, branching habit, flowering in great profusion almost continuously; flowers of perfect form, large size, of good substance and highly fragrant; color creamy-white.

BLUMENSCHMIDT—Pure citron-yellow, outer petals edged tender rose. The best.

ETOILE DE FRANCE—The gold medal Rose of France. The flowers are very large and borne on good, long, stiff stems; color a lovely shade of clear, red crimson velvet; very fragrant.

LADY BATTERSEA—Bright rosy crimson, beautifully tinted with orange, passing to apple-blossom pink, hardy and productive.

MRS. A. R. WADDELL—Buds long and pointed, rosy scarlet, opening coppery salmon; large and semi-double. One of the showiest Roses.

RED KAISERIN—In this new Rose we offer a red Kaiserin Augusta Victoria. It is similar to the white in foliage, habit, shape and size of bloom, but the color of the flowers is a beautiful cherry-red.

SOUV. DE PIERRE NOTTING—Makes beautiful long-pointed buds, rich orange yellow, dashed and bordered with soft carmine rose.

WHITE COCHET—This American sport of the grand French variety has proved the very best of white bedders. Wherever outdoor Roses are grown, White Cochet is a favorite, it is extremely large, showy and fragrant.

YELLOW COCHET—This variety is absolutely the best ever-blooming yellow tea Rose in existence. In the open ground, it's superb, with its gracefully molded buds, magnificent open flowers, stiff, strong stems, heavy foliage, and with the vigor of growth and blooming capacity that has made the Cochet Roses the best of their class and color.

CHARMING MONTHLY EVERBLOOMING TEA ROSES

SOUTHERN BEAUTY COLLECTION

of 12 Lovely and most Choice Roses. My Price, only 10c. each, postpaid. Large 2 yr. old plants 30c. each.

BRIDESMAID—The flowers are very large size and of fine, regular, full form, delightfully tea-scented; color, clear-rose pink. A free and constant bloomer; makes elegant buds for cutting.

CHAMPION OF THE WORLD—This is the grandest of all new Roses. It is claimed that one plant of it will produce more flowers during the year than ten plants of any Tea Rose. Always in full bloom. Blossoms are deep, rosy pink—a shade of the delicate richness that is seldom seen. It is very large for an ever-bloomer and is as fine as La France or the best Hybrid Perpetual. Has a delicious fragrance. Though a perpetual bloomer it is very hardy and robust as an oak, and is the most healthy Rose extant.

ETOILE DE LYON—One of the finest yellow bedding Roses for outside planting; it is, moreover, one of the hardiest.

GENERAL ROBERT E. LEE—Lovely canary yellow, delicately tinged with rose; full deep flowers, very sweet.

MAD. JOSEPH SCHWARTZ—A lovely Rose, extra large, globular flowers, very full and sweet, pure white, tinged and shaded with pale yellow and rosy blush, very fragrant, strong, healthy grower, profuse bloomer.

MARIE VAN HOUTTE—Flowers are extra large, very double, full, and deliciously sweet-scented. The color is a lovely canary yellow, passing to creamy white, and beautifully shaded with rich pink.

MRS. JARDINE—Color bright rosy-pink, shading to salmon-pink on the outer petals and holding its bright color. Has been tested in this country and won numerous prizes; gives every promise of proving a popular variety.

PINK COCHET—Such beauty and exquisite form as is possessed by this variety is well nigh marvelous. Flowers superb when open, extra large, perfectly double and of splendid substance. The color is clear, rich pink, changing to silvery-rose.

PIUS X—Flowers large and cupped in form. Creamy-white, passing to tender rose. Center deeper, very free and fragrant. A Rose of grand form and size. A seedling of Kaiserin Augusta Victoria.

PRESIDENT TAFT—Without question the most remarkable of all pink Roses. It has a shining, intense, deep pink color possessed by no other Rose. It is a fine grower, free bloomer, good size and form, fragrant, and in a class by itself as to color.

RICHMOND—Unquestionably one of the handsomest varieties of late introduction. A real red Rose, shading to velvety scarlet or crimson as flowers mature. Flowers full and finely formed, very fragrant, a free strong grower and a profuse bloomer.

YVONNE VACHEROT—Buds long and pointed on long stiff stems. Color porcelain-white suffused pink. Free flowering and desirable.

SPECIAL OFFER D1. THE FULL SET OF 12 ROSES, POSTPAID, FOR 75c. or, 12 large 2 yr. old plants for only \$2.85.

EVERYBODY'S COLLECTION

of 12 most Popular Roses. My Price, only 10c. each, postpaid. Large 2 yr. old plants 30c. each.

ALLIANCE FRANCO-RUSSE—A strong sturdy grower and free bloomer, with flowers that are large, double and of the best substance, beautifully formed, while the color is rich yellow without a blemish.

HERMOSA—An excellent Rose, blooms in fine clusters, large, very double and fragrant; color beautiful clear rose; a constant bloomer; hardy; one of the best.

LA DETROIT—Shell-pink, shaded solid rose; outer petals cream color; fragrance like that of old "Bon Silene." A vigorous grower, producing long shoots bearing large double flowers of beautiful form.

LA FRANCE—An old favorite, and probably the most popular Rose the world over. A model garden Rose in every way; flowers clear satiny-pink; large, very full and of perfect form.

MARIE GUILLOT—A pure snowy-white Rose; large and full flowers; a constant bloomer; one of the best for planting in the open ground, always satisfactory.

MAGNAFRANO—This Rose is becoming popular because of its splendid crimson-scarlet color and magnificent buds. The flowers are large, very regular, full and double, and deliciously sweet, with great depth and substance.

MISS KATE MOULTON—Soft shell-pink with reverse of petals deeper; very ample foliage with good long stem. A fine garden Rose as well as a splendid forcer.

MRS. DEGRAW—Bright coral pink; flowers are borne in clusters; very handsome; noted as a free and continuous bloomer; quite hardy; strongly resembles the Champion of the World.

PEERLESS—Almost pure white with pale, flesh center; large, full and well formed; very free.

PRINCESS DE SAGAN—This Rose is of great value and beauty, free blooming. The flowers are of the most rich velvety crimson color, surpassingly brilliant, very prettily made, the buds also being unusually handsome.

SAFRANO—A fine old Rose of great value for outdoor planting and house culture, highly prized for its beautiful buds and handsome flowers. Color; bright apricot yellow changing to orange and fawn, sometimes tinted with rose; very fragrant, a constant bloomer.

THE QUEEN—A continuous bloomer, producing successive crops of buds and flowers in great profusion; the buds are beautifully formed, with large petals of best substance; shows the center but slightly when fully open; color, pure snowy-white; exquisitely scented; a vigorous and healthy grower.

NONE-SUCH COLLECTION

Of 8 Choice Tea Roses. My Price only 10c. each, postpaid. Large 2 yr. old plants 30c. each.

AVOCA—Crimson-scarlet, buds very long and pointed, flowers large and sweetly perfumed. Awarded gold medal by the N. R. S.

MAD. MAURICE DE LUGE—Deep rich pink, outer petals very pale flesh; petals of great depth and beautifully reflexed; fine.

COLONEL LECLERC—An extremely vigorous grower of erect, finely branching and profuse habit, fine deep green foliage, buds borne singly, flowers large and finely formed. Color a lovely cherry-red. This variety will prove a very valuable garden Rose, as it adds to our list of free flowering red Roses.

COLONEL R. S. WILLIAMSON—Satiny white with deep blush center; blooms very large, full, of perfect form, with high pointed center; very free and of great substance. A first rate Rose for any purpose.

COUNTESS OF GOSFORD—Salmon, pink and rose, shading into one another; base of petals suffused saffron-yellow. A beautiful Irish Rose that won the N. R. S. gold medal.

CYNTHIA FORDE—Deep brilliant rose-pink, shading on the back of the petals to light rosy-pink. The flower is very large, perfectly formed and very full, wonderfully free flowering. A fine variety for garden decoration, sweetly perfumed and lasts a long time in good condition.

DUCHESS OF WELLINGTON—In the young stage the flowers are an intense saffron-yellow, stained with rich crimson which, as the flower develops, becomes deep coppery-yellow, a shade of color hitherto unknown among Roses. The general style of the flower is like Killarney, a Rose that is universally admired.

ENTENTE CORDIALE—A charmingly beautiful Rose of magnificent size and form; bud long and pointed, on long stiff stems. Flowers large and full, creamy-white with sulphur-yellow center. Edges of petals slightly tinged carmine.

Special Offer X. The Full Set of 8 **50c.** or 8 large 2 yr. old Roses, postpaid, for **\$1.75.**

A MOST VALUABLE OF PRACTICAL INFORMATION **BOOK** How to Grow Seeds ^A _N Flowers

A complete guide for the house and garden, profusely illustrated. Price 50c., postpaid or I will send a copy FREE with an order of \$1.50 or upwards, if requested on the order.

TRIUMPHANT COLLECTION

Of 4 Choice Tea Roses. My price only 10c. each, postpaid. Large 2 yr. old plants 30c. each.

MAYFLOWER—This charming Rose is really an improved Devon-ensis. The buds are long, slender and pointed which open into large, elegantly finished flowers of creamy-white, with laced edge of lavender-pink about each petal; every tone is clear and bright. The fine habit, good constitution and clear color stamp this as a Rose of great value.

HARRY KIRK—Deep sulphur-yellow, passing to a lighter shade at edge of petals; large, full, perfect form; buds long and elegant. A splendid grower of fine habit. Awarded gold medal at N. R. S.

FRIEDRICHSRUH—Color deep blood red; large, full, well formed, flowering freely and continuously; excellent habit of growth. Awarded gold medal at Dusseldorf. A splendid Rose.

ENCHANTRESS—It blooms with astonishing freedom. The color is creamy-white, slightly tinged with buff in the center.

STAR COLLECTION

of 4 Leading Tea Roses. My Price only 10c. each postpaid. Large 2 yr. old plants 30c. each.

CHATEAU DES CLOS VOUGEAT—You have all been looking for the black Rose and here it is. The most wonderful color and texture ever seen in a Rose; looks as if cut out of heavy velvet with a color shading from deepest velvety maroon-red to blackish-crimson. We are sure it will become one of the most popular of garden Roses, quite in a class by itself, blooming continuously in crops closely following one another. It is of fine shape, good size and the richest colored of all Roses; quite fragrant.

MRS. THEODORE ROOSEVELT—Creamy-white with rose center; bud long and pointed; flowers very large, full and of splendid form. Its freedom of bloom is most remarkable, beginning on very small plants and continuing without interruption. A grand garden Rose. Has made a fine record in Europe as well as in America.

ROSE QUEEN—This splendid American introduction is destined to become one of the most popular varieties in cultivation. Large, full, double flowers, a pleasing shade of clear-pink. Distinct and beautiful. Splendid for forcing.

PAULA—A vigorous free flowering Rose. Habit erect, buds well shaped. Color sulphur-yellow with deeper center, deliciously fragrant. Looks like a much better Etoile de Lyon.

Special Offer Z. The Full Set of 4 **25c.** or 4 large 2 yr. old Roses, postpaid, for **\$1.00.**

Mayflower.

Friedrichsrueh.

Mrs. Theodore Roosevelt.

3 Fine Baby Rambler Hardy Roses

BABY RAMBLER or Dwarf Crimson Rambler

A dwarf Bush, (not climbing) form of Crimson Rambler, and, furthermore, everblooming. It forms compact bushes about two feet high when fully grown, and is fully covered with clusters of its rich crimson-red flowers throughout the season. Perfectly hardy, it requires no Winter care, and should improve each year with good culture. The coloring is brighter than "Crimson Rambler" of which it is a seedling. The size of the clusters and the number of flowers in each are the marvel of all beholders. Its use is varied so as to render it invaluable. As a bedding variety to make a low, attractive hedge, to border a walk, for planting in cemeteries, or for growing in pots in the house, it stands alone and must find its way everywhere. Remember it is hardy and perpetual flowering. Fine plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants, 35c. each.

BABY DOROTHY The Pink Baby Rambler

The freely branching plants attain a height of about 24 inches, somewhat similar to the Red Baby Rambler, the numerous flower stalks containing fifty to sixty flowers and buds at one time. Flowers cerise pink, measuring 2 inches in diameter, with a double row of twisted petals; center chrome yellow. Perfectly hardy. Fine plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants, 35c. each.

THE WHITE BABY RAMBLER (Catharine Zeimet)

This is surely a beauty and a great addition to the Baby Ramblers. It grows to a height of 20 inches, and produces double pure white flowers in abundance. Of free compact growth and very attractive. Produces a sheet of white color. Fine plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants, 35c. each.

Special Offer C-6. The set of 3 Baby Rambler Roses, postpaid, 35c. or the set of 3 larger 2 yr. old plants, one each of the 3 varieties, for only 90c.

POLYANTHA OR FAIRY ROSES

These are a lovely and distinct class of easily grown Ever-Blooming Roses, highly valued for their dwarf, bushy growth, and medium size double flowers, which are very fragrant and borne in such large clusters that the whole plant seems a sheet of bloom.

SPECIAL PRICE FINE PLANTS, Postpaid, 10c. each, or the set of 4 for only 35c. LARGE 2 YR. OLD PLANTS, 30c. each, or the set of 4 for \$1.00.

SNOW FAIRY (Schneewitchen)

Pure white, of perfect shape; flowering in clusters of five to thirty flowers each, making a well grown plant look like one large bouquet.

CHERRY BLOSSOM

This is the smallest of all Roses, but of perfect form, regular, compact fairy-like flowers, fully double and very fragrant. Flowers in wreaths and clusters seem to cover the whole plant; color cream rose, flushed red. Be sure to include this lovely Rose in your order.

SILVERY ROSE

A lovely Fairy Rose; full, regular flowers, perfectly double and delicately perfumed. Its color is a clear, delicate rose, with a frequent and peculiar intermingling of white.

CINDERALLA

Double flowers, borne in large clusters; pale chrome-yellow, with rich, citron-red center; blooms quickly and profusely.

Schneewitchen.

THE FAMOUS SOUPERT ROSES—Always Blooming

These famous Roses will give absolute satisfaction to every purchaser. They bloom the first year and will be in bloom every year from early May until severe freezing weather. Flower nicely indoors during the Winter months. There are no Roses like them; certainly none better. If you try them, take our word for it, you will not be disappointed.

SPECIAL PRICE FINE PLANTS, Postpaid, 10c. each, or the set of 3 for 25c. LARGE 2 YR. OLD PLANTS, 30c. each, or the set of 3 for only 75c.

CHLOTILDE SOUPERT

Known the world over and is one of the very best of all Roses. A strong, dwarf grower and a truly wonderful bloomer, producing cluster after cluster of the finest formed flowers. In form, they are perfectly full and double and deliciously sweet. The color effect is new and beautiful—ivory-white shading toward the center to silvery rose. Has no superior in the open ground. Hardy everywhere.

WHITE SOUPERT

The genuine White Soupert. Identical in every way with Chlotilde Soupert, except in color, which is ivory-white. Free blooming and hardy. A new and valuable addition to this family.

YELLOW SOUPERT

Everybody's Rose. The flowers are very double and of the same Camellia-like form as Chlotilde Soupert, and are produced in immense clusters; buds exceedingly dainty. A strong, upright, bushy grower. Color, white on beautiful light yellow ground; center chrome yellow.

Buckbee's Famous Lawn Grass

A beautiful Green Lawn in six weeks from Sowing.

The Best Grass Seed offered for Lawns, Parks, Athletic Grounds, Cemeteries, Golf Links, etc. Forms a Thick, Velvety Green Turf in four to six weeks.

SEE 1st INSIDE COVER FOR PRICES ETC.

Buckbee's Hardy Hybrid Perpetual Roses

The National Rose of America **THE AMERICAN BEAUTY**

The Largest, Sweetest and Best of All Hardy Roses.

More plants are grown and more flowers are sold of this, "The Queen of all Roses," than any other Rose in cultivation, and deservedly so, for it is one of the grandest and most beautiful Roses now known. It is a genuine Hardy, Ever-Blooming Rose. For immensity in size, rich color, exquisite form and delicious fragrance, it stands without an equal. It is a quick and bushy grower, with splendid foliage, producing upon stems frequently over six feet in height, magnificent buds and large, deep, double flowers. Is valuable both for house and garden culture. It is the peer of all Roses for forcing purposes, the flowers selling during the holiday seasons at \$12 to \$25 per dozen. Color is a rich, rosy crimson, shaded and veined in the most charming fashion; fragrance is wonderfully sweet, not surpassed by any Rose we know. It should be protected outdoors in the Winter. Strong plants, postpaid 20c. each, 3 for 50c. Large 2 yr. old plants 40c. each.

The Magnificent Hardy Rose **FRAU KARL DRUSKY**

The Best Hardy White Rose in Existence

This magnificent Rose is the only absolutely pure white Rose ever introduced. A cross between the Madame Caroline Testout and that grand old white Rose Merveille de Lyon. It is a fact that before the introduction of Frau Karl Drusky we had not a pure, snow-white, hardy Rose—heretofore the white Roses have been tinged with pale pink or cream color. The Frau Karl Drusky is absolutely pure paper white. Strong plants, postpaid, 20c. each, 3 for 50c. Large 2 yr. old plants 40c. each.

It possesses the free blooming qualities of the former and the robust growth of the latter; it will thrive in almost any soil and is as hardy as an oak. Although we may have many so-called white Roses, it is a fact that before the introduction of Frau Karl Drusky we had not a pure, snow-white, hardy Rose—heretofore the white Roses have been tinged with pale pink or cream color. The Frau Karl Drusky is absolutely pure paper white. Strong plants, postpaid, 20c. each, 3 for 50c. Large 2 yr. old plants 40c. each.

PRINCE CAMILLE DE ROHAN

The Black Hardy Rose

This is a magnificent Rose, celebrated the world over for its large, handsome, fragrant flowers and the freedom with which they are produced. The color is a deep, rich, velvety crimson, passing to intense maroon, shaded black; at a short distance they appear really black. This is one of the most handsome Roses we have ever seen. It is the nearest black; although the same claim is made for others, this variety is the darkest. Strong plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

CLIO A Beautiful Pink Hybrid Perpetual Garden Rose

One of the most beautiful hardy Roses grown, awarded two first-class certificates by the Royal Horticultural Society of England. Flowers very large, color flesh, shaded in center to rosy-pink. Its perfect hardiness, vigorous growth and freedom of bloom makes it most valuable for the Rose Garden, while the large size, exquisite color and delicious fragrance of its flowers—which at perfection are as large as Paeonies—make it desirable as a cut-flower Rose. Fine strong plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

MAD. CHAS WOOD

Bright fiery-scarlet, passing to a fine rosy-crimson. Free bloomer, beginning to bloom almost as soon as planted and continuing through the season. Fine strong plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

MRS. R. G. SHARMAN CRAWFORD

Beautiful Pink Hybrid Perpetual.

Color deep, rosy-pink, outer petals shaded with pale flesh, white at base of petals; flowers large, of perfect imbricated form, and freely produced, flowering from early Summer until late in Autumn. Growth vigorous. Awarded gold medal of the National Rose Society of England and many first-class certificates. A valuable addition perfectly hardy. Strong plants, postpaid, 20c. each, 3 for 50c. Large 2 yr. old plants 35c. each.

ROGER LAMBELIN

The Finest Variegated Hardy Rose in Existence

One of the most remarkable Roses yet offered. The petals are irregular on the edges, like a double Petunia; the color is glowing-crimson throughout except the edges of the petals, which are all distinctly marked with a white band, forming a sharp contrast and the most unique combination of colors known in Roses. Strong plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

GLORY DE LYONAISE

Flowers large, pale yellow shaded with white, orange and fawn. Buds beautiful, being long and pointed. Are delightfully sweet and have all the beauty of the Tea Roses. Fine strong plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

SPECIAL OFFER E=1 One each of the 8 varieties on this page, postpaid, for \$1.15, or 8 Large 2 yr. old plants, one each of the eight varieties for \$2.35.

PAUL NEYRON, The Best All Round Hardy Rose

Probably the largest Rose in cultivation, and one of the best bloomers. Color a bright shining pink, clear and beautiful. The plant is an exceptionally strong grower, often making shoots four to five feet in one season, each shoot bearing an immense flower. A Rose we highly recommend. Strong plants postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

MARGARET DICKSON

The flower is of magnificent form, very large in size, almost as large as Paul Neyron, the largest of Roses; the color is a pure waxy-white, without a spot or blemish; petals are very large, well shaped and of great substance. The buds are large and globular, particularly handsome. It is a strong, vigorous grower, with fine foliage, a free bloomer, a remarkably fine Rose. Strong plants postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

ULRICH BRUNER, An Immense Glowing Crimson Beauty

This is an exceptionally fine, sweet scented Rose. Frequently called the hardy American beauty. Produces in greatest abundance perfect flowers on long, strong, almost thornless stems. The buds are magnificent, long and pointed; the flowers bold, extra large and full. The color a rich velvety crimson, brilliant and showy in the extreme. Strong plants postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

GEN. JACQUEMINOT, The Premier Hardy Crimson Rose

Famous the world over as one of the most magnificent Hardy Crimson Roses ever introduced. It is a strong, vigorous grower, entirely hardy, an early and profuse bloomer and buds and flowers are considered models of perfection, and its brilliant shining crimson color is the standard of color by which other Roses are judged. In fact, it is almost unequaled in beauty of form and brilliant intensity of color. It is not a new variety, but so valuable that it is frequently scarce and difficult to obtain, as almost everyone wants a "General Jack." Strong plants postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

ANNA DE DIESBACH, Glory of Paris

Most lovely brilliant carmine; long, pointed buds, and large, finely formed, compact flowers; very full and double and delightfully sweet. A vigorous grower and fine bloomer. Strong plants postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

BUCKBEE'S SPECIAL 35c. COLLECTION HARDY GARDEN ROSES

Four Choice and Superb Varieties for General Planting that Cannot be Excelled.

BARBAROSA

A noteworthy new red Rose, in the same class with Frau Karl Druschki. The blossoms are of fine form, open well and are very large. The color is a brilliant tone of pure carmine red. It is exceedingly sweet-scented. Strong plants postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

HUGH DICKSON

Color, brilliant crimson, shaded scarlet; good size and fine form; petals smooth, slightly cupped and reflexed; free flowering and vigorous in growth; very highly perfumed. Awarded Gold Medal, National Rose Society of England. Strong plants postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

CONRAD FERDINAND MEYER

This is a grand new Rose, a vigorous grower and free bloomer; flowers large, perfectly double, cup-shaped. Color deep, bright, vivid intense pink, with the penetrating fragrance of the old June Roses. Strong plants postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

QUEEN MAUDE

Pure white, occasionally shaded light flesh when first opened. A profuse bloomer and free grower. Strong plants postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

FOR 35c. I will send one strong plant each of the 4 varieties, postpaid, or I will send one large 2 yr. old plant of each of the above 4 varieties for only \$1.00.

BEAUTIFUL HARDY MOSS ROSES

A class of Roses which are much admired. The beauty of the flower consists of the delicate mossy covering which surrounds the bud, and which gives the opening flower a unique appearance. They are strong, vigorous growers, perfectly hardy and suitable for planting singly or in beds or clumps with other shrubbery. They bloom but once in the season. The moss is seen best on the buds before the flowers open.

HENRY MARTIN

Rich, glossy light red, tinged with crimson; large globular flowers, very full and sweet; finely mossed. Price, strong plants postpaid, 20c. each, 3 for 50c. Large 2 yr. old plants 40c. each.

MOUSSELINE

White shaded and marbled in rose. Extra large, full and double flowers delightfully perfumed; buds thickly covered with lovely deep green moss. Price, strong plants postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 35c. each.

PRINCESS ADELAIDE

Rich, glossy pink, tinged with crimson; large globular flowers, very full and sweet; finely mossed; one of the finest. Price, strong plants postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants, 35c. each.

C-9 One each of these three beautiful Moss Roses in strong one-year-old plants postpaid for only 35c., or, one each Large 2 yr old plants for \$1.00.

Moss Rose, Henry Martin

Dorothy Perkins.

The Famous Climbing Rambler HARDY ROSES

IMPROVED CRIMSON RAMBLER—The most wonderful climbing rose ever introduced. It is absolutely hardy in all localities, a most vigorous grower, a most prolific bloomer, fine for growing on trellises, unexcelled for covering porches, walls, etc., producing a gorgeous mass of crimson blossoms which remain on the plant a long time. Often grows from 12 to 15 feet in a single season. Fine plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants, 30c. each.

DOROTHY PERKINS RAMBLER—As hardy as Crimson Rambler. Flowers about 1½ inches across, borne in clusters of 10 to 30, and very double; petals are very prettily rolled back and crinkled. Color is a most beautiful shell pink and holds a long time without fading. Fine plants, postpaid, 10c. each, 3 for 25c. Large 2 yr. old plants 25c. each.

PHILADELPHIA RAMBLER—Pure, deep, crimson, far brighter and more intense than the "Crimson Rambler," and less subject to mildew. Blooms two weeks earlier than the "Crimson Rambler," in large clusters, the individual flower being larger. Fine plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants, 30c. each.

PINK RAMBLER—(Euphrosyne)—Deep pink, flowers borne in large clusters, 60 being frequently found in a cluster. Of vigorous growth, rarely attacked by disease. Fine plants, postpaid, 10c. each, 3 for 25c. Large 2 yr. old plants, 25c. each.

NEW IMPROVED PINK RAMBLER—We believe this Rose to be the very best hardy, climbing Rose yet introduced. Color, is a beautiful cherry-pink; foliage a beautiful glossy green. Trusses containing nearly 100 buds and blossoms have been counted on a single specimen, the trusses are not so numerous, breaking out from the base to the summit so that a most beautiful mass of bloom is possible. Fine plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 30c. each.

YELLOW RAMBLER—The flowers are borne in clusters, after the same manner as the Crimson Rambler. The color is a decided yellow. Fine plants, postpaid, 10c. each, 3 for 25c. Large 2 yr. old plants, 25c. each.

Improved Crimson Rambler.

Tausendschon (Thousand Beauties.)

NEW RAMBLER ROSE TAUSENSCHON OR 1000 BEAUTIES—It bears its flowers in immense clusters; in color a soft pink when first opening, changing to a carmine rose on the reverse as they fully expand. Fine plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants 30c. each.

NEW WHITE RAMBLER—Flowers of the White Rambler have the charm of being sweetly scented. Color a pure white, without a blemish. They remain on the bush from three to five weeks and a well-established plant is a creation of resplendent beauty. The habit of growth is vigorous, young plants throwing up shoots eight to ten feet in height in a single season. Fine plants, postpaid, 10c. each, 3 for 25c. Large 2 yr. old plants, 25c. each.

Everblooming Climbing Roses

We have many inquiries for Roses that are both hardy and everblooming. The following varieties combine both qualities if protected in severe climates during Winter.

MARECHAL NIEL—Golden-yellow. Its magnificent buds are known the world over. In Southern or warm climates is a profuse bloomer, well grown specimens being loaded with thousands of bloom the entire season. A rapid grower, often making shoots 20 to 30 feet high in a single season. Fragrance delicious. Fine plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants, 35c. each.

CLIMBING METEOR—Dark, velvety crimson. A rapid climber, producing in great profusion magnificently formed buds and flowers. The best everblooming crimson Rose yet produced. Fine plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants, 35c. each.

EMPRESS OF CHINA—A strong growing Rose, growing to a height of 15 to 25 feet in a single season. Produces throughout the season hundreds of handsomely formed buds and flowers, of a soft, dark red, changing to a lighter red or pink. Fine plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants, 25c. each.

CLIMBING MARIE GUILLOT—Pure white, slightly tinted primrose at base of petals. A vigorous grower and free, continuous bloomer. Buds, beautiful, very durable, deep and of good size. Fine plants, postpaid, 15c. each, 2 for 25c. Large 2 yr. old plants, 35c. each.

Climbing Marie Guillot.

SPECIAL OFFER

C=17. The above set of 4 Everblooming Climbing Roses, fine young plants, postpaid, 40c., or I will send 4 large 2 yr. old plants, one each of the above 4 varieties for only \$1.00.

MEMORIAL ROSES

PINK ROAMER

The Hardy Memorial Roses

Especially Recommended for Cemetery Planting.

Sometimes called the Wichuriana Roses but appropriately classed as "Memorials" because everywhere acknowledged to be the most suitable and satisfactory Roses one can get for cemetery planting. They will climb when trained, or if left alone they creep along the ground as closely as an ivy and make a dense mat of shiny dark green foliage. The leaves remain green on the plants nearly all Winter. They bloom in profusion during June and July, and the single ones bear red berries in the Autumn. Entirely hardy, and when once planted take care of themselves.

HIAWATHA—Brilliant scarlet; bears large clusters of single flowers; bright and effective. One of the best in this section. Each 15c., 2 for 25c., postpaid. Large 2 yr. old plants each 35c.

JERSEY BEAUTY—Elegant single flowers, 3 inches in diameter, pale yellow, very fragrant. Each 10c., 3 for 25c., postpaid. Large 2 yr. old plants, each 35c.

LADY GAY—Flowers (in large loose clusters) are of a delicate cherry pink color, fading to soft tinted white. Each 15c., 2 for 25c., postpaid. Large 2 yr. old plants, each 35c.

MANDA'S TRIUMPH—The flowers are medium-sized, perfectly double to the center, pure white and very fragrant. Each 10c., 3 for 25c., postpaid. Large 2 yr. old plants, each 25c.

PINK ROAMER—Bright, rich pink, with orange red stamens. Flowers single, of good size and very fragrant. Each 10c., 3 for 25c., postpaid. Large 2 yr. old plants, each 35c.

ROSA WICHURIANA—Single, pure white.—Hardy as grass, will grow in sun or shade poor ground or rich. Makes a beautiful display of blossoms, very large (often five or six inches around) pure satiny white with bright golden center. Each 10c., 3 for 25c., postpaid. Large 2 yr. old plants, each 25c.

SOUTH ORANGE PERFECTION—Double blooms freely in clusters. Color, rosy blush, changing to creamy-white; the flowers are perfect rosettes in form. Each 10c., 3 for 25c., postpaid. Large 2 yr. old plants, each 25c.

UNIVERSAL FAVORITE—Double bright pink equally as beautiful as the double white and a charming companion for it. Each 10c., 3 for 25c., postpaid. Large 2 yr. old plants, each 25c.

HARDY CLIMBING ROSES

Sure to Grow and Sure to Bloom.

Desirable for covering trellises, walls and porches, as they succeed under almost any circumstances.

ALBERIC BARBIER—Creamy-white with canary-yellow center; buds of orange-yellow. Semi-double flowers in immense clusters. Each 20c., 3 for 50c., postpaid. Large 2 yr. old plants, each 40c.

AMERICAN PILLAR—A new single flowering Rose with blooms three to five inches across, borne in immense clusters. Color lovely apple blossom pink with bright golden stamens. Each 20c., 3 for 50c., postpaid. Large 2 yr. old plants, each 40c.

BALTIMORE BELLE—Pale blush, variegated carmine, rose and white, very double. Flowers in beautiful clusters. Each 10c., 3 for 25c., postpaid. Large 2 yr. old plants, each 25c.

DR. VAN VLEET—A grand new climbing Rose that has flowers in immense clusters, resembling in color Souv. de Pres. Carnot. A wonderfully attractive variety. Each 20c., 3 for 50c., postpaid. Large 2 yr. old plants, each 40c.

MARY WASHINGTON—A pure white, hardy constant blooming Rose of strong upright growth; blooms in clusters. Each 10c., 3 for 25c., postpaid. Large 2 yr. old plants, each 25c.

PRAIRIE QUEEN—Bright rosy pink; large, compact and globular flower. Blooms in clusters. One of the best. Each 10c., 3 for 25c., postpaid. Large 2 yr. old plants, each 25c.

RUNNING GENERAL JACQUEMINOT—Velvet-red, ever-blooming in clusters of decidedly fragrant flowers. Each 20c., 3 for 50c., postpaid. Large 2 yr. old plants, each 40c.

TRIER—Soft rosy-blush, becoming almost white, large clusters full and double. Much admired. Each 15c., 2 for 25c., postpaid. Large 2 yr. old plants, each 35c.

The Blue Rose.

The Blue Rose

(VEILCHENBLAU)

"THE SENSATION OF THE CENTURY."

A new Rose from Holland that originated from Crimson Rambler. It is indeed the culmination of the dreams of centuries, and is the forerunner of a new and extraordinary color long hoped for but hitherto regarded as among the unattainable—a genuine cornflower blue Rose. The flowers are produced in clusters, similar to Crimson Rambler, are semi-double in form, of medium size, and are borne profusely; the color is steel blue, very similar to that seen in the delicate, inimitable blue of the flower of Clematis Jackmani. It is a strong, vigorous climber, and the most marvelous introduction in this century. Perfectly hardy. Price 20c. each, 3 for 50c. postpaid. Large 2 yr. old 45c. each.

Flower of Fairfield Rose.

Flower of Fairfield

The Everblooming Crimson Rambler.

For many years it has been the aim of every Rose grower to raise a Rambler which would be ever-blooming, and now we are able to offer such a Rose. This new variety is a sport from the famous and beautiful Crimson Rambler, similar in color but more brilliant and more lasting than the old favorite. It possesses a further advantage over any other Rambler in the fact that it flowers profusely on the young wood in its first year. The new "Flower of Fairfield" is of vigorous growth, and when in bloom supersedes anything else by the wonderful display of its brilliant crimson clusters of blossoms. It starts blooming in the early Spring, and continues to flower till late in Autumn, thus it is rightly termed, "Perpetual Blooming." Price 20c. each, 3 for 50c., postpaid. Large 2 yr. old 45c. each.

Hardy, Iron Clad JAPANESE ROSES

(REGOSA ROSE)

These Hardy Japanese Roses make dense, sturdy, compact bushes, 3 to 5 feet high and very ornamental. Their dark, rich leathery foliage is oddly wrinkled, shiny and remarkably free from insect pests; the large, fragrant double and semi-double flowers are produced in profusion throughout the Summer, and followed in the Autumn with a profusion of beautiful orange red or crimson fruits. The plants are hardy as oaks, and do well anywhere. Excellent for making hedges or planting on the lawn with shrubbery or in isolated groups. If you want something unique, appropriate and permanent, try some of these on your lawn. The best two varieties are the following:

SIR THOMAS LIPTON

Color, pure-snow-white, 3 to 4 in. across and perfectly double. Flowers are very fragrant, borne on strong, upright stems all through the growing season. Price 15c. each, 2 for 25c. postpaid. Large 2 year old, 35c. each.

AGNES EMILY CARMEN

It is semi-double, and flowers in clusters; a beautiful crimson shade like General Jacqueminot; a free and continuous bloomer. A rampant grower, handsome foliage. Price 15c. each, 2 for 25c. postpaid. Large 2 yr. old, 35c. each.

Sir Thomas Lipton—Regosa Rose.

Tree, or Standard ROSES

The unique effects produced by groupings on the lawn or border lines of Tree Roses makes them very desirable. They can also be planted among or back of a collection of Bush Roses—thus making a two-storied Rose bed, as it were. They occupy but little ground space and when in full bloom look like mammoth bouquets of Roses on little trees 4 to 5 feet high, an imposing and beautiful sight. All the Winter protection required is to loosen the soil at the roots enough to lean the plant so that the top comes near the ground, then it can be covered with soil or two boards nailed together V-shaped and filled with dry leaves. In the Spring the weak shoots should be cut out and the stronger ones pruned back to three or four eyes. We have them in the white, the different shades of pink, red and crimson. Order before April 1st.

Price, \$1.00 each.

These can only be sent by express, not prepaid.

Standard, or Tree Roses.

Hardy Hybrid Sweet BRIAR ROSES

These lovely hybrids are crosses between the common sweet briar and various other Roses and, like their parent, the foliage is deliciously scented. The flowers are large and produced in great profusion, and the plants are perfectly hardy, and possess a robust vigor which is quite astonishing. They are strong, vigorous growers, throwing long, graceful branches, which are wreathed with flowers. These briars are seen to best advantage when isolated on lawn, or if grouped set far enough apart to allow of each plant having unrestricted freedom and its branches to hang gracefully and naturally. On no account should they be pruned beyond removing whatever branches are undesirable to keep. If pruned back like ordinary Roses they produce very few blossoms. Give each plant a 4 to 6 foot long stake and tie up some of the leading shoots to it. The best two varieties are the following:

ANNIE OF GEIERSTEIN

Large, handsome, deep crimson flowers; graceful branching habit; delightfully fragrant. Price 15c. each, 2 for 25c. postpaid. Large 2 yr. old, 35c. each.

AMY ROBSART

Robust grower and free bloomer. Beautiful deep rose-colored flowers. Price 15c. each, 2 for 25c. Large 2 yr. old, 35c. each.

CHOICE HARDY ORNAMENTAL SHRUBS

No flowering plants are more worthy of cultivation than shrubs and none can be cultivated more easily.

Shrubbery is indispensable for it has all the artistic advantages and all the practical ones as well. The first cost is the only cost, and the plants greatly increasing in size and beauty year after year, make an investment which yields an annual dividend of loveliness not to be computed in any ordinary way.

MAGNIFICENT NEW HYDRANGEA "HILLS OF SNOW"

Immense snow-white panicles of blooms, literally covering the bush; absolutely hardy, standing 20 degrees below zero without the least injury.

This magnificent, hardy American shrub is the finest addition to this class of plants found in many a year. The heads of blooms, which are of large size and pure snow-white color are produced in marvelous profusion covering the bush with a magnificent mass of glistening pure white flowers. The foliage is finely finished, lacking entirely that coarseness found in so many of our best known shrubs. One of the most valuable characteristics is its coming into bloom just after the passing of all the early Spring shrubs; while its long season, from early June, through September, renders it doubly valuable, not only to the florist for cut-flowers, but also to the owner of a garden—as there is no shrub so grandly decorative. The large heads of bloom are superbly attractive, and the habit of the plant is excellent. This splendid hardy shrub is bound to become most widely grown just as soon as its great value becomes known. We have a fine stock of this valuable shrub growing and can offer them to you at the following very reasonable prices: Strong Plants, postpaid, each 15c.; 2 for 25c.; doz. \$1.35. By Express, not prepaid, Larger Plants, each, 35c.; doz. \$3.50; or, Extra Large Plants, each 50c.; doz., \$5.00.

HYDRANGEA—Paniculata Grandiflora

THE MOST POPULAR OF ALL HARDY SHRUBS.

Hundreds of thousands of them are sold every year and the demand is constantly increasing. Unsurpassed for the lawn, a hedge, or for cemetery planting. It readily attains a height of 5 to 7 feet; hardy in all localities, needs no protection in Winter; blooms the first and every season in July and August and continues in bloom for two or three months; the flowers are massive, cone-shaped, sometimes ten inches in length, and changing from the original pure white to pink, and finally to a beautiful rich coppery red. Fine Plants, postpaid, each, 10c.; doz. \$1.00. Larger Plants, by Express, not prepaid, each, 25c.; doz. \$2.50. Extra Large Plants, each 35c.; doz. \$3.50.

DEUTZIA LEMOINEI

The finest of all, and one of the best of hardy shrubs. Magnificent broad, dense heads of bloom, opening very full, pure snowy white, each panicle forming a veritable bouquet, and completely covering the bush. A great improvement upon *Deutzia Gracilis*, the flowers being larger and more enduring and the bush a stronger grower. Strong plants, each, 15c.; 2 for 25c., postpaid.

Nothing can take the place of Shrubbery for the Lawn. They thrive in any situation, are beautiful all Summer, producing some of the choicest out-door blossoms. The list here offered is a select one, including only the very finest and most desirable "Full of Life" Varieties.

Spirea, Bridal Wreath (PRUNIFOLIA)

This lovely old-fashioned shrub is always popular, and justly so, because of its real beauty; bears large spirals of densely crowded double white flowers, each blossom like a miniature rose, the entire length of the branches—and they appear by the million—hence the common title of "Bridal Wreath." A beautiful floral wreath is made at once by bending and tying the ends of the branch together. One of the most beautiful hardy shrubs in existence. Fine plants, 15c. each; 2 for 25c., postpaid.

Spirea, Anthony Waterer

A PERPETUAL BLOOMER.
Outshines All the Spireas in Brilliance of Color.

Makes a dwarf bush 18 to 24 inches high, covered from Spring until late in the Fall with large heads of lovely crimson flowers, borne in dense clusters and have a peculiar feathery appearance, which is beautiful. Flowering profusely when only a few inches high, one of the best and most desirable plants at the front of shrubberies or wherever a low bush is required. Fine plants, 15c. each; 2 for 25c., postpaid.

Deutzia Lemoinei.

Spirea, Bridal Wreath.

Sweet Scented Shrub.

Sweet Scented Shrub

Of spreading growth bearing throughout the Summer great numbers of double, dull brownish purple flowers of exquisite aromatic strawberry-like fragrance. The wood and leaves are also sweetly scented, which causes it to be known as Sweet-Scented Shrub and Strawberry Shrub. Each 15c.; 2 for 25c., postpaid.

Persian Tree Lilac

A neat, handsome growing little tree, growing seven to eight feet high, with slender branches and long narrow foliage; the flowers grow in immense clusters, delightfully and deliciously sweet and fragrant. It is perfectly hardy, a vigorous grower and flowers abundantly with little care and continues to bloom with a fragrance and beauty that is surpassed by no other shrub. Nearly every one is fond of Lilac blossoms and with the revival of the old-fashioned garden their popularity increases. A general favorite for planting in the dooryard and lawn. I offer nice strong plants.

Persian Blue, 15c. each; 2 for 25c., postpaid.
Persian White, 15c. each; 2 for 25c., postpaid.

TREE LILAC.

The New Hardy Japanese Snowball.

The New Hardy Japanese Snowball

Grand Beyond Description.

This Japanese variety of the old-fashioned Snowball is one of the most valuable of all hardy shrubs. It forms an erect, compact plant, 6 to 8 feet in height, blooms in June and for a long time the plants are filled with hundreds of big snowy balls that glisten with ethereal whiteness like gems in the sunlight. One of the grandest and most striking of all hardy decorative plants. Price, 15c. each; 2 for 25c., postpaid. Larger plants, 35c. to 50c. to 75c. each, shipped by Express, not prepaid.

Syringa, or Mock Orange.

Syringa, Philadelphia (Mock Orange)

Coronarius, a well-known, indispensable hardy shrub of vigorous habit, with large handsome foliage and beautiful creamy white flowers, deliciously fragrant and borne in great profusion. Very showy and desirable. Strong thrifty plants, 15c. each; 2 for 25c., postpaid.

Weigela, Eva Rathke

A Grand New Everblooming Variety.
The Finest Weigelia in Cultivation.

A remarkably free bloomer, flowering continuously throughout the Summer and Autumn; of an entirely distinct color, being a rich ruby-carmine, borne in clusters all along the branches. A most valuable novelty and one of the finest all around flowering shrubs, blooming after the Lilacs in June and July; admirably adapted to small lawns or gardens and thrive in any soil. Strong plants, 15c. each; 2 for 25c., postpaid.

THIS IS A REAL BARGAIN

They are all perfectly hardy, and when established, will bloom on and on, year after year, with little or no attention, and make a handsome display of brilliant flowers every season.

Weigela, Eva Rathke.

Amoor River Privet Hedge.

Catalpa Speciosa—A Windbreak and a practical Timber Crop.

Hardy Ornamental Hedge Plants

JAPANESE BARBERRY (*Berberis Thunbergii*)

This is the most valuable for making a low dwarf hedge. It is of low, regular and compact growth and requires very little pruning. It has fine thorns and small round rich green leaves that change color in the Autumn to a fiery crimson. The hedge is made still more beautiful by great numbers of pretty drooping yellow flowers which are followed by bright red berries. It is frequently planted singly, and is one of the handsomest flowering shrubs we have. **Strong plants, postpaid, each, 10c.; doz. \$1.00. Prices by express, not prepaid, select plants 12 to 14 in. high, \$6.00 per 100, 14 to 16 in. high \$8.00 per 100.**

CALIFORNIA PRIVET (*Ligustrum Ovalifolium*)

This is one of the most popular hedge plants, grows very fast, bushy, compact and very hardy. For groups and specimens it is equally pretty, and its shining leaves give it value for porch and terrace decoration when grown in standard form. Can be sheared to any desired shape. **Price, good strong plants, postpaid, each, 10c.; doz. \$1.00. Prices by express, not prepaid, select plants 15 to 18 in. high \$3.50 per 100, 18 to 24 in. high \$5.00 per 100.**

AMOOR RIVER PRIVET (*Ligustrum Amurense*)

A remarkably vigorous grower, compact and regular in form, with glossy wax-like foliage; a beautiful shade of green. It is by many recognized as the "Ideal Hedge Plant," thrives in all kinds of soils and situations, in sun or shade, around railroads or smoky factories, and for seashore planting it is one of the best things you can get. It is quite hardy, and is also extensively planted in hot, dry Southern soils. Is never troubled by insects and will withstand shearing to any extent, and at all seasons. We have an extensive stock of thrifty, vigorous, well rooted plants. **Price, good strong plants, postpaid, each, 15c.; doz. \$1.50. Prices by express, not prepaid, select plants 15 to 18 in. high \$7.50 per 100, 18 to 24 in. high \$10.00 per 100.**

IBOTA PRIVET (*Ligustrum Ibotense*)

A valuable hardy Privet for the Western and Northern states. It is almost evergreen and grows freely in all soils. Compact and regular in form, and bears shearing to any extent. Flowers white and fragrant; leaves long and shiny. A charming shrub for hedges or specimens on the lawn. **Price, good strong plants, postpaid, each, 15c.; doz. \$1.25. Prices by express, not prepaid, select plants 15 to 18 in. high \$6.00 per 100, 18 to 24 in. high \$7.50 per 100.**

BUCKTHORN (*Rhamnus Catharticus*)

We consider Buckthorn the best and hardiest hedge plant for the Northwest and extreme colder sections of the country. It stands the coldest Winters without a particle of injury, commences growth very early in the Spring. The dark foliage-masses of this dense, twiggy bush are relieved by masses of attractive white flowers in June and July. They are followed by showy black fruits. **Prices by express only, not prepaid, select strong plants 18 to 20 in. high \$7.50 per 100, 20 to 24 in. high \$10.00 per 100.**

JAPANESE ROSE HEDGES (*Regosa Rose*)

Roses are coming to be more and more popular as people learn about the splendid qualities of the Regosa or Japanese Roses for this purpose. They make neat, compact, uniform growth and the thick, bushy mass of glossy, crinkled foliage gives a particularly fine appearance. They are perfectly hardy in the coldest Winters and are especially valuable because the foliage is never troubled with either insects or disease. Our new Hybrid varieties, Agnes Emily Carman and Sir Thos. Lipton, bloom all Summer, (see page 144 for full description.) **Price by express, not prepaid, \$3.00 per doz. for strong 2 yr. old plants.**

QUALITY

Plant Catalpa Trees For Profit

The Catalpa is one of the hardiest and most easily transplanted of all our common trees. Any soil that will grow farm crops will grow Catalpa trees. An acre of Catalpa trees properly cultivated and cared for, will take no more labor than an acre of corn, and after three years this acre is growing into more value each year than an acre of corn, with no labor at all. There are thousands of farmers who own from 80 to 300 acres of land who are struggling along in debt carrying mortgages who could plant five to ten acres to Catalpa trees, and after seven years, sell the timber for enough to pay off the mortgage. All authorities agree that timber and all lumber products must continue advancing in price, owing to the growing scarcity of the timber supply. The Ohio Experimental Station is doing a great work by encouraging the planting of true *Catalpa Speciosa* trees in nearly every County in the State, and in their late report show one grove that has made over 3,000 fence posts per acre at twenty years of growth. These posts are worth, wholesale, twenty cents each, and this brings the value of the timber on an acre to \$600.00. Think of it. \$30.00 per acre for each year your trees are growing, with very little labor, and no worrying each year about getting the crops in on time, nor hustling to save it when grown. No worrying over the hired-help problem—just quietly allowing nature to work for you. As a tree for road-side planting, and in places where stock run, the Catalpa is the best possible tree to plant, because cattle and horses do not like the leaves or bark. It is of great importance that land-owners see the need to plant trees and the sure profit to come from this work. Few people realize the real cash value added to a farm that has beautiful groves and avenues of trees. The protecting influences of even a small grove of trees from the cold Winter winds are truly remarkable, and there is no reason why every farm should not have sheltering groves or belts of timber. Start a grove of Catalpa trees this year and you will be more than pleased with the result. Nearly every farm has some waste land that could be used for this purpose. **Special Price—Price of Catalpa Speciosa trees 6 to 12 inches 85c per 100 \$4.95 per thousand, by express, not prepaid. Order early while my supply is complete.**

WARNING The True *Catalpa Speciosa* is scarce. Even if you don't trade with me, be sure you buy the genuine stock and not "*Catalpa Bignonioides*" and other common varieties, which are only scrub trees and worthless for almost any use.

BEST HARDY ORNAMENTAL CLIMBERS.

AMPELOPSIS Veitchii

Sometimes Called

"BOSTON IVY" and "JAPAN IVY"

The fashionable and most hardy wall climber of the day. Clings lightly to rock, brick, etc., and it is a wall of living green the Summer through, turning in Autumn to a flaming crimson, when it is certainly gorgeous. It stands the dust and dry air of cities admirably. Strong plants, 15c. each; 2 for 25c., postpaid.

ENGLEMAN'S IVY

Ampelopsis Englemanni.

A desirable variety with clinging tendrils by which it will climb walls or trees and cling as close as the Boston Ivy. The foliage resembles Quincefolia, but is much more dense. Strong plants, each 25c.; 3 for 50c., postpaid.

VIRGINIA CREEPER

Ampelopsis Quincefolia.

A native vine of rapid growth, with large, luxuriant foliage, which in the Autumn takes on the most gorgeous coloring. Strong plants, each 15c.; 2 for 25c., postpaid.

Beautiful Jackmanii Clematis.

CLEMATIS—Hardy Perpetual Flowering

Of all the vines used either for shade or decoration, none can compare with the Clematis in its many and varied forms, producing hundreds and thousands of picturesque and strikingly beautiful blossoms.

BEAUTIFUL JACKMANII—A perfect beauty. 5,000 blossoms have been counted on a single specimen plant. Jackmanii is of rapid growth, early, abundant and continuous bloomer. Perfectly hardy and adapted to all kinds of culture. In flower from middle of June to middle of October. The blossoms are of large size, intense royal velvety-purple when in full bloom, varying through all the exquisite shades of violet; 6 inches across, richly veined and handsomely shaded. The most striking and picturesque variety known. Strong field-grown 3-year-old roots, price 50c. each, postpaid.

CLEMATIS, PANICULATA—(Japanese Virgin's Bower)—One of the most beautiful of our hardy flowering vines. The flowers of pure white, three-fourths of an inch in diameter, star-shaped, and are borne in great panicles or clusters of bloom, fairly covering the plant. These clusters are borne on long, slender stems, which stand out boldly from between the glossy-green leaves. The fragrance is delicious, resembling the English Hawthorne blossoms, and will fill the air with fragrance. It begins to bloom in August, at a time when most other hardy climbers are out of bloom—an inestimable advantage. It is a strong, rapid grower, quickly reaching a height of from 15 to 20 feet and spreading out when trained to wires or strings. It is perfectly hardy in all sections of the country, and it is, in our opinion, the most valuable among hardy climbing vines. A grand porch climber. Large, strong 2-year-old roots, price 25c. each; 5 for \$1.00, postpaid.

NEW RED CLEMATIS—(Mad. Edouard Andre)—An entirely distinct, and most novel variety, and the nearest approach to a red ever sent out. Thousands of flowers produced on a single specimen plant. Large 3-year-old roots, price 50c. each, postpaid.

CLEMATIS, HENRYII—Fine, large, creamy white flowers. The very best of the white varieties; a perpetual bloomer. Large field-grown roots, 3 years old, only 50c. each, postpaid.

STANDISHE—One of the most striking beauties ever offered. In color it is a most exquisite lavender-blue of large size, often measuring 6 inches across. Thousands of flowers may be grown on a single plant. Every year's growth adds to its beauty. It is a perpetual bloomer. Large roots 3 years old, 50c. each, postpaid.

See In all instances we would advise that Clematis plants be shipped VIA EXPRESS, though we can send them safely by mail, if desired.

MOUNTAIN BEAUTY VINE

(ANTIGONON LEPTOPUS)

A beautiful New Climbing Vine not quite hardy here, but specially recommended for the South and Pacific coast: it is a vigorous climber, suitable for covering porches, verandas, etc., has handsome foliage and is covered for months at a time with splendid clusters of rose-pink flowers, of the most exquisite color, leaves heart-shaped. Price, fine strong plants, 15c. each; or 2 for 25c., postpaid.

The Wonderful Ha ese Kudzu Vine

(*Pueraria Thunbergiana*)
If you wish a Vine that will grow anywhere in the most remarkable and rapid growing of all hardy vines and flourishes where nothing else will grow; will last for 2 years in Winter, coming up again from the roots in the Spring. It has large, heart-shaped leaves of delightfully fragrant purple flowers in Summer and Autumn, with large beautiful deep green leaves affording dense shade, making it invaluable for covering porches, arbors, fences, rockeries, dead or old trees, etc. Price, Strong 1 year old roots, 15c. each; 3 for 40c., or 12 for \$1.30. Large 2 year old plants, each 25c.; 12 for \$2.50, postpaid.

Matrimony Vine

A vigorous, hardy climbing plant. It covers a great amount of space in a short time, and every new growth is at once covered with bright purple flowers, which are succeeded by brilliant scarlet berries nearly an inch long. It will grow and thrive in any situation, either shade or bright sunlight. Strong Plants, each 25c.; 3 for 50c., postpaid.

Bitter Sweet

(*Celastrus Scandens*.)
A native vine with good foliage; yellow flowers in June, and bright, ornamental orange and scarlet berries throughout Fall and Winter. It is very hardy; grows in sunny or shaded places, and is not surpassed as a vine for covering trellis-work, trees, rocks or walls. Each 15c.; 2 for 25c., postpaid. Larger Size 25c. each.

Trumpet Creeper

(*Bignonia*.)
These are familiar, strong-growing vines, with deep, rich green foliage and large trumpet-shaped flowers in early Summer. They are very desirable for covering Summer-houses, training over arbors, and to climb over trees, rocks and rustic bridges. Bignonias will grow in almost any soil and are hardy, except in the coldest climates. Strong 3 year old Plants, each 35c., postpaid.

Matrimony Vine.

Chinese Wistaria

One of the most elegant and rapid growing hardy climbing plants; attains an immense size, growing at the rate of 15 to 20 feet in a single season. Bears an abundance of long, pendulous clusters of purple-lilac flowers in May and June and again in Autumn. Large 2 year old plants, price, 35c., postpaid.

Japanese Kudzu Vine.

GRAND SPECIAL OFFER	Buckbee's Best Six "Full of Life" Hardy, Easily Grown, Satisfactory Climbers		POSTPAID FOR ONLY 77c.
	1 Ampelopsis, Veitchii; the popular "Boston Ivy"		
	1 Clematis, Paniculata; the "Virgin's Bower."		
	1 Honeysuckle, Golden Leaves; very effective.		
No.	1 Queen Victoria English Ivy; very satisfactory.		
77	1 Rose, Improved Crimson Rambler; the most wonderful climbing Rose, perfectly hardy.		
	1 Honeysuckle, Halleana; Hall's Introduction. Truly A Wonderful Bargain—Postpaid Only 77c.		

HONEYSUCKLES

Favorite vines of strong, rapid growth in any soil or location. They are well adapted for all trellis-work, for climbing over arbors and verandas, for training to posts and along fences. They are beautiful when allowed to ramble over trees and bushes in a wild and natural way. The vines take root where they touch the ground, and this habit suits them for creeping over dumps and unsightly places, as well as for retaining purposes on slopes and banks. They withstand shade and make a ground cover in places where grass will not grow.

Beautiful Honeysuckles.

HALLEANA—(Hall's Japan)—For real home vines to climb over your windows and doorways there is nothing prettier than the Honeysuckles, and the Halleana is considered by many the sweetest and most beautiful of all. It is a strong, rapid grower, perfectly hardy. Blooms constantly and profusely from June to November. Flowers are pure white changing to yellow and of peculiarly delicious fragrance. Fine for trellises or pillars. Foliage bright, glossy green; makes dense shade. Strong plants, 15c. each; or 2 for 25c. postpaid.

GOLDEN LEAVES—Marvelously effective. It bears innumerable sprays of the most perfect little leaves, that are covered with a network of gold and green, often marked with pink also. A strong grower, with white blossoms. A unique vine. Strong plants 15c. each, or 2 for 25c., postpaid.

SPECIAL OFFER:—For only 25c. I will send postpaid one fine plant each of the two varieties of Honeysuckles.

The Best HARDY LILIES

ALL STRICTLY FIRST SIZE. Especially adapted to planting in borders, or between shrubs, etc. As a whole, the most desirable section of all Lilies for general cultivation. They are hardy, needing little protection, will grow and flower without special treatment. A few clumps planted in your yard where they will not be disturbed from year to year, will reward you with abundant flowers. These varieties are the most popular Lilies grown.

Three Popular Japan Lilies

Auratum. (The Golden-Banded Lily of Japan.) This is justly entitled to the name often given it—The Queen of Lilies. The immense blooms measuring nearly a foot in width when fully expanded—are produced in the greatest profusion and are deliciously fragrant. The large white petals are thickly spotted with chocolate-crimson, and have a bright golden-yellow band through the center of each. Mammoth Bulb. Each 20c.; doz. \$2.00, postpaid.

Speciosum Album. Pure white flowers with a greenish band through the center of each petal. They are of great substance and very fragrant. One of the best for general culture. Mammoth Bulb. Each 20c.; doz. \$2.00, postpaid.

Speciosum Rubrum. No words can overstate the brilliant beauty of these famous Japanese Lilies. The six broad white or pink petals are thickly dotted with rose or crimson spots, and the graceful form and brilliant color make them very effective and desirable. Especially thrifty and hardy. One of the best for garden culture. Mammoth Bulb. Each 20c.; doz. \$1.75, postpaid.

Special Offer C1 One each of the above three varieties postpaid **only 50c.**

Double Tiger Lily.

Double Tiger Lily (Tigrinum Flore Pleno.)

This is a plant of stately habit, growing from 4 to 6 feet high, bearing an immense number of double bright orange red flowers, spotted with black. Blooms in August. Splendid Bulbs. Each 12c.; 3 for 30c.; doz. \$1.15, postpaid.

The Leopard Lily (Lilium Pardalinum.)

An elegant and very beautiful Lily from California, rich scarlet and yellow flowers, spotted with purplish brown. This is a superb Lily and always gives satisfaction, does well everywhere, blooms finely in the house in pots, also entirely hardy in open ground. It is one of the Lilies you want. Splendid Bulbs. Each 12c.; 3 for 30c.; doz. \$1.15, postpaid.

Lilium Umbellatum

One of the very best classes of the hardy garden Lilies, strong sturdy habit, growing from 2 to 3 feet high, having large showy flowers held upright and in clusters at the summit. They are of easy culture, thriving under ordinary garden conditions, flowering in June and July. The colors range through all the shades of red from rose to blackish crimson, yellow, buff, apricot, orange, etc. Splendid Bulbs. 15c. each; 3 for 40c.; doz. \$1.25, postpaid.

Lilium Wallacei

This Lily is very floriferous, each bulb throwing up from 4 to 6 flower stems, each one of which is crowned with 8 to 10 beautiful, upright blossoms, of a delicate, bright apricot color. It is very perfect in form, and a most desirable sort. Splendid Bulbs. Each 10c.; doz. \$1.00, postpaid.

Buckbee's Mammoth Flowering Lily of the Valley

No garden is complete without a bed of these Fragrant Flowers.

The sweetest, the loveliest Spring blooming plant, producing delightfully fragrant blooms. Will thrive in any common soil and do well in shady places where many other plants fail. Large flowering roots, each 5c.; 6 for 25c.; 12 for 40c., postpaid.

Special Offer C2
One fine bulb each of 8 splendid hardy Lilies on this page, post-paid, **Only 97c.**

Leopard Lily.

Lily of the Valley.

PAEONIES

Festiva Maxima
Paecny

No flower exceeds them in popularity, and none is more easily grown. Everyone knows the old-fashioned "Piny" of our grandmother's garden. There is no other flower that will give you such an attractive display of flowers and supply of cut flowers. When once planted they practically take care of themselves, and are well adapted for planting in the border bed or in solid beds. They are among the showiest and most useful of all hardy plants.

- Chieftain—A deep rich red. Each 25c.
- Delicatissima—Delicate pink. Each 35c.

Bargain Offer E8. One each of Chieftain, Venus and Zada Paeonies for only **50c.** Postpaid.

GERMAN IRIS (Fluer-de-Lis)

The German Iris is one of the most desirable early Spring-flowering plants. No garden is complete without a collection of these beautiful flags. We especially wish to call attention to the value of this Iris for groups for planting in masses on the lawn or among shrubbery, or for naturalizing in wild or uncultivated places. It is hardy everywhere, and it succeeds in any soil without cultivation or care of any kind.

- BLACK PRINCE**—Deep rich royal purple. Each, 20c. postpaid.
- CELESTE**—Bright satiny blue. Each, 15c. postpaid.
- DARIUS**—Lemon yellow, purple edge. Each, 15c. postpaid.

- HER MAJESTY**—Beautiful rosy lilac. Each, 20c. postpaid.
- MADAME CHEREAU**—White frilled violet. Each, 20c. postpaid.
- PLUMERI**—Deep coppery bronze. Each, 15c. postpaid.

Special Offer E6. The set, one each of six named German Iris, postpaid for only **75c.**

HARDY PHLOX

No class of Hardy Perennials is of more importance than the Phlox which succeed under almost any conditions and flower from the end of June until late in the Fall; and while they will continue in good condition and flower freely for many years without attention, still they are much improved by liberal cultivation. Although there are quite a number of different varieties and colors, we have confined ourselves to six of the newest and rarest sorts, which are, without doubt, the choicest and most distinct assortment that has ever been offered.

- CHATEAUBRIAND**—Pure white with crimson, carmine eyes, shading to violet.
- COQUELICOT**—Orange red and scarlet.
- F. G. VON LASSBURG**—The purest white.
- INSPECTOR PIEKER**—Purplish mauve.
- PANTHEON**—The peerless pink. Extra large.
- SELMA**—Light salmon, with violet eye.

Price, any of the above choice varieties 15c. each, postpaid.

SPECIAL OFFER E 9.

Bleeding Heart.

Corn Flower Aster.

BUCKBEE'S CHOICE "FULL OF LIFE"

HARDY PERENNIAL PLANTS

THE OLD-FASHIONED HARDY GARDEN FLOWERS—Very popular and deservedly so. No feature of the garden can be more satisfactory than a good assortment of these hardy plants producing from early Spring to late in the Fall a continuous succession of charming flowers which are equally valuable for garden ornamentation and cutting purposes. No class of plants will yield better or more pleasing results for the money invested. They require very little care or attention, are perfectly hardy and yield a rich harvest of bloom.

BLEEDING HEART—(*Dielytra*, or *Dicentra*)—An old-fashioned favorite; its long and graceful heart-shaped pink flowers are always attractive. Prices postpaid, 15c. each; \$1.15 per doz.

BABY'S BREATH—(*Gypsophila Paniculata*)—A beautiful old-fashioned plant possessing a grace not found in any other perennial. Beautiful pure white flowers. Plants two to three feet in height and about the same in diameter. Prices postpaid, 10c. each; \$1.00 per doz.

CANTERBURY BELLS—(*Campanula Medium*)—An old time favorite. Our stock has been grown from the very finest strains. Prices postpaid, 10c. each; \$1.00 per doz.

COREOPSIS—(*Lanceolata Grandiflora*)—One of the most popular hardy plants. The flowers are of a rich golden yellow and invaluable for cutting; continues in bloom the entire Summer and Fall. Prices postpaid, 10c. each; \$1.00 per doz.

CORN FLOWER ASTER—(*Stokesia*)—A most charming and beautiful native plant. Grows from 18 to 24 inches high, bearing freely from early in July until October its handsome lavender-blue Cornflower like blossoms, which measure from 4 to 5 inches across. It is of the easiest culture, succeeding in any open, sunny position, and not only is it desirable as a single plant in the hardy border, but it can also be used with fine effect in masses or beds of any size. Prices, postpaid, 10c. each; \$1.00 per doz.

LADY IN WHITE—(*The Famous Cemetery Plant*)—One of the very best white flowered plants for the border. The flowers are borne in the greatest profusion the entire Summer on strong erect stems, pure white in color. Select Plants postpaid, 15c. each; \$1.25 per doz.

DELPHINIUM OR LARKSPUR—(*Formosum*)—These old-fashioned flowers are being used with telling effect in our parks and public grounds. They are about the only hardy blue flower of any note, and have a long season of bloom. Select plants postpaid, 10c. each; \$1.00 per doz.

FOX GLOVE—(*Digitalis*)—Another good old-fashioned but dignified and stately perennial. The strong flower stalks—often four to six feet high—always give an appearance of strength wherever planted. Prices postpaid, 10c. each; \$1.00 per doz.

SHASTA DAISY (*Mixture of New Named Varieties.*) These new Hybrids of Shasta Daisy give us different forms of flowers and much larger blooms, and are just as hardy and strong growing as the original type. Flowers range in shape from fully double to single; and in color, from pure white to pale lemon yellow—some solid color, some prettily variegated with yellow discs. The plants are extremely productive of bloom, which continues throughout a long season and is supported on long firm stems—making as spectacular a field show and as profitable a cut flower supply as any hardy perennial grown. Select plants, prices postpaid, 10c. each; \$1.00 per doz.

Hardy Perennials Last for years and are especially useful as cut flowers.

Shasta Daisy.

Canterbury Bells.

Lady in White—The Famous Cemetery Plant.

Fox Glove.

Golden Glow.

GAILLARDIA
GRANDIFLORA

Hollyhock.

BUCKBEE'S CHOICE "FULL OF LIFE" Hardy Perennial Plants

GAILLARDIA GRANDIFLORA—One of the showiest and most effective hardy plants, about two feet high, and continuous bloomers from June till cut down by the frost. The flowers are of gorgeous coloring; the center is of dark red-brown with petals marked with rings of brilliant crimson, orange and vermilion, and often a combination of all in one flower. Excellent for cutting.

Prices postpaid, 10c. each; \$1.00 per doz.

GOLDEN GLOW—(Rudbeckia.)—It is a question whether any other hardy perennial has ever met with greater popularity than this. It is a strong robust grower, of five to six feet, and produces masses of double golden yellow cactus dahlia-like flowers from July to September. Prices, postpaid, 10c. each; \$1.00 per doz.

HARDY ENGLISH VIOLET—This Violet is entirely hardy; of a deep violet-purple color and most deliciously fragrant, and perfectly double. It surpasses the well-known "Marie Louise" Violet in richness of color, being many shades darker and far excels it in its delightful odor, which is one of its greatest merits. Will grow and bloom in any garden and in any situation. Nothing is more appropriate for cemetery plots than the Hardy Double English Violet. Prices, postpaid, 15c. each; \$1.50 per doz.

HOLLYHOCK—Few hardy plants combine as many good qualities as the Hollyhock. The flowers form perfect rosettes of the most lovely shades of color. It requires a rich, deep soil, well drained, and will repay in quantity and elegance of bloom any extra care. A slight protection during the Winter will be beneficial. Prices postpaid, Choicest Varieties Mixed, 10c. each; \$1.00 per doz.

HARDY GARDEN PINKS—Old favorites bearing their sweet clove-scented flowers in the greatest profusion during the Summer months. Finely selected varieties, postpaid, 10c. each; \$1.00 per doz.

PERENNIAL POPPY—Nothing can equal these Poppies during their period of flowering for a gorgeous display of a rich brilliant coloring, and the freedom with which they bloom render them conspicuous in any position. Select plants, price postpaid, 15c. each; \$1.20 per doz.

SWEET WILLIAM—(Dianthus Barbatus.)—Beautiful old-fashioned favorite border plant. The stock we offer has been grown from a select strain; various colors. Select plants, price postpaid, 10c. each; \$1.00 per doz.

TRITOMA—(Red Hot Poker Plant; Flame Flower, or Torch Lily.)—Surpasses the finest Cannas for attractiveness and brilliancy; blooms incessantly from August until November. Plants show from six to ten grand flower-stalks all the time, each holding at a height of 3 feet a great cluster of flame-colored flowers. Prices postpaid, 10c. each; \$1.00 per doz.

Sweet William.

Buckbee's "Full of Life" Strawberry Plants

POT GROWN STRAWBERRY PLANTS

Ready for Shipment During August and September Only.

Orders for Pot Grown Plants should be sent in early as we have to grow them especially and cannot promise to fill orders received late.

A SAVING OF 1 TO 2 YEARS in time is made by setting our Pot Grown Strawberry Plants which is certainly worth much more than the slight difference in first cost of plants. It will pay you to set out a nice bed of Pot Grown Plants the coming September and pick a splendid crop of luscious berries the following Spring.

Order Early.

FIELD GROWN STRAWBERRY PLANTS

Ready for Shipment About April 1st, also During September and October.

Early orders are respectfully requested and shipment will be made soon as plants show growth in the Spring. All orders will be filled strictly in rotation of date received.

MY PRICES ARE LOW for choice "FULL OF LIFE" Field Grown Plants—the illustration aptly shows their strong, vigorous quality and those desiring to set out a large acreage of Strawberries the coming season will do well to order early so that I can reserve the very choicest Plants for your orders.

My Annual Strawberry Sales run close to 5,000,000 Plants.

Buster

Berries its name because its chief characteristic is a record breaking yield. Has won distinction for its vigor of growth and reliability under adverse conditions. Just the thing for new beginners. Stands more frosts than any other, consequently popular everywhere, particularly where late Springs are common. BUSTER beats them all when it comes to yield—especially in Northern latitudes. Fruit large, bright red, fine quality and excellent shipper.

Chesapeake

Eastern favorite. One of the best late varieties. Fruit is large and may be compared to Gandy as to form; berries colored all over at once, flavor similar to Wm. Pelt which is rich, meaty and juicy. Especially suited to localities subject to late frost. Plants are large and vigorous, upright grower, holding fruit from the ground, practically rust proof, foliage thick, preventing bleaching of fruit.

Early Ozark

First in market. World wide reputation as one of the earliest varieties ever originated. Ranks with the best for size and flavor. Cross between Excelsior and Aroma combining the excellent characteristics so pronounced in both; excellent maturing variety, strong in pollen, very productive, firm texture. As a commercial variety it holds front rank.

Great Northern

My latest introduction. Unquestionably one of the best Extra Earlys. Strong, robust healthy grower, with everlasting foliage and perfect blossoms; heavy cropper, excellent for market or home consumption, fine canner. Berries large, beautiful glowing red in color; decidedly sweet.

Great Ruby

This large, brilliantly colored, deliciously flavored, immensely productive variety holds its place as one of the few strictly fancy extra early varieties. Fruit large, well shaped, smooth surface, very hardy grower. As a shipper or home berry it can't be beat.

Longfellow

Early to late. Blooming with the earliest varieties, continues the production of delicious fruit until very late in the season. Very strong in pollen, excellent fertilizer; fruit form is long, having small neck, which is the unfailing sign of sweetness. Very deep dark red color extending throughout. Unsurpassed for general requirements.

New Shuckless Wonder.

Pan American Everbearing

TRULY AN EVERBEARING VARIETY.
Greatest Novelty Ever Introduced.

This new Strawberry bears a full crop in the Spring and continues to bear berries all Summer and in the Fall up to the time of hard freezing. The greatest novelty in Strawberries ever introduced. Think of a variety that you can pick ripe berries from for three months, or until they are destroyed by the frost. The fruit is as large as Clyde or better, smooth and color up evenly all over, no green tips. In quality and flavor it is fine. It fruits on new runners and old plants, a strong, healthy grower and remarkable stooler. The ideal berry for the family garden.

Pride of Michigan

One of the greatest ever introduced. In size the berries surpass all other varieties, producing greater number of fancy berries than any other late variety which lie in windrows and are completely covered by its dense foliage. Excellent canner, fine shipper, always bringing top notch prices. Meat is firm, exceedingly rich solid in texture, very smooth, flavor delicious. Has long blooming season therefore very valuable for marketing purposes.

Rough Rider

My own origination, acknowledged by critical judges as the best main cropper. Enormously productive, exceedingly hardy, grand shipper. Fruit very large, dark rich red of delightful flavor.

Senator Dunlap

Most Popular of All. Grows immense quantities of large handsome berries that are a rich dark red with glossy finish, shading to deep scarlet on the underside. Bright yellow seeds looking like gold imbedded in highly colored wax. Noted for uniformity of size and shape. The rich bright red of its meat and delicate flavor make it really ideal. Recognized as a general favorite in every market. Our trade on this variety extends from coast to coast.

New Shuckless Wonder

THE NEW SEEDLING STRAWBERRY
Don't Overlook This.

A most valuable and distinct variety unlike any other, producing a berry parting freely from the calyx; and a berry that contains no acid; a berry that has very few seeds; a berry that is mild and sweet. It ripens mid-season. Plants short and stocky, very thrifty grower, foliage dark green, very prolific, berries bright red with a long shaped neck, which is the unfailing sign of sweetness, very firm, the firmest and best shipper known.

MON- EY IN STRAW- BERRIES

A Strawberry Bed is a safe and sure investment. Greatest of all Money Makers. \$600.00 profit per acre. Only one expense—the Cost of Plants, which is merely nominal—lasts for years.

Suited to all soils and climates. 100 Plants will supply an ordinary family with fresh, delicious fruit all season. Start Right! Get the Best! Set Out BUCKBEE'S "Full of Life" STRAWBERRY PLANTS. Order Early.

HELEN DAVIS

The Strawberry without a peer. Newest and Best Introduction. Offered for the first time. Embraces the Cardinal qualities of all the Best Standard Varieties. Absolutely distinct. Acknowledged by experts to be the most drought resistant sort to various soils and climates. Idea for home or shipping. Starts fruiting early and continues throughout the entire season. Vigorous, upright grower, easy picker, enormously productive. Fruit very large, decidedly smooth surface. Beautiful crimson color which extends from center to circumference. The flavor surpasses them all, delicate and delicious. Velvet quality of the meat gives it pre-eminence. My stock is limited—kindly order early.

WHEN I SHIP STRAWBERRY PLANTS—In this locality Field Grown Strawberry Plants are ready for shipment in April. We can also make Fall Shipments the latter part of September and in October. Potted Strawberries are shipped August and September. Be sure to state the exact date you want your plants shipped when ordering. Otherwise we will use our best judgment.

NOTICE—All varieties marked (S) are Staminate Perfect Flowering and (P) Sexual varieties.

All varieties marked (P) are Pistillate and destitute of Stamens.

Therefore when planting varieties marked (P) it will be necessary to have every third row a Perfect Flowering or (S) variety to properly fertilize the bed; much finer fruit will be obtained by so doing.

For example—If your order calls for 200 Great Ruby (P) you should also have 100 Great Northern (S) to properly fertilize the bed. Plant the first two rows with Great Ruby (P) and the third row with Great Northern (S) and so on; or you can use any other (P) and (S) varieties in the same manner.

SPECIAL OFFER COLLECTION "A"

For only 99c I will send you 12 selected plants each of the three varieties: Helen Davis, Early Ozark, Buster. (36 in all) postpaid.

SPECIAL OFFER COLLECTION "B"

For only \$1.47 I will send by express, not prepaid, 50 selected plants each of the three varieties: Helen Davis, Early Ozark, Buster

F

Eldorado Blackberry.

GRAPES

CHOICEST HARDY VARIETIES

Campbell's Early The berries are large, often an inch or more in diameter, glossy black with a purple bloom, sweet and juicy with few seeds. They ripen from the 15th to the last of August. As a keeper and shipper this variety is unequaled by any other American Grapes while as a dessert Grape it is delicious. Price, 1 year strong, 20c. each, or \$1.75 doz., postpaid

McPike This mammoth black Grape has been exhibited in all parts of the country, its great size, fine flavor and beauty creating a sensation. It is a seedling of Worden and has many of the good qualities of both Worden and Concord. Ripens before Concord. Prices same as Campbell's Early.

White Diamond Valuable for all sections of United States. Best white, healthy and perfectly hardy. Price same as Campbell's Early.

Moore's Early One of the best early ripening varieties. The bunch is large, round and with a black-blue bloom. In quality surpassing the Concord. Price, 1 year strong, 15c. each, or \$1.25 doz., postpaid.

Concord The well-known standard black-blue variety. It succeeds wherever Grapes are grown. Price same as Moore's Early.

Worden A large black grape of the Concord type, but 5 to 10 days earlier. Price same as Moore's Early.

Special Offer E3. The set of 6 choice Grapes, one of each variety, only 90c. by mail, postpaid,

GOOSEBERRIES

Keepsake Gooseberry.

Keepsake

A new English variety, possessing unusual merit. Plants grow in tree form, dwarf in habit, very productive, free from mildew and very hardy. The fruit is very large, straw colored, of excellent flavor and unequaled for shipping purposes. The blossom is well protected by early foliage, making it a sure cropper. Price, strong plants, 25c. each, or \$2.50 doz., postpaid.

Red Jacket Fruit large, a bright shiny red, a most beautiful and attractive berry. Flavor is most delicious and commands the very best market price. Plant and foliage are at all times vigorous, clean, healthy and mildew proof. Has been tested in many sections under most trying circumstances and has proven at all times and in all places thoroughly hardy and enormously productive. Prices same as Keepsake.

Downing The berry is large, handsome, a pale green in color, of excellent quality. A favorite for home and market. Price same as Keepsake.

Special offer E4. The set of 3 Gooseberries, one of each variety, only 50c. by mail, postpaid,

BLACKBERRIES—CHOICEST VARIETIES

Eldorado A very vigorous growing, perfectly hardy variety. Fruit very large, borne in clusters which ripen very evenly; quality unsurpassed and an excellent shipper. Price 10c. each, or 60c. doz., postpaid.

Stone's Hardy Originated in Wisconsin, and is very hardy, sweet, productive, weighing down its strong canes with its crops of delicious fruit. Price 10c. each, or 75c. doz., postpaid.

Ward A good shipper; perfectly hardy, no superfluous sprouts, a great yielder of large Blackberries, rich and sweet, no hard cores, fruit all on outside, easily harvested. Price 10c. each, or 60c. doz., postpaid.

Special Offer E 2. I will send 12 plants, 4 each of Eldorado, Stone's Hardy and Ward, by mail postpaid, for **Only 50c.**

DEWBERRY

Austin's Improved The berries are much larger than those of any other Dewberry or Blackberry. It requires no trellises or stakes. The fruit is jet black and of superior flavor. For productiveness it outrivals all Dewberries. Price 10c. each, or 75c. doz., postpaid.

CURRANTS

Perfection The latest introduction, created by crossing Fay's Prolific with White Grape and combines the best qualities of both parents. In color it is a beautiful bright red and of size larger than the Fay, the clusters average longer and the size of the berries is maintained to the end of the bunch. It is one of the most productive Currants, and in quality it is superior to anything in the market today, being of a rich, mild, sub-acid flavor and having plenty of pulp with few seeds. Price 20c. each, or \$1.75 doz., postpaid.

Currants Perfection.

Giant Ruby The largest red Currant. Unusually hardy in habit of growth and bear profusely. The berries are beautiful light red and grow in immense clusters, more resembling bunches of red Grapes than bunches of Currants. Many fruit growers are now planting largely of this variety in place of the older sorts on account of its enormous yield. Price 15c. each, or \$1.25 doz., postpaid.

White Wine This is the hardiest white sort and is therefore especially desirable for the middle and northern states. It bears great bunches of pearly white Currants of the most delicious flavor. Vigorous grower, very productive. The sweetest and richest white Currant extant. Fruit larger and stems longer than White Grape. The fruit sugar and acid are blended without excess of either. The best of all for a dessert fruit. Price 15c. each, or \$1.25 doz., postpaid.

Black Champion The leading, tested black Currant. It is a vigorous grower and very productive. The berry and bunch are very large and of most excellent quality. Price 15c. each, or \$1.25 doz., postpaid.

Special offer The set of 4 Currants, one of each variety, by mail, postpaid **only 40c.**

Choice Home Fruit Collection for \$2.25

3 Gooseberries, 6 Blackberries, 3 Currants, 6 Raspberries (Red), 3 Raspberries (Black), 2 Grapes, and 25 Strawberries—our selection for variety.

VALUE of this COLLECTION \$3.35 at CATALOGUE PRICES For \$2.25 I will send this complete assortment (48 plants) prepaid

Campbell's Early Grape

RASPBERRIES

GOLDEN QUEEN.

COLUMBIAN

CUMBERLAND

Red Raspberries

COLUMBIAN—New, dark red color, rich flavor, very large size. An excellent shipper, and the best for canning and drying. Late. 10c. each; 90c. doz., postpaid.

CUTHBERT—The most extensively planted red raspberry. Fruit bright red, good and very large, bush very vigorous, hardy and prolific. Medium to late. 10c. each; 85c. doz., postpaid.

GOLDEN QUEEN—New. Similar to Cuthbert (of which it is a seedling), except in color, which is what its name implies. Very large, hardy, vigorous and productive. No garden should be without it. 10c. each; 90c. doz., postpaid.

LOUDON—A superior berry in every respect. A vigorous grower, very hardy, healthy and productive. Its berries are very large, firm and of excellent quality. Its color is a beautiful rich crimson. It stands shipping best of any. 10c. each; 85c. doz., postpaid.

Improved Russian MULBERRY

An ornamental hardy fruit bearing tree. Fruit larger than blackberries and of delicious flavor.

Suitable for all sections of this country.

It is a very rapid grower, often reaching the height of 50 feet and from 3 to 5 feet in diameter, and is perfectly hardy. Commences to bear when two years old, and is very prolific, the fruit being larger than the average blackberry. Fruit has a strong, aromatic flavor and sub-acid, sweet taste, and is used for dessert as we use blackberries or raspberries. A beautiful, quick growing tree for the lawn, and fruit is valuable for table use. Price, 10c. each, or 3 for 25c., postpaid.

Improved Russian Mulberry.

Compass Cherry.

Compass Cherry

ABSOLUTELY HARDY EVERYWHERE

Originator's description: "This cherry was originated at Springfield, Minn. It is a cross between the Sand Cherry and the Miner Plum. Nearly an inch in diameter, a bright red, sweet and juicy and of very fine flavor. The original tree bore fruit the third year from the seed and has borne a full crop every year since. The tree is a regular and heavy bearer, and produces fruit the next year after setting out. For exposed situations and for the North and West it is the "Cherry." Requires no protection whatever and is in every particular as Hardy as an Oak. Mail size, postpaid, each 25c., 6 for \$1.00.

NOTICE—Our Full of Life Small Fruits are Northern Grown, Thoroughly Acclimated and well adapted to Every Section of the United States.

Black Raspberries

CUMBERLAND—New. The largest black raspberry known, averaging $\frac{1}{2}$ inch in diameter Good and firm as the Gregg, but the bush is harder. A strong, vigorous grower, and wonderfully productive. Midseason. 10c. each; 90c. doz., postpaid.

GREGG—Very large and late. Bush a strong upright grower, productive and very desirable for market and home use. 10c. each; 75c., doz. postpaid.

KANSAS—New. Originated in Kansas, where it is prized as the best black cap. Ripens early and is as large or larger than the Gregg. Jet black, firm, handsome and of best quality. 10c. each; 75c. doz., postpaid.

OHIO—Very productive and firm. Season medium to late. Bush a strong grower and hardy. Very valuable for shipping and drying. 10c. each; 90c. doz., postpaid.

The set of 8 Raspberries, Four Red and Four Black, for only 60 Cents, Postpaid.

Special Offer

Rocky Mountain CHERRY

ONE OF THE GREATEST NOVELTIES IN THE FRUIT LINE EVER INTRODUCED.

It bears every year and is as prolific as a currant bush, 16 quarts having been picked from a 3-year-old tree.

Has never been affected by insects, black knot or other diseases.

The fruit is a rich red and changes to almost black when ripe, of good size, fine flavor and unsurpassed for preserves or eating from the hand season of ripening being after all others are gone. In flavor it is akin to the sweet cherries, and has no equal in the line of pitted fruits, and is conceded superior to any fruit grown in this section. Price 15c. each, or 3 for 35c., postpaid

Rocky Mountain Cherry.

D NEW AND WONDERFUL BERRIES

or Any Section, North, South, East or West

BURBANK'S HYBRID BERRY "PHENOMENAL"

Mr. Burbank's Latest Berry Triumph.

A cross between the Improved California Dewberry and Cuthbert Raspberry. The color and flavor are those of the Raspberry, while in size and shape it is more like the Dewberry. It is described by the originator as "The best berry in the world" and "Larger than the largest berry ever known before." The past season's experience justifies this enthusiastic praise. The berries grow in clusters from five to ten, or more, and single berries, grown under favorable conditions, have measured three inches one way by three and one-half to four the other way. The color is a bright crimson. They are of delicious flavor and very desirable for pies, jellies, jams, etc. The plants are very hardy, thrifty and easily grown. Half a dozen plants in the garden or back-yard will furnish an abundant supply of choice berries throughout June and July. For fruit growers, no berry can be more profitable than the Phenomenal. It is an excellent shipper and brings highest prices wherever offered. Price, Strong Plants, each 15c.; 2 for 25c.; doz., \$1.25, postpaid.

Burbank's Phenomenal Berry.

THE MAMMOTH BLACKBERRY

The Giant of All—Grand Quality.

The result of a cross between the Texas Early and the California Dewberry. It is all that its name implies, both as to cane and fruit. It is a rampant grower and, for best results, should be trained on trellis where it will make 20 feet of growth in one season. The berries are enormously large, in fact, the largest blackberries in the world. They measure from 2 to 2½ inches long, thus eclipsing any other sort. For cooking purposes fulfills all the desired qualities of other Blackberries, and as a fresh fruit is generally preferable, owing to large size and having more pulp and less core. Price, Strong Plants, each 15c.; 2 for 25c.; doz., \$1.00, postpaid.

THE STRAWBERRY RASPBERRY (TREE STRAWBERRY)

A Beautiful Fruit from Japan.

Bush from 18 inches to 2 feet in height, entirely hardy and impervious to heat and drought. Berries are larger than the largest strawberries, bright shining scarlet with an exquisite bloom.

IT MAKES DELICIOUS JELLY, JAMS AND TARTS.

Having a delicious flavor entirely different from any other fruit. An immense yielder, producing regularly and abundantly. It bears the first season and gets stronger and larger each year. All lovers of fruit should give it a trial. It will both surprise and please you. The illustration herewith is a true reproduction from life. Price 15c. each; 2 for 25c.; or \$1.00 per doz., postpaid.

Mammoth Blackberry.

NEW LOGAN BERRY (BLACKBERRY RASPBERRY)

This Thornless Raspberry Blackberry originated in California. The vine or cane of the Logan Berry grows unlike either the Blackberry or Raspberry. It is an exceedingly strong grower, making the growth of 10 feet in one season, of a deep green color, coarse and thick. The fruit is as large as the largest sized Blackberry, of the same form and shape, and the color, when fully ripe, is a dark bright red. It partakes of the flavors of both the Blackberry and Raspberry, having a very mild, pleasant flavor. It is excellent for the table and the seeds are very small and not abundant. The fruit is extremely firm and the vines are enormous bearers. The fruit ripens and is gone before Raspberries and Blackberries become plentiful. Always sells at highest prices. Vines are rust-proof and without objectionable thorns, and are never attacked by insects. I know my customers will find this the most valuable fruit known. Prices 15c. each; 2 for 25c.; or \$1.25 per doz., postpaid.

THE WONDERFUL HIMALAYA BERRY

Very Hardy and Splendid Quality.

Ripening after all other berries are gone and extending the berry season several weeks. It is a vigorous grower and should be grown on trellis, as under favorable conditions, the vines will grow from 30 to 40 feet in one year. The berries are large, black and borne in clusters. They are of oblong shape, very juicy and almost full from the core. Very rich and need very little sugar in cooking. They begin ripening the last of June and as fast as the ripe fruits are pulled off more ripen until frost. It is the hardiest berry known and will resist drought and cold more than any other berry, and having a root like a small tree which strikes down deep to moisture, it is not necessary to irrigate them, only on high, dry, hot land. A perfect shipper. In yield, this variety surpasses any berry ever introduced. Price, Strong Plants, each 20c.; 3 for 50c.; doz., \$1.50, postpaid.
